

Board Report

File #: 2015-0855, **File Type:** Informational Report

Agenda Number: 66.

REVISED
EXECUTIVE MANAGEMENT COMMITTEE
JUNE 18, 2015

SUBJECT: STATE LEGISLATION
ACTION: ADOPT STAFF RECOMMENDED POSITIONS

RECOMMENDATION

ADOPTED ON CONSENT CALENDAR the following positions:

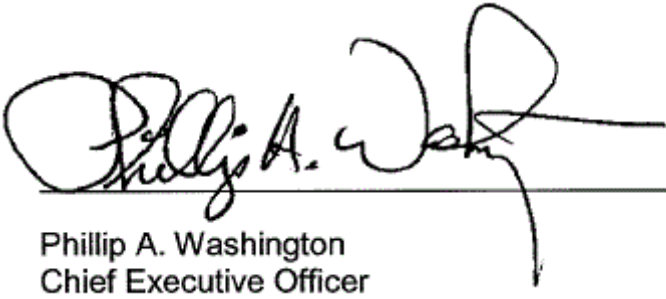

- A. **SB 350 (De Leon)** - The Golden State Standards. **SUPPORT**
- B. **SB 32 (Pavley)** - Green House Gas Emissions. **SUPPORT**
- C. **AB 338 (Hernandez)** - Sales Tax Measure. **OPPOSE**

ATTACHMENTS

- Attachment A - SB 350
- Attachment B - SB 32
- Attachment C - AB 332
- Attachment D - State and Federal Legislative Matrix

BILL: SB 350

**AUTHOR: SENATOR KEVIN DE LEON
(D- LOS ANGELES)**

SUBJECT: THE GOLDEN STATE STANDARDS

STATUS: ASSEMBLY – PENDING COMMITTEE REFERRAL

ACTION: SUPPORT

RECOMMENDATION

That the Board adopt a support position regarding SB 350.

ISSUE

The Senate Democratic Caucus has introduced a package of legislation relating to climate change in California. There are a number of bills in this package however, two relate directly to Metro's projects and programs: SB 350 (DeLeon) is a key component of that package.

SB 350 would:

- Direct the California Air Resources Board (CARB) to adopt vehicle emissions standards and vehicle fuel standards that would achieve a 50% reduction in petroleum use in motor vehicles by January 1, 2030.
- Make findings that the state should pursue the least environmental and economic cost strategies and that the state should utilize all practical and cost-effective strategies to achieve energy security, diversity of supply sources, and competitiveness of transportation energy markets to reduce petroleum use in the transportation sector by 50% by January 1, 2050.
- Direct the California Energy Commission (CEC), by January 1, 2017, and at least once every three years thereafter, to adopt and update to its programs to double the energy efficiency of existing residential and non-residential buildings by January 1, 2030.
- Direct the Public Utilities Commission (PUC) and CEC to implement the Renewable Portfolio Standard (RPS) in a manner which would result in generating 50% of total retail electricity sales from renewable energy resources by December 31, 2030.

DISCUSSION

SB 350 is titled the *Clean Energy and Pollution Reduction Act of 2015* and would require various state agencies to take actions that would increase energy efficiency and reduce pollution in the transportation and energy generation sectors. It would also increase energy efficiency in buildings in the state. The bill does this by setting new pollution reduction targets and increasing energy efficiency targets in existing programs.

The leadership in the California Senate is proposing a package of legislation titled California Climate Leadership: Powering the New Economy SB 350 is one of a series of bills being proposed by. The package includes other measures such as SB 32 (Pavley) which would extend and increase the overarching climate pollution reduction targets to 2050, as well as other measures which would address the development of renewable energy and the investment of pension funds in fossil fuels.

According to a report from the CEC, 60% of the state's greenhouse gas emissions come from the transportation and energy generation sectors. Existing state law already establishes targets to reduce emissions from these sectors and establishes programs implemented by various state agencies to accomplish those reductions. SB 350 utilizes those existing programs and sets a higher standard within those programs to reduce pollution from those sectors by January 1, 2030.

Because this bill would further programs that support Metro's goals of reducing greenhouse gases (ghg) in our region and could help to fund Metro's projects and programs, staff recommends that the Board adopt a support position on SB 350.

DETERMINATION OF SAFETY IMPACT

Staff have reviewed the bills for any impacts to safety and found that supporting this legislation would not impact safety at our agency.

FINANCIAL IMPACT

Staff have reviewed the bills for their financial impact to the agency and found that the measures could increase funding for our projects and programs.

ALTERNATIVES CONSIDERED

Staff considered an oppose or neutral position but this would be inconsistent with Metro's efforts to fund our projects and programs and reduce greenhouse gases in our region.

BILL: SB 32

**AUTHOR: SENATOR FRAN PAVLEY
(D-AGOURA HILLS)**

SUBJECT: GREENHOUSE GAS EMISSIONS

STATUS: ASSEMBLY- PENDING COMMITTEE REFERRAL

ACTION: SUPPORT

RECOMMENDATION

That the Board adopt a support position regarding SB 32.

ISSUE

The Senate Democratic Caucus has introduced a package of bills titled California Climate Leadership: Powering the New Economy. SB 32 is a component of that package.

SB 32 would:

- Require the California Air Resources Board (ARB) to approve statewide greenhouse gas emissions (ghg) emission limit of 80% below 1990 level of GHG emissions, to be achieved by 2050.
- Authorizes ARB to approve 2030 and 2040 interim GHG emission targets, consistent with the 2050 limit.
- Specifies that the 2050 limit remain in effect beyond 2020 and that the new limits be used to maintain and continue emissions reductions beyond 2050.
- Specifies legislatively the intent for the Legislature and state agencies, to adopt policies that ensure that the long-term emission reductions advance job growth, economic benefits public health, particularly in disadvantaged communities, technological innovation and regional and international collaboration to adopt similar GHG emission reduction policies.

DISCUSSION

A key part of the Senate package is SB 32 (Pavley) which would extend the state's basic greenhouse gas emissions programs and would set increased overall targets for that law. Existing law (AB 32, Nunez, Pavley) established the state's basic greenhouse gas emissions framework. That law requires the state to take various actions that would reduce emissions to 1990 levels by 2020. The state's cap and trade program is

authorized under this framework. SB 32 would require that the reductions to be achieved by 2020 continue beyond 2020 and would require that ghg's be reduced to a level 80% below 1990 levels by 2050.

By extending and expanding these programs, SB 32 would extend and expand the state's cap and trade program, the Low Carbon Fuel Standard and other programs. Many of these programs, in particular the cap and trade program, create opportunities to fund Metro's projects and programs. Extending and expanding these programs would further enable Metro to improve mobility and reduce ghg's in our county.

SB 32 would allow the state to continue to address climate change in California by extending the existing framework beyond 2020 and by increasing the levels by which ghg's would be reduced. As with SB 350, AB 32 does not create any new programs, rather it utilizes existing programs and increases the levels by which ghg's would need to be reduced.

Metro's projects and programs inherently reduce ghg's and are essential to the state's ability to reduce ghg's. Metro is currently engaged in the largest transit expansion program in the Country and this program will fundamentally transform Los Angeles County. Metro also operates the first all compressed natural gas bus fleet in the state and manages various other programs that both improve mobility options and reduce ghg's. SB 350 and SB 32 are consistent with and supportive of efforts at this agency, and, could help to create funding opportunities for our projects and programs. Staff therefore recommends that the Board adopt a support position on SB 32 and SB 350.

DETERMINATION OF SAFETY IMPACT

Staff have reviewed the bills for any impacts to safety and found that supporting this legislation would not impact safety at our agency.

FINANCIAL IMPACT

Staff have reviewed the bills for their financial impact to the agency and found that the measures could increase funding for our projects and programs.

ALTERNATIVES CONSIDERED

Staff considered an oppose or neutral position but this would be inconsistent with Metro's efforts to fund our projects and programs and reduce ghg's in our region.

ATTACHMENT C

BILL: AB 338

AUTHOR: ASSEMBLY MEMBER ROGER HERNANDEZ
(D-WEST COVINA)

SUBJECT: POTENTIAL SALES TAX MEASURE

STATUS: SENATE TRANSPORTATION AND HOUSING COMMITTEE

ACTION: OPPOSE

RECOMMENDATION

Staff recommends that the Board approve an oppose position on AB 338 which would establish the authority for Metro to place a sales tax measure on a future ballot. The bill has been amended from its previous form.

ISSUE

Metro is currently considering placing a sales tax measure on a future ballot. As previously drafted the measure made various findings and declarations relating to a potential sales tax measure. The bill has since been amended to do the following:

- Establish the authority for Metro to place a sales tax measure on a future ballot.
- Including requirements to adopt an expenditure plan and specify that the expenditure plan include unspecified measures to guarantee geographic equity.
- Require that 25% of the funds be set aside for transit operations purposes.

DISCUSSION

The Board had previously adopted a work with author position on AB 338 when it made a series of findings and declarations regarding transportation decision making in Southern California and Los Angeles County. At the time the Board considered the measure originally, the bill was in the process of being amended. One provision which was in the previous version of the bill would have stated that the Legislature find that it is important that the revenues from taxes be allocated in a way that created geographic equity. AB 338 now includes a provision that the expenditure plan include measures that ensure geographic equity.

Since the original Board action, SB 767 has also been amended to incorporate language that was included in SB 1037 (Hernandez, 2014). This language requires,

among other things, that Metro include the input from the subregions into our Long Range Plan and that we engage in an open and transparent process to identify the costs and schedules of projects to be included in the expenditure plan. Additionally, Metro has continued to engage the subregions and other stakeholders in discussions about the potential ballot measure and the Board has committed to continuing that process going forward.

According to the Senate Governance and Finance analysis of SB 1037 the language in the bill was intended to ensure that voters will have comprehensive information about where their money would be spent, outstanding funding needs, current estimates for projects and would solicit from the subregions on current exact figures on new projects prior to the vote to extend or approve a new tax. That language is now included in SB 767. The Board of Directors adopted a work with author position on SB 1037 and we maintained our commitment to work with the author on that measure by including language in SB 767 that is consistent with the language that was in SB 1037. It should be noted that the language in SB 1037 did not specify projects and programs that should be funded in the ballot measure.

AB 338 does contain language that goes beyond a straight-forward authorization in that it mandates that a specific program be included. The Board has been clear in this process that its position is to support SB 767 which is our sponsored bill and that the legislation authorizing the ballot measure not specify projects and programs to preserve the ability of the bottoms up process.

While we appreciate the support of our entire delegation in working with Metro to address an opportunity to bring significant mobility improvements to our region staff would raise two concerns with AB 338. First, AB 338 is a second bill that authorizes Metro to place a measure on the ballot when we are currently sponsoring SB 767. As we have our sponsored measure and if there is agreement to include additional language to the statute authorizing a ballot measure, that language can be included in SB 767. The second issue is that AB 338 does identify a specific program to be funded by the tax; transit operations funding. When SB 767 was being considered in the Senate, this same provision was requested. That language was not included in SB 767 in order to preserve the bottoms up process at the local level. Staff is concerned that the inclusion of a specific program in state law, regardless of its worth, could set a precedent that could then be expanded to include guaranteed amounts for other projects and programs. That could put at risk the ability of local agencies to determine the structure of a ballot measure.

Metro is committed to working with our local partners and with our partners in the Legislature to gain consensus on a future ballot measure. We will continue to work with the Legislature to resolve any issues with our sponsored measure, SB 767, and we would seek to maintain the principle that the state legislation not itemize projects and programs to be funded by the tax. We believe it is appropriate to have only one measure in the legislative process, SB 767, that this is the appropriate vehicle to establish the relevant authorization, and that should there be consensus on including

additional language in state law, that language can be included in SB 767. For these reasons staff recommends that the Board adopt an oppose position on AB 338.

DETERMINATION OF SAFETY IMPACT

Staff has reviewed the legislation and has found that its implementation would have no impact on safety at the agency.

FINANCIAL IMPACT

There is no direct financial impact from the bill. The bill could limit the Board's discretion to fund other projects and programs by mandating that 25% of the funds be dedicated for transit operations when the Board could decide to allocate funds in another manner if that restriction were not in place.

ALTERNATIVES CONSIDERED

Staff has considered adopting a neutral position on the bill. However, a neutral position would not be consistent with the Board's direction that the legislation be a straightforward authorization to place a measure on the ballot and it would contradict our support position for our sponsored measure SB 767.

NEXT STEPS

Should the Board decide to adopt an oppose position, staff will communicate that position to the author and work to oppose the bill in the legislative process.

Government Relations Legislative Matrix

BILL/AUTHOR	DESCRIPTION	POSITION	STATUS
<p>AB 2 (Alejo) D-Parajo and Salinas Valley</p> <p>Community revitalization authority.</p>	<p>The Community Redevelopment Law authorizes the establishment of redevelopment agencies in communities to address the effects of blight, as defined by means of redevelopment projects financed by the issuance of bonds serviced by tax increment revenues derived from the project area. Existing law dissolved redevelopment agencies and community development agencies, as of February 1, 2012, and provides for the designation of successor agencies to wind down the affairs of the dissolved agencies and to fulfill the enforceable obligations of those agencies. Existing law also provides for various economic development programs that foster community sustainability and community and economic development initiatives throughout the state. This bill would state the intent of the Legislature to enact legislation that would authorize certain local agencies to form a community revitalization authority within a community revitalization and investment area, as defined, to carry out provisions of the Community Redevelopment Law in that area for purposes related to, among other things, infrastructure, affordable housing, and economic revitalization, and to provide for the financing of these activities by, among other things, the issuance of bonds serviced by tax increment revenues.</p>	<p>Monitor</p>	<p>4/23/2015-A. AP PR. 4/23/2015-From committee: Do pass and re-refer to Com. on APPR. (Ayes 7. Noes 2.) (April 22). Re-referred to Com. on APPR.</p>
<p>AB 4 (Linder) R</p> <p>Vehicle weight fees: transportation bond debt service.</p>	<p>Existing law imposes weight fees on the registration of commercial motor vehicles and provides for the deposit of net weight fee revenues into the State Highway Account. Existing law provides for the transfer of certain weight fee revenues from the State Highway Account to the Transportation Debt Service Fund to reimburse the General Fund for payment of debt service on general obligation bonds issued for transportation purposes. Existing law also provides for the transfer of certain weight fee revenues to the Transportation Bond Direct Payment Account for direct payment of debt service on designated bonds, which are defined to be certain transportation general obligation bonds issued pursuant to Proposition 1B of 2006. Existing law also provides for loans of weight fee revenues to the General Fund to the extent the revenues are not needed for bond debt service purposes, with the loans to be repaid when the revenues are later needed for those purposes, as specified.</p>	<p>Monitor</p>	<p>1/16/2015-A. TR ANS. 4/9/2015-In committee: Set, first hearing. Hearing canceled at the request of author.</p>

Los Angeles County Metropolitan Transportation Authority

<p>AB 6 (Wilk) R</p> <p>Bonds: transportation: school facilities.</p>	<p>Existing law, the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century, approved by the voters as Proposition 1A at the November 4, 2008, general election, provides for the issuance of \$9 billion in general obligation bonds for high-speed rail purposes and \$950 million for other related rail purposes. Article XVI of the California Constitution requires measures authorizing general obligation bonds to specify the single object or work to be funded by the bonds and further requires a bond act to be approved by a 2/3 vote of each house of the Legislature and a majority of the voters. This bill would provide that no further bonds shall be sold for high-speed rail purposes pursuant to the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century, except as specifically provided with respect to an existing appropriation for high-speed rail purposes for early improvement projects in the Phase 1 blended system. The bill, subject to the above exception, would require redirection of the unspent proceeds received from outstanding bonds issued and sold for other high-speed rail purposes prior to the effective date of these provisions, upon appropriation, for use in retiring the debt incurred from the issuance and sale of those outstanding bonds. The bill, subject to the above exception, would also require the net proceeds of other bonds subsequently issued and sold under the high-speed rail portion of the bond act to be made available, upon appropriation, to fund construction of school facilities for K-12 and higher education. The bill would make no changes to the authorization under the bond act for issuance of \$950 million for rail purposes other than high-speed rail. These provisions would become effective only upon approval by the voters at the next statewide election.</p>	<p>Monitor</p>	<p>4/20/2015-A. TR ANS. 4/21/2015-In committee: Set, second hearing. Failed passage. Reconsideration granted.</p>

<p>AB 8 (Gatto) D</p> <p>Emergency services: hit-and-run incidents.</p>	<p>Existing law authorizes use of the Emergency Alert System to inform the public of local, state, and national emergencies. Existing law requires a law enforcement agency to activate the Emergency Alert System within the appropriate area if that agency determines that a child 17 years of age or younger, or an individual with a proven mental or physical disability, has been abducted and is in imminent danger of serious bodily injury or death, and there is information available that, if disseminated to the general public, could assist in the safe recovery of that person. Existing law also authorizes the issuance and coordination of a Blue Alert following an attack upon a law enforcement officer or a Silver Alert relating to a person who is 65 years of age or older who is reported missing. This bill would authorize a law enforcement agency to issue a Yellow Alert if a person has been killed or has suffered serious bodily injury due to a hit-and-run incident and the law enforcement agency has specified information concerning the suspect or the suspects vehicle. The bill would require the Department of the California Highway Patrol to activate a Yellow Alert within the requested geographic area upon request if it concurs with the law enforcement agency that specified requirements are met.</p>	<p>Monitor</p>	<p>3/24/2015-A. PU B. S. 3/24/2015-From committee: Do pass and re- refer to Com. on PUB. S. (Ayes 16. Noes 0.) (March 23). Re- referred to Com. on PUB. S.</p>
<p>AB 21 (Perea) D</p> <p>California Global Warming Solutions Act of 2006: emissions limit: scoping plan.</p>	<p>The California Global Warming Solutions Act of 2006 establishes the State Air Resources Board as the state agency responsible for monitoring and regulating sources emitting greenhouse gases. The act requires the state board to adopt a statewide greenhouse gas emissions limit, as defined, to be achieved by 2020, equivalent to the statewide greenhouse gas emissions levels in 1990. The act requires the state board to make recommendations to the Governor and the Legislature on how to continue the reduction of greenhouse gas emissions beyond 2020. This bill would require the state board, no later than January 1, 2018, to recommend to the Governor and the Legislature a specific target of statewide emissions reductions for 2030 to be accomplished in a cost-effective manner. This bill contains other related provisions and other existing laws.</p>	<p>Monitor</p>	<p>1/16/2015-A. NA T. RES. 4/13/2015-In committee: Hearing postponed by committee.</p>

Government Relations Legislative Matrix

<p>AB 23 (Patterson) R</p> <p>California Global Warming Solutions Act of 2006: market-based compliance mechanisms: exemption.</p>	<p>The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The state board is required to adopt a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020, and to adopt rules and regulations in an open public process to achieve the maximum, technologically feasible, and cost-effective greenhouse gas emissions reductions. The act authorizes the state board to include the use of market-based compliance mechanisms. Existing state board regulations require specified entities to comply with a market-based compliance mechanism beginning January 1, 2013, and require additional specified entities to comply with that market-based compliance mechanism beginning January 1, 2015. This bill would instead exempt those categories of persons or entities that did not have a compliance obligation, as defined, under a market-based compliance mechanism beginning January 1, 2013, from being subject to that market-based compliance mechanism through December 31, 2020. This bill contains other related provisions.</p>	<p>Monitor</p>	<p>3/23/2015-A. NAT. RES. 3/23/2015-In committee: Set, first hearing. Failed passage. Reconsideration granted.</p>
<p>AB 24 (Nazarian) D</p> <p>Transportation network companies: public safety.</p>	<p>The Passenger Charter-party Carriers Act, with certain exceptions, prohibits a charter-party carrier of passengers from engaging in transportation services subject to regulation by the Public Utilities Commission without obtaining a specified certificate or permit, as appropriate, from the commission, and imposes various other requirements. A violation of the act is generally a misdemeanor. Pursuant to existing law, the commission has adopted rules and regulations relating to the operation of transportation network companies. Existing law defines a transportation network company as an organization, whether a corporation, partnership, sole proprietor, or other form, operating in California that provides prearranged transportation services for compensation using an online-enabled platform to connect passengers with drivers using their personal vehicles. This bill would declare the intent of the Legislature to enact legislation that promotes public safety relating to transportation network companies. This bill contains other existing laws.</p>	<p>Monitor</p>	<p>4/23/2015-A. TR ANS. 4/23/2015-Re-referred to Com. on TRANS.</p>

<p>AB 28 (Chu) D</p> <p>Bicycle safety: rear lights.</p>	<p>Existing law requires that a bicycle operated during darkness upon a highway, a sidewalk where bicycle operation is not prohibited by the local jurisdiction, or a bikeway, as defined, be equipped with a red reflector on the rear that is visible from a distance of 500 feet to the rear when directly in front of lawful upper beams of headlamps on a motor vehicle. A violation of this requirement is an infraction. This bill would instead require that a bicycle operated under those circumstances be equipped with a white flashing light on the rear that is visible from a distance of 500 feet to the rear when directly in front of lawful upper beams of headlamps on a motor vehicle, or, in lieu of the white flashing light, reflective gear worn by the bicyclist. By revising the definition of a crime, the bill would impose a state-mandated local program. The bill would also include a statement of legislative findings and declarations. This bill contains other related provisions and other existing laws.</p>	<p>Monitor</p>	<p>4/23/2015-A. TR ANS. 4/23/2015-Re- referred to Com. on TRANS.</p>
<p>AB 33 (Quirk) D</p> <p>California Global Warming Solutions Act of 2006: scoping plan.</p>	<p>The California Global Warming Solutions Act of 2006 establishes the State Air Resources Board as the state agency responsible for monitoring and regulating sources emitting greenhouse gases. The act requires the state board to adopt a statewide greenhouse gas emissions limit, as defined, to be achieved by 2020 equivalent to the statewide greenhouse gas emissions levels in 1990. The act requires the state board to prepare and approve a scoping plan for achieving the maximum technologically feasible and cost-effective reductions in greenhouse gas emissions. The act requires the scoping plan to be updated at least once every 5 years. This bill, until January 1, 2020, would require, for purposes of advising the update of the next scoping plan, the state board to develop specified information by July 1, 2016. The bill would require the state board on or before January 1, 2017, to submit a report to the appropriate committees of the Legislature on the specified information. The bill would provide that the specified information is intended to assist in establishing state policy and does not change any statute, regulation, or regulatory decision.</p>	<p>Monitor</p>	<p>4/7/2015-A. <p>AB 194 Frazier D</p> <p>High-occupancy toll lanes.</p>	<p>Existing law provides that the Department of Transportation has full possession and control of the state highway system. Existing law authorizes the department to construct exclusive or preferential lanes for buses only or for buses and other high-occupancy vehicles. This bill would delete the requirement that the above-described facilities be consistent with the established standards, requirements, and limitations that apply to specified facilities and would instead require the commission to establish guidelines for the development and operation of the facilities approved by the commission on or after January 1, 2016, subject to specified minimum requirements. The bill would provide that these provisions do not authorize the conversion of any existing nontoll or nonuser-fee lanes into tolled or user-fee lanes, except that a high-occupancy vehicle lane may be converted into a high-occupancy toll lane pursuant to its provisions. The bill would authorize a regional transportation agency to issue bonds, refunding bonds, or bond anticipation notes backed by revenues generated from the facilities. The bill would additionally authorize the Santa Clara Valley Transportation Authority to apply to the commission for purposes of the above-described provisions. The bill would remove the limitations on the number of approved facilities and would delete the January 1, 2012, deadline for HOT lane applications. The bill would provide that each application is subject to the review and approval of the commission and would require a regional transportation agency that applies to the commission to reimburse the commission for all of the commission's cost and expense incurred in processing the application. Before submitting an application to the commission, the bill would require a regional transportation agency to consult with a local transportation authority whose jurisdiction includes the facility that the regional transportation agency proposes to develop and operate pursuant to the above-described provisions. This bill contains other related provisions and other existing laws.</p>	<p>SUPPORT</p>	<p>4/14/2015-A. AP PR. 4/14/2015-From committee: Do pass and re-refer to Com. on APPR. (Ayes 14. Noes 1.) <p>AB 210 <u>Gatto D</u></p> <p>High-occupancy vehicle lanes: County of Los Angeles.</p>	<p>Existing law authorizes the Department of Transportation to designate certain lanes for the exclusive or preferential use of high-occupancy vehicles. When those exclusive or preferential use lanes are established and double parallel solid lines are in place to the right thereof, existing law prohibits any person driving a vehicle from crossing over those double lines to enter into or exit from the lanes, and entrance or exit from those lanes is authorized only in areas designated for these purposes or where a single broken line is in place to the right of the lanes, except as specified. This bill would prohibit, commencing July 1, 2016, any high-occupancy vehicle lane from being established on specified portions of state highway routes in the County of Los Angeles, unless that lane is established as a high-occupancy vehicle lane only during the hours of heavy commuter traffic, as determined by the department. The bill would require any existing high-occupancy vehicle lane established on the specified portions of these routes to be modified to conform with those requirements. The bill would authorize the department, on or after May 1, 2017, to reinstate 24-hour high-occupancy vehicle lanes on the specified portions of these routes if the department makes a specified determination and would require the department to report to the Legislature on the impact on traffic of limiting the use of high-occupancy lanes only during the hours of heavy commuter traffic, as provided in the bill.</p>	<p>OPPOSE</p>	<p>4/15/2015-A. <p>AB 318 <u>Chau D</u></p> <p>Lost money and goods: restoration to owner.</p>	<p>Existing law requires a person who finds and takes possession of property that is lost to try and return it to the rightful owner. If the owner of the lost property cannot be determined and the item is worth \$100 or more, the finder is required to turn the item over to the police or sheriff, as specified. Existing law provides 90 days for the owner to return and claim the property and to pay any reasonable fee for its bailment. This bill would provide that if that lost property is found on a vehicle of public conveyance or on public transit property, that it instead turned in to the public transit agency. The bill would provide 30 days for the owner to return and claim the property under specified rules and if the property is not claimed within 30 days, the public transit agency would be authorized to dispose of the property to a charitable organization. This bill contains other related provisions and other existing laws.</p>	<p>SUPPORT</p>	<p>4/15/2015-A. AP PR. 4/15/2015-Re-referred to Com. on APPR.</p>
<p>AB 326 <u>Frazier D</u></p> <p>Public works: prevailing wage rates: wage and penalty assessments.</p>	<p>Existing law requires the Labor Commissioner to issue a civil wage and penalty assessment to a contractor or subcontractor, or both, if the Labor Commissioner determines, after investigation, that the contractor or subcontractor, or both, violated the laws regulating public works contracts, including the payment of prevailing wages. Existing law also requires the awarding body, as defined, to withhold from payments due under a contract for public work an amount sufficient to satisfy the civil wage and penalty assessment issued by the Labor Commissioner, and to give notice of the withholding to the affected contractor or subcontractor. This bill would make technical, nonsubstantive changes to the latter provisions and delete obsolete provisions. This bill contains other existing laws.</p>	<p>Monitor</p>	<p>4/22/2015-A. <p>SB 9 (Beall) D</p> <p>Greenhouse Gas Reduction Fund: Transit and Intercity Rail Capital Program.</p>	<p>Existing law requires all moneys, except for fines and penalties, collected by the State Air Resources Board from the auction or sale of allowances as part of a market-based compliance mechanism relative to reduction of greenhouse gas emissions, to be deposited in the Greenhouse Gas Reduction Fund. This bill would modify the purpose of the program to delete references to operational investments and instead provide for the funding of large, transformative capital improvements with a total cost exceeding \$100,000,000. The bill would require the Transportation Agency, in prioritizing and selecting projects for funding, to consider the extent to which a project reduces greenhouse gas emissions, and would add additional factors to be considered in evaluating applications for funding. The bill would require the Transportation Agency to develop, by July 1, 2016, an initial 5-year estimate of revenues reasonably expected to be available for the program, with subsequent estimates to be made every other year for additional 5-year periods, and would require the agency to adopt 5-year programs of projects consistent with those estimates. The bill would require the agency to make a multiyear funding commitment for a project proposed to be funded over more than one fiscal year, and would authorize the California Transportation Commission to approve a letter of no prejudice that allow an applicant to expend its own funds on a project in the adopted program of projects, subject to future reimbursement from program funds for eligible expenditures. This bill contains other existing laws.</p>	<p>WORK WITH AUTHOR</p>	<p>4/15/2015-S. T. & H. 4/15/2015-From committee with author's amendments. Read second time and amended. <p>SB 122 (Jackson) D</p> <p>California Environmental Quality Act: record of proceedings.</p>	<p>The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report (EIR) on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA establishes a procedure for the preparation and certification of the record of proceedings upon the filing of an action or proceeding challenging a lead agency's action on the grounds of noncompliance with CEQA. This bill would require the lead agency, at the request of a project applicant and consent of the lead agency, to prepare a record of proceedings concurrently with the preparation of a negative declaration, mitigated negative declaration, EIR, or other environmental document for projects. This bill contains other related provisions.</p>	<p align="center">Monitor</p>	<p>4/20/2015-S. AP PR. 4/20/2015-Read second time and amended. Re-referred to Com. on APPR.</p>

<p><u>SB 321</u> <u>Beall D</u></p> <p>Motor vehicle fuel taxes: rates: adjustments.</p>	<p>Existing law, as of July 1, 2010, exempts the sale of, and the storage, use, or other consumption of, motor vehicle fuel from specified sales and use taxes and increases the excise tax on motor vehicle fuel, as provided. This bill would, for the 2015-16 fiscal year and each fiscal year thereafter, instead require the board, on or before July 1, 2015, or March 1 of the fiscal year immediately preceding the applicable fiscal year, as specified, to adjust the rate in a manner as to generate an amount of revenue equal to the average amount of revenue loss attributable to the exemption over the next five fiscal years, based on estimates made by the board, and continuing to take into account adjustments required by existing law to maintain revenue neutrality. This bill would authorize, for rate adjustments made after January 1, 2015, in order to reduce the potential volatility of the revenues generated by the motor vehicle fuel tax, the board to make partial adjustments over 3 consecutive years to take into account the net revenue gain or loss of any fiscal year. This bill contains other related provisions and other existing laws.</p>	<p>Monitor</p>	<p>4/23/2015-S. AP PR. 4/23/2015-Read second time and amended. Re-referred to Com. on APPR.</p>
<p><u>SB 348</u> <u>Galgiani D</u></p> <p>California Environmental Quality Act: exemption: railroad crossings.</p>	<p>The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report (EIR) on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. This bill would extend to January 1, 2019 the repeal date for those provisions. Because the bill would impose additional duties on local agencies with regard to providing notice of an exemption from CEQA, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.</p>	<p>Monitor</p>	<p>4/16/2015-S. AP PR. 4/17/2015-Set for hearing April 27.</p>

<p><u>SB 491</u></p> <p>Committee on Transportation and Housing</p> <p>Transportation: omnibus bill.</p>	<p>Existing law authorizes certain air districts to impose a vehicle registration fee surcharge to be used for projects and programs to improve air quality. Existing law, in the area under the jurisdiction of the Bay Area Air Quality Management District, requires at least 40% of fee revenues to be proportionately allocated to each county within the district, and requires an entity receiving these revenues to hold at least one annual public meeting for the purpose of adopting criteria for expenditure of the funds and to review those expenditures. This bill would delete the requirement for an annual public meeting to adopt criteria for expenditure of funds, unless the criteria have been modified from the previous year. This bill contains other related provisions and other existing laws.</p>	<p>Monitor</p>	<p>4/22/2015-S. T. & H. 4/22/2015-From committee with author's amendments. Read second time and amended. Re-referred to Com. on T. & H.</p>
<p><u>SB 508</u> <u>Beall D</u></p> <p>Transit operations: financial requirements.</p>	<p>Existing law provides various sources of funding to public transit operators. Under the Mills-Alquist-Deddeh Act, also known as the Transportation Development Act, revenues from a 1/4% sales tax in each county are available, among other things, for allocation by the transportation planning agency to transit operators, subject to certain financial requirements for an operator to meet in order to be eligible to receive funds. Existing law sets forth alternative ways an operator may qualify for funding, including a standard under which the allocated funds do not exceed 50% of the operator's total operating costs, as specified, or the maintenance by the operator of a specified farebox ratio of fare revenues to operating costs. Existing law generally establishes the required farebox ratio as 20% in urbanized areas and 10% in nonurbanized areas, except that an operator that exceeded those percentages in the 1978-79 fiscal year is required to maintain the higher farebox ratios in order to remain eligible for funding. Existing law provides various exceptions to the definition of "operating cost" for these purposes. This bill would delete the requirement for transit operators to maintain higher farebox requirements based on the 1978-79 fiscal year. The bill would exempt additional categories of expenditures from the definition of "operating cost" used to determine compliance with required farebox ratios, including, among others, certain health coverage, pension, fuel, insurance, and claims settlement costs. The bill would also exempt startup costs for new transit services for up to 2 years. The bill would revise the definition of "operating cost" for performance audit and certain other purposes to exclude principal and interest payments on capital projects funded with certificates of participation or other lease financing mechanisms. This bill contains other related provisions and other existing laws.</p>	<p>Monitor</p>	<p>3/12/2015-S. T. & H. 4/2/2015-Set for hearing May 5.</p>
