SEPTEMBER 16, 2015**

SUBJECT: CONTRACT FOR FISCAL YEAR 2013-2015 TRANSPORTATION DEVELOPMENT ACT (TDA) TRIENNIAL PERFORMANCE REVIEWS OF LOS ANGELES COUNTY TRANSIT OPERATORS, INCLUDING METRO OPERATIONS, AND METRO AS THE REGIONAL TRANSPORTATION PLANNING ENTITY

ACTION: AWARD CONTRACT TO MA AND ASSOCIATES

RECOMMENDATION

AUTHORIZING the Chief Executive Officer to award a one year Firm Fixed Price Contract No. PS1544301142 to Ma and Associates to conduct the fiscal year **FY 2013-2015 independent performance review of all the Los Angeles County transit operators receiving state Transportation Development Act (TDA) Article 4**, and operators receiving Proposition A funds in lieu of TDA funds and Metro as the Regional Transportation Planning Entity (RTPE), for the fixed price of \$588,192.

ISSUE

Public Utilities Code (PUC) Section 99246 requires that Metro conduct an independent performance review of all Los Angeles County transit operators, including Metro Operations, eligible to receive state TDA Article 4 funds. The same requirement also calls for an independent performance review of the activities of Metro as the RTPE for Los Angeles County. Attachment B describes the performance review requirements.

In addition, the State gives Metro the authority to withhold allocations in excess of prior year allocations if the performance review finds that the operator has not made reasonable progress on implementing prior review recommendations. State law also stipulates that the Planning agency prior to determining the allocation to an operator for the next fiscal year, annually review and evaluate the efforts made by the operator to implement changes recommended by the performance review.

DISCUSSION

The performance reviews for Los Angeles County transit operators and for Metro as the RTPE are required every three years. All Los Angeles County transit operators who receive TDA Article 4 funds

must be audited as prescribed in the PUC. The present schedule calls for the FY13-15 Triennial Performance Review to be completed and forwarded to the State of California by the end of FY16.

State law requires that Metro hire an independent contractor to perform the review and submit the findings and recommendations for each operator including Metro to the State in a timely manner. The State's approval will ensure that disbursements of the funds for allocation to the eligible jurisdictions. Any delay in submission of the review report might delay the allocation of the TDA Article 4 funds to Metro and the local jurisdictions.

Background

As the Programming agency of TDA funds, Metro has the responsibility to conduct and transmit to the State a Triennial Performance Review of all the operators under its jurisdiction and Metro as an Operator as well as the RTPE. The scope has two categories - Review (Part A) and Compliance (Part B).

Part A1, Operator Performance Review - TDA requires that an operator receiving TDA funds be audited for efficiency, effectiveness and economy of the operation. To perform this function, the consultant reviews the performance indicators including;

- Operating cost per passenger;
- Operating cost per vehicle service hour;
- Passengers per vehicle service hour;
- Passengers per vehicle service mile; and
- Vehicle service hours per employee.

The Consultant is also required to follow-up on prior performance review recommendation and assess the progress made on the implementation of this recommendation(s). In addition, TDA requires that the following functions are reviewed:

- General Management and Organization
- Service Planning
- Scheduling, Dispatch and Operations
- Personnel Management and Training
- Administration & Budget
- Marketing and Public Information
- Maintenance

Part A2, Regional Transportation Planning Entity Performance Review - TDA also requires that the

RTPE also be reviewed for their functions performed and compliance with TDA statutes. The RTPE functions that are reviewed are:

- RTPE Administration and Management
- Transportation Planning and Regional Coordination
- Claimant Relationship and Oversight
- Marketing and Transportation Alternatives
- Grant Applications and Management

Part B, Compliance with TDA Statutes - The consultant reviews each operator and Metro as RTPE for compliance with all the relevant statutes stated in TDA law as described in Attachment C. A summary of the sample findings and progress made on implementation of some past findings is shown in Attachment D.

DETERMINATION OF SAFETY IMPACT

Approval of this project will have no impact on Safety.

FINANCIAL IMPACT

The funding of \$588,192 for this service is included in the FY16 Budget in Cost Center 4430, Project 405511, Task 001.22, Line item 50316, Professional Services. As the cost of the Triennial Performance Review is an eligible TDA expense, funds to pay for the reviews are deducted from Metro's TDA administration apportionment.

ALTERNATIVES CONSIDERED

The Board of Directors may choose not to award the contract as recommended, and may choose instead to direct us to seek another contractor. However, we do not recommend this alternative action, as we believe that the recommended contractor is qualified and capable of helping us stay on schedule for completing and forwarding the required FY13-15 Triennial Performance Reviews to the State of California by the end of fourth Quarter FY16. The State of California requires that an independent contractor conduct the Triennial Performance Reviews in a timely fashion, so that Los Angeles County, Metro and the transit operators continue to receive TDA funding.

NEXT STEPS

At the completion of the reviews, the Consultant will present the reports, including the findings and recommendations, to the Board.

A. Procurement Background

This Board Action is for a procurement issued in support of finding a contractor for the required Triennial Review through the small business set aside program.

The RFP was issued in accordance with Metro's Acquisition Policy and the contract type is a Firm Fixed Price.

A total of three proposals were received on April 23, 2015.

B. Evaluation of Proposals/Bids

A Proposal Evaluation Team (PET) consisting of staff from local programming and from Long Beach Transit was convened and conducted a comprehensive technical evaluation of the proposals received.

The proposals were evaluated based on the following evaluation criteria and weights:

- | | |
|--|------------|
| • Qualifications of the Firm | 20 percent |
| • Experience of the Team | 20 percent |
| • Understanding of Statement of Work and Work Plan | 45 percent |
| • Price | 15 percent |

The evaluation criteria are appropriate and consistent with criteria developed for other historical reviews. Several factors were considered when developing these weights, giving the greatest importance to the Understanding of the Statement of Work and the Work Plan.

The three proposals received were determined to be within the competitive range. The three firms within the competitive range are listed below in alphabetical order:

1. BCA Watson
2. LVR International
3. Ma and Associates

The PET met twice. It was determined, based on the above explicit factors, that Ma and Associates offered the best proposal of the three firms. The PET expressed knowledge of all the proposers and staff as some had retired from other agencies. Each proposer was asked questions to clarify parts of their proposals.

State Law - PUC 99246	<p>State Law requires that Metro conduct an independent performance review of the Los Angeles County operators including Metro as an operator as well as Metro as the Regional Transportation Planning Entity (RTPE). The system will include: Automatic Vehicle Location; Automated Passenger Count with real-time reporting; GPS based Computer Automated Dispatch system; Automated Vehicle Annunciator System and Automated Travel Information System. Lastly, NTS developed a new fare structure for its Fixed-Route and Dial-A-Ride services. The new fare structure was implemented in (2) phases; effective 11/20/2011, and 11/17/2013.</p>

	Streamline the definition of "senior" so the same metric applies to both fixed-route and demand-response services.	Graham Ridley	<p>The "senior" age requirement for demand-response was formerly consistent with Fixed Route at 62 yrs of age. However, local policy administered by the City reduced the "senior" age requirement to 60 yrs of age in support of Senior Center/Social Services Programs; thus NTS' demand-response service (age requirement) is compatible with the eligibility age requirements for various Senior Community Services Programs.</p> <p>NTS' next COA is scheduled for September 2015. At which time, the scope of services will cover a cost analysis to determine potential impacts to fare revenue if "senior" age for fixed route is reduced to 60 yrs of age.</p>	FY 2014/15

FY 2010-2012 Triennial Review Implementation Plan for Los Angeles County Metropolitan Authority (LACMTA) as Regional Transportation Planning Entity (RTPE)

1	Monitor operators to ensure future fiscal audits are submitted by the stipulated deadline.	MASD	MASD monitors and work with Project Manager and SCO to ensure timely submittal of fiscal audits.	2014
2	Provide a higher level of administrative support for operators regarding annual and required reporting.	Local Programming	Annually, Metro submits a consolidated NTD report to Federal Transit Administration (FTA) on behalf of Los Angeles county transit operators. This report is coordinated with approximately 48 jurisdictions. Throughout the year, NTD training workshops are conducted to train new reporters/staff and provide updates on reporting requirements to existing reporters and prepare the reporters for their annual audit. At the end of fiscal year each jurisdictions' annual NTD reports is collected which include their ridership, financial, fuel consumption and inventory data to ensure and validate the consistency of the reported data with NTD reporting requirements.	On-going
3	Provide a higher level of support for operators in advance of the next Triennial Performance Review cycle.	Local Programming	To be implemented during the 2013-2015 Triennial Review cycle	July/Sept 2015
4	Enhance coordination between the Office of Management and Budget (OMB) and Planning departments.	Regional Transit Planning	Regional Transit Planning is currently working with the municipal operators and a consultant team on the development of a Regional Short Range Transit Plan (RSRTP). As part of this effort, one of the findings and/or recommendations is looking at streamlining the annual individual Short Range Transit Plan submittal process. As part of this, Metro would supply the operators with improved templates/guidelines for developing their SRTPS in order to improve on the consistency and quality of the contents. It is also being recommended that annual SRTTP training be provided for newer staff at the various agencies.	To be determined based on discussions and approval by BOS. It most likely would not be implemented until late 2016.
