### REVISED EXECUTIVE MANAGEMENT COMMITTEE AUGUST 18, 2016

# SUBJECT: MEDIA PLANNING AND PLACEMENT SERVICES

# ACTION: APPROVE CONTRACT AWARD

## RECOMMENDATION

AUTHORIZE the Chief Executive Officer to award a firm fixed unit rate Contract No. PS5603300, <u>pending the resolution of a protest</u>, for **media planning and placement services that include strategy, planning, placement, and optimization of traditional, digital, and social media advertising** with Civilian, Inc., for a not-to-exceed amount of \$1,804,590 for the three-year base period, and a not-to-exceed amount of \$1,245,179 for the two-year option term, for a combined not-to-exceed total of \$3,049,769, effective September 1, 2016 through August 31, 2021.

# <u>ISSUE</u>

Metro Communications is charged with helping to increase ridership, improve the customer experience and educate the public about the Long Range Transportation plan. To this end, Metro needs to keep pace with changes in how our customers choose to receive information, and employ new technologies and tools that allow for more effective communications. In an effort to reach our audiences at scale with greater efficiency, Metro Communications is recommending awarding a contract to Civilian to provide traditional, digital and social media ad planning and placement services.

### DISCUSSION

The Metro Communications department has, through the procurement process, identified advertising agency Civilian as the ideal firm for media planning and buying services. The firm has the capacity to provide detailed audience research, cross-platform placement, real-time optimization, conversion tracking and detailed reporting on advertising return on investment (ROI). Communications has deemed the firm's capabilities to satisfy broadcast, print, digital and social media services, as well as their capacity to leverage new technologies to develop custom media mixes for promoting each of Metro's programs and initiatives. In addition, having trusted relationships with media partners enhances Civilian's position to negotiate favorable rates for Metro.

### **Considerations**

The benefits of hiring Civilian as Metro Communications' media planning and placement services agency include: having a team of experts dedicated to researching, developing and executing Metro's media plans; having enhanced negotiating power with media dollars due to solid relationships with media partners; having the expertise and tools to do advanced targeting, optimization and reporting for Metro initiatives, and has an existing working relationship with Metro on digital advertising campaigns.

# **DETERMINATION OF SAFETY IMPACT**

There are no safety issues or impact associated with this procurement.

# FINANCIAL IMPACT

In assessing Metro's potential budget for the life of the Contract, Metro Communications and Civilian will be responsible for approximately \$1.85 million for media planning and placement. Should the two -year option be exercised, the contract's budget would increase by an additional \$1.245 million.

### Impact to Budget

Funding for these costs will parallel the allocated benefiting projects funding and may include operating eligible sources like fares, sales tax, federal and state source. The impact will vary year-to-year based on advertising dollars budgeted to support Metro programs and initiatives. Since this is a multi-year contract, the head of communications and the project managers will be responsible for budgeting funds in future years.

# ALTERNATIVES CONSIDERED

Alternatives to Board approval include bringing the media planning and placement services inhouse, which would require two to three full-time employees with expertise in media strategies plus procurement of enterprise level advertising placement, optimization and reporting software tools, or procuring a sole source media buyer (which is what Metro had for several years) rather than an integrated marketing agency. Either alternative would limit Metro's ability to leverage new media in a rapidly changing advertising market, reduce our ability to leverage the buying power of a full service advertisement agency, and reduce our access to the strategic advice and expertise that comes with an integrated full-service ad agency.

# NEXT STEPS

Upon Board approval, staff will execute Contract No. PS5603300 with Civilian as Metro Communications' agency-of-record for media planning and placement services.

#### A. Procurement Background

This Board Action is to approve a contract award in support of Metro's Communications Department to plan and place advertising in traditional printed, social media, and digital formats as outlined in the Request for Proposal (RFP) No. PS197287140.

The RFP was issued as a competitive negotiated procurement in accordance with Metro's Acquisition Policy. The contract type is a firm fixed unit price.

No amendments were issued during the solicitation phase of this RFP.

A total of three proposals were received on October 27, 2015.

The three proposers are listed in alphabetical order:

- 1. Civilian, Inc.
- 2. RadioWave
- 3. Sensis

### B. Evaluation of Proposals/Bids

Proposal submittals were evaluated in accordance with the criteria established in the RFP and in compliance with Metro's Acquisition Policy.

The proposals were evaluated based on the following evaluation criteria and weights:

•	Qualifications of the Firm	25%
٠	Staffing and Project Organization	25%
٠	Work Plan	25%
٠	Price	25%

The evaluation criteria are appropriate and consistent with criteria developed for other similar services procurements. Several factors were considered when developing these weights, giving equal importance to the various criteria.

The Proposal Evaluation Team (PET), consisting of staff from Metro's Communications Department and external subject matter expert, met on November 10, 2015, to conduct a comprehensive review of the technical qualifications of the firms' proposals based on the technical criteria consistent with the qualifications, experience, and resources necessary to meet the requirements of the RFP.

Based on additional questions from the PET, interviews were scheduled with all three firms on January 14, 2016. During the interviews, each firm's presentation addressed the requirements of the RFP and their experience with all aspects of the required tasks. Each firm was asked questions relative to each of their proposed alternatives and previous experience. After the interviews, staff still needed to engage with all three firms on multiple rounds of questions regarding staffing plans, work plans, and perceived project issues.

This process highlighted the need for staff to revise the statement of work and increase the number of hours to accurately reflect what is needed to complete the project. In February 2016, staff began to revise the statement of work and the pricing sheets.

On May 5, 2016, a revised Statement of Work and a Schedule of Quantities and Prices were developed and sent out as a Best and Final Offer (BAFO) request to all three proposed firms.

Weighted Average Average Factor 1 Firm Score Weight Score Rank 2 Civilian, Inc. 3 Qualifications of the Firm 87.00 25.00% 21.75 Staffing/Project Organization 22.25 4 89.00 25.00% 85.00 5 Work Plan 25.00% 21.25

As a result of the proposals, interviews, and BAFO responses, the PET recommendation for contract award is the following:
