File #: 2016-0789, File Type: Policy

Agenda Number: 38.

EXECUTIVE MANAGEMENT COMMITTEE NOVEMBER 17, 2016

SUBJECT: PROPERTY NAMING POLICY

**ACTION: APPROVE REVISED PROPERTY NAMING AND CORPORATE
SPONSORSHIP/NAMING RIGHTS POLICY**

RECOMMENDATION

APPROVE revised **Property Naming Policy** with the addition of guidelines to implement and manage a Corporate Sponsorship/Naming Rights Program for the purpose of generating revenue or valued assets. (Attachment B)

ISSUE

Metro is continually looking for new ways to generate Corporate Sponsorships for the agency. In January 2016, the Metro Board of Directors approved the Risk Allocation Matrix (RAM) and creation of an Internal Savings Account intended as tools to ensure long-term financial stability and mitigate projected budget shortfalls. As part of this initial comprehensive agency-wide effort, staff identified cost saving and revenue generating initiatives that can yield deposits to the Internal Savings Account, thereby securing the sustainability of Metro's future operations and expansions.

Among the most financially significant of these initiatives is the implementation of a Corporate Sponsorship/Naming Rights program to generate revenue from Metro's property and assets. As proven by other transit agencies throughout the country, there is a substantial revenue opportunity in selling corporate sponsorships and naming rights to Metro properties, facilities, services and events.

DISCUSSION

The 2014 Board-approved Property Naming Policy (Attachment A) provides criteria for naming stations and other Metro properties through a customer-focused approach. The policy guides the naming of Metro property with four principles in mind:

- **Transit System Context** - Information as to where a property is located within the context of the entire transit system with names that are clearly distinguishable
- **Property Area Context** - Information of the location of the property within the context of the surrounding street system

- **Neighborhood Identity** - Where appropriate, acknowledging a landmark or that the property serves as an entry point to a community or neighborhood
- **Simplicity** - Names will be brief enough for quick recognition and retention and fit within signage and mapping parameters

The policy states the difference between an “Official” name approved by the Metro Board, which are used for Board documents, contracts and legal documents and notices, and an “Operational” name, which is a shorter name used for station/stop announcements and printed and electronic materials for readability and size constraints.

These clear policy points, along with the defined naming process, provide strong guidance in order for Metro to aptly name new properties and re-name existing properties when applicable.

The existing policy also provides an opportunity for Board members to bestow a special honor in the form of a dedication on rare instances to a deceased individual and reserved to honor those of substantial historical, cultural or civic significance. In a similar dedication, the Board may also honor an individual who has demonstrated a unique and extraordinary degree of service yielding a distinguishable contribution to the public transportation in Los Angeles County. Such dedications are viewed as secondary information to the property signage, but not renamed for individuals. Following Board approval, individuals will be honored with plaques where space is available.

Addition of Corporate Sponsorship/Naming Rights Program

Updating the policy to include a revenue-generating, payment-in-kind, or value-in-kind Corporate Sponsorship and Naming Rights Program is a prudent means of maximizing the value of the agency’s capital investments and assets. Including this new program in the policy will establish a cohesive and transparent process for the consideration and determination of Corporate Sponsorship opportunities for the re-naming of existing and future property, facilities, services, programs and events.

The Communications Department will administer the program as part of its overall responsibility of generating revenue through advertising and other valued assets. In preparation for developing a Corporate Sponsorship/Naming Rights program, staff researched how other transit agencies have implemented such programs (Attachment C).

Corporate Sponsorship can take on various forms in which companies contract with Metro to associate their name, identify and branding with Metro’s property, facilities, services, programs or events. Partnerships will fall into two categories:

- **Short-term Sponsorships** - Agreements extending a maximum of 12 months or less for assets such as programs, events, seasonal events, or temporary station re-namings.
- **Long-term Sponsorships** - Agreements lasting a minimum of five years for assets such as transit services, rail lines, stations, buildings, etc.

Any short-term or temporary naming sponsorships will be communicated to the Metro Board in advance of implementation. Any re-naming proposals must uphold the location and historic reference name of the property to ensure that it remains easily identifiable and recognizable by the general

public.

Metro will utilize the services of a qualified and independent firm with extensive experience in valuations of naming rights opportunities to ensure that Metro receives fair market value for the naming of its property and assets. The valuation methodology will be based on real-world values, quantitative values of impressions based on market-tested media rates, qualitative values of the opportunity in terms of prestige, reach and target audience, as well as comparisons against similar properties in the marketplace.

Responsibilities for Metro and the corporate sponsor, as well as provisions for terminating the contract, will be included in each agreement.

The businesses and organizations that will not be considered for this program are outlined in the policy, in alignment with Metro's Advertising Policy. Companies that are eligible for sponsorships will have to meet established criteria.

Contracts over \$500,000 will be presented to the Board for approval. Those under \$500,000, likely short-term sponsorships, will be awarded at the direction of the CEO.

DETERMINATION OF SAFETY IMPACT

Revision of this policy currently does not impact safety.

FINANCIAL IMPACT

In compliance with Metro's System Advertising Policy, Metro will only accept revenues, payment-in-kind, or value-in-kind from corporations meeting the Ad Policy criteria and criteria stated in this policy (Attachment B).

All costs related to establishing a new name or re-naming an existing facility, service, or program shall be borne by the corporate sponsor, including Metro materials and labor costs associated with implementing re-naming efforts.

If this action leads to an increase in revenue, the revenues will be subject to Board adopted guidelines.

Impact to Budget

No impact to the FY17 Budget is anticipated as a result of approval of the policy.

This is a new business model for Metro. Upon expansion of the program, it may warrant evaluation of staffing to manage the execution of contracts and business needs associated with corporate partnerships.

ALTERNATIVES CONSIDERED

1. Decline to adopt the revised Property Naming Policy and Corporate Sponsorship/Naming Rights Policy. This is not recommended as the primary change to the policy clarifies and supports the new Corporate Sponsorship/Naming Rights Program as directed by the Board through approval of the 2016 RAM/Internal Savings Account Process.

NEXT STEPS

Upon Board approval, staff will:

1. Procure the services of a specialist to assist in the implementation of attaining corporate sponsorships and naming rights for Metro's property, programs, assets and services.
2. Exercise the business model process for all inquiries and propositions.

PROPERTY NAMING POLICY

PURPOSE

Through implementation of this policy, Metro seeks to establish guidelines regarding the naming of Metro properties frequented by the public that will provide clear transit information to our customers – both frequent patrons as well as visitors and infrequent users. In addition, the policy is intended to ensure timely, cost-effective and rider-friendly property naming efforts.

Properties will be named with the maximum benefit and convenience of the transit system user in mind. Naming will provide customers with travel information in a simple, straightforward and unified way in order to assist patrons in successfully navigating the transit system and correspondingly the region. Property names will reflect the following principles:

- ***Transit system context*** – Names will provide information as to where a property is located within the context of the entire transit system; property names will be clearly distinguishable with no duplication.
- ***Property area context*** – Names will provide specific information as to the location of the property within the context of the surrounding street system, so that users can find their way around after their arrival and to support system access via automobile drop-off and parking.
- ***Neighborhood identity*** – Where appropriate, property naming will acknowledge that system stations and stops serve as entry points to the region's communities and neighborhoods.
- ***Simplicity*** – Names will be brief enough for quick recognition and retention by a passenger in a moving vehicle, and to fit within signage and mapping technical parameters.

POLICY POINTS

1. Property naming will identify transit facilities so as to provide immediate recognition and identification for daily riders as well as periodic users and visitors. Transit facilities include rail stations, bus rapidway stations, transit centers, bus stops and other properties frequented by the public. Property names will be identified based on the following:
 - Adjacent or nearby street or freeway
 - Well-known destination or landmark
 - Community or district name

- City name – if only one Metro property is located within a city

If space permits, property names can be a combination of street system location and well-known destination, particularly when the street system name may not be recognizable to transit riders and visitors. No business, product or personal names shall be used unless that name is part of a street name or well-known destination; or as part of a corporate sponsorship or cooperative advertising revenue contract.

2. The following criteria will ensure simple, succinct property names that are easily understood and retained by transit riders:

- Minimize the use of multiple names for a property. A single name identifiable by the general public is preferred, with a maximum of two distinct names separated by one slash. For example, Westlake/ MacArthur Park Station.
- Minimize the length of property names to ensure comprehension and retention by system riders. The property name shall have a preferred maximum of 24 characters in order to ensure general public and ADA readability, and fit within Metro's signage system.
- Minimize the inclusion of unneeded words in property names such as ones that are inherently understood, or added when verbally stating the property's name. Avoid inclusion of unnecessary words that may describe the property's location, but are not part of that location's commonly known name.

3. In consideration of the various applications where the property name will be used and displayed, properties may have a Board-adopted official name as well as a shorter operational name. The official property name would be used for Board documents, contracts and legal documents and notices. The operational name would be used for station/stop announcements by vehicle operators, and on printed materials due to readability and size constraints. In addition, the property name may be further abbreviated for other operational uses such as vehicle headsigns and fare media.

4. The property naming process will include the following steps:

- A. Initial property names will be identified during the project planning process primarily based on geographic location.
- B. When a project is approved by the Board to proceed into the preliminary engineering phase, a formal naming process will be initiated.

- C. Staff will solicit input from cities, communities and other stakeholders on preferred property names based on the Board-adopted naming criteria.
 - D. The resulting property names will be reviewed by a focus group comprised of both transit system users and non-users for general public recognizability.
 - E. Staff will return to the appropriate Board committee and then to the full Board for adoption of the final set of official property names.
 - F. The adopted official property names will then be included in any final engineering bid documents and other agency materials.
 - G. Requests to rename properties after Board action and the release of project construction documents may be considered by the Board. Property name changes must be approved by a vote of two-thirds of the Board members. All costs associated with changing a property name, including any signage revisions and market research to determine if the proposed name is recognizable by the general public, will be paid for by the requestor unless otherwise determined by the Board.
5. If the Board wishes to bestow a special honor to a deceased individual, it may choose to dedicate a site to him/her. The act of dedicating a Metro property to an individual should be rare and reserved as a means to honor those of substantial historical, cultural, or civic significance. The Board may wish to bestow a similar honor upon an individual who demonstrated a unique and extraordinary degree of service yielding a distinguishable contribution to public transportation in Los Angeles County. Such dedications shall be viewed as secondary information with regard to signage and other identification issues. Properties/facilities frequented by the public may not be renamed for individuals.

Such dedications are made in the form of a motion presented by a Board Member to the appropriate committee of the Board for review and approval, and then forwarded to the full Board for final approval. With Board action, individuals will be honored with plaques where space is available.

CORPORATE SPONSORSHIP AND NAMING RIGHTS

Metro has determined that allowing a revenue-generating, payment-in-kind, or value-in-kind Corporate Sponsorship and Naming Rights Program is a prudent means of maximizing the value of the agency's capital investments and assets. Metro may enter into sponsorship and naming rights contracts for short-term and long-term partnerships with qualified companies in order to provide value and benefits for both parties.

Through implementation of this policy, Metro seeks to establish a cohesive and transparent process for the consideration and determination of Corporate Sponsorship opportunities for the naming or re-naming of existing and future property, facilities, services, programs and events.

The implementation of a Corporate Sponsorship and Naming Rights Program carries with it a responsibility to protect the agency from potential litigation and to recognize the potential association of outside corporations with Metro services, property and events, while respecting and adhering to existing Metro policies, including Metro's System Advertising, and Commercial Filming Policies. The agency addresses these issues through the responsible and consistent application stated in this policy.

CORPORATE SPONSORSHIP POINTS

1. Corporate Sponsorship is a form of advertising in which companies will pay Metro to be associated with certain facilities, services, programs or events. This could also include providing resources and finance, payment-in-kind, or value-in-kind to develop new facilities, services, programs or events or funding to operate existing ones. Naming rights is a form of advertising whereby a corporation purchases the right to name or re-name a Metro facility, service, program, or event, typically for a defined period of time.
2. Metro's Communications Department administers the Corporate Sponsorship and Naming Rights Program as part of its overall responsibility of revenue-generating advertising and Metro's overarching goal of partnering with businesses on activities that can increase mobility for customers in the LA region.
3. In order to ensure Metro receives fair market value for Corporate Sponsorship and Re-naming Rights, Metro will routinely procure the services of a qualified and independent firm that regularly provides valuations of naming rights opportunities.

Agency Assets Eligible for Sponsorship

Metro is transportation planner and coordinator, designer, builder and operator of a large and expanding transit system. The infrastructure capital investment and other assets are significant within Metro's county-wide system of bus, rail, and other services; property portfolio; numerous facilities; programs; and events. The various facilities, programs, and services that may be applied to corporate sponsorships to are:
