Agenda Number: 33.

EXECUTIVE MANAGEMENT COMMITTEE OCTOBER 20, 2016

SUBJECT: STATE AND FEDERAL REPORT

ACTION: RECEIVE AND FILE

RECOMMENDATION

RECEIVE AND FILE **State and Federal Legislative Report.**

DISCUSSION

**Executive Management Committee
Remarks Prepared By Raffi Haig Hamparian
Government Relations Director, Federal Affairs**

Chairman Fasana and members of the Executive Management Committee, I am pleased to provide an update on a number of federal matters of interest to our agency. This report was prepared on October 6, 2016 and will be updated, as appropriate, at the Executive Management Committee meeting on October 20, 2016.

Federal Grants for Fiscal Year 2016

As you are well aware Chairman Fasana, Metro celebrated the award of the largest TIGER Grant received in the State of California at the end of August. Following the award of \$15 million through the U.S. Department of Transportation's TIGER Grant program for the Rosecrans/Marquardt Grade Separation Project, Metro was awarded another grant in September through the Federal Transit Administration under the Bus and Bus Facilities Program in the amount of \$10.5 million. Similar to TIGER, this award was the largest award in the State of California. The Federal funding will be used to replace some of the last remaining diesel buses being used by contract services (Bus Routes 125, 128, 130, 205, 232, 607 and 625). Metro's grant request also included an innovative workforce development component.

Most recently, just yesterday in fact, we were notified that our agency will be receiving a \$2 million Transit Oriented Development Grant from the Federal Transit Administration for the West Santa Ana Branch project. This is welcome news.

We are very appreciative of the strong partnership and confidence that U.S. Department of

Transportation has had and continues to have in our agency to delivery these and other critical federally funded projects.

Metro's Government Relations team will continue to actively seek Congressional support for our other grant applications which include an FTA Mobility on Demand Sandbox Program grant and an FHWA Advanced Transportation and Congestion Management Technology Grant. Both grants are expected to be announced in the near future.

Federal Appropriations for Fiscal Year 2017

As Federal Fiscal Year 2016 came to a close on September 30th, Congress was unable to agree on passing a full year funding bill and instead approved a short term Continuing Resolution that will fund the Federal Government at Fiscal Year 2016 levels until December 9, 2016.

We will be working to make sure the final federal spending bill includes \$100 million for the Regional Connector, \$100 million for Purple Line Extension (Segment 1), and \$100 million for Purple Line Extension (Section 2).

Local Hire

We are very pleased that our Board of Directors is circulating a letter calling on the Obama Administration - through the U.S. Department of Transportation - to make permanent their Local Hire Pilot Program.

At present, the U.S. Department of Transportation's (USDOT) Local Hire Pilot Program is slated to expire in March of 2017. Metro - through our America Fast Forward initiative - has been at the forefront of efforts to reform the USDOT's local hire rules. Specifically - in September of 2011 - our Board added the reforming of federal local hire rules to our existing America Fast Forward initiative. In November of 2013 Congresswoman Karen Bass introduced - after consulting with Metro - H.R. 3620 - The Local Hire Act. In December of 2014 - Congresswoman Bass was successful in embedding language in the Fiscal Year 2015 federal spending bill that permitted the use of local hire practices around the nation. The following year - in 2015 - the USDOT announced that they would be launching a Local Hire Pilot Program.

We look forward to securing a favorable reply to our Board's letter requesting that the Local Hire Pilot Program be made permanent.

Conclusion

I look forward to expanding on this brief report at the Executive Management Committee meeting with any new developments that occur in the days ahead.

This concludes my remarks before the committee. I would welcome the opportunity to answer any questions from you Mr. Chairman or from members of this committee.

Executive Management Committee

**Remarks Prepared By Michael Turner
Deputy Executive Officer Government Relations**

Conclusion of the 2015-16 Legislative Session

As of the writing of this report the Governor has concluded acting on all bills passed by the Legislature. The following summarizes some of the key actions taken by the Governor.

AB 2710 (Frazier) Vetoed

As expected Governor Brown issued a veto notice on AB 2710 (Frazier). The legislation would have outlined provisions for federal freight funds to be allocated through the Trade Corridors Improvement Fund (TCIF) program. The Governor, in the accompanying, directed the Secretary of Transportation to continue to work with the CTC, author to ensure that these funds are allocated to high-priority trade projects.

AB 1889 (Mullin) Signed into Law

The Governor also signed AB 1889 (Mullin), a Metro Board supported bill, into law. This bill clarifies language that secures funding for the “bookend” projects for the High Speed Rail project.

AB 620 (Hernandez) Signed into Law

Governor Brown also signed AB 620 (Hernandez) into law. The bill requires that Metro report to the legislature on outreach efforts to increase participation in the ExpressLanes Low Income Assistance Plan program in 2018. Metro Board of Directors opposed the original form of the bill that would have made substantial changes to the administration of the ExpressLanes program. The final version of the bill was amended to remove those provisions that would have negatively impacted program operations.

Major Greenhouse Gas Emissions Reduction Legislation Passes

At the end of session the Legislature passed and the Governor also signed a series of bills advancing the state’s GHG reductions programs. These include the following:

- SB 32 (Pavley) which extends the state’s basic GHG law and requires further emission reductions in that period.
- AB 197 (Garcia) which reforms the California Air Resources Board and implements additional legislative oversight.
- AB 1550 (Gomez) which restructures the requirements for allocating funds to disadvantaged communities.
- SB 824 (Beall) which will allow local agencies more flexibility in managing the cap and trade funds.
- AB 1613 (Committee on Budget) amends the Budget Act of 2016 to make

appropriations to GHG reduction programs, GGRF, including TIRCP, Sustainable Communities, Strategic Growth Council and other sustainability programs.

Assemblymember Chris Holden Holds Oversight Hearing at Metro

The Assembly Select Committee on Regional Transportation and Interconnectivity Solutions conducted an oversight hearing titled "Funding Transportation: Meeting the Challenge" on September 29th. Assemblymember Chris Holden who Chairs the Assembly Select Committee on Regional Transportation and Interconnectivity Solutions invited state government officials and a number of other members discussed timely transportation funding and policy issues for the state.

Potential Special Session on Transportation Funding

Legislative leadership in Sacramento continues to explore the possibility of acting in special session on a transportation funding proposal by the end of the year. While no date is scheduled for a vote the Chairmen of both policy committees are continuing discussions on their joint proposal and exploring the possibility of securing a two-thirds vote in each house. Metro's advocacy team is actively briefing key offices on our priorities to support a robust funding package that aggressively addresses Metro's key priorities.

The Legislative Analyst's Office issues The 2016-17 Budget: California Spending Plan

Each year, the Legislative Analyst's Office (LAO) publishes the California Spending Plan, a summary of the State's budget. This report highlights the evolution of the 2016-17 Budget Act from its January proposal, May revision and other major budget actions approved during 2016. The LAO finds that General Fund spending is up 6 percent from 2015-16 at \$122.5 billion with the State's reserve balance at \$8.5 billion as included in the June 2016 Budget package.

The Governor approved increases in spending for affordable housing, university funding, public safety, and Proposition 98. The LAO report makes mention of the Governor's special legislative session being unsuccessful in passing a comprehensive package to increase transportation funding. For transportation, the Governor and legislature approved \$15.5 billion in spending for transportation programs, a decrease of 3 percent from 2015-16 spending. The budget package was revised in August to include provisions that are outlined in Assembly Bill 1613 and Senate Bill 838, which detailed how state funds and cap-and-trade funds will be apportioned to transportation programs throughout the state.

Conclusion

We will expand on this brief report at the Executive Management Committee meeting with any new developments that occur in the days ahead.

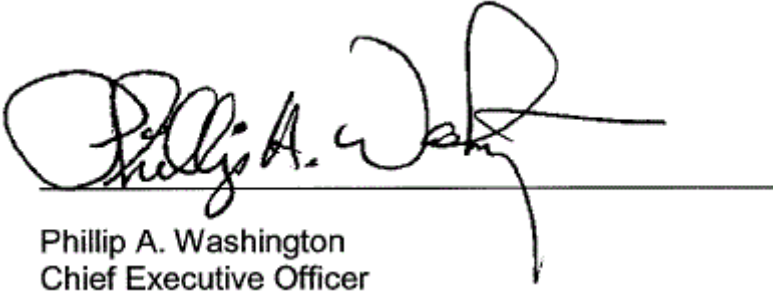

We welcome the opportunity to answer any questions from Mr. Chairman or from members of this committee.

AB 1591 Frazier D Transportation funding.	ASSEMBLY DEAD 8/31/2016 - Failed Deadline pursuant to Joint Rule 61(b)(17). (Last location was TRANS. on 2/1/2016)	<p>Existing law provides various sources of funding for transportation purposes, including funding for the state highway system and the local street and road system. These funding sources include, among others, fuel excise taxes, commercial vehicle weight fees, local transactions and use taxes, and federal funds. Existing law imposes certain registration fees on vehicles, with revenues from these fees deposited in the Motor Vehicle Account and used to fund the Department of Motor Vehicles and the Department of the California Highway Patrol. Existing law provides for the monthly transfer of excess balances in the Motor Vehicle Account to the State Highway Account. This bill would create the Road Maintenance and Rehabilitation Program to address deferred maintenance on the state highway system and the local street and road system. The bill would require the California Transportation Commission to adopt performance criteria to ensure efficient use of the funds available for the program. The bill would provide for the deposit of various funds for the program in the Road Maintenance and Rehabilitation Account, which the bill would create in the State Transportation Fund, including revenues attributable to a \$0.225 per gallon increase in the motor vehicle fuel (gasoline) tax imposed by the bill, including an inflation adjustment as provided, an increase of \$38 in the annual vehicle registration fee, and a new \$165 annual vehicle registration fee applicable to zero-emission motor vehicles, as defined. Bill ID/Topic	Location	Summary	Position
AB 1595 Campos D Employment: human trafficking training: mass transportation employers.	ASSEMBLY DEAD 5/27/2016 - Failed Deadline pursuant to Joint Rule 61(b)(8). (Last location was APPR. SUSPENSE FILE on 5/11/2016)	Existing law establishes the Division of Labor Standards Enforcement in the Department of Industrial Relations for the enforcement of labor laws, and establishes certain obligations on an employer, including, requiring an employer to post specified wage and hour information in a location where it can be viewed by employees. Under existing law, any person who deprives or violates the personal liberty of another with the intent to obtain forced labor or services is guilty of the crime of human trafficking. This bill would require a private or public employer that provides mass transportation services, as specified, in the state to train its employees, who are likely to interact or come into contact with victims of human trafficking, in recognizing the signs of human trafficking and how to report those signs to the appropriate law enforcement agency. The bill would require the Department of justice to develop guidelines for the training, including, but not limited to, guidance on how to report human trafficking. The bill would require that, by January 1, 2018, the training be incorporated into the initial training process for all new employees and that all existing employees receive the training. Last Amended on 3/29/2016	Support

(Last location was T. & H. on 5/24/2016)	Existing law authorizes the Monterey-Salinas Transit District and the Santa Cruz Metropolitan Transit District to conduct a transit bus-only program using the shoulders of certain state highways as transit bus-only traffic corridors, subject to approval by the Department of Transportation and the Department of the California Highway Patrol. Existing law requires that the highway segments to be used for the program are to be jointly determined by the districts, the department, and the Department of the California Highway Patrol, and imposes other conditions and requirements. This bill would additionally authorize the operation of transit buses on the shoulder of a segment of a state highway designated under the program within the areas served by the transit services of the 8 entities described above, subject to the same conditions and requirements. Two years after commencing the operation of the program, the bill would require a participating entity, in conjunction with the department and the Department of the California Highway Patrol, to submit a report to the Legislature that includes specified information about the program. The bill would also require the participating entity to post the report on its Internet Web site to enable the public to access the report. This bill contains other existing laws. Existing law, pursuant to the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century, approved by the voters as Proposition 1A at the November 4, 2008, statewide general election, provides for the issuance of \$9.95 billion for high-speed train capital projects and other associated purposes. The bond act requires the authority to expend the proceeds of the bond act pursuant to certain planning and reporting requirements, which require the authority to approve that the corridor or usable segment would be suitable and ready for high-speed train operations. This bill would provide for the purposes of a certain required funding plan that a corridor or usable segment thereof would be "suitable and ready for high-speed train operation" if specified conditions are met. The bill would also require the authority to include in its business plan and project update report information describing the use of these bond proceeds demonstrating that the investments made are consistent with the authority's current business plan and advance the development of the Phase I blended system as described in the business plan. AB 1908 Harper R High-occupancy vehicle lanes.	ASSEMBLY DEAD 4/22/2016 - Failed Deadline pursuant to Joint Rule 61(b)(5). (Last location was A. TRANS. on 3/28/2016)	<p>Existing law authorizes the Department of Transportation to designate certain lanes for the exclusive or preferential use of high-occupancy vehicles. When those exclusive or preferential use lanes are established and double parallel solid lines are in place to the right thereof, existing law prohibits any person driving a vehicle from crossing over those double lines to enter into or exit from the lanes, and entrance or exit from those lanes is authorized only in areas designated for these purposes or where a single broken line is in place to the right of the lanes, except as specified. This bill would prohibit, commencing July 1, 2017, a high-occupancy vehicle lane from being established on a state highway in southern California, unless that lane is established as a high-occupancy vehicle lane only during the hours of heavy commuter traffic, as determined by the department. The bill would require any existing high-occupancy vehicle lane in southern California to be modified to conform with those requirements. The bill would authorize the department, on or after May 1, 2018, to reinstate 24-hour high-occupancy vehicle lanes in southern California if the department makes a specified determination, and would require the department to report to the Legislature on the impact on traffic of limiting the use of high-occupancy lanes only during the hours of heavy commuter traffic, as provided in the bill. AB 2222 Holden D Transit Pass Program: free or reduced-fare transit passes.	8/12/2016-S. DEAD 8/12/2016-Failed Deadline pursuant to Joint Rule 61(b)(14). (Last location was APPR. on 8/11/2016)	<p>Existing law establishes the California Community Colleges, under the administration of the Board of Governors of the California Community Colleges, the California State University, under the administration of the Trustees of the California State University, and the University of California, under the administration of the Regents of the University of California, as the 3 segments of public postsecondary education in this state. Each of these segments is authorized to provide instruction and other services to the students who attend the institutions under their respective jurisdictions. Existing law also authorizes the governing board of a school district to provide for the transportation of pupils to and from school whenever in the judgment of the board the transportation is advisable and good reasons exist to do so. This bill would establish the Transit Pass Program to be administered by the Department of Transportation with moneys made available, upon appropriation by the Legislature, to support transit pass programs that provide free or reduced-fare transit passes to specified pupils and students. The bill would require the department to develop guidelines that describe the criteria that eligible transit providers are required to use to make available free or reduced-fare transit passes to eligible participants. The bill would exempt those guidelines from the Administrative Procedure Act. The bill would require eligible transit providers and eligible participants to enter into agreements for the distribution of free or reduced-fare transit passes to students. This bill contains other related provisions. Last Amended on 8/2/2016</p> <p>SUPPORT AND OPPOSITION LISTED AT END OF REPORT</p>	Support

AB 2289 Frazier D Department of Transportation: capital improvement projects.	7/22/2016-A. CHAPTERED 7/22/2016-Chaptered by Secretary of State - Chapter 76, Statutes of 2016.	Current law requires the Department of Transportation to prepare a state highway operation and protection program for the expenditure of transportation funds for major capital improvements that are necessary to preserve and protect the state highway system and that include capital projects relative to maintenance, safety, and rehabilitation of state highways and bridges that do not add a new traffic lane to the system. This bill would add to the program capital projects relative to the operation of those state highways and bridges. SUPPORT: Automobile Club of Southern California, California Transportation Commission, San Diego Association of Governments, San Francisco County Transportation Commission OPPOSITION: None received	Support
AB 2348 Levine D Department of Finance: infrastructure investment.	9/27/2016-A. VETOED 9/27/2016-Vetoed by the Governor	Would authorize the Department of Finance to identify infrastructure projects in the state for which the department will guarantee a rate of return on investment for an investment made in that infrastructure project by the Public Employees' Retirement System. The bill would create the Reinvesting in California Special Fund as a continuously appropriated fund and would require the moneys in the fund to be used to pay the rate of return on investment. The bill would require the rate of return on investment to be subject to the availability of moneys in the fund. AB 2411 Frazier D Transportation revenues.	SENATE DEAD 7/1/2016 - Failed Deadline pursuant to Joint Rule 61(b)(13). (Last location was T. & H. on 6/9/2016)	<p>Article XIX of the California Constitution restricts the expenditure of revenues from taxes imposed by the state on fuels used in motor vehicles upon public streets and highways to street and highway and certain mass transit purposes. Existing law requires certain miscellaneous revenues deposited in the State Highway Account that are not restricted as to expenditure by Article XIX of the California Constitution to be transferred to the Transportation Debt Service Fund in the State Transportation Fund, as specified, and requires the Controller to transfer from the fund to the General Fund an amount of those revenues necessary to offset the current year debt service made from the General Fund on general obligation transportation bonds issued pursuant to Proposition 116 of 1990. This bill would, on July 1, 2017, delete the transfer of these miscellaneous revenues to the Transportation Debt Service Fund, thereby eliminating the offsetting transfer to the General Fund for debt service on general obligation transportation bonds issued pursuant to Proposition 116 of 1990. The bill, subject to a specified exception, would, on July 1, 2017, instead require the miscellaneous revenues to be retained in the State Highway Account and to be used solely for transportation expenditures consistent with the restrictions for expenditure of fuel tax revenues in Article XIX of the California Constitution. SB 824 Beall D Low Carbon Transit Operations Program.	SENATE CHAPTERED 9/22/2016 - Chaptered by Secretary of State - Chapter 479, Statutes of 2016.	<p>Existing law requires all moneys, except for fines and penalties, collected by the State Air Resources Board from the auction or sale of allowances as part of a market-based compliance mechanism relative to reduction of greenhouse gas emissions to be deposited in the Greenhouse Gas Reduction Fund. This bill would require a recipient transit agency to demonstrate that each expenditure of program moneys allocated to the agency does not supplant another source of funds. The bill would authorize a recipient transit agency that does not submit an expenditure for funding under the program in a particular fiscal year to retain its funding share for expenditure in a subsequent fiscal year for a maximum of 4 years. The bill would allow a recipient transit agency to loan or transfer its funding share in any particular fiscal year to another recipient transit agency within the same region, or to apply to the department to reassign, to other eligible expenditures under the program, any savings of surplus moneys from an approved and completed expenditure under the program or from an approved expenditure that is no longer a priority, as specified. The bill would also allow a recipient transit agency to apply to the department for a letter of no prejudice for any eligible expenditures under the program for which the department has authorized a disbursement of funds, and, if granted, would allow the recipient transit agency to expend its own moneys and to be eligible for future reimbursement from the program, under specified conditions. The bill would also require a recipient transit agency to provide additional information to the department to the extent funding is sought for capital projects. This bill contains other existing laws. Last Amended on 8/18/2016</p> <p>SUPPORT: Santa Clara Valley Transportation Authority (source), Alameda-Contra Costa Transit District, Asian Pacific Environmental Network, Associated General Contractors, Bay Area Rapid Transit District, California Bicycle Coalition, California ReLeaf, California Transit Association, California Walks, Central Contra Costa Transit Authority, Coalition for Clean Air, Foothill Transit, Gamaliel of California, Housing California, Investing in Place, Long Beach Transit, Los Angeles County Metropolitan Transportation Authority, Metropolitan Transportation Commission, Monterey-Salinas Transit, Move L.A., Napa Valley Transportation Authority, North Bay Organizing Project, Orange County Transportation Authority, Peninsula Corridor Joint Powers Board (Caltrain), Public Advocates, Safe Routes to School National Partnership, San Bernardino Associated Governments, Santa Cruz Metropolitan Transit District, San Mateo County Transit District, San Mateo County Transportation Authority, Santa Monica Big Blue Bus, Solano County Transit, TransForm</p>	Support

(Last location was T. & H. on 2/4/2016)	Would acknowledge, as of June 30, 2015, \$879,000,000 in outstanding loans of certain transportation revenues, and would require this amount to be repaid from the General Fund by June 30, 2016, to the Traffic Congestion Relief Fund for allocation to the Traffic Congestion Relief Program, the Trade Corridors Improvement Fund, the Public Transportation Account, and the State Highway Account, as specified. The bill would thereby make an appropriation. This bill contains other related provisions and other existing laws. SUPPORT: None b/c no bill analysis OPPOSITION: None b/c no bill analysis	Monitor
SB 951 McGuire D Transportation: Golden State Patriot Passes Program.	SENATE DEAD 5/27/2016 - Failed Deadline pursuant to Joint Rule 61(b)(8). (Last location was APPR. SUSPENSE FILE on 5/9/2016)	Existing law creates various state transportation agencies, including the Department of Transportation, with specified powers and duties, including, but not limited to, coordinating and assisting, upon request of, the various public and private transportation entities to strengthen their development and operation of balanced integrated mass transportation, highway, aviation, maritime, railroad, and other transportation facilities and services in support of statewide and regional goals. This bill would create the Golden State Patriot Passes Program to be administered by the Department of Transportation to provide veterans with free access to transit services. The bill would require the department to develop guidelines that describe the methodologies that a participating transit operator would use to demonstrate that proposed expenditures would increase veteran mobility and fulfill specified requirements. The bill would require the department to select 3 transit operators to participate, and would require a transit operator selected to participate in the program to match any state moneys that it receives through the program with local moneys. The bill would require the participating transit operators and the department to report on the program. The bill would repeal the program on January 1, 2022. Last Amended on 4/26/2016	Support

Bill ID/Topic	Location	Summary
ABX1 1 Alejo D Transportation funding.	6/23/2015-A. PRINT 6/24/2015-From printer.	Existing law provides for loans of revenues from various transportation funds and accounts to the General Fund, with various repayment dates specified. This bill, with respect to any loans made to the General Fund from specified transportation funds and accounts with a repayment date of January 1, 2019, or later, would require the loans to be repaid by December 31, 2018. This bill contains other related provisions and other existing laws.
ABX1 2 Perea D Transportation projects: comprehensive development lease agreements.	6/25/2015-A. PRINT 6/26/2015-From printer.	Existing law authorizes the Department of Transportation and regional transportation agencies, as defined, to enter into comprehensive development lease agreements with public and private entities, or consortia of those entities, for certain transportation projects that may charge certain users of those projects tolls and user fees, subject to various terms and requirements. These arrangements are commonly known as public-private partnerships. Existing law provides that a lease agreement may not be entered into under these provisions on or after January 1, 2017. This bill would extend this authorization indefinitely and would include within the definition of "regional transportation agency" the Santa Clara Valley Transportation Authority, thereby authorizing the authority to enter into public-private partnerships under these provisions. The bill would also delete obsolete cross-references and make technical changes to these provisions.
ABX1 3 Frazier D Transportation funding.	9/24/2015- A. CONFERENCE COMMITTEE 9/24/2015-Senators Beall (Co-Chair), Allen, Leyva, Cannella, and Gaines appointed to Conference Committee.	Existing law requires the Department of Transportation to improve and maintain the state's highways, and establishes various programs to fund the development, construction, and repair of local roads, bridges, and other critical transportation infrastructure in the state. This bill would declare the intent of the Legislature to enact legislation to establish permanent, sustainable sources of transportation funding to maintain and repair highways, local roads, bridges, and other critical infrastructure.
ABX1 4 Frazier D Transportation funding.	9/3/2015-S. RLS. 9/3/2015-Referred to Com. on RLS.	Existing law establishes various programs to fund the development, construction, and repair of local roads, bridges, and other critical transportation infrastructure in the state. This bill would declare the intent of the Legislature to enact legislation to establish permanent, sustainable sources of transportation funding to improve the state's key trade corridors and support efforts by local governments to repair and improve local transportation infrastructure.

Bill ID/Topic	Location	Summary
<p>ABX1 5 Hernández, Roger D</p> <p>Income taxes: credits: low-income housing: farmworker housing assistance.</p>	<p>7/16/2015-A. PRINT 7/17/2015-From printer.</p>	<p>Existing law establishes a low-income housing tax credit program pursuant to which the California Tax Credit Allocation Committee provides procedures and requirements for the allocation of state insurance, personal income, and corporation income tax credit amounts among low-income housing projects based on federal law. Existing law allows the credit for buildings located in designated difficult development areas or qualified census tracts that are restricted to having 50% of its occupants be special needs households, as defined, even if the taxpayer receives specified federal credits, if the credit allowed under this section does not exceed 30% of the eligible basis of that building. Existing law limits the total annual amount of the credit that the committee may allocate to \$70 million per year and allows \$500,000 per year of that amount to be allocated for projects to provide farmworker housing, as specified. Existing law defines farmworker housing to mean housing for agricultural workers that is available to, and occupied by, only farmworkers and their households. This bill, under the insurance taxation law, the Personal Income Tax Law, and the Corporation Tax Law, would modify the definition of applicable percentage relating to qualified low-income buildings that are farmworker housing projects, as provided. The bill would authorize the California Tax Credit Allocation Committee to allocate that credit even if the taxpayer receives specified federal and state credits or only state credits. The bill would increase the amount the committee may allocate to farmworker housing projects from \$500,000 to \$25,000,000 per year. The bill would also redefine farmworker housing to mean housing for agricultural workers that is available to, and occupied by, not less than 50% of farmworkers and their households. This bill contains other related provisions.</p>

Bill ID/Topic	Location	Summary
ABX1 6 Hernández, Roger D Affordable Housing and Sustainable Communities Program.	7/16/2015-A. PRINT 7/17/2015-From printer.	Existing law requires all moneys, except for fines and penalties, collected by the state board from the auction or sale of allowances as part of a market-based compliance mechanism to be deposited in the Greenhouse Gas Reduction Fund and to be available upon appropriation by the Legislature. Existing law continuously appropriates 20% of the annual proceeds of the fund to the Affordable Housing and Sustainable Communities Program, administered by the Strategic Growth Council, to reduce greenhouse gas emissions through projects that implement land use, housing, transportation, and agricultural land preservation practices to support infill and compact development and that support other related and coordinated public policy objectives. This bill would require 20% of moneys available for allocation under the program to be allocated to eligible projects in rural areas, as defined. The bill would further require at least 50% of those moneys to be allocated to eligible affordable housing projects. The bill would require the council to amend its guidelines and selection criteria consistent with these requirements and to consult with interested stakeholders in this regard.
ABX1 7 Nazarian D Public transit: funding.	7/16/2015-A. PRINT 7/17/2015-From printer.	Existing law requires all moneys, except for fines and penalties, collected by the State Air Resources Board from the auction or sale of allowances as part of a market-based compliance mechanism relative to reduction of greenhouse gas emissions to be deposited in the Greenhouse Gas Reduction Fund. This bill would instead continuously appropriate 20% of those annual proceeds to the Transit and Intercity Rail Capital Program, and 10% of those annual proceeds to the Low Carbon Transit Operations Program, thereby making an appropriation. This bill contains other existing laws.
ABX1 8 Chiu D Diesel sales and use tax.	7/16/2015-A. PRINT 7/17/2015-From printer.	Existing law, beyond the sales and use tax rate generally applicable, imposes an additional sales and use tax on diesel fuel at the rate of 1.75%, subject to certain exemptions, and provides for the net revenues collected from the additional tax to be transferred to the Public Transportation Account. Existing law continuously appropriates these revenues to the Controller, for allocation by formula to transportation agencies for public transit purposes. This bill, effective July 1, 2016, would increase the additional sales and use tax rate on diesel fuel to 5.25%. By increasing the revenues deposited in a continuously appropriated fund, the bill would thereby make an appropriation. This bill contains other related provisions.

ABX1 9 Levine D Richmond-San Rafael Bridge.	8/17/2015-A. PRINT 8/18/2015-From printer.	Existing law specifies the powers and duties of the Department of Transportation, the Metropolitan Transportation Commission, and the Bay Area Toll Authority with respect to the collection and expenditure of toll revenue from the 7 state-owned toll bridges within the geographic jurisdiction of the commission, including the Richmond-San Rafael Bridge. This bill would require the department, immediately, or as soon as practically feasible, but no later than September 30, 2015, to implement an operational improvement project that temporarily restores the third eastbound lane on State Highway Route 580 from the beginning of the Richmond-San Rafael Bridge in the County of Marin to Marine Street in the County of Contra Costa to automobile traffic and that temporarily converts a specified portion of an existing one-way bicycle lane along the north side of State Highway Route 580 in the County of Contra Costa into a bidirectional bicycle and pedestrian lane. The bill would require the department to keep the temporary lanes in place until the department has completed a specified project relating to the Richmond-San Rafael Bridge or until construction activity for that project necessitates removal of the temporary lanes. This bill contains other related provisions.
ABX1 10 Levine D Public works: contracts: extra compensation.	8/19/2015-A. PRINT 8/20/2015-From printer.	Existing law sets forth requirements for provisions in public works contracts awarded by a state entity. Under existing law, the state or any other public entity in any competitively bid public works contract may provide for the payment of extra compensation to the contractor for cost reduction changes. This bill would provide that a state entity in a megainfrastructure project contract, as defined, may not provide for the payment of extra compensation to the contractor until the megainfrastructure project, as defined, has been completed and an independent third party has verified that the megainfrastructure project meets all architectural or engineering plans and safety specifications of the contract. This bill would apply to contracts entered into or amended on or after the effective date of this bill.

ABX1 11 Gray D Transportation projects: County of Merced: campus parkway project.	8/20/2015-A. PRINT 8/21/2015-From printer.	Existing law provides various sources of funding for transportation projects. This bill would appropriate \$97,600,000 from the General Fund to the Merced County Association of Governments for construction of phase 2 and 3 of the Campus Parkway Project, a planned road project to connect the University of California, Merced to State Highway 99, in the County of Merced.
ABX1 12 Nazarian D Los Angeles County Metropolitan Transportation Authority.	8/26/2015-A. PRINT 8/27/2015-From printer.	Existing law creates the Los Angeles County Metropolitan Transportation Authority with specified powers and duties relative to transportation planning, programming, and operations in Los Angeles County. This bill would authorize the Los Angeles County Metropolitan Transportation Authority to enter into agreements with private entities for certain transportation projects in Los Angeles County, including on the state highway system, subject to various terms and requirements. The bill would authorize the authority to impose tolls and user fees for use of those projects. For any project on the state highway system, the bill would require the authority to implement the project in cooperation with the Department of Transportation pursuant to an agreement that addresses specified matters. The bill would provide that a facility constructed by a private entity would at all times be owned by a governmental agency, except as provided. The bill would authorize the authority to issue bonds to finance any costs necessary to implement a project and to finance any expenditures, payable from the revenues generated from the project or other available resources, as specified. This bill contains other related provisions.

ABX1 13 Grove R Greenhouse Gas Reduction Fund: streets and highways.	8/31/2015-A. PRINT 9/1/2015-From printer.	The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The state board is required to adopt a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020. The act authorizes the state board to include the use of market-based compliance mechanisms. Existing law requires all moneys, except for fines and penalties, collected by the state board from the auction or sale of allowances as part of a market-based compliance mechanism to be deposited in the Greenhouse Gas Reduction Fund and to be available upon appropriation. Existing law continuously appropriates 20% of the annual proceeds of the fund to the Strategic Growth Council for the Affordable Housing and Sustainable Communities Program, as provided. This bill would reduce the continuous appropriation to the Strategic Growth Council for the Affordable Housing and Sustainable Communities Program by half. This bill contains other related provisions.
ABX1 14 Waldron R State Highway Operation and Protection Program: local streets and roads: appropriation.	8/31/2015-A. PRINT 9/1/2015-From printer.	Existing law requires the Department of Transportation to prepare a State Highway Operation and Protection Program every other year for the expenditure of transportation capital improvement funds for projects that are necessary to preserve and protect the state highway system, excluding projects that add new traffic lanes. Existing law provides for apportionment of specified portions of revenues in the Highway Users Tax Account derived from gasoline and diesel excise taxes to cities and counties by formula, with the remaining revenues to be deposited in the State Highway Account for expenditure on various state transportation programs, including maintenance of state highways and transportation capital improvement projects. This bill would continuously appropriate \$1 billion from the General Fund, with 50% to be made available to the Department of Transportation for maintenance of the state highway system or for purposes of the State Highway Operation and Protection Program, and 50% to be made available to the Controller for apportionment to cities and counties by a specified formula for street and road purposes.

ABX1 15 Patterson R State Highway Operation and Protection Program: local streets and roads: appropriation.	8/31/2015-A. PRINT 9/1/2015-From printer.	Existing law appropriates the sum of \$663,287,000 for the 2015-16 fiscal year from the State Highway Account to the Department of Transportation for Capital Outlay Support. This bill would reduce the \$663,287,000 appropriation for Capital Outlay Support by \$500 million, and would appropriate \$500 million from the State Highway Account for the 2015-16 fiscal year, with 50% to be made available to the Department of Transportation for maintenance of the state highway system or for purposes of the State Highway Operation and Protection Program, and 50% to be made available to the Controller for apportionment to cities and counties by formula for street and road purposes. This bill contains other existing laws.
ABX1 16 Patterson R State highways: transfer to local agencies: pilot program.	8/31/2015-A. PRINT 9/1/2015-From printer.	Existing law provides that the Department of Transportation has full possession and control of all state highways and associated property, and sets forth the powers and duties with respect to operation, maintenance, and improvement of state highways. Existing law authorizes the California Transportation Commission to exercise various powers and duties on transportation matters, including the allocation of certain transportation capital improvement funds available to the state. This bill would require the department to participate in a pilot program over a 5-year period under which 2 counties, one in northern California and one in southern California, are selected to operate, maintain, and make improvements to all state highways, including freeways, in the affected county. The bill would require the department, with respect to those counties, for the duration of the pilot program, to convey all of its authority and responsibility over state highways in the county to a county, or a regional transportation agency that has jurisdiction in the county. The bill would require the commission to administer and oversee the pilot program, and to select the counties that will participate in the program. The bill would require certain moneys to be appropriated for these purposes as a block grant in the annual Budget Act to a participating county, as specified. The bill would authorize any cost savings realized by a participating county to be used by the county for other transportation priorities. The bill would require the participating counties to report to the Legislature upon the conclusion of the pilot program.

ABX1 17 Achadjian R Greenhouse Gas Reduction Fund: state highway operation and protection program.	8/31/2015-A. PRINT 9/1/2015-From printer.	The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The state board is required to adopt a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020. The act authorizes the state board to include the use of market-based compliance mechanisms. Existing law requires all moneys, except for fines and penalties, collected by the state board from the auction or sale of allowances as part of a market-based compliance mechanism to be deposited in the Greenhouse Gas Reduction Fund and to be available upon appropriation. Existing law continuously appropriates 60% of the annual proceeds of the fund for transit, affordable housing, sustainable communities, and high-speed rail purposes. This bill, beginning in the 2016-17 fiscal year, would continuously appropriate 25% of the annual proceeds of the fund to fund projects in the state highway operation and protection program.
ABX1 18 Linder R Vehicle weight fees: transportation bond debt service.	8/31/2015-A. PRINT 9/1/2015-From printer.	Existing law imposes weight fees on the registration of commercial motor vehicles and provides for the deposit of net weight fee revenues into the State Highway Account. Existing law provides for the transfer of certain weight fee revenues from the State Highway Account to the Transportation Debt Service Account to reimburse the General Fund for payment of debt service on general obligation bonds issued for transportation purposes. Existing law also provides for the transfer of certain weight fee revenues to the Transportation Bond Direct Payment Account for direct payment of debt service on designated bonds, which are defined to be certain transportation general obligation bonds issued pursuant to Proposition 1B of 2006. This bill, notwithstanding these provisions or any other law, effective January 1, 2016, would prohibit weight fee revenue from being transferred from the State Highway Account to the Transportation Debt Service Fund or to the Transportation Bond Direct Payment Account, and from being used to pay the debt service on transportation general obligation bonds.

ABX1 19 Linder R California Transportation Commission.	8/31/2015-A. PRINT 9/1/2015-From printer.	Existing law establishes in the state government the Transportation Agency, which includes various departments and state entities, including the California Transportation Commission. Existing law vests the California Transportation Commission with specified powers, duties, and functions relative to transportation matters. Existing law requires the commission to retain independent authority to perform the duties and functions prescribed to it under any provision of law. This bill would exclude the California Transportation Commission from the Transportation Agency and establish it as an entity in the state government. The bill would also make conforming changes.
ABX1 20 Gaines, Beth R State government: elimination of vacant positions: transportation: appropriation.	8/31/2015-A. PRINT 9/1/2015-From printer.	Existing law establishes the Department of Human Resources in state government to operate the state civil service system. This bill would require the department to eliminate 25% of the vacant positions in state government that are funded by the General Fund. This bill contains other related provisions and other existing laws.
ABX1 21 Obernolte R Environmental quality: highway projects.	8/31/2015-A. PRINT 9/1/2015-From printer.	The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA establishes a procedure by which a person may seek judicial review of the decision of the lead agency made pursuant to CEQA or proceeding challenging a lead agency's action on the grounds of noncompliance with CEQA. The bill would prohibit a court in a judicial action or proceeding under CEQA from staying or enjoining the construction or improvement of a highway unless it makes specified findings.

<p>ABX1 22 Patterson R</p> <p>Design-build: highways.</p>	<p>9/1/2015-A. PRINT 9/2/2015-From printer.</p>	<p>Existing law authorizes the Department of Transportation to utilize design-build procurement for up to 10 projects on the state highway system, based on either best value or lowest responsible bid. Existing law requires the department to perform construction inspection services for those projects that are on or interfacing with the state highway system, as specified. Existing law establishes a procedure for submitting bids that includes a requirement that design-build entities provide a statement of qualifications submitted to the transportation entity that is verified under oath, subject to penalty of perjury. This bill would authorize the department to utilize design-build procurement on an unlimited number of projects and would require the department to contract with consultants to perform construction inspection services for those authorized projects. The bill would eliminate the requirement that the department perform the construction inspection services for the projects on or interfacing with the state highway system. By authorizing the design-build method of procurement to be utilized in an unlimited number of projects, the bill would expand the number of projects in which the statement of qualifications requirement, subject to penalty of perjury, is applicable, thereby expanding the scope of an existing crime and imposing a state-mandated local program. This bill contains other related provisions and other existing laws.</p>
<p>ABX1 23 Garcia, Eduardo D</p> <p>Transportation.</p>	<p>9/4/2015-A. Existing law creates the Bay Area Toll Authority, governed by the same board as the commission, but created as a separate entity, with specified powers and duties relative to the administration of certain toll revenues from state-owned toll bridges within the geographic jurisdiction of the commission. Under existing law, the commission is comprised of 21 appointed members, as specified. This bill, effective January 1, 2017, would redesignate the Metropolitan Transportation Commission as the Bay Area Transportation Commission. The bill would require commissioners to be elected by districts comprised of approximately 750,000 residents. The bill would require each district to elect one commissioner, except that a district with a toll bridge, as defined, within the boundaries of the district would elect 2 commissioners. The bill would require commissioner elections to occur in 2016, with new commissioners to take office on January 1, 2017. The bill would state the intent of the Legislature for district boundaries to be drawn by a citizens' redistricting commission and campaigns for commissioners to be publicly financed. This bill contains other related provisions and other existing laws.</p>

SBX1 1 Beall D Transportation funding.	8/24/2016-S. APPR. 8/24/2016-From committee with author's amendments. Read second time and amended. Re-referred to Com. on APPR.	Existing law provides various sources of funding for transportation purposes, including funding for the state highway system and the local street and road system. These funding sources include, among others, fuel excise taxes, commercial vehicle weight fees, local transactions and use taxes, and federal funds. Existing law imposes certain registration fees on vehicles, with revenues from these fees deposited in the Motor Vehicle Account and used to fund the Department of Motor Vehicles and the Department of the California Highway Patrol. Existing law provides for the monthly transfer of excess balances in the Motor Vehicle Account to the State Highway Account. This bill would create the Road Maintenance and Rehabilitation Program to address deferred maintenance on the state highway system and the local street and road system. The bill would require the California Transportation Commission to adopt performance criteria, consistent with a specified asset management plan, to ensure efficient use of certain funds available for the program. The bill would provide for the deposit of various funds for the program in the Road Maintenance and Rehabilitation Account, which the bill would create in the State Transportation Fund, including revenues attributable to a \$0.17 per gallon increase in the motor vehicle fuel (gasoline) tax imposed by the bill with an inflation adjustment, as provided, an increase of \$38 in the annual vehicle registration fee with an inflation adjustment, as provided, a new \$165 annual vehicle registration fee with an inflation adjustment, as provided, applicable to zero-emission motor vehicles, as defined, and certain miscellaneous revenues described in (7) below that are not restricted as to expenditure by Article XIX of the California Constitution. This bill contains other related provisions and other existing laws.
SBX1 2 Huff R Greenhouse Gas Reduction Fund.	6/30/2015-S. T. & I.D. 9/1/2015-September 1 set for first hearing. Failed passage in committee. (Ayes 3. Noes 9. Page 56.) Reconsideration granted.	Existing law requires all moneys, except for fines and penalties, collected by the State Air Resources Board from the auction or sale of allowances as part of a market-based compliance mechanism relative to reduction of greenhouse gas emissions to be deposited in the Greenhouse Gas Reduction Fund. This bill would exclude from allocation under these provisions the annual proceeds of the fund generated from the transportation fuels sector. The bill would instead provide that those annual proceeds shall be appropriated by the Legislature for transportation infrastructure, including public streets and highways, but excluding high-speed rail. This bill contains other existing laws.

<p>SBX1 3 Vidak R</p> <p>Transportation bonds: highway, street, and road projects.</p>	<p>9/14/2015-S. DEAD 9/14/2015-Returned to Secretary of Senate pursuant to Joint Rule 62(a).</p>	<p>Existing law, the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century, approved by the voters as Proposition 1A at the November 4, 2008, general election, provides for the issuance of general obligation bonds in the amount of \$9 billion for high-speed rail purposes and \$950 million for other related rail purposes. Article XVI of the California Constitution requires measures authorizing general obligation bonds to specify the single object or work to be funded by the bonds and further requires a bond act to be approved by a 2/3 vote of each house of the Legislature and a majority of the voters. This bill would provide that no further bonds shall be sold for high-speed rail purposes pursuant to the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century, except as specifically provided with respect to an existing appropriation for high-speed rail purposes for early improvement projects in the Phase 1 blended system. The bill, subject to the above exception, would require redirection of the unspent proceeds from outstanding bonds issued and sold for other high-speed rail purposes prior to the effective date of these provisions, upon appropriation, for use in retiring the debt incurred from the issuance and sale of those outstanding bonds. The bill, subject to the above exception, would also require the net proceeds of bonds subsequently issued and sold under the high-speed rail portion of the bond act, upon appropriation, to be made available to the Department of Transportation for repair and new construction projects on state highways and freeways, and for repair and new construction projects on local streets and roads, as specified. The bill would make no changes to the authorization under the bond act for the issuance of \$950 million in bonds for rail purposes other than high-speed rail. These provisions would become effective only upon approval by the voters at the June 7, 2016, statewide primary election.</p>
<p>SBX1 4 Beall D</p> <p>Transportation funding.</p>	<p>9/24/2015-S. Bill ID/Topic	Location	Summary
SBX1 5 Beall D Transportation funding.	9/1/2015-A. DESK 9/1/2015-In Assembly. Read first time. Held at Desk.	Existing law establishes various programs to fund the development, construction, and repair of local roads, bridges, and other critical transportation infrastructure in the state. This bill would declare the intent of the Legislature to enact legislation to establish permanent, sustainable sources of transportation funding to improve the state's key trade corridors and support efforts by local governments to repair and improve local transportation infrastructure.
SBX1 6 Runner R Greenhouse Gas Reduction Fund: transportation expenditures.	9/14/2015-S. DEAD 9/14/2015-Returned to Secretary of Senate pursuant to Joint Rule 62(a).	Existing law requires all moneys, except for fines and penalties, collected by the State Air Resources Board from the auction or sale of allowances as part of a market-based compliance mechanism relative to reduction of greenhouse gas emissions to be deposited in the Greenhouse Gas Reduction Fund. This bill would delete the continuous appropriations from the fund for the high-speed rail project, and would prohibit any of the proceeds from the fund from being used for that project. The bill would continuously appropriate the remaining 65% of annual proceeds of the fund to the California Transportation Commission for allocation to high-priority transportation projects, as determined by the commission, with 40% of those moneys to be allocated to state highway projects, 40% to local street and road projects divided equally between cities and counties, and 20% to public transit projects. This bill contains other related provisions and other existing laws.
SBX1 7 Allen D Diesel sales and use tax.	9/3/2015-S. APPR. 9/3/2015-Read second time and amended. Re-referred to Com. on APPR.	Existing law, beyond the sales and use tax rate generally applicable, imposes an additional sales and use tax on diesel fuel at the rate of 1.75%, subject to certain exemptions, and provides for the net revenues collected from the additional tax to be transferred to the Public Transportation Account. Existing law continuously appropriates these revenues to the Controller, for allocation by formula to transportation agencies for public transit purposes. This bill, as of July 1, 2016, would increase the additional sales and use tax rate on diesel fuel to 5.25%. By increasing the revenues deposited in a continuously appropriated fund, the bill would thereby make an appropriation. The bill would restrict expenditures of revenues from the July 1, 2016, increase in the sales and use tax on diesel fuel to transit capital purposes and certain transit services. The bill would require an existing required audit of transit operator finances to verify that these new revenues have been expended in conformance with these specific restrictions and all other generally applicable requirements. This bill contains other related provisions and other existing laws.

SBX1 8 Hill D Public transit: funding.	9/2/2015-S. APPR. 9/2/2015-From committee: Do pass and re-refer to Com. on APPR. (Ayes 8. Noes 0. Page 57.) (September 1). Re-referred to Com. on APPR.	Existing law requires all moneys, except for fines and penalties, collected by the State Air Resources Board from the auction or sale of allowances as part of a market-based compliance mechanism relative to reduction of greenhouse gas emissions to be deposited in the Greenhouse Gas Reduction Fund. This bill would instead continuously appropriate 20% of those annual proceeds to the Transit and Intercity Rail Capital Program, and 10% of those annual proceeds to the Low Carbon Transit Operations Program, thereby making an appropriation. This bill contains other existing laws.
SBX1 9 Moorlach R Department of Transportation.	9/14/2015-S. DEAD 9/14/2015-Returned to Secretary of Senate pursuant to Joint Rule 62(a).	Existing law creates the Department of Transportation with various powers and duties relative to the state highway system and other transportation programs. This bill would prohibit the department from using any nonrecurring funds, including, but not limited to, loan repayments, bond funds, or grant funds, to pay the salaries or benefits of any permanent civil service position within the department. This bill contains other related provisions and other existing laws.

Deferred=bill will be brought up at another time; Chaptered=bill has become law; LA=Last Amended; Enrolled=bill sent to Governor for approval or veto
 Note: "Status" will provide most recent action on the legislation and current position in the legislative process. 10/7/2016

Bill ID/Topic	Location	Summary
<p>SBX1 10 Bates R</p> <p>Regional transportation capital improvement funds.</p>	<p>7/16/2015-S. T. & I.D. 9/9/2015-September 8 hearing: Testimony taken. Hearing postponed by committee.</p>	<p>Existing law establishes the state transportation improvement program process, pursuant to which the California Transportation Commission generally programs and allocates available state and federal funds for transportation capital improvement projects, other than state highway rehabilitation and repair projects, over a multiyear period based on estimates of funds expected to be available. Existing law provides funding for these interregional and regional transportation capital improvement projects through the state transportation improvement program process, with 25% of funds available for interregional projects selected by the Department of Transportation through preparation of an interregional transportation improvement program and 75% for regional projects selected by transportation planning agencies through preparation of a regional transportation improvement program. Existing law requires funds available for regional projects to be programmed by the commission pursuant to the county shares formula, under which a certain amount of funding is available for programming in each county, based on population and miles of state highway. Existing law specifies the various types of projects that may be funded with the regional share of funds to include state highways, local roads, transit, and others. This bill would revise the process for programming and allocating the 75% share of state and federal funds available for regional transportation improvement projects. The bill would require the department to annually apportion, by the existing formula, the county share for each county to the applicable metropolitan planning organization, transportation planning agency, or county transportation commission, as a block grant. These transportation capital improvement funds, along with an appropriate amount of capital outlay support funds, would be appropriated annually through the annual Budget Act to regional transportation agencies. The bill would require the regional transportation agencies, in their regional transportation improvement programs, to identify the transportation capital improvement projects to be funded with these moneys, and would require the California Transportation Commission to incorporate the regional transportation improvement programs into the state transportation improvement program. The bill would eliminate the role of the California Transportation Commission in programming and allocating funds to these regional projects, but would retain certain oversight roles of the commission with respect to expenditure of the funds. The bill would repeal provisions governing computation of county shares over multiple years and make various other conforming changes.</p>

Deferred=bill will be brought up at another time; Chaptered=bill has become law; LA=Last Amended; Enrolled=bill sent to Governor for approval or veto
Note: "Status" will provide most recent action on the legislation and current position in the legislative process. 10/7/2016

Bill ID/Topic	Location	Summary
SBX1 11 Berryhill R Environmental quality: transportation infrastructure.	9/4/2015-S. T. & I.D. 9/4/2015-From committee with author's amendments. Read second time and amended. Re-referred to Com. on T. & I.D.	The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report (EIR) on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA establishes a procedure by which a person may seek judicial review of the decision of the lead agency made pursuant to CEQA. This bill would exempt from these CEQA provisions a project that consists of the inspection, maintenance, repair, restoration, reconditioning, relocation, replacement, or removal of existing transportation infrastructure if certain conditions are met, and would require the person undertaking these projects to take certain actions, including providing notice to an affected public agency of the project's exemption. Because a lead agency would be required to determine if a project qualifies for this exemption, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.
SBX1 12 Runner R California Transportation Commission.	8/20/2015-S. APPR. 8/20/2015-Read second time and amended. Re-referred to Com. on APPR.	Existing law establishes in state government the Transportation Agency, which includes various departments and state entities, including the California Transportation Commission. Existing law vests the California Transportation Commission with specified powers, duties, and functions relative to transportation matters. Existing law requires the commission to retain independent authority to perform the duties and functions prescribed to it under any provision of law. This bill would exclude the California Transportation Commission from the Transportation Agency, establish it as an entity in state government, and require it to act in an independent oversight role. The bill would also make conforming changes. This bill contains other related provisions and other existing laws.

Deferred=bill will be brought up at another time; Chaptered=bill has become law; LA=Last Amended; Enrolled=bill sent to Governor for approval or veto
 Note: "Status" will provide most recent action on the legislation and current position in the legislative process. 10/7/2016

OCTOBER 2016
Metro Government Relations**

Bill ID/Topic	Location	Summary
<p>SBX1 13 Vidak R</p> <p>Office of the Transportation Inspector General.</p>	<p>9/3/2015-S. APPR. 9/3/2015-From committee with author's amendments. Read second time and amended. Re-referred to Com. on APPR.</p>	<p>Existing law creates various state transportation agencies, including the Department of Transportation and the High-Speed Rail Authority, with specified powers and duties. Existing law provides for the allocation of state transportation funds to various transportation purposes. This bill would create the Office of the Transportation Inspector General in state government, as an independent office that would not be a subdivision of any other government entity, to build capacity for self-correction into the government itself and to ensure that all state agencies expending state transportation funds are operating efficiently, effectively, and in compliance with federal and state laws. The bill would provide for the Governor to appoint the Transportation Inspector General for a 6-year term, subject to confirmation by the Senate, and would provide that the Transportation Inspector General may not be removed from office during the term except for good cause. The bill would specify the duties and responsibilities of the Transportation Inspector General, would require an annual report to the Legislature and Governor, and would provide that funding for the office shall, to the extent possible, be from federal transportation funds, with other necessary funding to be made available from the State Highway Account and an account from which high-speed rail activities may be funded.</p>
<p>SBX1 14 Cannella R</p> <p>Transportation projects: comprehensive development lease agreements.</p>	<p>7/16/2015-S. T. & I.D. 8/17/2015-August 19 set for first hearing canceled at the request of author.</p>	<p>Existing law authorizes the Department of Transportation and regional transportation agencies, as defined, to enter into comprehensive development lease agreements with public and private entities, or consortia of those entities, for certain transportation projects that may charge certain users of those projects tolls and user fees, subject to various terms and requirements. These arrangements are commonly known as public-private partnerships. Existing law provides that a lease agreement may not be entered into under these provisions on or after January 1, 2017. This bill would extend this authorization indefinitely and would include within the definition of "regional transportation agency" the Santa Clara Valley Transportation Authority, thereby authorizing the authority to enter into public-private partnerships under these provisions. The bill would also delete obsolete cross-references and make technical changes to these provisions.</p>

Deferred=bill will be brought up at another time; Chaptered=bill has become law; LA=Last Amended; Enrolled=bill sent to Governor for approval or veto

Bill ID/Topic	Location	Summary
SCAX1 1 Huff R Motor vehicle fees and taxes: restriction on expenditures.	9/9/2015-S. APPR. 9/9/2015-From committee: Be adopted and re-refer to Com. on APPR. (Ayes 13. Noes 0. Page 72.) (September 8). Re-referred to Com. on APPR.	(1) Article XIX of the California Constitution restricts the expenditure of revenues from taxes imposed by the state on fuels used in motor vehicles upon public streets and highways to street and highway and certain mass transit purposes, and restricts the expenditure of revenues from fees and taxes imposed by the state upon vehicles or their use or operation to state administration and enforcement of laws regulating the use, operation, or registration of vehicles used upon the public streets and highways, as well as to street and highway and certain mass transit purposes. These restrictions do not apply to revenues from taxes or fees imposed under the Sales and Use Tax Law or the Vehicle License Fee Law. This measure would prohibit the Legislature from borrowing revenues from fees and taxes imposed by the state on vehicles or their use or operation, and from using those revenues other than as specifically permitted by Article XIX. The measure would also prohibit those revenues from being pledged or used for the payment of principal and interest on bonds or other indebtedness. The measure would delete the provision that provides for use of any fuel tax revenues allocated to mass transit purposes to be pledged or used for payment of principal and interest on voter-approved bonds issued for those mass transit purposes, and would instead subject those expenditures to the existing 25% limitation applicable to the use of fuel tax revenues for street and highway bond purposes. O This bill contains other related provisions and other existing laws.
SCRX1 1 De León D 2015-16 First Extraordinary Session: Joint Rules.	6/23/2015-A. DESK 6/23/2015-In Assembly. Held at Desk.	This measure adopts the Joint Rules of the Senate and Assembly for the 2015-16 Regular Session, as set forth in Senate Concurrent Resolution No. 37, as the Joint Rules, except as specified, for the 2015-16 First Extraordinary Session.

<p>H.R. 1551 Sanford R-SC</p>	<p>Would phase out the Mass Transit Account from receiving any funding through the Highway Trust Fund by incrementally decreasing funding from 2016-2020.</p>	<p>May 2015 – OPPOSE House Ways and Means Committee</p>
<p>H.R. 2485 Torres D-CA</p>	<p>The Regional Infrastructure Accelerator Act of 2015 would, if enacted into federal law, create a two-tiered grant program aimed at increasing private investment in public infrastructure projects. The legislation seeks to establish and fund regional infrastructure accelerator organizations to provide regional analysis of potential Public-Private Partnership (P3) Infrastructure projects. The regional accelerators would then have the ability to provide technical expertise and funding to states, cities and public entities for pre-development activities on a potential P3 project. This legislation authorizes, subject to appropriations, funding in the amount of \$25 million for the two-tiered grant program outlined in the Regional Infrastructure Accelerator Act of 2015.</p>	<p>June 2015 – SUPPORT 5/21/15 Subcommittee on Water Resources and Environment for House Transportation and Infrastructure Committee</p>
<p>H.R. 2495 Waters D-CA</p>	<p>The TIGER Grants for Job Creation Act would, if enacted into federal law, provide an emergency supplemental appropriation of \$7.5 billion over the next 6 years for the Transportation Investment Generating Economic Recovery (TIGER) discretionary grant program.</p>	<p>June 2015 – SUPPORT 5/21/15 House Appropriation and Budget Committees</p>

<p>H.R. 2410 DeFazio D-OR</p>	<p>The GROW America Act would, if enacted into federal law, authorize a six-year \$478 billion surface transportation bill. H.R. 2410 represents President Obama’s surface transportation bill that his Administration has transmitted to Congress through his Fiscal Year 2016 Budget. The authorized funding level of \$478 billion in the bill is the same funding figure that the U.S. Department of Transportation has determined is needed to assist in funding our nation’s state-of-good-repair backlog maintenance as well as continue to invest in new transportation projects required to properly address America’s future population growth.</p> <p>Co-sponsors of H.R. 2410 from the Los Angeles Congressional Delegation include Congresswoman Grace Napolitano (D-32) and Congresswoman Julia Brownley (D-26).</p>	<p>June 2015 - SUPPORT</p>
<p>H.R. 4343</p>	<p>H.R. 4343 (Blumenauer) – The Bikeshare Transit Act of 2016 would, if enacted into federal law, clarify the definition of bikeshare projects that qualify as an “associated transit improvement” under Title 49 of U.S. Code, add bikeshare projects to the definition of “capital project” under Title 49 of U.S. Code, and make bikeshare projects eligible for funding under the Congestion Mitigation and Air Quality Improvement Program (CMAQ) under Title 23 of U.S. Code. The legislation seeks to add bikeshare projects to the formal definition of transit projects as well as make clear to states that administer Federal Highway Administration funding that bikeshare is eligible to receive federal funding.</p>	<p>MARCH 2016 - SUPPORT</p>
<p>S. 650 Blunt R-MO</p>	<p>Extends the national deadline by five years to implement PTC, from December 31, 2015 to December 31, 2020. Two one year extensions beyond 2020 are included in the legislation, but the extensions are at the discretion of the Secretary of the U.S. Department of Transportation.</p>	<p>MAY 2015 – OPPOSE</p> <p>Senate Commerce, Science and Transportation Committee</p>
<p>S. 797 Booker D-NJ</p>	<p>Amends the Railroad Rehabilitation and Improvement Financing Program (RRIF) to expand the eligibility for financing transit oriented development.</p>	<p>May 2015 – SUPPORT WORK WITH AUTHOR</p>
