Agenda Number: 23

EXECUTIVE MANAGEMENT COMMITTEE MAY 18, 2017

SUBJECT: STATE AND FEDERAL REPORT

ACTION: RECEIVE AND FILE

RECOMMENDATION

RECEIVE AND FILE **State and Federal Legislative Report.**

DISCUSSION

**Executive Management Committee
Remarks Prepared By Raffi Haig Hamparian
Government Relations Senior Director, Federal Affairs**

Chairman Fasana and members of the Executive Management Committee, I am pleased to provide an update on a number of federal matters of interest to our agency. This report was prepared on May 4, 2017 and will be updated, as appropriate, at the Executive Management Committee meeting on June 15, 2017.

Trump Infrastructure Plan

President Trump has announced plans to make public, this month, his plan to invest \$1 trillion in America's infrastructure. As we have shared previously with the Board, our agency has and will continue to work with the White House and Congressional stakeholders to ensure that our Board-approved priorities are reflected in any infrastructure plan advanced by the Trump Administration and then considered by the 115th Congress. We believe that with the passage of both Measures R and M, Metro is smartly positioned to benefit from most any infrastructure plan put forward by the Trump Administration and considered by Congress later this year.

Federal Budget for Fiscal Year 2018

Later this month, the President's Office of Management and Budget (OMB) is expected to release the Trump Administration's Fiscal Year 2018 Federal Budget recommendations to Congress. Earlier this year, the OMB issued what was popularly known as a "skinny" budget - that offered a broad outline of the Administration's Fiscal Year 2018 priorities. We are deeply concerned that the budget blueprint outlined in the "skinny" budget specified that the Administration is proposing to eliminate funding for

the Federal Transit Administration's Capital Investment Grant Program and the popular TIGER Grant Program. Metro has and will continue to work with our Congressional Delegation, Members of Congress, and stakeholders to build support to oppose cuts to these important programs.

Federal Grants for Fiscal Year 2017

We are continuing to await the Trump Administration's decision as to how they will handle the FASTLANE Grant Program which was created as part of the freight focused funding section of the FAST Act. Metro's FASTLANE grant applications were submitted prior to December 15, 2016 - consistent with the USDOT's stated deadline. Because Congress did not appropriate a full year of funding for transportation projects and programs last year - this second round of FASTLANE grant funding was put on hold. Metro's Government Relations team is continuing to work with our Planning Department to advocate for the applications that were submitted. We expect USDOT Secretary Elaine Chao to make a decision on FASTLANE grants in the coming weeks.

Most recently, the USDOT has announced a new federal funding opportunity - through the FTA - for \$55 million in competitive grant funds through Low or No Emission (Low-No) Bus Program. According to the FTA, "the Low-No program supports projects sponsored by local transit agencies to bring advanced, American-made bus technologies such as battery electric power and hydrogen fuel cells into service nationwide." We will, as we do with all federal grant opportunities, vigorously compete for these valuable federal funds.

Federal Appropriations for Fiscal Year 2017

This week both the House and Senate adopted a bill funding the federal government, including the USDOT, through the balance of Federal Fiscal Year 2017 (ending September 30, 2017). We are pleased that this federal spending bill includes \$100 million for the Regional Connector, \$100 million for Purple Line Extension (Segment 1), and \$100 million for Purple Line Extension (Section 2). The Appropriations process for Fiscal Year 2018 is not expected to begin until later this month - after the Trump Administration releases its formal budget.

Conclusion

Mr. Chairman - we will expand on this report at the Executive Management Committee meeting with any new developments that occur in the next month.

**Executive Management Committee
Remarks Prepared By Michael Turner
Deputy Executive Officer, Government Relations**

Chairman Fasana and members of the Executive Management Committee, I am pleased to provide an update on a number of state matters of interest to our agency. This report was prepared on May 4, 2017 and will be updated, as appropriate, prior to the Executive Management Committee meeting on May 18, 2017.

Governor signs transportation funding proposal into law

Governor Edmund G. Brown, Jr., signed a landmark road repair and transportation investment package to fix roads, freeways and bridges and to also provide funding for transit and safety projects in communities across California into law on April 28, 2017. This package will generate up to \$52.4 billion over a 10 year period for these transportation programs, including many of Metro's major funding priorities for transit, highway repair and local streets and roads maintenance.

Staff are reviewing the contents of this proposal and will identify the benefits of this legislative initiative to Metro and more broadly - to Los Angeles County. There will be significant follow up at the State level regarding implementation of SB 1.

Legislation to extend the State's Cap-and-Trade program is introduced

The California Senate has introduced a proposal, Senate Bill 775 (Weickowski), to revamp and extend the State's Cap-and-Trade program. Due to recent years of low auction proceeds, the cap-and-trade program has drawn some criticism regarding the program implementation and effectiveness at reaching GHG reduction targets. The proposal under SB 775 would extend the program, eliminates free credit allowances that are currently available and creates a price ceiling for permits. The bill would reprogram funds to support climate change research, consumer rebates and infrastructure investment. This bill would require a two-thirds vote in the legislature.

There is also legal uncertainty whether ARB has the authority to operate the cap-and-trade program beyond 2020 and whether extending the authority to auction allowances beyond 2020 would require a two-thirds vote. The Governor's budget includes provisions that propose to continue authorizing spending in Cap-and-Trade funding beyond 2020. The broader discussion about the Cap-and-Trade program will continue throughout the legislative session.

California State Legislative Process Update

May 12th is the deadline for policy committees to hear non-fiscal bills. The committees are working to hear the thousands of bills that have been introduced. During this period spot bills will continue to be amended so that they can be considered. Metro staff have been tracking amendments to identify any issues that could affect the agency.

Key State Budget Issues

Additionally key budget issues will soon be in development and under review. There have been a number of bills relating to the State's funding allocations under Senate Bill 1 and Cap and Trade programs. These bills are expected to work their way through the policy committee process and will be merged during the budget negotiations.

Conclusion

We will expand on this brief report at the Executive Management Committee meeting with any new developments that occur in the days ahead.

STATE LEGISLATION

Bill ID/Topic	Location	Summary	Metro Board Approved Position	Recent Support/Oppose
AB 1 Frazier D Transportation funding.	1/19/2017- A. TRANS. 1/19/2017- Referred to Coms. on TRANS. and NAT. RES.	(1)Existing law provides various sources of funding for transportation purposes, including funding for the state highway system and the local street and road system. These funding sources include, among others, fuel excise taxes, commercial vehicle weight fees, local transactions and use taxes, and federal funds. Existing law imposes certain registration fees on vehicles, with revenues from these fees deposited in the Motor Vehicle Account and used to fund the Department of Motor Vehicles and the Department of the California Highway Patrol. Existing law provides for the monthly transfer of excess balances in the Motor Vehicle Account to the State Highway Account. This bill would create the Road Maintenance and Rehabilitation Program to address deferred maintenance on the state highway system and the local street and road system. The bill would require the California Transportation Commission to adopt performance criteria, consistent with a specified asset management plan, to ensure efficient use of certain funds available for the program. The bill would provide for the deposit of various funds for the program in the Road Maintenance and Rehabilitation Account, which the bill would create in the State Transportation Fund, including revenues attributable to a \$0.012 per gallon increase in the motor vehicle fuel (gasoline) tax imposed by the bill with an inflation adjustment, as provided, an increase of \$38 in the annual vehicle registration fee with an inflation adjustment, as provided, a new \$165 annual vehicle registration fee with an inflation adjustment, as provided, applicable to zero-emission motor vehicles, as defined, and certain miscellaneous revenues described in (7) below that are not restricted as to expenditure by Article XIX of the California Constitution. This bill contains other related provisions and other existing laws.	SUPPORT WORK WITH AUTHOR

Referred to APPR. suspense file.</p>	<p>Existing law declares that the fostering, continuance, and development of public transportation systems are a matter of statewide concern. Existing law authorizes the Department of Transportation to administer various programs and allocates moneys for various public transportation purposes. This bill would create the Transit Pass Program to be administered by the department. The bill would require the Controller of the State of California to allocate moneys made available for the program, upon appropriation by the Legislature, to support transit pass programs that provide free or reduced-fare transit passes to specified pupils and students. The bill would require the department to develop guidelines that describe the criteria that eligible transit providers, as defined, are required to use to make available free or reduced-fare transit passes to eligible participants, as defined, and to ensure that moneys from the program are used to expand eligibility or further reduce the cost of a transit pass under existing programs. The bill would exempt the development of those guidelines from the Administrative Procedure Act. The bill would require eligible transit providers and eligible participants to enter into agreements for the distribution of free or reduced-fare transit passes to students. This bill contains other related provisions.</p>	<p>Support</p>

<p>AB 52 Cooper D</p> <p>Public employees: orientation and informational programs: exclusive representatives.</p>	<p>4/28/2017-A. 2 YEAR 4/28/2017-Failed Deadline pursuant to Rule 61(a)(2). (Last location was P.E.,R. & S.S. on 1/19/2017)(May be acted upon Jan 2018)</p>	<p>(1)Existing law, including the Meyers-Milias-Brown Act, the Ralph C. Dills Act, the Trial Court Employment Protection and Governance Act, the Trial Court Interpreter Employment and Labor Relations Act, and the Los Angeles County Metropolitan Transportation Authority Transit Employer-Employee Relations Act, as well as provisions commonly referred to as the Educational Employment Relations Act and the Higher Education Employer-Employee Relations Act, regulates the labor relations of the state, the courts, and specified local public agencies and their employees. Existing law establishes the Public Employment Relations Board and prescribes its powers and duties, in relation to these acts. These acts grant specified public employees of these entities the right to form, join, and participate in the activities of employee organizations of their choosing and require public agency employers, among other things, to meet and confer with representatives of recognized employee organizations and exclusive representatives on terms and conditions of employment. This bill would require the public employers regulated by the acts described above to provide all employees an orientation. The bill would also require these public employers to permit the exclusive representative, if applicable, to participate. By creating new duties for various local agencies, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.</p>

AB 65 Patterson R Transportation bond debt service.	4/28/2017-A. 2 YEAR 4/28/2017-Failed Deadline pursuant to Rule 61(a)(2). (Last location was TRANS. on 1/19/2017)(May be acted upon Jan 2018)	Existing law provides for transfer of certain vehicle weight fee revenues to the Transportation Debt Service Fund to reimburse the General Fund for payment of current year debt service on general obligation bonds issued for transportation purposes, including bonds issued for high-speed rail and associated purposes pursuant to the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century (Proposition 1A of 2008). This bill would specifically exclude from payment under these provisions the debt service for Proposition 1A bonds.		
AB 66 Patterson R High-Speed Rail Authority: reports.	4/28/2017-A. 2 YEAR 4/28/2017-Failed Deadline pursuant to Rule 61(a)(2). (Last location was TRANS. on 1/19/2017)(May be acted upon Jan 2018)	Existing law, the California High-Speed Rail Act, creates the High-Speed Rail Authority to develop and implement a high-speed rail system in the state, with specified powers and duties. Existing law requires the authority, on a biennial basis, to prepare a business plan containing specified elements and also requires the preparation of various other reports. This bill would require the business plan to identify projected financing costs for each segment or combination of segments of the high-speed rail system, if financing is proposed by the authority. The bill would require the authority to identify in the business plan and in another report any significant changes in scope for segments of the high-speed rail system identified in the previous version of each report and to provide an explanation of adjustments in cost and schedule attributable to the changes. AB 73 Chiu D Planning and zoning: housing sustainability districts.	5/2/2017-A. APPR. 5/3/2017-Re-referred to Com. on APPR.	Planning and Zoning Law requires a city or county to adopt a general plan for land use development within its boundaries that includes, among other things, a housing element. Existing law provides for various reforms and incentives intended to facilitate and expedite the construction of affordable housing. This bill would authorize a city, county, or city and county, including a charter city, charter county, or charter city and county, to establish by ordinance a housing sustainability district that meets specified requirements, including authorizing residential use within the district through the ministerial issuance of a permit. The bill would authorize the city, county, or city and county to apply to the Office of Planning and Research for approval for a zoning incentive payment and require the city, county, or city and county to provide specified information about the proposed housing sustainability district ordinance. The bill would require the office to approve a zoning incentive payment if the ordinance meets the above-described requirements. The bill would also require the Department of Housing and Community Development, each October 1 following the approval of the housing sustainability district, to issue a certificate of compliance if the city, county, or city and county meets specified criteria pertaining to the continued compliance with these provisions or to deny certification, as provided. The bill would provide that a city, county, or city and county with a housing sustainability district would be entitled to a zoning incentive payment, subject to appropriation of funds for that purpose, and require that 1/2 the amount be provided upon zone approval by the office and 1/2 the amount upon verification by the department of the issuance of permits for the projected units of residential construction within the zone, provided that the city, county, or city and county has received a certificate of compliance for the applicable year. The bill, if no construction has started in a housing sustainability district within 3 years of the date that the first 1/2 of the incentive payment has been made, would require the city, county, or city and county to return the full amount of zoning incentive payments it has received to the department. AB 87 Ting D Autonomous vehicles.	4/28/2017-A. 2 YEAR 4/28/2017-Failed Deadline pursuant to Rule 61(a)(2). (Last location was TRANS. on 1/19/2017)(May be acted upon Jan 2018)	Existing law authorizes the operation of an autonomous vehicle on public roads for testing purposes by a driver who possesses the proper class of license for the type of vehicle being operated, if specified requirements are satisfied. Existing law prohibits an autonomous vehicle from being operated on public roads until the manufacturer submits an application to the Department of Motor Vehicles, as specified, and that application is approved. Existing law requires the Department of Motor Vehicles to adopt regulations no later than January 1, 2015, setting forth requirements for the submission of evidence of insurance, surety bond, or self-insurance, and for the submission and approval of an application to operate an autonomous vehicle. Under existing law, it is unlawful and constitutes an infraction for any person to violate, or fail to comply with any provision of the Vehicle Code, unless otherwise specified. This bill would provide that violation of this section is not an infraction and would instead, among other things, require the department to revoke the registration of a vehicle that is being operated in violation of those provisions. The bill would also authorize a peace officer to cause the removal and seizure of a vehicle operating on the public streets with a registration that has been revoked pursuant to these provisions and authorize the department to impose a penalty of up to \$25,000 per day for each autonomous vehicle operating in violation of these provisions.

AB 91 Cervantes D High-occupancy vehicle lanes.	3/20/2017-A. APPR. 4/5/2017-In committee: Set, first hearing. Referred to suspense file.	Existing law authorizes the Department of Transportation to designate certain lanes for the exclusive or preferential use of high-occupancy vehicles. When those exclusive or preferential use lanes are established and double parallel solid lines are in place to the right thereof, existing law prohibits any person driving a vehicle from crossing over those double lines to enter into or exit from the lanes, and entrance or exit from those lanes is authorized only in areas designated for these purposes or where a single broken line is in place to the right of the lanes, except as specified. This bill would prohibit, commencing July 1, 2018, a high-occupancy vehicle lane from being established in the County of Riverside, unless that lane is established as a high-occupancy vehicle lane only during the hours of heavy commuter traffic, as determined by the department. The bill would require any existing high-occupancy vehicle lane in the County of Riverside that is not a toll lane to be modified to operate as a high-occupancy lane under those same conditions. The bill would authorize the department, on or after May 1, 2019, to reinstate 24-hour high-occupancy vehicle lanes in the County of Riverside if the department makes a specified determination, and would require the department to report to the Legislature on the impact on traffic of limiting the use of high-occupancy lanes only during the hours of heavy commuter traffic, as provided in the bill. AB 161 Levine D Department of Finance: infrastructure investment.	3/29/2017- A. APPR. 4/26/2017-In committee: Set, first hearing. Referred to suspense file.	Existing law creates the Department of Finance and provides that the department has general powers of supervision over all matters concerning the financial and business policies of the state. This bill would authorize the Department of Finance to identify infrastructure projects in the state for which the department will guarantee a rate of return on investment for an investment made in that infrastructure project by the Public Employees' Retirement System. The bill would create the Reinvesting in California Special Fund as a continuously appropriated fund and would require the moneys in the fund to be used to pay the rate of return on investment. The bill would require the rate of return on investment to be subject to the availability of moneys in the fund. The bill would also state the intent of the Legislature to identify special funds to be transferred into the fund for the purposes of these provisions. By creating a new continuously appropriated fund, this bill would make an appropriation. This bill contains other existing laws. AB 195 Obernolte R Local initiative measures: ballot printing specifications.	4/20/2017- S. DESK 4/20/2017-Read third time. Passed. Ordered to the Senate. In Senate. Read first time. To Com. on RLS. for assignment.	Existing law requires that the ballots used when voting upon a proposed county, city, or district ordinance submitted to the voters as an initiative measure have printed on them specified text relating to the proposed ordinance and dictates placement of that text. This bill would extend these ballot requirements to any measure submitted to the voters that is proposed by a local governing body or submitted to the voters as an initiative measure. By expanding the local measures to which the ballot requirements apply, the bill would impose a state-mandated local program. AB 215 Rodriguez D Metro Gold Line Foothill Extension Construction Authority.	2/27/2017-A. TRANS. 3/1/2017-Re-referred to Com. on TRANS.	Existing law creates the Metro Gold Line Foothill Extension Construction Authority for the purpose of awarding and overseeing all design and construction contracts for completion of the Los Angeles-Pasadena Foothill Extension Gold Line light rail project, and defines specified terms relating to that authority and project. This bill would make a nonsubstantive change to those provisions.		
AB 221 Gray D Workers' compensation: liability for payment.	2/6/2017-A. INS. 5/3/2017-In committee: Set, first hearing. Failed passage.	Existing law establishes a workers' compensation system, administered by the Administrative Director of the Division of Workers' Compensation, that generally requires employers to secure the payment of workers' compensation for injuries incurred by their employees that arise out of, or in the course of, employment. Existing law requires an employer to provide all medical services reasonably required to cure or relieve the injured worker from the effects of the injury. This bill would provide that for claims of occupational disease or cumulative injury filed on or after January 1, 2018, the employee and the employer would have no liability for payment for medical treatment unless one or more of certain conditions are satisfied, including, among others, that the treatment was authorized by the employer. AB 239 Ridley-Thomas D California Environmental Quality Act: urbanized areas.	2/6/2017-A. NAT. RES. 4/24/2017-In committee: Set, first hearing. Failed passage. Reconsideration granted.	The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA defines the terms “urban area” and “urbanized area” to mean, among other things, an unincorporated area that is completely surrounded by one or more incorporated cities and the population density of the unincorporated area at least equals the population density of the surrounding city or cities. This bill would instead specify that the population density of the unincorporated area be at least 1,000 persons per square mile. AB 262 Bonta D Public contracts: lowest responsive bidder: eligible materials.	4/25/2017- A. APPR. 4/25/2017-From committee: Do pass and re-refer to Com. on APPR. (Ayes 7. Noes 1.) (April 24). Re-referred to Com. on APPR.	The State Contract Act governs the bidding and award of public works contracts by specific state departments and requires an awarding department, before entering into any contract for a project, to prepare full, complete, and accurate plans and specifications and estimates of cost. The act generally requires that an awarding department that proposes to contract a public work to award that contract pursuant to a competitive bidding process, under which bids are awarded to the lowest responsible bidder, with specified alternative bidding procedures authorized in certain cases. This bill would require an awarding department to require a prospective bidder to complete a standard form that states the cumulative amount of specified greenhouse gas emissions that were produced in the material extraction and processing, transport to the manufacturing site, and the manufacturing of eligible materials, as defined, to be used on the project, and would provide that a prospective bidder may satisfy this standard by attaching to that form an Environmental Product Declaration, developed in accordance with standards established by the International Organization of Standardization, or other similar life-cycle assessment method as provided, for that type of product. The bill would require an awarding department to use a method developed by the Department of General Services to take into account, during project bid review and award, greenhouse gas emissions of eligible materials to be used in a project, with the intent of reducing greenhouse gas emissions along the supply chain. The bill would require the Department of General Services to publish in the State Contracting Manual a method to allow an awarding	Watch	Natural Resources (text 3/27/2017) Support 1 Individual 350 Sacramento American Lung Association of California APEN BlueGreen Alliance Breathe California California Environmental Justice Alliance California Labor Federation California League of Conservation Voters Californians Against Waste Central Concrete Supply Company Clean Water Action Climate Earth Coalition for Clean Air Communications Workers of America, AFL-CIO District 9 Environment California Filipino/American Coalition for Environmental Solidarity (FACES) Gerdau Steel Natural Resources Defense Council (NRDC) Sierra Club California Trust for Public Lands Union of Concerned Scientists Voices for Progress Oppose Air Conditioning Sheet Metal Association Air-conditioning & Refrigeration

Referred to APPR. suspense file.	Existing law prohibits a person from operating a commercial motor vehicle unless the person has passed a written and driving test for the operation of a commercial motor vehicle that complies with specified federal standards and any other requirements imposed by the Vehicle Code. Existing law requires the Department of Motor Vehicles to implement these provisions, as specified. This bill would require the Department of Motor Vehicles, by June 1, 2019, to ensure that the maximum wait time to obtain an appointment to take the driving skills test to operate a commercial motor vehicle does not exceed 7 days. The bill would require the department, by June 1, 2018, to submit a report to the budget and transportation committees of the Legislature detailing how the department intends to achieve the 7-day maximum wait time. The bill would require the report to include, among other components, the methodology the department intends to use to collect and monitor wait times, and an implementation timeline for the department's recommendations. AB 302 Gipson D Greenhouse Gas Reduction Fund: 3-year investment plan.	3/20/2017- A. TRANS. 4/18/2017-Re-referred to Com. on TRANS.	The California Global Warming Solutions Act of 2006 establishes the State Air Resources Board as the state agency responsible for monitoring and regulating sources emitting greenhouse gases. The act authorizes the state board to include the use of market-based compliance mechanisms. Existing law requires all moneys, except for fines and penalties, collected by the state board from a market-based compliance mechanism to be deposited in the Greenhouse Gas Reduction Fund and to be available upon appropriation by the Legislature. Existing law requires the Department of Finance, in consultation with the state board and any other relevant state agency, to develop, as specified, a 3-year investment plan for the moneys deposited in the Greenhouse Gas Reduction Fund. Existing law requires appropriations from the fund to be made in the annual Budget Act. This bill would make technical, nonsubstantive changes to those provisions.

AB 306 Gonzalez Fletcher D Unemployment benefits.	4/28/2017-A. 2 YEAR 4/28/2017-Failed Deadline pursuant to Rule 61(a)(2). (Last location was INS. on 3/23/2017)(May be acted upon Jan 2018)	Existing law prescribes a system for the payment of benefits to unemployed individuals who meet specified eligibility criteria. Existing law disqualifies an individual for unemployment compensation benefits if the Director of Employment Development finds that the individual left his or her most recent work voluntarily without good cause or that he or she has been discharged for misconduct connected with his or her most recent work. Existing law also deems an individual not eligible for unemployment compensation benefits if the individual left his or her work because of a trade dispute. This bill would delete the prohibition against unemployment compensation benefit eligibility if the individual left his or her work because of a trade dispute. The bill would also provide that an individual is deemed to have left his or her most recent work with good cause if (1) he or she is prohibited by his or her employer from performing his or her work as a result of a trade dispute with the employer regarding wages, hours, or other terms or conditions of employment or (2) he or she left this work during a bona fide strike of more than 50% of the bargaining unit employees in a refusal of these employees who are authorized by a bona fide labor organization pursuant to state or federal labor law to perform work or services for the employer. This bill contains other related provisions.

AB 330 Cooley D Highway safety.	4/28/2017-A. 2 YEAR 4/28/2017-Failed Deadline pursuant to Rule 61(a)(2). (Last location was PUB. S. on 4/3/2017)(May be acted upon Jan 2018)	Existing law prohibits a person who has 0.08% or more, by weight, of alcohol in his or her blood from driving a vehicle. Existing law also prohibits a person while having 0.08% or more, by weight, of alcohol in his or her blood from driving a vehicle and concurrently doing any act forbidden by law, or neglecting any duty imposed by law in driving the vehicle, when the act or neglect proximately causes bodily injury to a person other than the driver. A violation of either of these prohibitions is a crime. Existing law authorizes a court, in addition to imposing penalties and sanctions for those violations, to require the person to enroll and participate in, and successfully complete, a driving-under-the-influence program, which may include, among other things, education, group counseling, and individual interview sessions. This bill would authorize the court to order a person convicted of a crime described above to enroll and participate in, and successfully complete, a qualified "24/7 Sobriety program," as defined, as a condition of probation, parole, sentence, or work permit, if the program is available and deemed appropriate, and the person committed the crime within 10 years of one or more separate crimes described above that resulted in a conviction. The bill also would authorize a court to order participation in a 24/7 Sobriety program as a condition of pretrial release on bond for a person who has been charged with a crime described above, as specified. The bill would define a "24/7 Sobriety program," in part, as requiring a person in the program to abstain from alcohol and unauthorized controlled substances and be subject to frequent testing for alcohol and controlled substances, as specified. AB 378 Garcia, Cristina D California Global Warming Solutions Act of 2006: regulations.	5/3/2017-A. APPR. SUSPENSE FILE 5/3/2017-In committee: Set, first hearing. Referred to APPR. suspense file.	The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The act authorizes the state board to include the use of market-based compliance mechanisms. The act requires the state board to approve a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020 and to ensure that statewide greenhouse gas emissions are reduced to at least 40% below the 1990 level by 2030. This bill would additionally require the state board to consider and account for the social costs of the emissions and greenhouse gases when adopting those rules and regulations. The bill would authorize the state board to adopt or amend regulations that establish a market-based compliance mechanism, applicable from January 1, 2021, to December 31, 2030, to complement direct emissions reduction measures in ensuring that statewide greenhouse gas emissions are reduced to at least 40% below the 1990 level by 2030. The bill would prohibit the state board from permitting a facility to increase its annual emissions of greenhouse gases compared to the annual average of emissions of greenhouse gases reported during specified years. The bill would authorize the state board to adopt no-trade zones or facility-specific declining greenhouse gas emissions limits where facilities' emissions contribute to a cumulative pollution burden that creates a significant health impact. This bill contains other related provisions and other existing laws.	Support

AB 382 Voepel R Fuel taxes: Off-Highway Vehicle Trust Fund.	3/27/2017-A. APPR. 4/5/2017-In committee: Set, first hearing. Referred to suspense file.	Existing law imposes an excise tax on motor vehicle fuel (gasoline). Existing law, as a result of the elimination of the sales tax on gasoline effective July 1, 2010, provides for a commensurate increase in the excise tax on gasoline. These taxes are deposited to the Motor Vehicle Fuel Account in the Transportation Tax Fund. Existing law requires certain moneys attributable to taxes imposed upon distribution of gasoline related to specified off-highway motor vehicles and off-highway vehicle activities to be transferred monthly from the Motor Vehicle Fuel Account to the Off-Highway Vehicle Trust Fund. Existing law, however, transfers, with respect to the increase in gasoline excise taxes as a result of the elimination of the sales tax on gasoline, to the General Fund the revenues attributable to off-highway vehicles that would otherwise be deposited in the Off-Highway Vehicle Trust Fund. Existing law also requires the Controller to withhold \$833,000 from the monthly transfer, and transfer that amount to the General Fund. The moneys in the Off-Highway Vehicle Trust Fund are required to be used, upon appropriation, for specified purposes related to off-highway motor vehicle recreation. This bill would, on June 30, 2018, eliminate the requirement that the Controller withhold \$833,000 from the monthly transfer and transfer it to the General Fund and would thereby transfer this amount monthly to the Off-Highway Vehicle Trust Fund. AB 398 Garcia, Eduardo D Greenhouse Gas Reduction Fund: report.	4/3/2017- A. APPR. 4/18/2017-Re-referred to Com. on APPR.	Existing law establishes the State Air Resources Board, air quality management districts, and air pollution control districts to address the emissions of air pollution. Existing law designates the air districts with the primary responsibility for the control of air pollution from sources other than mobile sources. Existing law designated the state board with the primary responsibility for the control of air pollution from mobile sources. This bill would require the state board to appoint a dedicated ombudsman to respond to requests for data and analyses that are not readily available to the public and would require those requests to be processed in a timely manner. This bill contains other related provisions and other existing laws.

AB 408 Chen R Eminent domain: final offer of compensation.	2/21/2017- A. JUD. 3/20/2017-In committee: Set, final hearing. Hearing canceled at the request of author. From committee: Without further action pursuant to Joint Rule 62(a). DIED	Existing law governing settlement offers in eminent domain proceedings authorizes the recovery of litigation expenses under certain circumstances. Existing law provides that if a court finds, on motion of the defendant, that the offer of the plaintiff was unreasonable and the offer of the defendant was reasonable in light of the evidence admitted and the compensation awarded in the proceeding, then the costs allowed shall include the defendant’s litigation expenses. This bill would instead provide that if a court finds, on motion of the defendant, that the offer of the plaintiff was lower than 90% of the compensation awarded in the proceeding, then the court would be required to include the defendant’s litigation costs in the costs allowed. If the court finds that the offer of the plaintiff was at least 90% and less than 100% of the compensation awarded in the proceeding, the court would be authorized to include the defendant’s litigation costs in the costs allowed. AB 428 Ridley-Thomas D Local government: the Ralph M. Brown Act.	2/21/2017-A. L. GOV. 4/5/2017-In committee: Set, first hearing. Hearing canceled at the request of author.	The Ralph M. Brown Act requires that all meetings of a legislative body of a local agency be open and public, except that closed sessions may be held under prescribed circumstances. Existing law authorizes the legislative body of a local agency to use teleconferencing for the benefit of the public and the legislative body of a local agency in connection with any meeting or proceeding authorized by law provided that the teleconferenced meeting or proceeding complies with all otherwise applicable requirements and provisions of law relating to a specific type of meeting or proceeding. Existing law, until January 1, 2018, authorizes a health authority that conducts a teleconference meeting to count members who are outside the jurisdiction of the authority toward the establishment of a quorum when participating in the teleconference if at least 50% of the number of members that would establish a quorum are present within the boundaries of the territory over which the authority exercises jurisdiction, and the health authority provides a teleconference number, and associated access codes, if any, that allows any person to call in to participate in the meeting, as specified. This bill would extend the operation of these provisions relating to the establishment of a quorum for teleconferenced meetings of a health authority indefinitely. This bill contains other related provisions and other existing laws.		Local Government (text 2/9/2017) Support LA Care Health Plan [SPONSOR] Local Health Plans of California Oppose None

Committee	Existing law prohibits certain acts by a person with respect to the property, facilities, or vehicles of a transit district. A violation is generally an infraction punishable by a fine not exceeding \$75 on a first offense, or on a subsequent offense by a fine not exceeding \$250 or by community service. Existing law authorizes the Sacramento Regional Transit District, the Fresno Area Express, and, until January 1, 2018, the San Francisco Bay Area Rapid Transit District to issue a prohibition order to any person cited for committing one or more of certain prohibited acts in specified transit facilities. Existing law prohibits a person subject to the prohibition order from entering the property, facilities, or vehicles of the transit district for specified periods of time. Existing law establishes notice requirements in that regard and provides for initial and administrative review of the order. This bill would apply these provisions to the Los Angeles County Metropolitan Transportation Authority.	Sponsor	SUPPORT: LA Metro - Sponsor

Re-referred to Com. on APPR	Existing law requires the Department of Transportation to prepare the State Highway Operation and Protection Program for the expenditure of transportation capital improvement funds for projects that are necessary to preserve and protect the state highway system, excluding projects that add new traffic lanes. Existing law requires the State Highway Operation and Protection Program to be based on an asset management plan prepared by the department, and requires the department to submit the proposed State Highway Operation and Protection Program to the California Transportation Commission by January 31 of each even-numbered year for adoption by the commission and submittal by the commission to the Governor and Legislature by April 1 of each even-numbered year. This bill would require the department to prepare a State Highway System Management Plan, which would consist both of the 10-year state highway rehabilitation plan and the 5-year maintenance plan. The bill would require the department to make a draft of its proposed State Highway System Management Plan available to regional transportation agencies for review and comment, and would require the department to include and address any comments in its submittal of the plan to the commission by January 15 of each odd-numbered year. The bill would require the department to transmit the State Highway System Management Plan to the Governor and Legislature by May 1 of each odd-numbered year. This bill contains other existing laws.

AB 544 Bloom D Vehicles: high-occupancy vehicle lanes.	4/27/2017-A. APPR. 5/1/2017-Re-referred to Com. on APPR.	Existing federal law authorizes, until September 30, 2019, a state to allow low emission and energy-efficient vehicles, as specified, to use lanes designated for high-occupancy vehicles (HOVs). Existing federal law also authorizes, until September 30, 2025, a state to allow alternative fuel vehicles, as defined, and new qualified plug-in electric drive motor vehicles, as defined, to use those HOV lanes. Existing state law authorizes the Department of Transportation to designate certain lanes for the exclusive use of HOVs. Existing law also authorizes super ultra-low emission vehicles (SULEV), ultra-low emission vehicles (ULEV), advanced technology partial zero-emission vehicles (AT PZEV), or transitional zero-emission vehicles (TZEV), as specified, that display a valid identifier issued by the Department of Motor Vehicles to use these HOV lanes until January 1, 2019, or until the date federal authorization expires, or until the Secretary of State receives a specified notice, whichever occurs first. Existing law makes the use by a driver of an HOV lane without those identifiers a crime. Existing law requires the Department of Transportation to remove individual HOV lanes, or portions of those lanes, during peak periods of congestion from access by vehicles displaying the identifiers if the department makes specified findings. This bill would extend the authority of drivers of specified vehicles to use HOV lanes until the date federal authorization expires, or until the Secretary of State receives a specified notice, whichever occurs first. The bill would provide that identifiers issued for those specified vehicles are valid until January 1, 2019. The bill would authorize the Department of Motor Vehicles to issue other identifiers		Transportation (text 3/21/2017) Support Association of Global Auto Makers California Electric Transportation Coalition (CaETC) California New Car Dealers Association Hyundai Oppose None

AB 548 Steinorth R Omnitrans Transit District..	4/28/2017-A. 2 YEAR 4/28/2017-Failed Deadline pursuant to Rule 61(a)(2). (Last location was TRANS. on 3/23/2017)(May be acted upon Jan 2018)	Existing law creates various transit districts throughout the state, with specified powers and duties relative to providing public transit services. This bill would create the Omnitrans Transit District in the County of San Bernardino. The bill would provide that the jurisdiction of the district would initially include the Cities of Chino, Chino Hills, Colton, Fontana, Grand Terrace, Highland, Loma Linda, Montclair, Ontario, Rancho Cucamonga, Redlands, Rialto, San Bernardino, Upland, and Yucaipa, and unspecified portions of the unincorporated areas of the County of San Bernardino. The bill would authorize other cities in the County of San Bernardino to subsequently join the district. The bill would provide for the district to succeed to the rights and obligations of the existing Omnitrans Joint Powers Authority upon the dissolution of that authority. The bill would provide for the transfer of assets from the authority to the district. The bill would provide for a governing board of unspecified members and would specify voting procedures for the taking of certain actions by the board. The bill would specify the powers and duties of the district to operate transit services. The bill would enact other related provisions. By imposing requirements on the district and affected local agencies, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

AB 555 Cunningham R Greenhouse Gas Reduction Fund: schoolbuses.	4/28/2017-A. 2 YEAR 4/28/2017-Failed Deadline pursuant to Rule 61(a)(2). (Last location was NAT. RES. on 3/20/2017)(May be acted upon Jan 2018)	The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The act requires the state board to approve a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020 and to ensure that statewide greenhouse gas emissions are reduced to at least 40% below the 1990 level by 2030. The act authorizes the state board to include the use of market-based compliance mechanisms. Existing law requires all moneys, except for fines and penalties, collected by the state board as part of a market-based compliance mechanism to be deposited in the Greenhouse Gas Reduction Fund and to be available upon appropriation. Existing law continuously appropriates 35% of the annual proceeds of the fund for transit, affordable housing, and sustainable communities programs and 25% of the annual proceeds of the fund for certain components of a specified high-speed rail project. This bill would continuously appropriate 4% of the annual proceeds of the fund for each of 3 specified fiscal years to the state board to implement a grant program to replace older, high-polluting schoolbuses with zero-emission or near-zero-emission schoolbuses, as specified.

AB 697 Fong R Tolls: exemption for privately owned emergency ambulances.	5/4/2017-S. DESK 5/4/2017-Read third time. Passed. Ordered to the Senate. In Senate. Read first time. To Com. on RLS. for assignment.	Existing law provides for the exemption of authorized emergency vehicles, as defined, from the payment of a toll or charge on a vehicular crossing, toll highway, or high-occupancy toll (HOT) lane and any related fines, when the authorized emergency vehicle is being driven while responding to or returning from an urgent or emergency call, engaged in an urgent or emergency response, or engaging in a fire station coverage assignment directly related to an emergency response. Existing law requires a toll operator to accept, in lieu of payment of a bill for an authorized emergency vehicle using a toll facility, a letter from a fire chief, police chief, county sheriff, head of a public agency, or his or her designee certifying that the use of the authorized emergency vehicle was exempt from the payment of the toll or other charge. Existing law further requires, upon written request and information and belief of the toll operator that the use of an authorized emergency vehicle was not in compliance with this section, a fire chief, police chief, county sheriff, head of the public agency, or his or her designee, to provide or otherwise make accessible to the toll operator the dispatch records or log books relevant to the time period when the authorized emergency vehicle was in use on the toll highway, vehicular crossing, or high-occupancy toll (HOT) lane. Existing law prohibits a person from operating a privately owned emergency ambulance unless licensed by the California Highway Patrol. This bill would expand the exemption from the payment of a toll or charge on a vehicular crossing, toll highway, or high-occupancy toll (HOT) lane and any related fines under these conditions to include a privately owned emergency ambulance licensed by the California Highway Patrol. AB 733 Berman D Enhanced infrastructure financing districts: projects: climate change.	5/4/2017-S. DESK 5/4/2017-Read third time. Passed. Ordered to the Senate. In Senate. Read first time. To Com. on RLS. for assignment.	Existing law authorizes the legislative body of a city or a county to establish an enhanced infrastructure financing district to finance public capital facilities or other specified projects of communitywide significance, and makes related findings and declarations. This bill would additionally authorize the financing of projects that incentivize adapting to the impacts of climate change, including, but not limited to, extreme weather events, sea level rise, flooding, heat waves, wildfire, and drought, and would make conforming changes to the Legislature's findings and declarations.		
AB 788 Frazier D Department of Transportation: administration.	4/28/2017-A. 2 YEAR 4/28/2017-Failed Deadline pursuant to Rule 61(a)(2). (Last location was TRANS. on 3/30/2017)(May be acted upon Jan 2018)	Existing law establishes the Department of Transportation in the Transportation Agency. Existing law provides that the department has possession and control of all property, real or personal, held for the benefit, use, or obligation of the Department of Aeronautics, the Department of Public Works, and the Office of Transportation Planning and Research in connection with the functions of those former organizations that were transferred to or vested in the department. This bill would additionally provide that the Department of Transportation has possession and control of all supporting documentation and data, electronic or otherwise, held for the benefit, use, or obligation of the Department of Aeronautics, the Department of Public Works, and the Office of Transportation Planning and Research in connection with the functions of those former organizations that were transferred to or vested in the department.

AB 863 Cervantes D Affordable Housing and Sustainable Communities Program.	4/26/2017- A. APPR. 4/27/2017-From committee: Do pass and re-refer to Com. on APPR. (Ayes 7. Noes 0.) (April 26). Re-referred to Com. on APPR.	Existing law requires all moneys, except for fines and penalties, collected by the State Air Resources Board from the auction or sale of allowances as part of a market-based compliance mechanism relative to reduction of greenhouse gas emissions, to be deposited in the Greenhouse Gas Reduction Fund. Existing law continuously appropriates specified portions of the annual proceeds in the Greenhouse Gas Reduction Fund to various programs, including 20% for the Affordable Housing and Sustainable Communities Program administered by the Strategic Growth Council. Existing law provides for that program to fund projects that implement land use, housing, transportation, and agricultural land preservation practices to support infill and compact development and that support other related and coordinated public policy objectives. Existing law specifies the types of projects eligible for funding under the program. This bill would require the council, in selecting projects for funding under the program, to seek methods for inclusion of local entrepreneurs in the implementation of the projects and workforce training and certification of workers hired to work on the projects. The bill would make related revisions to the policy objectives for the program.

AB 943 Santiago D	5/3/2017-A. E. & R. 5/4/2017-From committee: Do pass and re-refer to Com. on E. & R. (Ayes 8. Noes 0.) (May 3). Re-referred to Com. on E. & R. From committee chair, with author's amendments: Amend, and re-refer to Com. on E. & R. Read second time and amended.	The Planning and Zoning Law, among other things, authorizes the legislative body of any county or city to adopt ordinances to regulate land use. Existing law also establishes procedures by which city or county ordinances may be enacted or amended by initiative, including requiring that an ordinance proposed by the voters of the city or county be approved by a majority of the votes cast on the ordinance. This bill, in the case of an ordinance or an amendment of an ordinance that would expressly stop development or construction within a city, county, or city and county that is proposed by the voters of the city, county, or city and county in accordance with specified law, require that the proposed ordinance or amendment of an ordinance receive 55% of the votes cast on the ordinance in order to become effective. The bill would require the county elections official for the county or city and county in which the proposed ordinance or amendment of an ordinance would apply, or which includes within its territorial boundaries the city in which the proposed ordinance or amendment of an ordinance would apply, to determine whether the proposed ordinance or amendment of an ordinance would expressly stop development or construction within the city, county, or city and county. The bill would declare that it addresses a matter of statewide concern. This bill contains other existing laws. AB 1073 Garcia, Eduardo D California Clean Truck, Bus, and Off-Road Vehicle and Equipment Technology Program.	5/4/2017- A. CONSENT CALENDAR 5/4/2017-Read second time. Ordered to Consent Calendar..	The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The act authorizes the state board to include the use of market-based compliance mechanisms. Existing law requires all moneys, except for fines and penalties, collected by the state board as part of a market-based compliance mechanism to be deposited in the Greenhouse Gas Reduction Fund and to be available upon appropriation by the Legislature. This bill instead would require the state board, when funding a specified class of projects, to allocate, until January 1, 2023, no less than 20% of that available funding to support the early commercial deployment or existing zero- and near-zero-emission heavy-duty truck technology . This bill contains other existing laws.		
AB 1094 Choi R Vehicles: automated traffic enforcement systems.	5/4/2017- A. CONSENT CALENDAR 5/4/2017-Read second time. Ordered to Consent Calendar.	Existing law requires a driver facing a steady circular red signal alone to stop at a marked limit line, but if none, before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection, and to remain stopped until an indication to proceed is shown, except as specified. Existing law makes it unlawful for a driver to enter or travel in any lane over which a red signal is shown. A violation of those provisions is an infraction punishable by a fine of \$100. This bill would also require a stop to be made at an official traffic control signal erected and maintained at a freeway or highway on ramp. The bill would also make technical, nonsubstantive changes to that provision. This bill contains other existing laws.

AB 1103 Obernolte R Bicycles: yielding.	3/9/2017- A. TRANS. 3/9/2017- Referred to Com. on TRANS.	Existing law, subject to exceptions, provides that a person riding a bicycle or operating a pedicab upon a highway has all the rights and is subject to all the laws applicable to the driver of a vehicle. A violation of the Vehicle Code is punishable as an infraction. This bill would, notwithstanding those provisions, authorize a person operating a bicycle approaching a stop sign, after slowing to a reasonable speed and yielding the right-of-way, to cautiously make a turn or proceed through the intersection without stopping, unless safety considerations require otherwise. The bill would require a person operating a bicycle to continuously signal an intention to turn right or left during the last 100 feet traveled before the turn, except as specified. Because this bill would impose a new requirement on bicycle operators, the violation of which would be a crime, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

AB 1113 Bloom D State Transit Assistance program.	5/4/2017-S. DESK 5/4/2017-Read third time. Passed. Ordered to the Senate. In Senate. Read first time. To Com. on RLS. for assignment.	Existing law requires the transfer of a specified portion of the sales tax on diesel fuel, in addition to various other revenues, to the Public Transportation Account, a trust fund in the State Transportation Fund. Existing law requires funds in the account to be allocated to various public transportation and transportation planning purposes, with specified revenues in the account to be allocated by the Controller to specified local transportation agencies for public transportation purposes, pursuant to the State Transit Assistance (STA) program. Existing law requires STA funds to be allocated by formulas based 50% on population and 50% on transit operator revenues. This bill would revise and recast the provisions governing the STA program. The bill would provide that only STA-eligible operators, as defined, are eligible to receive an allocation from the portion of program funds based on transit operator revenues. The bill would provide for each STA-eligible operator within the jurisdiction of the allocating local transportation agency to receive a proportional share of the revenue-based program funds based on the qualifying revenues of that operator, as defined. The bill would revise the duties of the Controller and the Department of Transportation in administering the program. The bill would make various other conforming changes and would delete obsolete provisions.	SUPPORT	Support CTA Sponsor LA Metro

AB 1218 Obernolte R California Environmental Quality Act: exemption: bicycle transportation plans.	5/1/2017-S. DESK 5/1/2017-Read third time. Passed. Ordered to the Senate. In Senate. Read first time. To Com. on RLS. for assignment.	The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA, until January 1, 2018, exempts from its requirements bicycle transportation plans for an urbanized area for restriping of streets and highways, bicycle parking and storage, signal timing to improve street and highway intersection operations, and related signage for bicycles, pedestrians, and vehicles under certain conditions. CEQA, until January 1, 2018, also exempts from its requirements projects consisting of restriping of streets and highways for bicycle lanes in an urbanized area that are consistent with a bicycle transportation plan under certain conditions. This bill would extend those 2 exemptions until January 1, 2021.

AB 1324 Gloria D Metropolitan planning organizations: transactions and use taxes.	3/13/2017-A. L. GOV. 3/21/2017-Re-referred to Com. on L. GOV.	Existing law authorizes various local governmental entities, subject to certain limitations and approval requirements, to levy a transactions and use tax in accordance with the procedures and requirements set forth in the Transactions and Use Tax Law. Existing federal law provides for the designation of some of these entities as metropolitan planning organizations. This bill would authorize a metropolitan planning organization authorized by law to levy, expand, increase, or extend a transactions and use tax to levy, expand, increase, or extend that tax in only a portion of the jurisdiction, as an alternative to the entire jurisdiction, in which the organization is authorized to levy, expand, increase, or extend the tax, if approved by the required percentage of the voters in that portion of the jurisdiction. The bill would require the revenues derived from the levy, expansion, increase, or extension to be used only within the area for which the levy, expansion, increase, or extension was approved by the voters.		
AB 1328 Limón D Sustainable communities: affordable housing.	3/30/2017-A. NAT. RES. 3/30/2017-Referred to Com. on NAT. RES.	Existing law requires the Strategic Growth Council to develop and administer the Affordable Housing and Sustainable Communities Program to reduce greenhouse gas emissions through projects that implement land use, housing, transportation, and agricultural land preservation practices to support infill and compact development, and that support related and coordinated public policy objectives. Existing law encourages projects eligible for funding under the program to promote certain objectives. This bill would make a nonsubstantive change to the provision regarding the eligible projects.

AB 1363 Baker R Transportation revenues.	4/28/2017-A. 2 YEAR 4/28/2017-Failed Deadline pursuant to Rule 61(a)(2). (Last location was TRANS. on 3/13/2017)(May be acted upon Jan 2018)	Article XIX of the California Constitution restricts the expenditure of revenues from taxes imposed by the state on fuels used in motor vehicles upon public streets and highways to street and highway and certain mass transit purposes. Existing law requires certain miscellaneous revenues deposited in the State Highway Account that are not restricted as to expenditure by Article XIX of the California Constitution to be transferred to the Transportation Debt Service Fund in the State Transportation Fund, as specified, and requires the Controller to transfer from the fund to the General Fund an amount of those revenues necessary to offset the current year debt service made from the General Fund on general obligation transportation bonds issued pursuant to Proposition 116 of 1990. This bill would, on July 1, 2018, delete the transfer of these miscellaneous revenues to the Transportation Debt Service Fund, thereby eliminating the offsetting transfer to the General Fund for debt service on general obligation transportation bonds issued pursuant to Proposition 116 of 1990. The bill, subject to a specified exception, would, on July 1, 2018, instead require the miscellaneous revenues to be retained in the State Highway Account and to be used solely for transportation expenditures consistent with the restrictions for expenditure of fuel tax revenues in Article XIX of the California Constitution.

AB 1383 Fong R California Global Warming Solutions Act of 2006: regulations.	4/28/2017-A. 2 YEAR 4/28/2017-Failed Deadline pursuant to Rule 61(a)(2). (Last location was NAT. RES. on 3/13/2017)(May be acted upon Jan 2018)	The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The state board is required to approve a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020 and to ensure that statewide greenhouse gas emissions are reduced to at least 40% below the 1990 level by 2030. The act requires the state board to adopt rules and regulations in an open public process to achieve the maximum technologically feasible and cost-effective greenhouse gas emissions reductions. This bill would require the state board to take specified actions and make specified findings prior to adopting a regulation under the act. The bill also would require the state board to take specified actions within 2 years of adopting a regulation under the act and to revise that regulation based on those specified actions.

AB 1442 Allen, Travis R Bonds: transportation: water projects.	3/27/2017- A. TRANS. 4/25/2017-In committee: Set, second hearing. Failed passage. Reconsideration granted.	Existing law, the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century, approved by the voters as Proposition 1A at the November 4, 2008, general election, provides for the issuance of general obligation bonds in the amount of \$9 billion for high-speed rail purposes and \$950 million for other related rail purposes. Article XVI of the California Constitution requires measures authorizing general obligation bonds to specify the single object or work to be funded by the bonds and further requires a bond act to be approved by a 2/3 vote of each house of the Legislature and a majority of the voters. This bill would provide that no further bonds shall be sold for high-speed rail purposes pursuant to the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century, except as specifically provided with respect to an existing appropriation for high-speed rail purposes for early improvement projects in the Phase 1 blended system. The bill, subject to the above exception, would require redirection of the unspent proceeds received from outstanding bonds issued and sold for other high-speed rail purposes prior to the effective date of these provisions, upon appropriation, for use in retiring the debt incurred from the issuance and sale of those outstanding bonds. The bill, subject to the above exception, would also require the net proceeds of other bonds subsequently issued and sold under the high-speed rail portion of the bond act to be made available, upon appropriation, to fund capital expenditures for water projects that are a part of the State Water Resources Development System, including the construction of desalination facilities, wastewater treatment and recycling facilities,		Transportation (text 3/28/2017) Support None Oppose State Building and Construction Trades Council of California

AB 1512 McCarty D Motor Vehicle Fuel Tax Law.	4/19/2017- A. REV. & TAX 4/26/2017-Re-referred to Com. on REV. & TAX.	Existing law imposes various fees and taxes, including taxes on the privilege of engaging in certain activities. The Fee Collection Procedures Law, the violation of which is a crime, provides procedures for the collection of certain fees and surcharges. Under this bill, the Opioid Addiction Prevention and Rehabilitation Act would impose a tax on and after January 1, 2018, upon the distribution of opioids by every person including, but not limited to, a manufacturer or wholesaler, that makes the first sale in this state of opioids, where the sale is for the purpose of resale in the regular course of business, at the rate of \$0.01 per milligram of active opioid ingredient. The tax would be administered by the State Board of Equalization and would be collected pursuant to the procedures set forth in the Fee Collection Procedures Law, which sets forth requirements for registration, returns, payments, penalties, interest, determinations and redeterminations, collections, overpayments and refunds, administration and confidentiality, and violations. By expanding the application of the Fee Collection Procedures Law, the violation of which is a crime, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws. AB 1635 Quirk-Silva D Public contracts: small business participation.	4/26/2017- A. APPR. 4/26/2017- Coauthors revised. From committee: Do pass and re-refer to Com. on APPR. (Ayes 7. Noes 0.) (April 26). Re-referred to Com. on APPR.	The Small Business Procurement and Contract Act requires the Director of General Services and the heads of other state agencies that enter into contracts for the provision of goods, services, and information technology and for the construction of state facilities to establish goals for the participation of small businesses in these contracts, to provide for small business preference in the award of these contracts, to give special consideration and special assistance to small businesses, and, whenever possible, to make awards to small businesses, as specified. This bill would require a state agency, as defined, to establish and achieve an annual goal that at least 25% of the procurement activities administered by that agency include a small business participant, to ensure that the agency's procurement practices are administered in a manner that supports the agency in meeting or exceeding the goal, and to report to the director statistics regarding small business participation in the agency's procurement activities. The bill would require the Department of General Services to monitor the progress of the agencies toward meeting the goal and to provide this information to the Office of Small Business Advocate. The bill would also require a state agency that has not achieved the goal by the close of the fiscal year to submit a corrective action plan to the department within 45 days. This bill contains other related provisions.		Accountability And Administrative Review (text 4/5/2017) Support California Small Business Association Oppose None

AB 1640 Garcia, Eduardo D Transportation funding: low-income communities.	4/28/2017-A. 2 YEAR 4/28/2017-Failed Deadline pursuant to Rule 61(a)(2). (Last location was TRANS. on 3/16/2017)(May be acted upon Jan 2018)	Existing law establishes the state transportation improvement program process, pursuant to which the California Transportation Commission generally programs and allocates available state and federal funds for transportation capital improvement projects, other than state highway rehabilitation and repair projects, over a multiyear period based on estimates of funds expected to be available. Existing law provides funding for these interregional and regional transportation capital improvement projects through the state transportation improvement program process, with 25% of funds available for interregional projects selected by the Department of Transportation through preparation of an interregional transportation improvement program and 75% for regional projects selected by transportation planning agencies through preparation of a regional transportation improvement program. Existing law requires each transportation planning agency, on a biennial basis, to prepare and submit to the commission a regional transportation improvement program containing transportation capital projects identified for funding through the next cycle of the 5-year state transportation improvement program. This bill would require, beginning January 1, 2020, each regional transportation improvement program to allocate a minimum of 25% of available funds to projects or programs that provide direct, meaningful, and assured benefits to low-income individuals who live in certain identified communities or to riders of transit service that connects low-income residents to critical amenities and services. The bill would require the department, in consultation with residents of low-income communities and specified state agencies,

SB 1 Beall D Transportation funding. (Cont)		<p>Vehicle Account to the State Highway Account. This bill would create the Road Maintenance and Rehabilitation Program to address deferred maintenance on the state highway system and the local street and road system. The bill would require the California Transportation Commission to adopt performance criteria, consistent with a specified asset management plan, to ensure efficient use of certain funds available for the program. The bill would provide for the deposit of various funds for the program in the Road Maintenance and Rehabilitation Account, which the bill would create in the State Transportation Fund, including revenues attributable to a \$0.12 per gallon increase in the motor vehicle fuel (gasoline) tax imposed by the bill with an inflation adjustment, as provided, 50% of a \$0.20 per gallon increase in the diesel excise tax, with an inflation adjustment, as provided, a portion of a new transportation improvement fee imposed under the Vehicle License Fee Law with a varying fee between \$25 and \$175 based on vehicle value and with an inflation adjustment, as provided, and a new \$100 annual vehicle registration fee applicable only to zero-emission vehicles model year 2020 and later, with an inflation adjustment, as provided. The bill would provide that the fuel excise tax increases take effect on November 1, 2017, the transportation improvement fee takes effect on January 1, 2018, and the zero-emission vehicle registration fee takes effect on July 1, 2020. This bill contains other related provisions and other existing laws.</p>		Alameda-Contra Costa Transit District American Council of Engineering Companies of California American Heart Association American Stroke Association American Subcontractors Association California, Inc. SB 20 Hill D Vehicles: buses: seatbelts.	4/20/2017- A. DESK 4/20/2017-Read third time. Passed. (Ayes 40. Noes 0.) Ordered to the Assembly. In Assembly. Read first time. Held at Desk.	Existing law prohibits a person from operating a motor vehicle on a highway unless that person and all passengers 16 years of age or over are properly restrained by a safety belt. Existing law makes the violation of this provision an infraction. This bill would also require a passenger in a bus that is equipped with safety belts to be properly restrained by a safety belt and would require a motor carrier to maintain those safety belts in good working order for the use of the passengers. The bill would exempt a passenger leaving his or her seat to use an onboard bathroom from the seatbelt requirement. The bill would also require a motor carrier operating a bus equipped with safety belts to either: (1) require the bus driver to inform passengers of the requirement to wear a seatbelt or (2) post, or allow to be posted, signs or placards informing passengers of the requirement to wear a seatbelt, as specified. The bill would make a violation of the provision requiring a passenger to wear a safety belt, an infraction punishable by a fine of not more than \$20 for a first offense and a fine of not more than \$50 for each subsequent offense. By creating a new crime, the bill would impose a state-mandated local program. The bill would specify that these provisions do not apply to schoolbuses. This bill contains other related provisions and other existing laws.		Transportation And Housing (text 3/20/2017) Support None Oppose None

SB 21 Hill D Law enforcement agencies: surveillance: policies.	5/3/2017-S. APPR. 5/3/2017-Read second time and amended. Re-referred to Com. on APPR.	<p>Under existing law, a city or county is empowered to perform duties including providing for public safety and law enforcement. A city or county is authorized, either directly or indirectly, to prescribe policies and regulations for law enforcement agencies under its jurisdiction. This bill would, beginning July 1, 2018, require each public agency, as defined, to submit to its governing body at a regularly scheduled hearing, open to the public, a proposed Surveillance Use Policy for the use of each type of surveillance technology and the information collected, as specified. The bill would require the public agency to cease using the surveillance technology within 30 days if the proposed plan is not adopted. The bill would require that the public agency submit an amendment to the surveillance plan, pursuant to the same open meeting requirements, for each new type of surveillance technology sought to be used. The bill would require the policy and any amendments to be posted on the agency's Internet Web site. The bill would also require the agency to make specified reports, at approved intervals, concerning the use of surveillance technology, and to make those reports available on the agency's Internet Web site. The bill would prohibit a public agency from selling, sharing, or transferring information gathered by surveillance technology, except to another public agency, as permitted by law and the terms of the Surveillance Use Policy. The bill would provide specified penalties, in addition to any other remedies under law, for violations of these provisions, including punitive damages, attorney's fees, and injunctive relief. The bill would authorize an agency to temporarily use surveillance technology during exigent circumstances, as specified, without meeting the requirements of these provisions, provided that, among other things, the agency submits a specified report to its governing body within 45 days of the end of the exigent circumstances. This bill contains other related provisions and other existing laws.</p>		<p>Judiciary (text 4/17/2017) Support Electronic Frontier Foundation Firearms Policy Coalition Media Alliance Oakland Privacy</p> <p>Oppose Association of Orange County Deputy Sheriffs California Fraternal Order of Police California Peace Officers' Association California Police Chiefs Association California Statewide Law Enforcement Association Long Beach Police Officers Association Peace Officers Research Association of California Sacramento County Deputy Sheriffs' Association</p>

SB 22 Hill D Firearms: law enforcement agencies: agency firearm accounting.	4/17/2017-S. APPR. SUSPENSE FILE 4/17/2017-April 17 hearing: Placed on APPR. suspense file	Existing law generally requires that a transaction involving a firearm be conducted through a licensed firearms dealer. This requirement does not apply under existing law to the sale or transfer of a firearm to an authorized law enforcement representative for exclusive use by that law enforcement agency if, prior to the transfer of the firearm, written authorization from the head of the agency is presented to the person from whom the transfer is being made. In these cases, existing law requires the firearm to be entered as an institutional weapon into the Automated Firearms System (AFS) via the California Law Enforcement Telecommunications System. This bill would require a law enforcement agency, as defined, to adopt a written procedure to account for firearms that are owned, acquired, maintained, sold, loaned, lost, stolen, or in any way possessed by that agency or by an employee of that agency if used or carried for purposes of carrying out the official duties of his or her employment, as specified. The bill would require that firearms that are lost, stolen, or otherwise disposed of be entered into the AFS. By imposing additional duties on local law enforcement agencies, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws. <p>SB 53 Hueso D</p> <p>Natural gas vehicles.</p>	<p>4/26/2017-S. APPR. 5/4/2017-Set for hearing May 15.</p>	<p>Existing state and federal law sets specified limits on the total gross weight imposed on the highway by any group of 2 or more consecutive axles. Existing federal law authorizes a vehicle operated by an engine fueled primarily by natural gas to exceed these weight limits, up to a specified maximum, by an amount equal to the difference between the weight of the vehicle attributable to the natural gas tank and fueling system carried by that vehicle and the weight of a comparable diesel tank and fueling system. This bill would authorize a vehicle operated by an engine fueled primarily by natural gas to exceed these weight limits by an amount, up to a specified maximum, equal to the difference between the weight of the vehicle attributable to the natural gas tank and fueling system carried by that vehicle and the weight of a comparable diesel tank and fueling system. The bill would additionally require the University of California Institute of Transportation Studies or the Department of Transportation to estimate the damage caused by vehicles operating pursuant to this authorization and report its findings to the Senate Committee on Transportation and Housing and the Assembly Committee on Transportation on or before October 1, 2018.</p>		<p>Transportation And Housing (text 3/20/2017) Support Accurate Underground and Grading, Inc. SB 80 Wieckowski D California Environmental Quality Act: notices.	4/24/2017-A. DESK 4/24/2017-Read third time. Passed. (Ayes 27. Noes 7.) Ordered to the Assembly. In Assembly. Read first time. Held at Desk.	(1)The California Environmental Quality Act requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. The act requires the lead agency to mail certain notices to persons who have filed a written request for notices. The act provides that if the agency's offer to provide the notices by email, upon filing a written request for notices, a person may request that the notices be provided to him or her by email. This bill would require the lead agency to post those notices on the agency's Internet Web site. The bill would require the agency to offer to provide those notices by email. Because this bill would increase the level of service provided by a local agency, this bill would impose a state-mandated local program.This bill contains other related provisions and other existing laws. SB 137 Allen D Transit districts: ordinances.	4/27/2017-S. APPR. 5/4/2017-Set for hearing May 15.	Existing law imposes various requirements on transit districts relating to the passage of ordinances. This bill would, in addition to any other requirements, require a transit district to publish an ordinance on its Internet Web site, or the otherwise appropriate Internet Web site, within 15 days after the ordinance's passage and in a manner that is accessible and easily navigable. By requiring a local agency to perform an additional duty, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

SB 145 Hill D Autonomous vehicles: testing on public roads.	5/4/2017-A. DESK 5/4/2017-Read third time. Urgency clause adopted. Passed. (Ayes 38. Noes 0.) Ordered to the Assembly. In Assembly. Read first time. Held at Desk.	Existing law authorizes the operation of an autonomous vehicle on public roads for testing purposes by a driver who possesses the proper class of license for the type of vehicle operated if specified requirements are satisfied. Existing law prohibits the operation of an autonomous vehicle on public roads until the manufacturer submits an application to the Department of Motor Vehicles, as specified, and that application is approved. Existing law requires the department to notify the Legislature if it receives an application from a manufacturer seeking approval to operate an autonomous vehicle capable of operating without the presence of a driver inside the vehicle. Existing law prohibits such an application from becoming effective any sooner than 180 days after that application is submitted. This bill would repeal the requirement that the department notify the Legislature of receipt of an application seeking approval to operate an autonomous vehicle capable of operating without the presence of a driver inside the vehicle. The bill would also repeal the requirement that the approval of such an application not be effective any sooner that 180 days after the date the application is submitted. This bill contains other related provisions.

SB 150 Allen D Regional transportation plans.	4/27/2017-S. APPR. 5/4/2017-Set for hearing May 15.	Existing law requires certain transportation planning activities by designated regional transportation planning agencies, including development of a regional transportation plan. Certain of these agencies are designated under federal law as metropolitan planning organizations. Existing law requires metropolitan planning organizations to adopt a sustainable communities strategy or alternative planning strategy, subject to specified requirements, as part of a regional transportation plan, which is to be designed to achieve certain targets for 2020 and 2035 established by the State Air Resources Board for the reduction of greenhouse gas emissions from automobiles and light trucks in the region. This bill would require the state board to update the greenhouse gas emission reduction targets, as specified. The bill would require the sustainable communities strategy or alternative planning strategy to include an appendix that outlines the region's transportation planning and programming activities, with transportation projects to be prioritized based on a project's ability to meet certain criteria and objectives relative to reduction in vehicle miles traveled and maximization of cobenefits such as public health, social equity, and conservation. The bill, beginning on January 1, 2018, would require the state board to monitor each metropolitan planning organization's sustainable communities strategy or alternative planning strategy, and to submit a progress report every 4 years to the California Transportation Commission, which would include an assessment of whether the metropolitan planning organization is on track to meet certain targets relating to reduction of vehicle miles traveled and		Transportation And Housing (text 4/6/2017) Support 350 Bay Area Bike San Gabriel Valley California Bicycle Coalition California League of Conservation Voters California Walks Catholic Charities of the Diocese of Stockton Center for Biological Diversity Center for Climate Change and Public Health ClimatePlan (co-sponsor) Coalition for Clean Air COAST Marin County Bicycle Coalition Natural Parks Conservation Association Natural Resources Defense Council (Sponsor) Public Advocates, Inc. SB 150 Allen D Regional transportation plans. (Cont)		reduction of greenhouse gas emissions. The bill, with respect to the areas under the jurisdiction of county transportation commissions in southern California, would, beginning in 2022, require a county transportation commission to recommend for implementation only the highest priority transportation projects identified in the appendix if the area is not on track to meet the state board’s 2035 greenhouse gas emission reduction targets. By imposing new requirements on local agencies, this bill would impose a state-mandated local program. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above. SB 163 Bradford D Elections: domicile: residence.	2/2/2017-S. JUD. 4/26/2017-April 25 set for second hearing canceled at the request of author.	Existing law defines “residence” for voting purposes as a person’s domicile. Existing law describes the domicile of a person as that place in which his or her habitation is fixed, wherein the person has the intention of remaining, and to which, whenever he or she is absent, the person has the intention of returning. Existing law describes the residence of a person as that place in which the person’s habitation is fixed for some period of time, but wherein he or he does not have the intention of remaining. Existing law provides that a person may have only one domicile at a given time, but may have more than one residence. Existing law also provides that, for purposes of determining the domicile of a Member of the Legislature or a Representative in the Congress of the United States, it shall be conclusively presumed that the residence address indicated on that person’s currently filed affidavit of voter registration is that person’s domicile. This bill would provide that a person’s domicile or residence may also be the place in which the person has legal tenancy. This bill would define legal tenancy for voting purposes to mean a person’s right to possess or hold property, whether by lease or by title. This bill would provide that the conclusive presumption for determining a Member of the Legislature’s domicile applies if the person has legal tenancy at the residence address indicated on his or her affidavit of voter registration.

SB 194 Anderson R Probation: revocation: new period.	5/1/2017-S. APPR. SUSPENSE FILE 5/1/2017-May 1 hearing: Placed on APPR. suspense file.	Existing law allows an order revoking probation to be set aside for good cause before judgement has been pronounced. If probation has been revoked after judgment has been pronounced, existing law allows the judgment and the order which revoked the probation to be set aside within 30 days after the court has notice that the execution of the sentence has commenced. If an order setting aside the judgement, the revocation of probation, or both is made after the expiration of the probationary period, existing law allows the court to place the person on probation for that period and with those terms and conditions as it could have done immediately following conviction. This bill would allow the court to place the person on probation for a new period of probation with those terms and conditions as it could have done immediately following conviction whether the order setting aside the judgement, the revocation of probation, or both was made before or after the expiration of the probationary period. By increasing the duties of probation officers, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.	Watch

SB 200 Morrell R Public employees' retirement benefits: final compensation.	1/31/2017-S. RLS. 2/9/2017- Referred to Com. on RLS.	The California Public Employees' Pension Reform Act of 2013 (PEPRA), on and after January 1, 2013, requires a public retirement system, as defined, to modify its plan or plans to comply with the act and, among other provisions, establishes certain new retirement formulas that may not be exceeded by a public employer offering a defined benefit pension plan. This bill would make a nonsubstantive change to that provision. This bill contains other existing laws.	Watch	
SB 224 Jackson D California Environmental Quality Act: baseline conditions.	5/1/2017-S. APPR. SUSPENSE FILE 5/1/2017-May 1 hearing: Placed on APPR. suspense file.	The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA requires the Office of Planning and Research to prepare and develop guidelines for the implementation of CEQA by public agencies. CEQA requires the office to transmit the proposed guidelines to the Secretary of the Natural Resources Agency and requires the secretary to certify and adopt the proposed guidelines. CEQA requires the office, at least once every 2 years, to review the guidelines and to recommend proposed changes or amendments to the

SB 256 Atkins D Public contracts: criminal offenses and statute of limitations.	4/17/2017-S. APPR. SUSPENSE FILE 4/17/2017-April 17 hearing: Placed on APPR. suspense file.	Existing law makes it unlawful for various local entities, including cities, counties, community college districts, reclamation districts, and school districts, to split or separate into smaller work orders or projects any work, project, service, or purchase for the purpose of evading laws requiring public works to be done by contract after competitive bidding. Existing law makes that act a misdemeanor if the work order or project is for a city or county. This bill would require that prosecution for a misdemeanor violation of the crimes described above with respect to a city, county, community college district, reclamation district, or school district, or with respect to a public agency whose governing board has by resolution elected to become subject to specified uniform construction cost accounting procedures and has notified the Controller of that election, commence within 3 years of the commission of the offense. This bill contains other related provisions and other existing laws.	Watch	Public Safety (text 3/20/2017) Support California District Attorneys Association Oppose None

SB 263 Leyva D Climate Assistance Centers.	5/3/2017-S. APPR. 5/3/2017-Read second time and amended. Re-referred to Com. on APPR.	Existing law creates the Transformative Climate Communities Program, which is administered by the Strategic Growth Council. Existing law requires the council to award competitive grants to specified eligible entities for the development and implementation of neighborhood-level transformative climate community plans that include greenhouse gas emissions reduction projects that provide local economic, environmental, and health benefits to disadvantaged communities, as defined. Existing law requires the California Environmental Protection Agency to provide assistance in performing outreach to disadvantaged communities and assessing the environmental justice benefits of project awards. This bill would require the council, among other things, to establish no less than 10 regional climate assistance centers, as specified, and award competitive grants to eligible entities through an application process, as specified. The bill would require the climate assistance centers to provide to target user groups technical assistance in applying for moneys, provide to target user groups assistance and training in project management and implementation, and work with local organizations to formulate policies and programming that accomplish specified goals. The bill would authorize the council and climate assistance centers to solicit and accept nonstate money. The bill would require the council and the State Air Resources Board to make a specified report to the Legislature. SB 264 Nguyen R High-occupancy toll lanes.	4/28/2017-S. 2 YEAR 4/28/2017-Failed Deadline pursuant to Rule 61(a)(2). (Last location was T. & H. on 4/6/2017)(May be acted upon Jan 2018)	Existing law provides that the Department of Transportation has full possession and control of the state highway system. Existing law authorizes a regional transportation agency or the department to apply to the California Transportation Commission to develop and operate high-occupancy toll (HOT) lanes or other toll facilities. Existing law requires certain excess revenue generated by the toll facility to be used in the corridor from which the revenue was generated pursuant to an expenditure plan developed by the sponsoring agency, as provided. This bill would instead require net excess toll revenues, as defined, received from high-occupancy toll lanes on a specified portion of an approximately 16-mile-long project corridor in the County of Orange on Interstate 405 and that traverses the Cities of Costa Mesa, Fountain Valley, Huntington Beach, Westminster, and Seal Beach to be allocated to the Orange County Transportation Authority and certain project corridor jurisdictions according to a specified schedule. The bill would require these moneys to be spent on specified transportation improvement projects. SB 268 Mendoza D Los Angeles County Metropolitan Transportation Authority.	5/3/2017-S. T. & H. 5/3/2017-Re-referred to Com. on T. & H. To be heard 5/9/2017 Committee on T&H	Existing law creates the Los Angeles County Metropolitan Transportation Authority with specified powers and duties relative to transportation planning, programming, and operations in the County of Los Angeles. The authority is governed by a 14-member board of directors that consists of the Mayor of the City of Los Angeles, 2 public members and one Los Angeles City Council member appointed by the mayor, 4 members appointed from the other cities in the county, the 5 members of the Los Angeles County Board of Supervisors, and a nonvoting member appointed by the Governor. This bill would delete this requirement and would add the county auditor as a nonvoting member of the board of directors. The bill would also reduce the members of the board of supervisors from 5 to 2 members and would require that one supervisor represent the largest population in the unincorporated area of the County of Los Angeles. The bill would delete the appointment of 2 public members and require the Mayor of the City of Los Angeles to appoint 5 members of the City Council of the City of Los Angeles who represent contiguous clusters of 3 council districts. The bill would require the city council to determine contiguity. The bill would require every appointee to serve a 4-year term without limitation or until the expiration of the term of his or her elected office. This bill contains other existing laws. SB 275 Portantino D Surplus residential property: State Route 710: property taxes: assessments.	3/28/2017-S. GOV. & F. 4/25/2017-Set for hearing May 10.	Existing law declares the intent of the Legislature to preserve, upgrade, and expand the supply of housing to persons and families of low or moderate income through the sale of specified surplus residential property owned by public agencies. Existing law establishes priorities and procedures that any state agency disposing of that surplus residential property is required to follow. This bill would require surplus residential property purchased at an affordable price pursuant to the procedures described above to be assessed at its affordable price for property tax purposes. The bill would also require surplus residential property purchased at a reasonable price pursuant to the procedures described above to be assessed at its reasonable price for property tax purposes. The bill would provide that these provisions only apply to surplus residential properties for State Route 710, in Los Angeles County. This bill contains other related provisions and other existing laws. SB 387 Jackson D The False Claims Act.	4/20/2017- A. DESK 4/20/2017-Read third time. Passed. (Ayes 36. Noes 0.) Ordered to the Assembly. In Assembly. Read first time. Held at Desk.	Existing law, the False Claims Act, provides that a person who commits any one of several enumerated acts relating to the submission to the state or a political subdivision of the state of a false claim for money, property, or services, as specified, shall be liable to the state or political subdivision for certain damages and a civil penalty. Existing federal law requires the Office of Inspector General, in consultation with the United States Attorney General, to determine whether a state has a false claims act that qualifies the state for a 10-percentage-point increase under the Social Security Act in the state’s share of any amounts recovered under that law, by, among other things, imposing a civil penalty that is not less than the amount of the civil penalty authorized under the Federal False Claims Act. Existing federal law, the Federal Civil Penalties Inflation Adjustment Act of 1990, requires federal agencies to adjust the levels of civil monetary penalties for inflation to improve the effectiveness of civil monetary penalties and to maintain their deterrent effect. This bill would specify that the fines imposed for violation of the False Claims Act shall be imposed as adjusted by the Federal Civil Penalties Inflation Adjustment Act of 1990. SB 389 Roth D Department of Transportation: programmatic testing and inspection services.	4/18/2017-S. APPR. 5/4/2017-Set for hearing May 15.	Existing law provides that the Department of Transportation has full possession and control of all state highways and associated property. Existing law creates the State Highway Account in the State Transportation Fund, and requires all money appropriated, contributed, or made available from any source for expenditure on work within the powers and duties of the department, including sources other than state appropriations, to be transferred to or deposited in the account. This bill would authorize the department to establish a special subaccount of the State Highway Account to accommodate deposits and expenditures of moneys relative to routine programmatic testing and inspection services requested by a local agency or other entity that are not directly related to a particular project, including, but not limited to, aggregate qualifications, mix verifications, plant inspections, and laboratory certifications. The bill would authorize the department to assign a nondistributive project identification number for those services, and charge a fee to the requesting party for services performed by the department in order to reimburse the department for its associated costs, which costs shall be payable from the subaccount. The bill would continuously appropriate the moneys in the subaccount to the department for these purposes.

SB 400 Portantino D Highways: victim memorial signs.	4/27/2017-S. APPR. 5/4/2017-Set for hearing May 15.	Existing law requires the Department of Transportation to design, construct, place, and maintain, or cause to be designed, constructed, placed, and maintained, "Please Don't Drink and Drive" signs on state highways in memory of accident victims killed in accidents involving another party who was convicted of drunk driving or various other alcohol-related offenses, as specified, if the sign is requested, or consented to, by an immediate family member of the accident victim, and the requester pays a fee to cover the department's costs, as specified. This bill would add, until January 1, 2022, similar provisions to providing for the placement of "Please Drive Safely" signs in memory of victims killed in vehicular accidents unrelated to drugs or alcohol. The bill would limit to 24 the number of signs that may be placed each calendar year under these new provisions, with a maximum of 2 signs per year in each district of the department. The bill would exclude from the meaning of "victim" a party to the accident who operated a vehicle involved in the vehicle accident in violation of any nonalcohol-related or nondrug-related driving offense, but who died in the accident or was not prosecuted because he or she was found to be mentally competent, as specified. The bill would require the department to prepare an evaluation of the program and report its findings and any related recommendations to the Legislature by January 1, 2021.

SB 406 Leyva D Vehicles: high-occupancy vehicle lanes: exceptions.	4/27/2017-S. APPR. 5/4/2017-Set for hearing May 15.	<p>Existing federal law authorizes a state to allow the use of lanes designated for high-occupancy vehicles (HOVs) by specified vehicles that are not HOVs. Existing state law authorizes the Department of Transportation to designate certain lanes for the exclusive use of HOVs, which lanes may also be used by certain low-emission, hybrid, or alternative fuel vehicles not carrying the requisite number of passengers otherwise required for the use of an HOV lane, if the vehicle displays a valid identifier issued by the Department of Motor Vehicles (DMV). A violation of provisions relating to HOV lane use by vehicles, including operating or owning a vehicle displaying a decal, label, or other identifier that was not issued to that vehicle, is a crime. This bill would similarly authorize a blood transport vehicle, as defined, that is transporting blood between collection points and hospitals or storage centers to use HOV lanes, by requiring the department to make available for issuance a distinctive decal, label, or other identifier that clearly distinguishes a blood transport vehicle from other vehicles for purposes of use in those lanes, and would make conforming changes. The bill would require payment of fees for the initial issuance and renewal of a decal, label, or other identifier, as specified. By expanding the scope of existing crimes relating to HOV lane use, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.</p>		<p>Transportation And Housing (text 3/23/2017) Support American Red Cross (sponsor) Blood Centers of California Blood Centers of the Pacific Blood Source United Blood Services Oppose None</p>

<p>SB 414 Vidak R</p> <p>Transportation bonds: highway, street, and road projects.</p>	<p>2/23/2017-S. T. & H. 4/5/2017-April 4 set for first hearing. Failed passage in committee. Reconsideration granted.</p>	<p>Existing law, the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century, approved by the voters as Proposition 1A at the November 4, 2008, general election, provides for the issuance of general obligation bonds in the amount of \$9 billion for high-speed rail purposes and \$950 million for other related rail purposes. Article XVI of the California Constitution requires measures authorizing general obligation bonds to specify the single object or work to be funded by the bonds and further requires a bond act to be approved by a 2/3 vote of each house of the Legislature and a majority of the voters. This bill would provide that no further bonds shall be sold for high-speed rail purposes pursuant to the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century, except as specifically provided with respect to an existing appropriation for high-speed rail purposes for early improvement projects in the Phase 1 blended system. The bill, subject to the above exception, would require redirection of the unspent proceeds from outstanding bonds issued and sold for other high-speed rail purposes prior to the effective date of these provisions, upon appropriation, for use in retiring the debt incurred from the issuance and sale of those outstanding bonds. The bill, subject to the above exception, would also require the net proceeds of bonds subsequently issued and sold under the high-speed rail portion of the bond act, upon appropriation, to be made available to the California Transportation Commission for allocation for repair and new construction projects on state highways and freeways, and to the Controller for apportionment to transportation projects or other infrastructure projects, as specified. The bill would make no changes to the authorization under the bond act for the issuance of \$950 million in bonds for rail purposes other than high-speed rail. These provisions would become effective only upon approval by the voters at the June 5, 2018, statewide primary election.</p>		<p>Transportation And Housing (text 2/15/2017)</p> <p>Support</p> <p>Citizens for California High-Speed Rail Accountability Community Coalition on High-Speed Rail DERAIL Howard Jarvis Taxpayers Association One individual Tos Farms Inc.</p> <p>Oppose</p> <p>California Labor Federation</p>

SB 422 Wilk R Transportation projects: comprehensive development lease agreements.	4/28/2017-S. 2 YEAR 4/28/2017-Failed Deadline pursuant to Rule 61(a)(2). (Last location was T. & H. on 3/29/2017)(May be acted upon Jan 2018)	Existing law authorizes the Department of Transportation and regional transportation agencies, as defined, to enter into comprehensive development lease agreements with public and private entities, or consortia of those entities, for certain transportation projects that may charge certain users of those projects tolls and user fees, subject to various terms and requirements. These arrangements are commonly known as public-private partnerships. Existing law provides that a lease agreement may not be entered into under these provisions on or after January 1, 2017. This bill would extend this authorization indefinitely and would include within the definition of "regional transportation agency" the Santa Clara Valley Transportation Authority, thereby authorizing the authority to enter into public-private partnerships under these provisions. The bill would also make nonsubstantive changes to these provisions by correcting obsolete cross-references.	Sponsor	
SB 513 Bradford D Assault and battery of a public utility worker.	4/17/2017-S. APPR. SUSPENSE FILE 4/17/2017-April 17 hearing: Placed on APPR. suspense file.	Existing law makes assault punishable by a fine not exceeding \$1,000, or by imprisonment in the county jail not exceeding 6 months, or by both the fine and imprisonment. Existing law provides for higher fines and longer terms of imprisonment for assaults against specified individuals, including a peace officer engaged in the performance of his or her duties when the person committing the offense knows or reasonably should know that the victim is a peace officer. This bill would make assault of a utility worker, as defined, engaged in the performance of essential service, and the person committing the offense knows or reasonably should know that the victim is a utility worker engaged in the performance of essential service, punishable by a fine not exceeding		Public Safety (text 2/16/2017) Support Association for Los Angeles Deputy Sheriffs California American Water California Association of Code Enforcement Officers California College and University Police Chiefs Association California District Attorneys Association California Municipal Utilities Association California Narcotic Officers' Association California Water Association

SB 584 De León D California Renewables Portfolio Standard Program.	5/3/2017-S. BUDGET & F.R. 5/3/2017-Re-referred to Com. on B. & F.R.	<p>Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including electrical corporations, while local publicly owned electric utilities, as defined, are under the direction of their governing boards. The California Renewables Portfolio Standard Program requires the Public Utilities Commission to establish a renewables portfolio standard requiring all retail sellers, as defined, to procure a minimum quantity of electricity products from eligible renewable energy resources, as defined, so that the total kilowatthours of those products sold to their retail end-use customers achieves 25% of retail sales by December 31, 2016, 33% by December 31, 2020, 40% by December 31, 2024, 45% by December 31, 2027, and 50% by December 31, 2030. The program additionally requires each local publicly owned electric utility, as defined, to procure a minimum quantity of electricity products from eligible renewable energy resources to achieve the procurement requirements established by the program. The Legislature has separately declared that its intent in implementing the program is to attain, among other targets for sale of eligible renewable resources, the target of 50% of total retail sales of electricity by December 31, 2030. This bill would revise those legislative findings and declarations to state that the goal of the program is to achieve that 50% target by December 31, 2025, and for all electricity sold at retail to be generated by eligible renewable energy resources by December 31, 2045.</p>

SB 614 Hertzberg D Public transportation agencies: administrative penalties.	5/4/2017- S. SECOND READING 5/4/2017-Read third time and amended. Ordered to second reading.	Existing law authorizes a public transportation agency to adopt and enforce an ordinance to impose and enforce civil administrative penalties for certain passenger misconduct on or in a transit facility or vehicle. Existing law requires these penalties to be deposited in the general fund of the county in which the citation is administered. This bill would instead require the penalties to be deposited with the public transportation agency that issued the citation.		
SB 639 Hertzberg D Property taxation: assessment: electric generation facilities.	5/2/2017- S. THIRD READING 5/2/2017-Read second time. Ordered to third reading.	Existing property tax law generally requires a county assessor to assess all property subject to general property taxation at its full value, but requires the State Board of Equalization to annually value and assess all of the taxable property within the state that is to be assessed by it pursuant to the California Constitution, which includes, among other things, property, except franchises, owned or used by companies transmitting or selling electricity and property owned or used by other public utilities, as authorized by the Legislature. Existing property tax law authorizes the board to use the principle of unit valuation in valuing properties of a state assessee that are operated as a unit in a primary function of the assessee, and provides for the allocation of property tax assessed value and revenues from the unitary and operating nonunitary property, as defined, of the state assessee among the various counties in which that property is located. Existing property tax law requires the board to annually assess every electric generation facility with a generating capacity of 50 megawatts or more that is owned or operated

		<p>by an electrical corporation, as defined. Existing property tax law provides an exception from this requirement for qualifying small power production facilities and qualifying cogeneration facilities, as defined by reference to specified federal law. This bill would provide an additional exception for a facility producing power from other than a conventional power source that is an exempt wholesale generator, as defined by reference to specified federal law, thereby requiring that these facilities be assessed by county assessors. By requiring county assessors to assess certain facilities, this bill would impose a state-mandated local program. Existing property tax law specifies that the above-described provisions relating to assessment of electric generation facilities by the board supersede any contrary regulation in existence as of the effective date of the existing provisions. This bill would delete this specification. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.</p>

SB 760 Wiener D Transportation funding: active transportation: complete streets.	3/9/2017-S. T. & H. 3/9/2017- Referred to Com. on T. & H.	(1)Existing law establishes the Active Transportation Program in the Department of Transportation for the purpose of encouraging increased use of active modes of transportation, such as biking and walking, and declares the intent of the Legislature that the program achieve specific goals, including, among other things, increasing the proportion of trips accomplished by biking and walking and the safety and mobility for nonmotorized users.This bill would establish a Division of Active Transportation within the department and require that an undersecretary of the Transportation Agency be assigned to give attention to active transportation program matters to guide progress toward meeting the department’s active transportation program goals and objectives. The bill would require the California Transportation Commission to give high priority to increasing safety for pedestrians and bicyclists and to the implementation of bicycle and pedestrian facilities. The bill would require, on or before January 1, 2018, the department to update the Highway Design Manual to incorporate the “complete streets” design concept, including, but not limited to, a specified guidance for selection of bicycle facilities.This bill contains other related provisions and other existing laws.

SB 768 Allen D Transportation projects: comprehensive development lease agreements.	2/17/2017-S. RLS. 3/27/2017-From committee with author's amendments. Read second time and amended. Re-referred to Com. on RLS.	Existing law authorizes the Department of Transportation and regional transportation agencies to enter into comprehensive development lease agreements with public and private entities, or consortia of those entities, for certain transportation projects that may charge certain users of those projects tolls and user fees, subject to various terms and requirements. These arrangements are commonly known as public-private partnerships. Existing law provides that a lease agreement may not be entered into under these provisions on or after January 1, 2017. This bill would extend this authorization indefinitely. The bill would also make nonsubstantive changes to these provisions by correcting obsolete cross-references.		
SB 775 Wieckowski D California Global Warming Solutions Act of 2006: greenhouse gas emissions reduction.	5/1/2017-S. E.Q. 5/2/2017-Set for hearing May 10.	The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The act requires the state board to consult with other states, the federal government, and other nations to identify the most effective strategies and methods to reduce greenhouse gases, manage greenhouse gas control programs, and facilitate the development of integrated and cost-effective regional, national, and international greenhouse gas reduction programs. This bill would require the state board also to consult with local agencies for these purposes.

SCA 6 Wiener D Local transportation measures: special taxes: voter approval.	4/5/2017-S. T. & H. 5/1/2017-From committee with author's amendments. Read second time and amended. Re-referred to Com. on T. & H. Set for hearing May 9.	The California Constitution conditions the imposition of a special tax by a city, county, or special district upon the approval of 2/3 of the voters of the city, county, or special district voting on that tax, except that certain school entities may levy an ad valorem property tax for specified purposes with the approval of 55% of the voters within the jurisdiction of these entities. This measure would require that the imposition, extension, or increase by a local government of a special tax as may otherwise be authorized by law, whether a sales or transactions and use tax, parcel tax, or other tax for the purpose of providing funding for transportation purposes be submitted to the electorate by ordinance and approved by 55% of the voters voting on the proposition. The measure would authorize an ordinance submitted to the voters for approval under these provisions to provide, as otherwise authorized by law, for the issuance of bonds payable from the revenues from the special tax. The measure would require an ordinance submitted to the voters under these provisions to include an expenditure plan specifying the transportation programs and projects to be funded by the revenues from the special tax and a requirement for an annual independent audit to ensure that the revenues are expended only for authorized purposes. The measure would also make conforming and technical, nonsubstantive changes. This bill contains other related provisions and other existing laws.		
SCA 12 Mendoza D	Introduced: 04/27/17	SCA 12, as introduced, Mendoza. Counties: governing body: county executive. (1) The California Constitution requires that a county charter provide for

		<p>a governing body of 5 or more members, elected by district, at large, or at large with a requirement that they reside in a district, and provide for the compensation, terms, and removal of members of the governing body. Existing law also requires a general law county to have a board of supervisors consisting of 5 members, and requires, except as provided, each member of the board of supervisors to be elected by the district which the member represents.</p> <p>This measure would, commencing January 1, 2022, in a county that is found at a decennial United States census, beginning with the 2020 United States census, to have a population of more than 5,000,000, require, and deem any applicable law, including a county charter, to require, a governing body consisting of a sufficient number of members so as to ensure that each member represents a district containing a population equivalent to no more than 2 districts in the United States House of Representatives. The measure would require that the members of the governing body serve for a term of 4 years and limit election to the governing body to no more than 3 terms. The measure would also provide that, in such a county, the expenditures for the governing body and its staff may not exceed, for any subsequent fiscal year after the release of the census finding that the county has a population of more than 5,000,000, the amount that was allocated for the expenses of the governing body and its staff in the county's adopted budget for the fiscal year in which that same census was conducted, unless adjusted as provided.</p> <p>(2) The California Constitution additionally requires that a county</p>

		<p>charter provide for an elected sheriff, an elected district attorney, an elected assessor, and other officers.</p> <p>This measure would require a county that is found at a decennial United States census, beginning with the 2020 United States census, to have a population of more than 5,000,000, to have an elected county executive. The measure would provide for the election of the county executive to a term of 6 years at a general election, and would limit election to that office to no more than 2 terms. The measure would require the county executive to appoint, supervise, and dismiss any appointed department head, and to appoint the members of county commissions, subject to confirmation by the governing body of the county. The measure would additionally require the county executive to develop and submit the county budget to the governing body, for approval or amendment by that body, and to approve, with or without line-item vetoes, the budget as transmitted back by the governing body.</p> <p>(3) The California Constitution provides that charter counties are subject to statutes that relate to apportioning population of governing body districts.</p> <p>This measure would recast this provision to provide that charter counties are subject to federal, state, and local laws that relate to apportioning population of governing body districts.</p> <p>(4) This measure would also make other technical, nonsubstantive changes.</p> <p>(5) This measure would declare that its provisions are severable.</p>
