(CARRIED OVER FROM MARCH)

ISSUE

The existing glass anti-graffiti film maintenance and replacement services contract will expire on May 31, 2019. To continue providing the required anti-graffiti film maintenance and replacement services to protect the glass surfaces system-wide, four (4) new regional contract awards are required effective June 1, 2019.

BACKGROUND

There is approximately 125,358 square feet of glass panel surface throughout the Metro transit system subject to vandalism. Based on historical data, approximately 102,794 square feet (82%) of glass anti-graffiti film system-wide is etched or vandalized and replaced each month. With the new expansion projects to include Crenshaw/LAX Corridor, Regional Connector, Purple Line Westside Extension Phase I and the Airport Metro Connector, approximately 75,032 square feet of additional glass panel surface will be added to these contracts as it is subject to vandalism. This will increase the total glass panel surface to 200,390 sq. ft. with an estimated replacement rate of 164,319 square feet (82%) per month.

DISCUSSION

The existing system-wide glass anti-graffiti film maintenance and replacement services contract is due to expire on May 31, 2019. This contract is being replaced with four (4) new regional maintenance contracts split geographically. This action is necessary to expand opportunities for small business participation while maintaining service efficiency and continuity.

Under these new regional contracts, each contractor will provide regular glass anti-graffiti film maintenance and replacement services within their defined locations. The anti-graffiti film will be inspected at a frequency of once a month and on an as-needed basis, with 100% replacement of all etched or vandalized anti-graffiti film.

Regular graffiti abatement service for Metro facilities is essential to ensure maintaining a safe, clean, and pleasant environment to our patrons. This service will continue our long standing practice of zero tolerance for graffiti system-wide and enhance the overall appearance and cleanliness of Metro facilities while mitigating criminal activities. Graffiti Shield, Inc. and XInt Tint of Anaheim, Inc., are both Metro Certified small business enterprises (SBE). For this procurement, each contractor has made a 97% SBE and a 3% Disabled Veteran Business Enterprise (DVBE) participation commitment.

DETERMINATION OF SAFETY IMPACT

Approval of this item will have a direct impact on the safety of our customers. This board action will ensure the delivery of timely and reliable glass anti-graffiti film maintenance and replacement services while improving Metro bus and rail facilities overall appearance and cleanliness, and enhancing customers' transit experience.

FINANCIAL IMPACT

The total three-year base contract value for regions 1 through 4 is \$9,417,960. Approximately \$262,000 is available in the FY19 budget to fund this action. Funding is allocated under cost center 3367 - Facilities Property Maintenance, account 50308, Service Contract Maintenance, under various projects.

Since these are multi-year contracts, the cost center manager and Sr. Executive Officer, Maintenance and Engineering will be accountable for budgeting the cost in future years.

Impact to Budget

The current source of funds for this action include Proposition A/C, Measure R/M, and Transportation Development Act. Use of these funding sources currently maximizes project funding allocation given approved funding provisions and guidelines.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

Approval of this recommendation supports the following Metro Strategic Plan Goal: 2) Deliver outstanding trip experience for all users of the transportation system. Also, glass anti-graffiti film installation and replacement services contribute to facilities' overall condition and cleanliness.

ALTERNATIVES CONSIDERED

Staff considered providing this service through Metro in-house staff. This would require the hiring and specialized training of additional personnel, purchase of additional equipment, vehicles, and supplies to support the expanded responsibility. Metro's assessment indicates that this is not a cost effective option for Metro.

NEXT STEPS

Upon approval by the Board, staff will execute contracts to the recommended contractors below, to provide glass anti-graffiti film maintenance and replacement services, effective June 1, 2019:

Contract No. OP1246400003367, for Region 1 to Graffiti Shield, Inc.

Contract No. OP1246420003367, for Region 2 to Graffiti Shield, Inc.

Contract No. OP1246430003367, for Region 3 to Xlnt Tint of Anaheim, Inc.

Contract No. OP1246440003367, for Region 4 to Xlnt Tint of Anaheim, Inc.

A. Procurement Background

This Board Action is to approve contract awards to two Small Business Enterprise (SBE) firms, XInt Tint of Anaheim, Inc. and Graffiti Shield, Inc. to provide anti-graffiti film maintenance, installation and replacement services for four regions to protect the glass surfaces system-wide as outlined in Invitation for Bid (IFB) No. OP57985, effective June 1, 2019. Board approval of contract awards are subject to resolution of any properly submitted protest(s).

Prior to the release of IFB No. OP57985, an informational meeting was held at Metro Headquarters on November 1, 2018, to share details and timelines for the upcoming procurement, and also provide an opportunity to potential bidders on how Metro would be replacing the existing system-wide service area with four new geographical regions. This action was intended to expand opportunities for small business participation while maintaining service efficiency and continuity. A total of 12 participants representing 8 firms were present at the meeting.

On November 15, 2018, IFB No. OP57985 was issued as a competitive procurement in accordance with Metro's Acquisition Policy. The proposed contract types are firm fixed unit rates.

One amendment was issued during the solicitation phase of this IFB:

- Amendment No. 1, issued on December 5, 2018, provided pre-bid conference material including sign-in sheets, planholder's list, and prevailing wage information.

A pre-bid conference was held on December 4, 2018 and was attended by six participants representing five firms.
