

Board Report

File #: 2019-0228, File Type: Program

Agenda Number: 38.

FINANCE, BUDGET AND AUDIT COMMITTEE MAY 15, 2019

SUBJECT: FY 2019-20 METROLINK ANNUAL WORK PROGRAM BUDGET

ACTION: APPROVE RECOMMENDATIONS

RECOMMENDATION

CONSIDER:

- A. APPROVING the Los Angeles County Metropolitan Transportation Authority's (Metro) share of the Southern California Regional Rail Authority's (SCRRA operated as "Metrolink") FY 2019-20 Budget Transmittal dated April 22, 2019, in the amount of \$111,341,440 along with Metro's enhanced operations programs in the amount of \$6,546,563 as listed in Attachment A for a totaling programming amount of \$117,888,003;
- B. REPROGRAMMING the use of \$3,237,526 in FY 2017-18 Operating Surplus to fund a portion of Metro's share of Metrolink's operating costs detailed in Attachment A;
- C. REPROGRAMMING up to \$3,900,000 in surplus FY17 state of good repair funds to fund a portion of Metro's share of Metrolink's FY 20 rehabilitation and capital program listed in Attachment A;
- D. APPROVING additional funding for the San Bernardino Line 25% discount program in the amount of \$2,190,969 to establish the life of project budget of \$4,190,969;
- E. EXTENDING the lapsing dates for funds previously allocated to Metrolink for the Rehabilitation and Renovation Program as follows:
 - FY 2013-14 from June 30, 2019 to June 30, 2020 - \$73,298
 - FY 2014-15 from June 30, 2019 to June 30, 2020 - \$2,663,905;
- F. APPROVING the FY20 Transfers to Other Operators payment rate of \$1.10 per boarding to Metro and an EZ Pass reimbursement cap to Metro of \$5,592,000; and
- G. AUTHORIZING the Chief Executive Officer to negotiate and execute all necessary agreements between Metro and the SCRRA for the approved funding.

ISSUE

The Southern California Regional Rail Authority (SCRRA operated as “Metrolink”) Joint Exercise of Powers Agreement (JPA) requires the member agencies to approve their individual share of the Metrolink budget on an annual basis (please refer to Attachment B - Metrolink Transmittal of the Proposed Fiscal Year 2019-20 Budget dated May 1, 2019). The total Metrolink FY 2019-20 Budget request from all JPA Member Agencies is \$224.216 million consisting of \$157.445 million for Commuter Rail operations, \$63.731 million for Rehabilitation and \$3.040 million for capital projects. Staff is recommending the approval of \$117,880,003 for Metro’s share of Metrolink’s FY2019-20 Budget and Metro’s enhanced operations programs detailed in Attachment A.

DISCUSSION

The SCRRA operates and provides the Metrolink commuter rail service within Los Angeles County and between Los Angeles County and the surrounding counties of Orange, Riverside, San Bernardino, and Ventura, and up to the northern San Diego County line. Metro is firmly supportive and committed to be a strategic partner with Metrolink. Metro’s share of Metrolink’s FY 2019-20 Budget totals \$111.342 million consisting of \$77.989 million for commuter rail operations, \$31.964 million for rehabilitation projects and \$1.389 million for new capital projects as further described below.

Metrolink Operations

Metrolink’s total Budget request from all JPA Member Agencies is \$157.445 million for Commuter Rail operations. Metro’s share of the Metrolink commuter rail operations is \$77.989 million (of the \$157.445 million) which is a \$2,869 million increase (3.8%) over FY19 levels (please refer to Table 1 below). The increase in commuter rail operations is attributable to the contract escalation costs for train operations and equipment maintenance, salaries and benefits with an increase of five (5) new full time equivalent positions, administrative costs and the addition of new Metrolink services. The new Metrolink services consists of two additional roundtrips on the Orange County Line, two additional round trips on the 91/Perris Valley Line, one Saturday round trip on the Ventura County Line and one mid-day roundtrip to the Hollywood Burbank Airport. Metrolink has no fare increases for FY 20. Staff continues to work with SCRRA to control and maintain an effective level of operating and maintenance costs.

	FY19	FY20	DIFFERENCE	CHANGE %*
Expenses	\$251,356	\$262,869	\$11,505	4.6%
Revenues	\$100,806	\$105,423	\$4,683	4.6%
Member Agency	\$150,550	\$157,445	\$6,822	4.5%
Metro Subsidy	\$75,120	\$77,989	\$2,869	3.8%
Metro Share of Subsidy	49.9%	49.5%		

*Numbers may be subject to minor rounding

Rehabilitation and Capital - \$33,352,440

MetroLink’s FY 2019-20 total rehabilitation and capital budget request from all the JPA member agencies was revised on the April 22, 2019 budget transmittal to \$66.771 million (which includes \$63.731 million for rehabilitation and \$3.040 million for capital). Metro’s share is \$33.353 million (out of \$66.771 million) for the FY 2019-20 rehabilitation and capital projects. Staff is recommending programming funds in the amount of \$31.964 million for rehabilitation projects and \$1.389 for capital projects as listed on Attachment B-MetroLink Transmittal of the Proposed Fiscal Year 2019-20 Budget dated May 1, 2019.

Metro has been working collaboratively with the other four JPA members and MetroLink to review MetroLink’s FY20 rehabilitation and capital program in detail since November 2018 where MetroLink’s original rehabilitation and capital program totaled approximately \$87.816 million consisting of \$84.776 million for rehabilitation and \$3.040 million for capital. Based on Metro’s review of the project readiness of the MetroLink rehabilitation and capital program, Metro estimated approximately \$29.9 million in programming authority for FY 20 (refer to Attachment C-Metro’s Update on MetroLink FY 2019-20 Budget dated March 21, 2019). After further coordination with MetroLink and in support of the other JPA member’s subsidy share of the MetroLink rehabilitation and capital program, Metro increased the programming authority of MetroLink’s FY 20 rehabilitation and capital budget program from \$29.9 million to \$33.353 million to fund the all-share and line specific rehabilitation and capital programs shared with the other JPA members. Subsequently, on April 22, 2019, MetroLink revised their FY 20 budget request for their rehabilitation and capital program to \$66.771 million (from \$84.776 million) which aligns with all the JPA member agencies’ funding commitments.

Staff is working with MetroLink to prioritize urgent tracks, bridges, culverts and structures state of good repair projects to maintain safety and service. In the last three years, Metro has provided a total of \$90.2 million consisting of over 130 rehabilitation and capital projects from FY17 through FY19. In the last ten years, Metro’s largest singular year contribution to MetroLink’s rehabilitation and capital program is approximately \$41.7 million which occurred in FY 19.

MetroLink’s project delivery of rehabilitation and capital projects has significantly improved since FY17 especially on 29 High Priority State of Good Repair Projects with an initial cost savings of approximately \$4.922 million (refer to Attachment D-MetroLink’s High Priority SOGR Program dated April 2019). Since MetroLink uses a four (4) year project delivery schedule for their rehabilitation and capital program, as of April 23, 2019, MetroLink has completed a total of 12 projects totaling \$12.917 million with a cost savings of approximately \$4.922 million with 42 projects in process and 76 projects have not commenced yet. Metro anticipates additional cost savings will be incurred for the remaining 118 projects. However, at this time, with the cost savings incurred to date, staff is proposing to reprogram \$3.9 million from the FY17 High Priority SOGR Projects to fund \$3.9 million of Metro’s share of MetroLink’s FY 2019-20 rehabilitation and capital program. The current total of outstanding MetroLink funding is approximately \$75.4 million for rehabilitation and capital project work dating from FY14 through FY18.

TABLE 2-Metro Funds for MetroLink Rehab/Capital		
Fiscal Year	Number of Projects	Total

FY 17	55	\$41,678,525
FY 18	1	\$6,819,000
FY 19	74	\$41,731,193
Subtotal	130	\$90,228,718
Proposed FY 20	26	\$33,352,440
GRAND TOTAL	156	\$123,581,158

KEY HIGHLIGHTS OF THE PROPOSED FY 20 BUDGET ARE AS FOLLOWS:

Right-of-Way (ROW) Security Services Provided by L.A. Sheriffs (LASD) - \$2,522,962

MetroLink contracts with the LASD to provide core security and fare enforcement services on board trains and at stations. In addition to core security services, Metro provides additional funding to MetroLink for 9.5 LASD full time equivalents (FTEs) to provide a dedicated LASD presence along Metro owned ROW resulting in quicker LASD responses to incidents along the ROW within Los Angeles County.

Although the Regional Rail department funds these services, Metro's Security and Law Enforcement department oversees the MetroLink's Sheriff's program in conjunction with the Regional Rail department to realize more efficiencies, to maximize deployment of LASD deputies, assist with deterring homeless encampments, reduce incidents as a result of enhanced security presence, provide oversight, coordination and collaboration of MetroLink's security and law enforcement services.

Antelope Valley Line Contract Security & LASD Program - \$1,707,632

The Antelope Valley Line (AVL) Contract Security and LASD Program (formerly the AVL 100% Fare Enforcement Program) was implemented in October 2017. The new blended approach of utilizing security officer deployments to achieve an increased security presence and enhanced fare enforcement coverage along the AVL has been very successful. SCRRA is reporting that fare evasion has decreased since the program's implementation. The new security officer deployments supplement existing LASD and Amtrak conductor security and fare enforcement functions.

San Bernardino Line 25% Fare Subsidy Program - \$2,190,969

In January 2018, Directors Solis, Najarian, Krekorian and Fasana submitted Motion #44 directing the Chief Executive Officer to work with SCRRA and the San Bernardino County Transportation Authority (SBCTA) to develop a strategic plan to implement a Fare Discount Pilot Program and report back in 90 days. In partnership with SBCTA, in April 2018 staff recommended a 25% fare discount pilot program "across the board" which began in July 2018. The Board approved programming up to \$2 million in prior year Proposition C 10% surplus funds to fund the fare reduction pilot. In October 2018 SCRRA conducted a Title 6 study and SCRRA made the new service part of their permanent fare structure. As of October 2018 ridership was up 10% and the pilot was considered very successful. However, the total anticipated cost for the life of the program is estimated to be \$4,190,969. As such, staff is recommending additional funding in the amount of \$2,190,969 to fund the new service

through FY 2022 at which point the program is expected to break even.

Special Events - \$125,000

SCRRA has begun including recurring special events (L.A. County Fair, L.A. Rams Games, etc.) in their FY20 operating budget based on the history of past events. However, to ensure that in the event additional Metro sponsored special events occur, staff is recommending an additional \$125,000 to fund these costs such as for CicLa Via, Dodgers Express, etc., just to name a few.

Extend Lapsing Dates of Rehabilitation / Capital Funds

This recommended Board action extends SCRRA's FY 2013-14 and FY 2014-15 funding in the amount of \$2,737,203 from expiring on June 30, 2019 to June 30, 2020. Metrolink rehabilitation and capital projects span over a 4 year project delivery program to take advantage of matching federal funds. As a result, funds programmed over multiple years may not be completely invoiced prior to the funds lapsing and Metro does not recognize project completion until we are invoiced. In FY15, Metro extended the lapsing period to four years and extended the lapsing dates of several MOUs. Metrolink indicated that their work is in progress, close to completion and will be completed and invoiced by fiscal year end 2020.

Transfers to Other Operators Payment Rate to Metro

Metrolink reimburses Metro for Metrolink riders who transfer to and from Metro services for free, including the rail system at Union Station, through the EZ Transit Pass Program. For FY20, staff is recommending that the reimbursement rate remain at \$1.10, the same as for FY19, and that the existing EZ Transit Pass cap of \$5,592,000 be honored.

DETERMINATION OF SAFETY IMPACT

Approval of this item will have no impact on the safety of Metro's patrons or employees.

FINANCIAL IMPACT

Metro's total FY20 Metrolink Annual Work Program programming authority recommendation is \$117,888,003 as outlined in Attachment A. Operations funding consists of \$81,298,037 in new Proposition C 10% / Measure M1% funds and reprogramming \$3,237,526 of FY18 operating surplus for a total of \$84,535,563; Rehabilitation and Capital consists of \$29,334,355 in new Measure R 3% funds, \$3,900,000 of FY17 surplus rehabilitation and capital funds and \$118,085 from Metro's funding contribution already allocated to the LINK US project.

This is a programming action and the Cost Center Manager will be responsible for annual budget funding allocations.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

Staff's recommendation supports strategic plan goal #1.2 to improve L.A. County's overall transit network and assets. Metro will work with the Southern California Regional Rail Authority (SCRRA) to provide more frequent and reliable Metrolink services, improve customer satisfaction, and support better transit connections throughout the network.

ALTERNATIVES CONSIDERED

As a member of the JPA, Metro is required to approve its annual share of the SCRRA budget. However, the Metro Board could elect to authorize a higher capital/rehabilitation budget amount. Metro staff does not recommend this option due to Metrolink's progress on their project delivery and current unspent funds in the amount of \$75.4 million consisting of previously approved Metro funding during the period of FY14 through FY18.

NEXT STEPS

Staff is working collaboratively with Metrolink staff to prioritize urgent track and structure rehabilitation projects to maintain safety and service. Staff will provide progress reports on Metrolink rehabilitation and capital projects through the Regional Rail Quarterly Report.

The Metrolink Board is scheduled to adopt its FY20 Budget on June 14, 2019. Metro staff will monitor implementation of SCRRA's budget and report back to the Metro Board with any issues requiring Board action.

FROM: Stephanie Wiggins, Chief Executive Officer, ~~SCRRA~~ SCRRA

SUBJECT: SCRRA Proposed FY2019-20 Budget

On April 26, 2019, the SCRRA Board of Directors authorized the transmittal of the SCRRA Proposed FY2019-20 (FY20) Budget to its Member Agencies for their consideration and adoption. The Board also authorized transmission of Forecast Budgets for FY21, FY22, FY23 and FY24 for Member Agency consideration and programming. Attached for your review is a copy of the April 26 board report. We are scheduled to present the FY20 Budget to the SCRRA Board for adoption on June 14, 2019.

Adoption of the annual budget provides the annual funding commitment for General Operations and the Annual Capital Program which includes investments in Rehabilitation and New Capital. Programming amounts for the fiscal years 2021 through 2024 as reflected in the four-year forecast provides more of a long-term approach for planning future year budgets that will be presented for adoption through the annual budget development process.

Thank you for your ongoing support and active participation in the development of the FY20 Proposed Budget. SCRRA staff remain available to address any questions you may have as we anticipate adoption of the budget by the SCRRA Board of Directors in June 2019. If you have comments or concerns, please do not hesitate to contact me directly at (213) 452-0258. You may also contact Ronnie Campbell, Chief Financial Officer, at (213) 452-0285.

TRANSMITTAL DATE: April 22, 2019

MEETING DATE: April 26, 2019 **ITEM 24**

TO: Board of Directors

FROM: Stephanie Wiggins, Chief Executive Officer

SUBJECT: Transmittal of the Proposed Fiscal Year 2019-20 Budget and Four-Year Forecast

Issue

The Authority is required, under the Joint Exercise of Powers Agreement, to provide to its Member Agencies, on or before May 1 of each year, a Proposed Budget for the coming fiscal year (effective July 1, the start of the fiscal year) for individual agency consideration and approval.

Recommendation

It is recommended that the Board approve the transmittal of the:

- 1) Proposed Fiscal Year 2019-20 (FY20) Budget to its Member Agencies not later than May 1, for their consideration and adoption as required in the Joint Powers Agreement, and
- 2) Proposed forecast for the fiscal years 2021 through 2024 as reflected in the four-year forecast be transmitted to the Member Agencies for their consideration and programming.

Strategic Goal Alignment

This report aligns with the strategic goal to *maintain fiscal sustainability*. Adoption of the annual budget provides the annual funding commitment for General Operations and the Annual Capital Program which includes investments in Rehabilitation and New Capital. Programming amounts for the fiscal years 2021 through 2024 as reflected in the four-year forecast provides a more long-term approach for planning future year budgets that will be presented for adoption through the annual budget development process.

Background

The FY20 budget development process began in August 2018 with a Budget Kick-off Meeting attended by over 50 employees. Budget requests were compiled and submitted

by all Cost Center managers. Budget division staff subsequently analyzed and reviewed the requests with each Cost Center manager and their respective Chief in a series of one-on-one meetings. The primary purpose of the meetings was to provide justification for each line item budget amount requested taking into consideration such factors as:

- Funding at a level which will meet the goals of the Authority,
- Historic levels of spending,
- Current levels of spending,
- Known adjustments for the forthcoming year, and
- Overarching goal of safety, fiscal sustainability and operational efficiency.

These internal meetings began in October 2018 and concluded by mid-January 2019.

The FY20 Proposed Budget for Operations and the Capital Program (Rehabilitation/New Capital) was reviewed with the Technical Advisory Committee (TAC) members on December 11, 2018, and with the newly formed Member Agency Advisory Committee (MAAC) meetings on February 19, 2019, and March 15, 2019.

An overview of the FY20 Proposed Budget for Operations and Rehabilitation/New Capital (FY20 Proposed Budget) detailing the Total Request for Funding was reviewed in individual conversations with each of the Member Agency Chief Financial Officers (CFOs) and Chief Executive Officers (CEOs) during the months of February and March 2019. During these individual telephonic meetings, substantive agreement was reached on concurrence with the Operating portion of the FY20 Proposed Budget as it would be presented at the Board Workshop on March 22, 2019. General agreement was reached with most of the Member Agencies regarding the funding level for the FY20 Capital Program, and productive conversations continued the day of the Budget Workshop and several days following.

Foundation for FY20 Proposed Budget

The FY20 Proposed Budget provides funding to achieve the following:

- Increase ridership and revenue, thereby reducing the reliance on operating subsidies from our Member Agencies;
 - ✓ Attracting new riders through Marketing activities, brand awareness, raising the recommendation score.
 - ✓ Retaining current riders, through the improvement of on-time performance, and train reliability, comfort and convenience.
- Continued emphasis on safe operations, with the implementation of intraoperative Positive Train Control (PTC) as the centerpiece of Metrolink's efforts;
- Increase of Farebox Revenue through advertising efforts;

- Contract Bundling to improve overall efficiencies, achieve greater accountability, and streamline contract administration.
- Enhance customer experience and loyalty through:
 - ✓ A customer loyalty program
 - ✓ Continuing improvements to the mobile ticketing application and a modernized ticket vending system;
- Invest in existing assets to maintain a state of good repair by:
 - ✓ Funding critical rehabilitation projects,
 - ✓ Improving processes to accelerate project delivery

The achievement of these goals is closely tied to maintaining our rolling-stock, equipment and structures in a state of good repair.

Board Budget Workshop

At the March 22, 2019 Budget Workshop, staff presented the FY20 Proposed Budget to the Board. At the Budget Workshop, Metrolink staff provided an overview of current year accomplishments and then focused on new initiatives reflected in the FY20 Budget consistent with the CEO's vision. The vision reflects the central focus of customer-first, supported by the pillars of Safety and Security, an Integrated System, and Modernized Business Practices. At that meeting, suggestions and inquiries were brought forward:

- In the Operations Budget:
 - ✓ Staffing Needs for Government Relations
 - Based upon feedback at the Workshop, the CEO has determined that the additional Government Relations FTE request can be accommodated by repurposing an existing vacancy. Therefore, the new FTE request is withdrawn.
 - ✓ Additional New Service on the Ventura Line
 - Service was added to provide an additional round trip each Saturday from April 6, 2020 to October 5, 2020. (Only that portion April 6, 2020 through June 30, 2020 is included in the FY20 Operating Budget)
 - ✓ Revisions to the Special Trains to reallocate expense where Members wished to share costs
 - Changes in total reduced the Special Train Revenue by \$0.1m, reduced Expense by \$0.1m, making these changes Subsidy neutral.
 - ✓ Marketing Budget Needs
 - Board members inquired as to why the investment in marketing was decreasing so drastically. This was due to the one-time investment of \$3.9m in FY19, which is not included in FY20. Staff mentioned there would be some residual impacts from the marketing investment in FY20. Staff also mentioned that ridership had not increased, but that revenue was close to neutral despite a decrease in Inland Empire riders due to on-time

performance issues on the Riverside and IE-OC Lines because the marketing investment had helped to offset declines. Staff would like more time to review the continued results of the current marketing investment before requesting an additional investment. If warranted, we would bring forth as a FY20 Budget Amendment.

- In the Capital Program:
 - ✓ Substitution of the Riverside Switch for the deferral of two projects – Emergency Support Vehicles and Automatic Equipment Identification scanners and the conversion of two others to Engineering studies. This action was taken as a result of immediate on-time performance benefits of the switch.
- High Speed Rail Funding for Bookend Projects
 - ✓ Staff provided the information that total funding for High Speed Rail Bookend Projects statewide is \$1.1 billion. Of that amount, \$500 million was assigned to Southern California. Two of the projects that were included in the MOU between a coalition of Southern California agencies and the High Speed Rail Authority (the Southern California MOU) were funded with the \$500 million – \$76.7M was assigned to the Rosecrans-Marquardt Grade Separation (which supports more capacity for the Orange County and 91/PV Lines) and \$423.3m was assigned to the Link US project which has a systemwide relationship to six of seven Metrolink lines and will enable operation of lines to be linked at Union Station with “through service”. Opportunities to work with the state and the high-speed rail authority will continue to be pursued to advance other projects in the Southern California MOU and in the SCORE program more broadly.

Subsequent to the Budget Workshop, changes were made to the Operating Budget to include new service on the Ventura Line and changes to the Special Trains which created a net increase to Member Operating Subsidies of \$0.07M. Changes were also made to the Capital Program. The Rehabilitation budget for Metro was reduced by \$21.0M, as a result of funding capacity. This reduction affected only Line Specific Projects on the Valley subdivision and the Ventura-LA County subdivision. With respect to New Capital, a decision to reprioritize projects created a reduction of \$1.01M.

FY20 Operating Budget

The following table presents two blocks of columns. The first, *Budget Workshop* depicts the FY20 Proposed Operating Budget, as presented to the Board on March 22, 2019. The second block of columns, *FY20 Revised* depicts the effect of the subsequent revisions on revenues, expenditures and operating subsidies as result of that meeting.

(\$ millions)	Budget Workshop				FY20 Revised				
	FY19 Budget	FY20 Budget	FY20 vs FY19		FY20 Revised	Revised vs Budget Workshop		FY20 Revised vs FY19	
Revenues	100.8	105.5	4.7	4.6%	105.4	-0.07	0.1%	4.6	4.6%
Expenditures	251.4	262.9	11.5	4.6%	262.9	0.01	0.0%	11.5	4.6%
Total Operating Subsidy	150.6	157.4	6.8	4.5%	157.4	0.07	0.0%	6.9	4.6%

Revised Operating Subsidy by Member Agency:

(\$ millions)	Budget Workshop				FY20 Revised				
	FY19 Budget	FY20 Budget	FY20 vs FY19		FY20 Revised	Revised vs Budget Workshop		FY20 Revised vs FY19	
Metro	75.1	77.9	2.8	3.8%	78.0	0.05	0.1%	2.9	3.8%
OCTA	29.4	30.4	1.0	3.3%	30.3	-0.07	-0.2%	0.9	3.0%
RCTC	19.7	21.2	1.6	8.0%	21.3	0.05	0.2%	1.6	8.3%
SBCTA	16.1	17.1	1.0	6.4%	17.2	0.01	0.0%	1.0	6.5%
VCTC	10.3	10.7	0.4	4.2%	10.7	0.04	0.4%	0.5	4.6%
Total Operating Subsidy	150.6	157.4	6.8	4.5%	157.4	0.07	0.0%	6.9	4.6%

FY20 Capital Program - Rehabilitation

During the months of November and December 2018, and January of 2019, staff met with the Member Agencies both jointly and individually to review the requested projects for FY20.

During these meetings, staff provided an overview of the call for projects process stating that the Metrolink Rehabilitation Plan (MRP) forms the basis for the amounts presented. Staff described the process for the ranking and prioritization of projects, and the optimization of the fiscal request from the Member Agencies that ensures fulfillment of the Authority's strategic goals through annual investment in our varied asset classes. Questions regarding proposed scope of the projects were answered, and additional supporting documentation was provided.

The forecast for Rehabilitation requirements over the next five fiscal years is shown below:

Life of Project Basis Rehabilitation

FY2019-20	\$ 63.7m	Request/Adopt
FY2020-21	\$161.1m	Forecast/Program
FY2021-22	\$213.1m	Forecast/Program
FY2022-23	\$217.6m	Forecast/Program
FY2023-24	\$222.1m	Forecast/Program

Completion of Rehabilitation projects are multi-year in nature. As such, the funding for the FY20, FY21, FY22, FY23 and FY24 requests may be viewed as each having a four-year funding commitment which would have the following estimated cashflow impact over the subsequent fiscal years:

FY2019-20 PROPOSED & FY2021-24 FORECAST CASHFLOW - REHABILITATION						
CASH BASIS						
	CASH OUTLAY					
(\$ millions)	FROM FY20 Budget	FROM FY21 Forecast	FROM FY22 Forecast	FROM FY23 Forecast	FROM FY24 Forecast	Total By Year
FY2019-20	3.1	-	-	-	-	3.1
FY2020-21	21.6	8.1	-	-	-	29.7
FY2021-22	18.7	56.4	10.7	-	-	85.8
FY2022-23	20.4	40.3	74.6	10.9	-	146.1

FY20 Capital Program - New Capital

Staff met during December 2018 and January 2019 to determine projects to be recommended for New Capital in FY20. Projects were presented that will enhance safety and security, improve system reliability, increase ridership, maximize capacity, improve efficiency, provide environmental benefit, and contribute to the strategic goals of the Authority. New Capital projects are subject to the same ranking, prioritization and optimization as the Rehabilitation projects described above. The Proposed New Capital Budget was revised after the presentation at the March 22, 2019 Budget Workshop. In March 15, 2019 MAAC meeting it was determined that the Power Switch at Riverside Downtown station was a higher priority project due to the immediate on-time performance benefits and project readiness. Therefore, other projects were deferred to allow the Switch project's inclusion. Additionally, it was determined that the higher priority need of

two Engineering Studies was included to determine the scope and budget for future capital investments of the locomotive overhauls and modernization needs of the EMF and CMF.

The forecast for New Capital requests over the next five fiscal years is shown below:

Life of Project Basis New Capital

FY2019-20	\$ 3.0m	Request/Adopt
FY2020-21	\$ 30.6m	Forecast/Program
FY2021-22	\$144.8m	Forecast/Program
FY2022-23	\$ 86.6m	Forecast/Program
FY2023-24	\$ 57.2m	Forecast/Program

Completion of New Capital Projects are multi-year in nature. As such, the funding for the FY20, FY21, FY22, FY23 and FY24 requests may be viewed as each having a four-year funding commitment which would have the following estimated cashflow impact over the subsequent fiscal years:

FY2019-20 PROPOSED & FY2021-24 FORECAST CASHFLOW - NEW CAPITAL

Funding of Capital Program

Member Agencies provide funding in two different modes:

- ✓ One mode is on a Life of Project basis with the commitment of grant funds;
- ✓ the other is on a Cash Basis

The FY20 Capital Program presented during our Budget Workshop totaled \$87.8m. In the weeks following the budget workshop, staff has received funding commitments that allow us to maximize the available funding from all 5 Member Agencies. On this basis, we will be recommending that the board adopt a revised FY20 Capital Program (Rehabilitation/New Capital) Budget totaling \$66.8M.

FY20 Budget - Overall Summary

The FY20 Proposed Budget for Metrolink includes new budgetary authority of \$329.7M. The Proposed Budget consists of Operating Budget authority of \$262.9M, an increase of 4.6% as compared to the FY19 Adopted Budget. Capital Program authority totals \$66.8M; \$63.7M for Rehabilitation Projects, and \$3.1M for New Capital Projects. Carryover of Rehabilitation Projects approved in prior years is \$159.3M, and carryover of New Capital Projects approved in prior years is \$36.0M. Capital Program amounts in this document refer to Member Agency requested commitments only. Other funding sources which include BNSF, UPPR and staff direct grants are not reflected in this document since they do not require Member Agency Board action. Staff will communicate to both BNSF and UPPR under the Capital Project requirements for their proportionate share of any related Capital Project(s) as required.

FY20 Operating Budget

Changed Budget Assumptions

The FY20 Proposed Budget does not include any proposed increase to the base fare structure. The FY20 Proposed Budget includes increased service for a total of 3.0 million service miles through the operation of 175 weekday trains and 92 weekend trains. Increases in service are included for the San Bernardino, 91/PVL, Orange County and Ventura Lines. Special Trains, previously Third-Party Agreements have been included in the Operating Budget. Five new positions are being requested; two in Train Operations, two in Maintenance of Way/Capital, one in Administration.

Operating Budget Summary

The Operating Revenues reflect a projected net increase of \$4.6M or 4.6% from FY19. The year over year changes are detailed below in the Operating Revenues section. The Operating Expenditures reflect an increase of \$11.5M or 4.6% increase from FY19. Details of the year over year change are explained below in the Operating Expenditures section.

Operating Revenues

Operating Revenues include Farebox, Dispatching, Maintenance-of-Way (MOW) Revenues, interest, other minor miscellaneous revenues, and are estimated to total

\$105.4M for FY20, an increase of \$4.6M or 4.6% compared to the FY19 Adopted Budget.

Farebox Revenues, the largest component of the operating revenue of the budget, are projected at \$90.0M, an increase \$4.3M or 5.1% compared to the FY19 Adopted Budget.

Dispatching and MOW revenues from the freight railroads and Amtrak are based on existing agreements at the current rate of usage. The FY20 Dispatch Revenue projection of \$2.2M estimates an increase of \$52k or 2.5% from the FY19 Adopted Budget. The FY20 MOW Revenues are projected to increase \$0.5M or 3.6%.

Operating Expenditures

Operating Expenditures are presented in the following four categories: Train Operations, Maintenance-of-Way (MOW), Administration and Services, and Insurance.

The Train Operations component of the Operating budget contains those costs necessary to provide Metrolink commuter rail services across the six-county service area, which includes the direct costs of railroad operations, equipment maintenance, required support costs, and other administrative and operating costs. The FY20 Proposed Budget for expenditures related to Train Operations is \$153.6M.

Ordinary MOW expenditures are those costs necessary to perform the inspections and repairs needed to ensure reliable, safe, efficient operation of trains and safety of the public. The FY20 proposed budgeted amount for expenditures related to MOW is \$47.0M.

Administration and Services include internal expenditures related to Train Operations. The FY20 Proposed Budget for expenditures related to Administration & Services is \$48.1M.

The Category of Insurance and Legal is \$14.2M for the FY20 Proposed Budget.

Overall, the total FY20 Proposed Budgeted for expenditures have increased from the FY19 Adopted Budget by \$11.5M or 4.6%. The components of this change are as described below.

- Total Train Operations have increased by \$1.3M. The primary drivers of this increase are:
 - ✓ Fuel costs are higher by \$2.9M due to higher diesel prices;
 - ✓ Train Operations Services have increased \$1.8M;
 - ✓ Rail Agreements increased by \$1.0M;
 - ✓ Special Trains were added to the Operating Budget (previously TPA) for \$0.8M;
 - ✓ TVD Maintenance increased by \$0.6M;
 - ✓ Other increased by \$0.2M;

- ✓ Equipment Maintenance decreased by \$1.2M due to reduced material for Rolling Stock repairs;
- ✓ Transfers to Other Operators decreased by \$1.2M;
- ✓ Marketing decreased by \$3.6M due to the one-time marketing program in FY19.

- MOW has increased by \$5.7M primarily as a result of:
 - ✓ Changes to Salaries & Benefits previously charged to Capital Projects \$1.8M;
 - ✓ Change in ICAP calculation which transferred \$1.5M from Capital Projects to the Operations Budget;
 - ✓ Signal Maintenance (MEC) increase of \$1.0M;
 - ✓ Track Maintenance (VTMI) increase of \$0.9M;
 - ✓ Consulting increase of \$0.5M.

- Administration and Services have increased by \$7.0M. The primary drivers of this increase are:
 - ✓ Overhead increased \$1.9M due to a correction to last year's projection of Other Post-Employment Benefits (OPEB) of \$0.8M and increase to this year OPEB of \$0.4m, and an increase of \$0.6M for office rental;
 - ✓ Amounts associated with our Indirect Cost Allocation Plan (ICAP) previously charged to Capital projects caused an increase of \$1.7M:
 - ✓ DBE consultants for \$1.2M previously charged to Capital projects;
 - ✓ PTC maintenance and support increase of \$0.9M;
 - ✓ Change to Salaries & Fringe \$0.8M;
 - ✓ Information Technology increases \$0.3M;
 - ✓ Engineering Consultants increase \$0.2M.

- Total Insurance expense decreased by \$2.5M.
 - ✓ Insurance premiums lower by \$0.5M;
 - ✓ Decrease as a result of a change in the projected claim liability of \$3.0M.

Member Agency Operating Subsidy

- Member Agency subsidies are required to fund the difference between the total costs of operations and available revenues. The Revised FY20 Proposed Budget estimates total Member Agency contributions to equal \$157.4M, an increase of \$6.9M or 4.6% more than the FY19 Budget.

- A year over year comparison of net operating subsidy by Member Agency is presented in Attachment E. In response to Member Agency requests, this schedule reflects the FY20 Proposed member subsidy in whole dollars which are required to create Member Agency Board requests.

Capital Budget

Carryover from Prior Years

Capital Projects are frequently multi-year endeavors. Unexpended project balances are referred to as "Carryovers" because their uncompleted balance moves forward to the following year. Projects authorized in prior years but "carried over" total \$159.3M for Rehabilitation and \$36.0m for New Capital. They are shown in detail on Attachments F and G, respectively.

Capital Rehabilitation

The Capital Rehabilitation authorization request for FY20 was identified as necessary investments to maintain a state-of-good repair. These projects total \$63.7m and are represented in detail in Attachment H.

The total Rehabilitation Program by asset type includes:

<u>ASSET TYPE</u>	<u>TOTAL</u>
Communications	\$ 2.4m
Facilities	3.1m
Non-Revenue Fleet	4.1m
Rolling Stock	2.9m
Signals	13.5m
Structures	7.2m
Track	30.5m
	<u>\$63.7m</u>

New Capital

The New Capital authorization request for FY20 was identified as necessary for safe and efficient rail operations. These projects total \$3.0m and are shown in detail in Attachment I.

Operating Budget Attachments

The attachments as listed below provide additional detail on the FY20 Proposed Budget for the Operating as described:

- **Attachment A – FY20 Proposed Operating Budget** - a detail of the Operating Revenues, Expenses and Subsidy adopted for FY19 and proposed for FY20. This attachment also shows variances between FY19 Adopted Budget and FY20 Proposed Budget in dollars and percentages.
- **Attachment B – Historical Actual and Budgeted Operating Statements.** Actual Operating expense for FY16, FY17 & FY18, Adopted Operating Budget for FY19 and Proposed Operating Budget for FY20, with a variance comparison between FY19 Adopted Budget and FY20 Proposed Budget.
- **Attachment C – FY20 Proposed Operating Budget by Member Agency**
- **Attachment D – FY20 Proposed Operating Budget by Line**
- **Attachment E – FY20 Budgeted Operating Subsidy – FY20 Proposed Budget** Operating Subsidies by Member Agency presented in whole dollars, with comparisons to FY19 Adopted Budget.

Capital Program Budget Attachments

The attachments as listed below provide additional detail on the FY20 Proposed Budget for the Capital Program as described:

- **Attachment F – FY20 Rehabilitation Carryover Projects-** Details ongoing Rehabilitation Projects approved in prior years by subdivision, project category and Member Agency.
- **Attachment G – FY20 New Capital Carryover Projects -** Details ongoing New Capital Projects approved in prior years by subdivision, project category and Member Agency.
- **Attachment H – FY20 Proposed Rehabilitation Projects Detail list –** Presents original request and funded amounts by subdivision, project category and Member Agency share.
- **Attachment I – FY20 Proposed New Capital Projects Detail list -** Presents original request and funded amounts by subdivision, project category and Member Agency share.

Operating Budget Forecasts for FY21, FY22, FY23 and FY24

Upon approval by the Board, the FY20 Proposed Budget will be transmitted to Member Agencies for consideration and adoption. FY21, FY22, FY23 and FY24 forecasted budgets will also be transmitted to the Member Agencies for consideration and

programming. The four-year forecasts will only be considered for adoption individually during the applicable year.

The Attachments -Operating Budget Forecasts for FY21, FY22, FY23, FY24

- **Attachment J – FY21 Forecasted Operating Budget**
- **Attachment K – FY22 Forecasted Operating Budget**
- **Attachment L – FY23 Forecasted Operating Budget**
- **Attachment M – FY24 Forecasted Operating Budget**

The assumptions reflected in the FY21, FY22, FY23 and FY24 Forecasted Operating Budgets are based on contractual escalators and other known changes in combination with a projected increase factor based on the trends of each category of expense.

Next Steps

April – May, 2019	Staff present at Member Agencies' Committee and Board meetings as requested
June 14, 2019	FY20 Proposed Budget to Board for Adoption

Budget Impact

There is no budgetary impact as a result of this report. Approval to transmit the Proposed Budget to the Member Agencies for review and adoption is the next step in the FY20 Budget Development process. The FY20 Proposed Budget will then be presented to this Board for review and adoption at the June 14, 2019 meeting. Any actions taken by our Member Agencies prior to that meeting will be reported.

From a public service viewpoint Metrolink is simply the best investment to reduce freeway traffic and improve air quality in Southern California. Because 85% of Metrolink riders can choose to drive, Metrolink removes 1-2 lanes of parallel freeway traffic in each direction during peak hours on the 5, 10, 60, 91, 101 and 134 freeways.

Metro

MARCH 21, 2019

TO: BOARD OF DIRECTORS

THROUGH: PHILLIP A. WASHINGTON *PAW*
CHIEF EXECUTIVE OFFICER

FROM: *PP* RICHARD CLARKE *BCP*
CHIEF PROGRAM MANAGEMENT OFFICER

SUBJECT: UPDATE ON METROLINK FY2019-20 BUDGET

ISSUE

Los Angeles County Metropolitan Transportation Authority (Metro) is firmly supportive and committed to be a strategic partner with Southern California Regional Rail Authority (SCRRA) also known as Metrolink. In this effort, staff is providing a budget update to streamline the budget process in advance of SCRRA's FY2019-20 Budget Workshop to be held on Friday, March 22, 2019.

DISCUSSION

SCRRA's proposed total funding request from the five-county Joint Powers Authority (JPA) members comprising of Metro, Orange County Transportation Commission, Riverside County Transportation Commission, San Bernardino Transportation Commission and Ventura County Transportation Commission (VCTC) is \$157.4 million for operating subsidy and \$88.9 million for rehabilitation and capital program. SCRRA's operating budget of \$157.4 million include five new staff positions, special trains, new Metrolink scheduled services on the Orange County Line, 91/Perris Valley Line, San Bernardino Line and mid-day Burbank Airport service. Metro's subsidy share of \$246.3 million is \$132.9 million as listed below:

METROLINK FY 2019-20 PROPOSED TOTAL FUNDING REQUEST (in millions)		
Items	SCRRA'S Request	LACMTA Subsidy Share
Operating Subsidy	\$157.4 M	\$77.9 M
Rehabilitation Program	\$84.8 M	\$53 M
Capital Program	\$4.1 M	\$1.9 M
TOTAL	\$246.3	\$132.9

Rehabilitation & Capital Program

SCRRA’s FY 2019-20 total rehabilitation and capital program request from the JPA members is \$88.9 million life of project budget. Metro’s subsidy share is approximately \$54.9 million of the total \$88.9 million life of project budget. Staff collaboratively worked with the other four (4) JPA members and SCRRA to review SCRRA’s FY20 rehabilitation and capital program in detail since November 2018. SCRRA is requesting a total cash flow subsidy share from Metro of \$80.6 million comprised of \$77.9 million for operating subsidy and \$2.7 million for FY 20 rehabilitation and capital program as shown in the table below. Staff will be recommending the Metro Board to provide \$107.8 million of funding for Metrolink FY 20, comprised of \$77.9 million for operations and \$29.9 million of programming authority for rehabilitation and capital program as shown in the table below. The \$29.9 million of programming authority for rehabilitation and capital program is based on the project readiness of the program listed in Attachment A – FY 20 Metro Approved SCRRA’s FY 20 Rehabilitation and Capital Projects:

Items	SCRRA’S Cash Basis Request of Metro	Metro’s Recommendation
Operating Subsidy	\$77.9 M	\$77.9 M
Rehabilitation Program	\$2.6 M	\$29.2 M
Capital Program	\$0.1 M	\$0.7 M
METROLINK FUNDING	\$80.6 M	\$107.8 M

Additional Budget items

There are additional operating budget items attributed to Antelope Valley Line security, San Bernardino Line 25% Fare Subsidy, special events and enhanced security along the Metro owned right-of-way (ROW) totaling approximately \$5.7 million as listed in the table below. VCTC is requesting adding two new round-trip Saturday services on the Metrolink Ventura Line and SCRRA is still determining the cost.

Staff’s Proposed Recommendation

Therefore, at this time, staff will recommend to the Metro Board an estimated grand total of \$114.5 million of programming authority as listed in the table below:

Items	Metro's recommendation
Enhanced LA County ROW security	\$2.6M
AVL Security & LASD Program	\$1.7 M
San Bernardino Line 25% Fare Subsidy	\$2.3 M
Special events	\$0.1 M
TOTAL PROGRAMMING AUTHORITY	\$6.7 M
Total Metrolink Funding	\$107.8 M
Total Programming Authority	\$6.7 M
GRAND TOTAL	\$114.5

NEXT STEPS

Metro is working collaboratively with the new SCRRA to mutually agree on a path forward that provides clarity for project scopes, schedules, cashflow and project delivery; and which articulates Metro's requirements and expectations to ensure both agencies the ability to properly plan for and incorporate future funding requests. These agreed procedures also afford both agencies the opportunity to revisit SCRRA's progress and project delivery and provides a mechanism to address their needs should additional funding be required. SCRRA will be submitting their formal FY2019-20 Budget to the JPA members by May 1, 2019. Staff intends to go to the Metro Board for adoption of the SCRRA FY 2019-20 Budget in May 2019.

ATTACHMENT A-Metro Approved SCRRA's FY 20 Rehabilitation and Capital Projects

1923									2,022,480		
1928	REHAB	ALL	N/A	Marginal	Low	ROLLING STOCK	Overhaul Rotem Car Side Door Mechanisms & Components	Overhaul side door components on 50 Rotem railcars.	621,460	295,194	295,194
1929	REHAB	ALL	N/A	Marginal	Low	ROLLING STOCK	HVAC Overhaul for Forty (40) Rotem Passenger Cars Phase II	Overhaul HVAC units in forty Rotem railcars, 2 per car for a total of 80 units.	1,301,110	618,027	618,027

1930	REHAB	ALL	N/A	Worn	High	ROLLING STOCK	Gen 1 HVAC Overhaul (Additional 40 Cars)	The overhaul work for HVAC units includes retrofitting the system to accommodate the new refrigerant, as well as upgrade the system due to new and/or obsolete components or subsystems. The systems shall be updated to use the R-407C refrigerant or approved equivalent. The HVAC units require overhaul about every five years and they need to be replaced in about 20 years. The Bombardier railcar fleet consists of 88 GEN-1, 7 GEN-2 and 26-GEN 3 railcars. The overhaul of the HVACs on 20 cars were approved for FY18 and the procurement for a rebuild of the Bombardier fleet is underway (rebuild expected to target up to 28 cars), however the rebuild of the entire fleet is not fully funded and even if funded, will take several years to complete. This project ensures that this passenger critical feature is in a State of Good Repair. A contract was awarded in February 2018 to RAM for the HVAC overhaul, which included a option to include additional units.	928,000	440,800	440,800

High Priority State of Good Repair (SOGR) Program Program Status Update - April 2019

Program Overview

The High Priority State of Good Repair (SOGR) Program includes the rehabilitation and replacement of existing Metrolink-owned and maintained track, grade crossings, turnouts, culverts and railroad bridges. The objective of this program is to rehabilitate and replace the most critical priorities of aging track and railroad structures currently in use by Metrolink's daily commuter rail service, Amtrak service and other railroad partner service and maintain on-time service. In March 2018, an MOU was finalized, adding six projects (Phase B) to the original 23 most critical (Phase A) projects for a total of 29 projects. Additional projects will be proposed if cost savings and/or additional funding allows. The work is being performed to avoid the need for slow orders which are required when track or bridge structures are not at an acceptable condition for existing speeds or weights. Currently, segments of Metrolink's track and bridge structures are nearing out-of-compliance levels with existing SCRRRA Track Maintenance and Engineering Instruction (TMEI) standards.

Program Status Update

Minimal change occurred over the period as staff continued to coordinate with contractor crews on the start-up of the rail top bridge replacement projects, which received NTP in late-January. The contractor and staff are coordinating on the schedule, work windows and submittals. The contractor is actively pursuing a vendor to furnish bridge girders, which are a long-lead item. The contractor plans to begin installing foundation pilings April, followed by additional preparation work over the summer, prior to installing girders in Fall 2019. Preparation work also continues on the CP Woodman Turnout Rehab project. Crews are "pre-building" the turnouts along the right-of-way in order to expedite the replacement process and minimize impacts to rail traffic when they are installed in April. Construction is aligned with temporary platform construction activities at the adjacent Van Nuys Station project which is also contracted with Kiewit. Work to complete the headwall on the final Valley Sub Culvert replacement is anticipated to be complete by April 2019. The project delivery team is working effectively, evaluating schedules, monitoring issues, assumptions and risks. Staff continues to evaluate the condition of proposed rehab projects that are not currently funded to determine if speed and/or weight restrictions are necessary.

Status by asset type:

- Ties - Tie replacement completed on all Phase A projects. Phase B (Valley Sub) to be performed in May 2019.
- Rail - Rail rehab on River Sub (EB) finished under budget; rehab of rail curves on Ventura Sub substantially complete.
- Turnouts - CP Taylor in-service Sept 2018; CP 9th completed Nov-2018, CP Woodman to complete in April 2019.
- Culverts - Completed Ph. A culverts and 7 of 8 Ph. B culvert projects. Remaining headwall on the Valley Sub to complete by April 2019.
- Bridges - Contract awarded by SCRRRA Board in Nov. 2018; NTP issued in Jan. 2019; reviewing schedule and submittals.
- Crossings - Katherine Rd Crossing Project completed in Dec. 2018

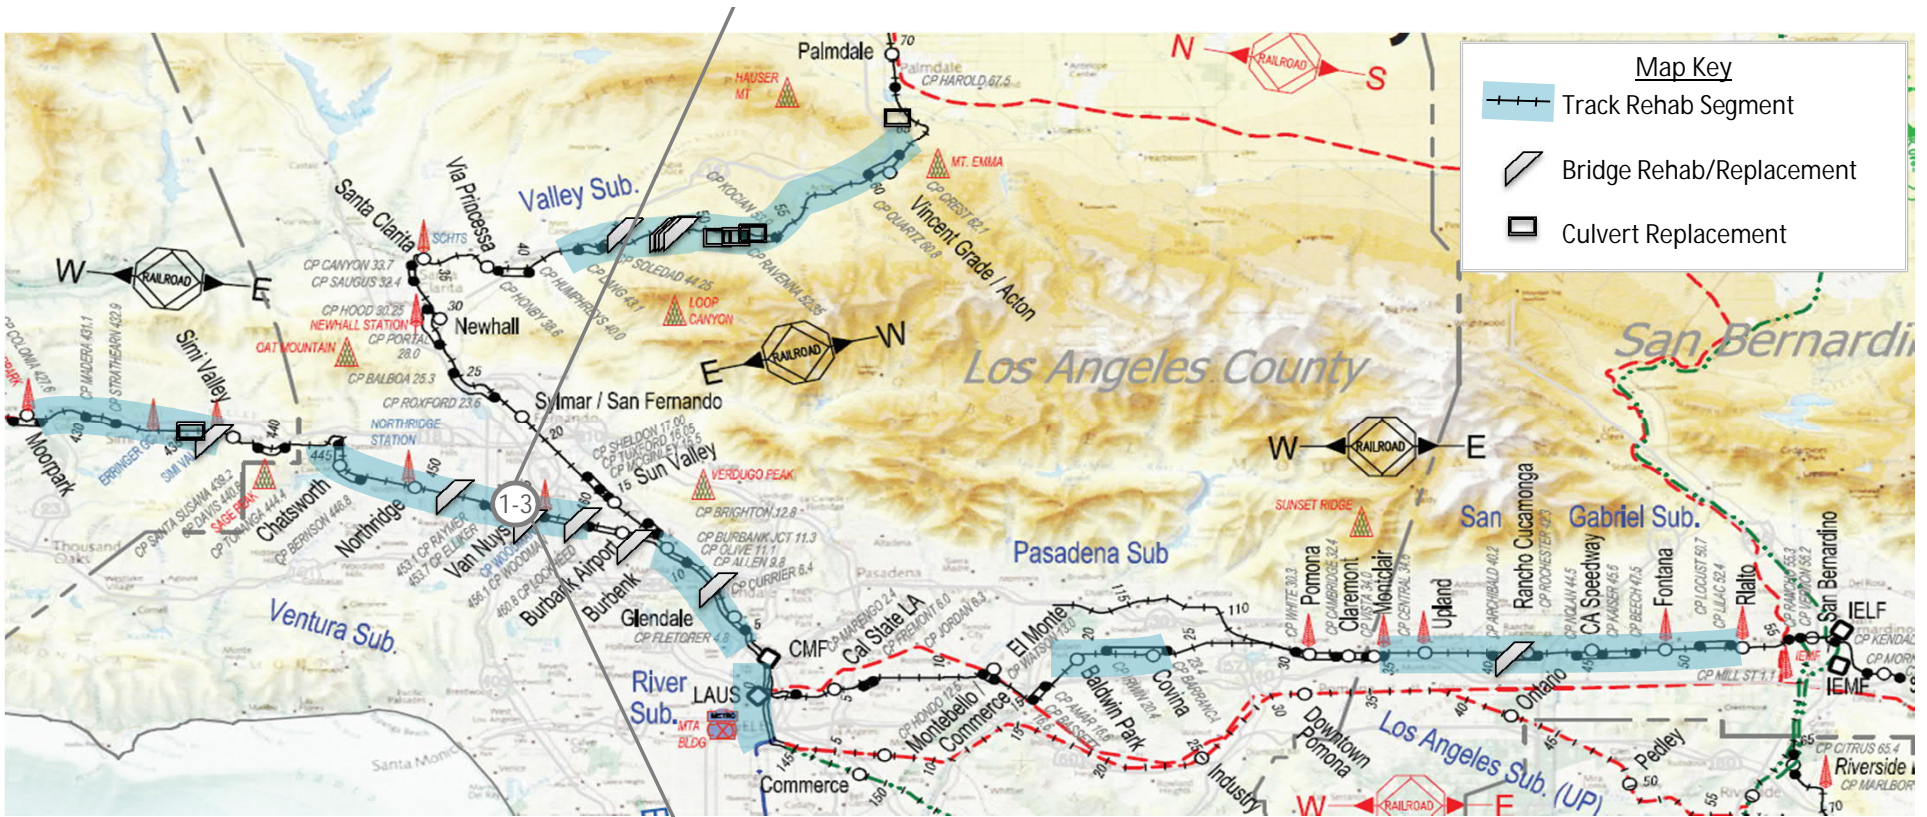

Next Steps

- Finalize detailed schedule and work plans with newly-awarded bridge construction contractor and begin foundation pilings.
- Perform turnout replacement/rehab at CP Woodman & CP Santa Susana; perform tie replacement on Valley Sub.
- Complete final location for rehab of rail curves on Ventura Sub & Lark Ellen crossing on San Gab Sub.

Metro Recommendation for FY 2019-20 Metrolink Budget

Budget Items	Cost (millions)
Operations	\$77,989,000
Enhanced L.A. County ROW Security ¹	\$ 2,522,962
AVL Contract Security & LASD Program ²	\$ 1,707,632
San Bernardino Line 25% Fare Subsidy	\$ 2,190,969
Rehabilitation & Capital	\$33,352,440
One-Time Special Events	\$ 125,000
TOTAL	\$117,888,003

- ¹**Enhanced L.A. County ROW Security** – additional LASD dedicated to patrol Metro’s ROW utilized by Metrolink throughout L.A. County to address homeless encampments, graffiti, faster response to trespasser strikes, etc.
- ²**AVL Contract Security & LASD Program** – additional security presence on all AVL trains and AVL stations in addition to 100% fare enforcement at L.A. Union Station and the Lancaster station.
