Agenda Number: 30.

OPERATIONS, SAFETY AND CUSTOMER EXPERIENCE COMMITTEE  
APRIL 15, 2021

SUBJECT: MONTHLY UPDATE ON TRANSIT SAFETY AND SECURITY PERFORMANCE

ACTION: RECEIVE AND FILE

**RECOMMENDATION**

RECEIVE AND FILE Transit Safety and Security Report.

**ISSUE**

This report reflects February and March 2021 performance data as reported under the transit policing deployment strategy which is a combination of in-house fare compliance officers, private security for fixed assets and a multi-agency law enforcement deployment strategy by the Los Angeles Police Department (LAPD), Los Angeles County Sheriff's Department (LASD), and Long Beach Police Department (LBPD). In addition, the report highlights initiatives from the System Security and Law Enforcement department and its efforts to create a safer environment for Metro employees and a safer experience for Metro customers.

**BACKGROUND**

The System Security and Law Enforcement (SSLE) department entered into a multi-agency policing partnership in 2017 to increase the number of police on the Metro system to provide a greater, more visible "felt presence" of police to help deter criminal activity on Metro buses and trains.

**DISCUSSION**

**LAW ENFORCEMENT CONTRACT COMPLIANCE**

The SSLE compliance group continues to work on contract performance audits of the three (3) Law Enforcement Contracts, effective February 14, 2021, we used Metro's TAP reports and compared the data with the submitted law enforcement daily deployment schedules observing the adherence to ride Metro buses and trains, and patrol bus and rail stations/corridors at contracted locations. This requires all Officers and Deputies on duty to TAP their issued Metro Badge at all TAP machines when boarding buses, riding trains, and accessing rail stations/corridors. The sample size encompasses fifteen (15) days, one shift and location. The Metro TAP technical field audit resulted in the following compliance percentages by agency.

<b><u>15-Day Audit</u></b>
----------------------------

<b>Audit Period</b>	<b>*03/01/21 - 03/15/21</b>
LAPD	79%
LASD	67%
LBDP	86%
*To establish a fair audit, we consider occurrences such as TAP readers on buses being out of service.. In this audit period, LASD had TAP reader problems due to machines being out of service, resulting the Metro issued badge not reflecting as stamped on the Metro Tap report.	

We utilized a random sample, and the methodology was consistent throughout. The only variation was the deployment documentation that varies by agency, and it is not indicative of how many Officers and Deputies across the system are tapping. The audit methodology is available upon request.

All agencies continue to work with SSLE Compliance Unit to achieve contract compliance.

### METRO TRANSIT SECURITY

For the month of March, Transit Security received 281 calls for service. The following is a breakdown of the call categories and response times.

- **Routine:** Transit Security received 120 calls and responded to 120 of them with an average response time of 9 minutes. The remaining calls were either assigned to law enforcement, contract security, or other entity such as maintenance, Rail Operations Control, Bus Operations Control, local fire department, or Mitsubishi.
- **Priority:** Transit Security received 161 calls and responded to 124 of them with an average response time of 6 minutes. The remaining calls were either assigned to law enforcement, contract security, or other entity such as maintenance, Rail Operations Control, Bus Operations Control, local fire department, or Mitsubishi.

- High Priority: Transit Security received no High Priority calls.

## **BUS OPERATIONS SECURITY**

In February, there were a total of (6) assaults on bus operators, with (3) assaults occurring in LAPD's jurisdiction and (3) assaults occurring in LASD's jurisdiction. Five assaults occurred on the bus system on different lines and (1) assault occurred on the L (Gold) Line.

In February, there were a total of 12,784 bus boardings by LAPD officers and a total of 10,018 bus boardings by LASD deputies on various routes throughout the county. Between January and February, LAPD saw a decrease in bus boardings of 1,088 and LASD saw a decrease in bus boardings of 1,271.

In March, there were a total of (8) assaults on bus operators, with (4) assaults occurring in LAPD's jurisdiction and (4) assaults occurring in LASD's jurisdiction. All assaults occurred on the bus system on different lines.

In March, there were a total of 11,648 bus boardings by LAPD officers and a total of 9,812 bus boardings by LASD deputies on various routes throughout the county. Between February and March, LAPD saw a decrease in bus boardings of 1,136 and LASD saw a decrease in bus boardings of 206.

## **INFRASTRUCTURE SECURITY ISSUES**

Over the last year, System Security & Law Enforcement and Operations staff have documented approximately 30 tent/rubbish fires started from homeless encampments and Recreational Vehicles/Campers (RVs) adjacent to Metro Transportation Divisions 1 and 2. The encampments are located adjacent to areas which house Compressed Natural Gas (CNG) Metro buses, large hazardous materials tanks, containers which contain motor oil, antifreeze, flammable cleaning solvents, and fuel dispensing facilities. Several of the fires at the locations have come within 300 feet of these facilities. Division management at both Divisions have expressed grave concerns regarding these ongoing fires and the serious potential for an environmental disaster, great bodily injury to Metro employees, severe damage to critical infrastructure, and adjoining neighborhood should any of these hazardous material facilities be reached by a fire from the adjacent homeless encampments or RVs.

On February 4, 2021, the Los Angeles Fire Department Office of the Fire Marshal conducted a walkthrough inspection of both Divisions to assess the fire safety risk to both facilities. In the report, the Fire Marshal indicated, in part, that "Based on the numerous amount of previous fires, repeated carelessness regarding fire safety by the individuals occupying tents, the potential ignition of stored Compressed Natural Gas (CNG), Hazardous Material Tanks and Containers along with the number of CNG Transit Buses that may be parked/stored all at one time in the yard, there should be conformity of the most restrictive Fire Code Requirements regarding safer distance modifications to homeless tents and RVs and to alleviate future unwanted ignition."

Please see Attachment (A) which provides background information and our next steps and Attachment (B) which is LAFD's report on the issues.

On March 20, 2021, at approximately 0130 hours, LAPD officers were working an MTA detail as 31BRT1, which is a Bus Riding Team were flagged down by a security officer working at 707 W Wilshire Blvd. He pointed out an arson suspect he observed setting five City trashcans on fire. The

suspect was detained and arrested. The suspect admitted to sleeping in and around the 7th St station for the past few months.

The cost estimate to repair the three (3) elevators experiencing repeated fires within the past week is roughly \$79,000. The cost of repair based on Metro’s current maintenance contracts where we have the economies of scale benefit is \$54,000.

The estimate includes labor and material cost for the following:

- Replacement of stainless steel panels in all three (3) elevators
- Replacement of the elevator floors at two (2) of the three (3) elevators
- Replacement of the stainless steel film at all three (3) elevators

**MOTION #35 UPDATES**

Metro’s Transit Security draft Use of Force (UOF) policy will be sent to the AFSCME and Teamsters unions for review and a meet and confer with both labor unions will be scheduled in April. We will report back in May with an update.

LASD and LBPD have completed their Use of Force policy review. LASD met with SSLE management and are making progress on the remaining two recommendations. SSLE management provided LASD with contact information for Campaign Zero to have their changes reviewed. LBPD continues to work with a Community Advisory Group to review and provide input to LBPD’s Use of Force policy. There are ongoing meetings that will continue into the month of April. We will report back in May with an update.

SSLE reviewed the Use of Force policies of all RMI sub-contractors for compliance with Campaign Zero. All now meet the recommended requirements except for “*shooting at moving vehicles.*” Each agency has allowed a very narrow exception that allows their officers to shoot at the driver of a vehicle who is intentionally trying to use their vehicle as a deadly weapon to run over individuals in a crowd.

**Homeless Outreach Services**

See Quarterly Homeless Outreach Efforts report.

**SEXUAL HARASSMENT**

Peace Over Violence Performance Metrics

Performance Measure	February 2021 Numbers Served
Total Sexual Harassment Cases Contacting POV	4
Total Cases of Metro Located Sexual Harassment Contacting POV	1
Total Number of Metro Riders Requesting Counseling Services	2
Total Number of Police Reports Filed or Intended to File	2
<b>Total Number of Active Cases</b>	1

---

\*March 2021 POV Performance Metrics will be provided in the May board report.

**NEXT STEPS**

Staff will continue to monitor our law enforcement partners, private security, and Transit Security performance, monitor crime stats, and adjust deployment as necessary.

**Critical Infrastructure safety risks due to continuous homeless encampment fires at Transportation Divisions 1 and 2.**

Over the last year, SSLE and Operations staff have documented approximately 30 tent/rubbish fires started from homeless encampments and Recreational Vehicles/Campers (RVs) adjacent to Metro Transportation Divisions 1 and 2. The encampments are located adjacent to areas which house Compressed Natural Gas (CNG) Metro buses, large hazardous materials tanks, containers which contain motor oil, antifreeze, flammable cleaning solvents, and fuel dispensing facilities. Several of the fires at the locations have come within 300 feet of these facilities. Division management at both Divisions have expressed grave concerns regarding these ongoing fires and the serious potential for an environmental disaster, great bodily injury to Metro employees, severe damage to critical infrastructure, and adjoining neighborhood should any of these hazardous material facilities be reached by a fire from the adjacent homeless encampments or RVs.

On February 4, 2021, the Los Angeles Fire Department Office of the Fire Marshal conducted a walkthrough inspection of both Divisions to assess the fire safety risk to both facilities. In the report, the Fire Marshal indicated, in part, that "Based on the numerous amount of previous fires, repeated carelessness regarding fire safety by the individuals occupying tents, the potential ignition of stored Compressed Natural Gas (CNG), Hazardous Material Tanks and Containers along with the number of CNG Transit Buses that may be parked/stored all at one time in the yard, there should be conformity of the most restrictive Fire Code Requirements regarding safer distance modifications to homeless tents and RVs and to alleviate future unwanted ignition."

In addition to critical infrastructure safety concerns, there is also serious concern over the safety of our employees at these locations. Metro employees at Division 1 must traverse on foot through homeless encampments to travel from the main building to the parking lot (6th Street and Central Avenue). Many employees have been victims of harassment and assaults. In order to avoid walking near the encampments, many employees choose to walk in the middle of the street, often putting their lives at risk. Employee vehicles are regularly subject to vandalism, theft, and employees find their vehicles were used to dispose of human waste, syringes and other hazardous waste. On January 27, 2021, an encampment fire at this location caused severe fire damage to three employee vehicles.

At Division 2, Metro employees must constantly remove syringes and other hazardous waste that are thrown over the wall from encampments along 15<sup>th</sup> St and onto Division property. Employees do not feel safe walking along 16<sup>th</sup> St due to a large amount of RVs parked along the street, especially at night, when there is ongoing criminal activity adjacent to the RVs. Additionally, employees are harassed by and have objects thrown at them from unhoused individuals along 16<sup>th</sup> St.

In an effort to mitigate this ongoing situation and find long term solutions to address the homeless encampments adjacent to Divisions 1 and 2, SSLE staff has held several meetings with the Mayor's Office for City Homelessness Initiatives, Council District 14, Unified Homelessness Response Center, Sanitation Bureau, LADOT, LAPD, and LAFD. However, these meetings have not resulted in any successful plan for addressing the ongoing risks at Divisions 1 & 2 in part because of the City's moratorium on LAMC 56.11 which does not allow for encampment removals or relocation.

## Next Steps

SSLE staff has identified the following steps to attempt to mitigate the ongoing homeless encampment fire concerns at Divisions 1 and 2, while the moratorium on LAMC 56.11 remains in place,

- As recommended by the LAFD Fire Marshall, LAPD Transit Services HOPE Officers distributed Fire Safety Flyers to unhoused individuals in tents and RV's along Industrial Street at Division 1 and along 15<sup>th</sup> and 16<sup>th</sup> Street at Division 2.
- As a result of the City opening a "Bridge Housing" location at 14<sup>th</sup> St and Paloma St, Division 2 is within the Special Enforcement Zone which requires the Sanitation Bureau to regularly pick up trash and enforce ADA compliance on encampment within that zone. SSLE staff will work with UHRC and Sanitation to coordinate regular clean-ups on 15<sup>th</sup> and 16<sup>th</sup> St. to ensure guidelines are being adhered to.
- SSLE staff will coordinate with LAPD Transit Services HOPE Team, UHRC, and Sanitation to ensure ongoing outreach and ADA enforcement takes place on the days after CARE Team clean-ups.
- SSLE staff will work with PATH outreach services to create an outreach plan for Divisions 1 and 2 in an effort to find housing options for unhoused individuals in encampments adjacent to the high fire risk areas.
- Metro Facilities Engineering is working with the City's Bureau of Engineering to move forward on a permanent Street Vacation on Industrial Street east of Central Avenue at Division 1. The Street Vacation would allow Metro to expand the division property to Central Av. Facilities Engineering is currently identifying funding for this project.
- SSLE staff will work with CD14 to identify housing options for unhoused individuals in RVs parked along 16<sup>th</sup> St, between San Pedro St and Griffith Av. If individuals are successfully housed, CD14 will consider "red curbing" 16<sup>th</sup> Street to address public safety concerns.
- SSLE staff will work with LAFD Officer of the Fire Marshall to do a second walkthrough of Divisions 1 and 2 to identify additional safety measures or recommendations that can be taken to reduce the risk of fires from homeless encampments.

**LAFD Fire Prevention Walk Through and Review of Los Angeles Metro Bus Facilities on 2/4/2021**

On Thursday February 4th, LAFD Fire Prevention Bureau (FPB) Inspectors Webb and Martin met with LAPD Sgt. Mike Padilla and members of Los Angeles Metro to walk through two facilities and discuss the homeless encampment issues located around the fenced and walled perimeters.

**Metro Bus Yard - 6th and Alameda - Division 1**

- 11.5 Acre lot used primarily for Maintenance, Fuel Dispensing, and Housing of Metro Buses.
- A Compressed Natural Gas (CNG) refueling/pipeline facility is located on the property.
- Several clearly marked hazardous material tanks and containers that are properly stored with appropriate NFPA markings and warnings.

**Concerns:**

1. The CNG is under pressure through a series of piping throughout the property above and underground with an output of 5000 psi. The CNG compressor and tanks are located near the street (6th and Alameda) where the homeless have previously set up encampments and separated by a cinder block wall or chain link fence. The area is clearly marked as dangerous with no smoking signs and NFPA 704 markings with a flammability rating of 4 which is the highest degree of hazard.

2. Large hazardous materials tanks and containers which contain motor oil (1000 gals.), 500 gals. of antifreeze, flammable cleaning solvents (six 275 gal. containers totaling 1,650 gals), are located along the South wall. There are several large homeless tents on the opposite side of this wall known as 1415 - 1463 Industrial Street.

3. There are three very large Eucalyptus trees in need of trimming that overlap the wall from the Industrial Street side into the bus yard and would contribute to a fire exposure problem if a tent fire occurred.

4. The bus vehicles are fueled with CNG. There could be as many as 200 or more buses parked in the lot near the fence perimeter. If one bus is exposed to a tent fire and the CNG starts to heat up, the tanks will relieve the pressure and release the gas which may cause other exposed bus vehicles to do the same once the designated temperature is reached. (See bus fire video).

**Metro Bus Yard - 16th and San Pedro St. - Division 2**

- 7.5 acre lot used primarily for Maintenance, Fuel Dispensing, and Housing of Metro Buses.
- A Compressed Natural Gas (CNG) refueling/pipeline facility is located on the property.
- Several clearly marked hazardous material tanks and containers on the property that are properly stored with appropriate NFPA markings and warnings.

**Concerns:**

1. The CNG is under pressure through a series of piping throughout the property above and underground with an output of 5000 psi. The CNG compressor and tanks are located near the street where the homeless have previously set up encampments and separated by a cinder block wall

or chain link fence. The area is clearly marked as dangerous with no smoking signs and NFPA 704 markings with a flammability rating of 4 which is the highest degree of hazard.

2. Large hazardous materials tanks and containers which contain motor oil (1000 gals.), 500 gals. of antifreeze, flammable cleaning solvents, and 500 gals. of antifreeze are located along the North wall. There are several large tents on the opposite side of the wall on 15th Street.

3. On the 16th Street side, there are several Recreational Vehicles (RV) parked within 15 feet of the bus yard. There have been recent RV fires that contributed to a fire exposure problem for the bus vehicles. The Metro employees had to quickly move several bus vehicles on 2/2/2021 due the RV fire.

4. The bus vehicles are fueled with CNG. There could be as many as 200 or more buses parked in the lot near the fence perimeter. If one bus is exposed to a tent or RV fire and the CNG starts to heat up, the fuel tanks will relieve pressure and release the gas which may expose other bus vehicles and cause a domino effect once the designated heat temperature is reached. (See bus fire video and notice the pressure relief of CNG on the roof in video #1 and #2).

#### **Summary:**

Since 2017, there have been 20 to 30 homeless tent fires and an unknown number of RV fires exposing all perimeters of the two yards. In addition and according to Metro, the tent occupants toss cigarettes and other items over the fence that land on the flammable piping and hazardous material tanks and containers.

Based on the numerous amount of previous fires, repeated carelessness regarding fire safety by the individuals occupying tents, the potential ignition of stored Compressed Natural Gas (CNG), Hazardous Material Tanks and Containers along with the number of CNG Transit Buses that may be parked/stored all at one time in the yard, there should be conformity of the most restrictive Fire Code Requirements regarding safer distance modifications to homeless tents and RVs and to alleviate future unwanted ignition.

#### **Los Angeles Fire Code Sections - Ignition:**

**305.5 Unwanted fire ignitions.** Acts or processes that have caused repeated ignition of unwanted fires shall be modified to prevent future ignition.

**2305.4 Sources of ignition.** Smoking and open flames shall be prohibited in areas where fuel is dispensed.

**5001.3.3.5 Ignition hazards.** Safeguards shall be provided to minimize the risk of exposing combustible hazardous materials to unintended sources of ignition.

**5303.7.7 Sources of ignition.** Open flames and high-temperature devices shall not be used in a manner that creates a hazardous condition.

CNG Bus Fires

<https://www.youtube.com/watch?v=lvuDiZkHJUo>

<https://www.youtube.com/watch?v=vHf2o9oVY24>

A fire/safety tips sheet has been attached below and should be distributed to those who occupy the tents and RVs possibly by Hope Teams and LAHSA.

Respectfully,

Michael P. Webb, Inspector II  
Office of the Fire Marshal  
Los Angeles City Fire Department  
Fire Prevention and Public Safety Bureau  
Office: (213) 978-3617

## FIRE SAFETY SHEET

Don't Block Fire Department Connections and Hydrants

Consider tent openings

- Don't block others
- Exit to safe area not toward streets or FWY
- Not block exit by fence
- Don't block sidewalk or exit egress

Tents can catch fire very easy. **"DO NOT SMOKE INSIDE TENT"**

**"DANGEROUS DO NOT USE"** propane inside tent

- For cooking
- Or heating

Never keep open flames inside tent

Hygiene Concerns:

- Clean all wounds
- Do not re-use bandages
- Keep area clean

Small bag for essentials in case you need to go to hospital

- Medicine
- Important belongings

Seek medical attention if wounds are red around cut

Excessive heat exposure can cause sunburn, dehydration and heat stroke

Carry a first-aid kit
