 - MRTVMLACTY extended from June 30, 2020 to June 30, 2023 - \$2,417,002
 - MRBRIGHTRX extended from June 30, 2020 to June 30, 2022 - \$271,974;

- C. APPROVING Funding Agreement Time Extension to December 31, 2022 for City of Palmdale Rancho Vista Grade Separation Project;
- D. APPROVING the FY22 Transfers to Other Operators payment rate of \$1.10 per boarding to Metro and an EZ Pass reimbursement cap to Metro of \$5,592,000; and
- E. APPROVING Funding Agreement for Track and Signal mobilization cost of \$1,548,164; and
- F. AUTHORIZING the Chief Executive Officer to negotiate and execute all necessary agreements between Metro and the SCRRA for the approved funding.

ISSUE

The Southern California Regional Rail Authority's (SCRRA operated as "Metrolink") Joint Exercise of Powers Agreement (JPA) requires the member agencies to approve their individual share of the Metrolink budget on an annual basis. The Metrolink operating budget is included in Metro's FY 2021-22 agency budget under a separate board action. Staff is recommending approval of Metro's share of the Metrolink FY 2021-22 Rehabilitation & Capital Budget in the amount of \$33,349,794 as detailed in Attachment A.

DISCUSSION

On an annual basis, Metrolink submits rehabilitation and capital project funding requests to the JPA member agencies to maintain the Metrolink commuter rail system in a state of good repair. Metrolink's FY 2021-22 total rehabilitation budget request from all the JPA member agencies is approximately \$99.033 million consisting of \$90.433 million in rehabilitation/state of good repair and \$8.6 million in new capital projects. Metro's share is a total \$33,349,794 (out of \$99.033 million) for the FY 2021-22 Rehabilitation and Capital projects. Staff's recommended approval consists of the following:

- \$8,031,594 in systemwide projects shared by all the JPA member agencies comprising of dedicated to track rehabilitation, positive train control enhancements, back office communications, replacing MOW vehicles and equipment and rehabilitating building facilities;
- \$17.766 million for line specific projects in the Antelope Valley Line to establish a Lancaster crew base, rehabilitation of bridges, culverts and tunnels, track, ties, ballast and crossing replacements, and signal, crossing and communication systems;
- \$7,267,200 million for line specific projects in the San Bernardino Line for track, structure and train control systems.
- \$285,000 for systemwide new capital project for an electric car mover shared by all JPA

member agencies

Metro has been working collaboratively with Metrolink to review Metrolink's FY22 rehabilitation and capital program in detail which now aligns with all the JPA member agencies' funding commitments. Staff is also working with Metrolink to prioritize urgent tracks, bridges, culverts and structures state of good repair projects to maintain safety and service.

In the last five years, Metro has provided a total of approximately \$142.705 million consisting of 169 rehabilitation and capital projects from FY17 through FY21. Metrolink's project delivery of rehabilitation and capital projects has significantly improved beginning in FY17.

TABLE 2 - Metro Funds for Rehab and Capital		
Fiscal Year	Number of Projects	Funding Amount
FY17	55	\$41,678,525
FY18	1	\$6,819,000
FY19	74	\$41,731,193
FY20	26	\$33,352,440
FY21	13	\$19,124,456
Subtotal	169	\$142,705,614
Proposed for FY22	27	\$33,349,794
GRAND TOTAL	196	\$176,055,408

Rancho Vista Grade Separation Project Time Extension

In 2012 the Metro Board programmed \$3,000,000 to the City of Palmdale to complete 100% final design for the Rancho Vista Grade Separation Project. The grade separation will be designed to accommodate existing SCRRA and UPRR tracks and future California High Speed Rail tracks. Design advanced until the Union Pacific Railroad (UPRR) changed their bridge design specifications from concrete to steel at the 65% design level. After close coordination with UPRR over approximately 18 months, the City of Palmdale was finally able to convince UPRR to proceed with final design based on the original concrete bridge design. The project is at 95% design, is substantially completed, and staff is seeking an administrative time extension to December 31, 2022 which will allow sufficient time to complete the final bid documents, start advance utility relocation and right of way acquisition work, and complete project closeout. The City of Palmdale will continue to work with elected officials, the Department of Defense and Metro staff to seek funds for construction.

As an interim improvement, the Southern California Regional Rail Authority (SCRRA) was recently awarded \$3,329,100 in Federal Highway Administration (FHWA) Section 130 funds to make near-term improvements to enhance safety at the Rancho Vista grade crossing. These improvements will include three new pedestrian and vehicular active warning devices, train signaling system modifications to allow for improved signal preemption, and track crossing panel replacement on the SCRRA side of the tracks. These improvements are anticipated to be completed by 2023

Extend Lapsing Dates of Rehabilitation / Capital Funds

Metrolink rehabilitation and capital projects maintain system safety, ensure state of good repair and modernize the Metrolink system span over a 4 year project delivery program for most projects. This recommended Board action extends SCRRA's various rehabilitation and capital project MOU funding in the amount of \$13,544,289 as outlined from expiring on June 30, 2020. Due to the unprecedented COVID pandemic, unforeseen material supplier delays, and project work delays, a time extension is being requested. Metrolink indicated that their work is in progress, some projects are close to completion and will be completed and invoiced by the requested extension date.

DETERMINATION OF SAFETY IMPACT

Approval of this item will have no impact on the safety of Metro's patrons or employees.

FINANCIAL IMPACT

Metrolink's total FY 2021-22 rehabilitation and capital budget request from all SCRRA JPA Member Agencies consists of Rehabilitation in the amount \$99.033 million consisting of \$90.433 million in rehabilitation/state of good repair and \$8.6 million in new capital projects.

Metro's share of Metrolink's FY 2021-22 Rehabilitation and Capital budget is \$33,349,794 and will be funded with new programming of Measure R 3% in the amount of \$24 million and the remaining \$9,349,794 will use the remaining fare revenue supplement due to COVID 19 or other funding sources already programmed to Metrolink in FY 21.

Metrolink's FY 2021-22 rehabilitation and capital program is implemented and funded over a four year time period. Metro's cash flow requirements for the Metrolink FY 2021-22 rehabilitation and capital program are as follows:

Table 2: Metrolink FY22 Rehabilitation and Capital Cash Flow			
Metro	Rehab	Capital	Total
FY 2021-22	\$1.7	0	\$1.7
FY 2022-23	\$11.6	\$0.1	\$11.7
FY 2023-24	\$9.9	\$0.1	\$10
FY 2024-25	\$9.864	\$0.085	\$9.949
TOTALS	\$33.064	\$0.285	\$33.349

IMPLEMENTATION OF STRATEGIC PLAN GOALS

Staff's recommendation supports Strategic Plan Goal #1.2 to improve L.A. County's overall transit network and assets. Metro will work with the Southern California Regional Rail Authority (SCRRA) to provide more frequent and reliable Metrolink service, improve customer satisfaction, and better transit connections throughout the network.

ALTERNATIVES CONSIDERED

As a member of the SCRRA JPA, Metro is required to approve its annual share of the SCRRA budget. The Metro Board could elect to authorize a different budget amount. However, staff does not recommend an alternate budget amount since Metro is funding Metrolink's full funding request.

NEXT STEPS

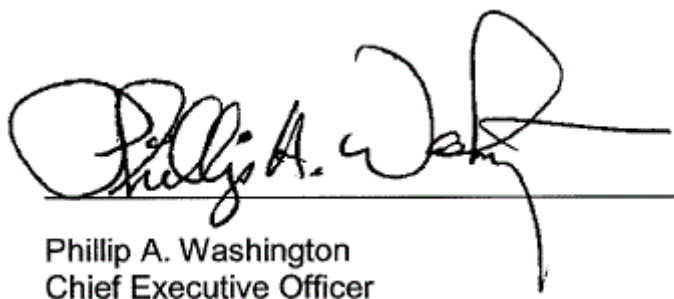

The Metrolink Board is scheduled to adopt their FY 2021-22 budget on June 25, 2021. Metro staff will monitor implementation of SCRRA's budget and report back to the Metro Board with any issues requiring Metro Board action.

FROM: Stephanie Wiggins, Chief Executive Officer

SUBJECT: Request for Approval to Transmit Proposed FY2021-22 (FY22)
Operating and Capital Budget to Member Agencies

Issue

The Authority is required under the Joint Powers Agreement to provide to its Member Agencies, on or before May 1 of each year, a Proposed Budget for the coming fiscal year (which begins July 1) for individual agency consideration and approval.

Recommendation

AUDIT AND FINANCE COMMITTEE RECOMMENDED (5-0) the Board transmit the Proposed Fiscal Year 2021- 22 (FY22) Budget to its Member Agencies no later than May 1 for their consideration and adoption as required in the Joint Powers Agreement.

Strategic Commitment

This report aligns with the Strategic Business Plan commitments of:

- **Safety is Foundational:** We will stay on the leading edge by deploying new technologies and processes to enhance the safety and security of our riders, our fellow employees, and the communities we serve.
- **Customers Are Our Business :** We respect and value our customers, putting them at the heart of all we do, and work hard to attract and retain new customers by understanding their needs and finding new and innovative ways to bring them on board.
- **Connecting and Leveraging Partnerships:** We will forge new and enhanced relationships with our public and private partners to integrate and coordinate connecting services, providing residents throughout Southern California with better, seamless,

sustainable alternatives to driving.

- **Modernizing Business Practices:** We will improve our operational efficiency through transparency, objective metrics and streamlined governance, reducing over-reliance on subsidy while bringing our system into a state of good repair and investing in the development of our employees.
- **Advancing Key Regional Goals:** We will grow the role of regional rail in addressing climate change, air quality, and other pressing issues by advancing toward zero emissions, making rail a compelling alternative to single-occupant automobiles and advancing equity-focused opportunities for all communities throughout Southern California.

The FY22 Budget has been constructed to provide support to each of Metrolink's strategic goals.

Background

The FY22 budget development process began in January 2021 with a virtual Budget Kick-off Meeting attended by over 50 employees and included budgetary guidance. Budget requests were compiled and submitted by those assigned by Chiefs to process the cost centers under their remit. Budget division staff subsequently analyzed and reviewed the requests. The interim CFO then held meetings with each Chief, and, subsequently, the Chief Executive Officer. The primary purpose of the meetings was to consider the necessity for each budget amount requested taking into consideration such factors as:

- Funding at a level which will meet the goals of the Authority;
- Historic levels of spending;
- Current levels of spending;
- Known adjustments for the forthcoming year;
- Overarching goal of safety, fiscal sustainability and operational efficiency; and
- Consideration of the COVID-19 pandemic impact on activities and funding.

This series of internal meetings was concluded in March.

The FY22 Proposed Budget was reviewed with the Member Agency Advisory Committee (MAAC) members on March 9th, March 26th, and April 1st.

An overview of the FY22 Proposed Budget for Operations and the Capital Program detailing the Total Request for Funding was reviewed in individual conversations with each of the Member Agencies' Chief Financial Officers (CFOs) and Chief Executive Officers (CEOs) during the months of March and April 2021. During these individual meetings, substantive agreement was reached on concurrence with the Operating and Capital Program portions of the FY22 Budget as proposed.

Discussion

Foundation for FY22 Proposed Budget

The FY22 Proposed Budget provides funding to achieve the following:

- Recovery of ridership and revenue
 - Returning Commuters
 - Assistance for Low Income Riders
 - Expansion of ridership base to include ridership for entertainment, day trips, shopping.
- Continued emphasis on safe operations, with updates and maintenance of intraoperative Positive Train Control (PTC) as the centerpiece of Metrolink's efforts
- Grant funded efforts to reduce the number of trespasser injuries.
- Additional New Service on the Ventura Line
 - Service was added to provide an additional round trip each Saturday
- Investment in existing assets to maintain a state of good repair by:
 - Funding critical rehabilitation projects,
 - Improving processes to accelerate project delivery

Budget Assumptions:

Service

- Maintain 30% Service Reduction – any change would be based on load factors. If service does increase due to load factors/unplanned ridership demand, the financial impact would be addressed during the Mid-Year Budget review. Only
- added service Ventura Line Saturday round trip

• **Revenue**

- Ridership Recovery Forecast Scenario 2B (see Attachment A)

• **Expense**

- 3% Merit Pool for FY22
- No COLA for FY22
- Contractor Increases Only as Mandated by Agreements 1
- New FTE headcount (Manager II - Cybersecurity)

• **Funding**

- Continued Dependency on use of COVID-19 pandemic Relief Funds

• **Reporting**

- Monthly
- Formal Mid-Year Budget Review

• **Arrow Service**

- Will be presented as part of the Mid-Year Budget Adjustment

Operating Budget

The Operating Revenues are \$59.4M and reflect a projected net increase of \$15.9M or 36.5% from FY21. The year over year changes are detailed below in the Operating Revenues section. The Expenditures are \$253.0M and reflect a decrease of \$7.5M or 2.9% lower than FY21. Details of the year over year change are explained below in the Operating Expenditures section. The required Operating Subsidy is \$193.7M and is a decrease of \$23.3M from the FY21 Adopted Budget (see Attachment B).

The FY22 Proposed Budget Operating Statement by detailed categories compared to FY21 adopted budget, by Member Agency, by Line and historically over the last five years are included as Attachments C, D, E and F.

Discussion of FY22 Proposed Budget Operating

Statement Operating Revenues

Operating Revenues include Farebox, Dispatching, Maintenance-of-Way (MOW) Revenues, interest, other minor miscellaneous revenues, and are estimated to total \$59.4M for FY22, an increase of \$15.9M or 36.5% compared to the FY21 Adopted Budget.

Farebox Revenues which are the largest component of the operating revenue, are projected at \$45.2M, an increase \$18.0M or 66.5% compared to the FY21 Adopted Budget. This increase reflects the steady recovery of ridership which was so negatively impacted by the COVID-19 pandemic for all of FY21.

Dispatching and MOW revenues from the freight railroads and Amtrak are based on existing agreements at the current rate of usage. The service reductions by Amtrak passenger rail in response to the COVID-19 pandemic have negatively affected the Revenues for both Dispatching and MOW. The budget of \$2.1M for Dispatching Revenue and \$11.6M for MOW Revenue reflect decreases of \$0.3M and \$1.4M respectively as compared to the FY21 Budget. Lack of advertising, and reduced filming revenues have contributed to the \$0.5 reduction in Other Revenues.

Operating Expenditures

Operating Expenditures are presented in the following four categories: Train Operations, Maintenance-of-Way (MOW), Administration and Services, and Insurance. Comparisons are to Adjusted Budget.

The Train Operations component of the Operating budget contains those costs necessary to provide Metrolink commuter rail services across the six-county service area, which includes

the direct costs of railroad operations, equipment maintenance, required support costs, and other administrative and operating costs. The FY21 Proposed Budget for expenditures related to Train Operations includes contingency and is \$141.3M.

Ordinary MOW expenditures are those costs necessary to perform the inspections and repairs needed to ensure reliable, safe, efficient operation of trains and safety of the public. The FY22 proposed budgeted amount for expenditures related to MOW is \$47.1M.

Administration and Services include internal expenditures related to Train Operations. The FY22 Proposed Budget for expenditures related to Administration & Services is \$47.8M.

The Category of Insurance and Legal is \$16.8M for the FY22 Proposed Budget.

Overall, the total FY22 Proposed Budget for expenditures is \$253.0M, and has decreased from the FY21 Adopted Budget by \$7.5M or 2.9%. The components of this change are as described below.

- Total Train Operations have decreased by \$10.1M or 6.7%. The primary drivers of this decrease are:
 - Train Operations Services have decreased \$2.3M as the result of a new contract;
 - Equipment Maintenance decreased by \$1.1M due to efficiencies in maintenance, and reduced material for Rolling Stock repairs;
 - Fuel expense decreased by \$0.8M due to the 30% service reduction;
 - Operating Facilities Maintenance decreased by \$0.7M created by efficiencies in operation;
 - TVD Maintenance/Revenue Collection decreased by \$1.6M due to reduced ridership, lower credit card fees;
 - Amtrak Transfers decreased by \$1.0M as a function of reduced service;
 - Rail Agreements decreased by \$2.1M caused by the 30% service reduction; and
 - Special Train costs have decreased by \$0.4M as an impact of the pandemic.
- MOW has decreased by \$0.8M or 1.6% from the FY21 Adjusted Budget primarily as a result of a new Track and Signals Contract.
- Administration and Services have increased from FY21 Adjusted Budget by \$1.6M or 3.5%, The primary drivers of this increase are:
 - An increase of Labor distribution to Operations Salaries for \$2.2M, in conjunction with an increase in medical insurance benefit costs;
 - Offset by a decrease of \$0.6M in charges to Indirect Administrative costs (overhead).
 - It is noteworthy that overall total Salaries in the Operations budget have increased by only 1.1%.

- Total Insurance expense has increased by \$1.9M or 12.5% from the FY21 budget, primarily as a result of the Rail insurance market shrinking and becoming increasingly costly.
 - Property and Liability Insurance premiums are higher by \$1.8M.

Member Agency Operating Subsidy

- Member Agency subsidies are required to fund the difference between the total costs of operations and available revenues. The FY22 Proposed Budget estimates total Member Agency subsidies to equal \$193.7M, a decrease of \$23.3M, or 10.8% less than the FY21 Budget.
- The Budget Summary Comparison (Attachment B) includes a year over year comparison of net operating subsidy by Member Agency. In response to Member Agency requests, this schedule reflects the FY22 Proposed member subsidy in whole dollars which are required to create Member Agency Board requests.

Capital Program Budget

Rehabilitation

The FY22 Proposed Rehabilitation Budget was developed based on the Metrolink Rehabilitation Plan (MRP) which was created in fulfillment of the Transit Asset Management (TAM) requirement, and to address the Authority's State of Good Repair (SOGR) needs. The MRP addresses two critical elements:

Backlog or total cost of renovating assets to achieve a current

SOGR **SOGR** - Annual cost of keeping assets in a SOGR.

In light of the financial stress created by the COVID -19 pandemic, the FY22 budget request addresses only the SOGR or annual cost of keeping assets in a SOGR. The FY22 Proposed Budget does not address the current backlog which is estimated to be over \$500M.

The Rehabilitation authorization request for FY22 was identified as necessary investments to maintain a SOGR. These projects total \$90.4M and are presented by Member Agency and by Line in Attachment G. Grants paid directly to Metrolink cover \$26.1M of this request. The total amount requested from Member Agencies will therefore be \$64.3M.

A listing of the individual projects, their location and description are provided in Attachment H.

New Capital

The New Capital authorization request for FY22 was identified as necessary for safe and efficient rail operations. These projects total \$8.6M and are shown by Member Agency and by Line in Attachment I. Grants paid directly to Metrolink cover \$ 8.0M of this request. The total amount requested from Member Agencies will therefore be \$0.6M. The Authority is also endeavoring to secure a Grant to cover this \$0.6M.

A listing of the individual projects, their location and description are provided in Attachment J.

The FY22 Proposed Capital Program Budget request is \$99.0M by asset type as shown below:

CAPITAL PROGRAM	FY2021-22
Facilities	\$2,946
Grade Crossing	\$8,000
Rolling Stock	\$3,000
Structures	\$20,787
Track	\$42,440
Train Control	\$18,610
Vehicles	\$3,250
Total Capital Investment	<u>\$99,033</u>
Annual Cash Flow	\$4,952

Completion of the FY22 Proposed Capital Program projects are multi-year in nature. As such, the funding for the FY22 Budget requests may be viewed as each having a four-year funding commitment which would have the estimated cashflow impact over the subsequent fiscal years as shown in Attachment K.

Budget Impact

This report and the transmittal of the Proposed FY22 Budget has no impact on the Budget.

Alternatives Considered

The Committee may recommend the transmission of the FY22 Budget with specific modifications. Staff does not recommend this approach as the Member Agency CEO's have provided general concurrence with the proposed subsidy amounts.

Ridership Recovery Forecast Scenarios

Planning Scenarios:

- 1 - Muted Recovery (Worst Case): Major economic downturn. Ridership recovery prolonged until FY24 Q3.
- 2 - Recession (Medium Case): Medical crisis triggers recession. Ridership recovery by FY23 Q3.
- 2A - Surge (Adjusted Medium Case): Surge in infections delays ridership recovery to FY23 Q4.
- 2B – 3rd Wave (Adjusted Medium 2A Case): Surge in infections delays ridership recovery to FY23 Q4.**
- 3 - No Recession (Best Case): Ridership recovery by FY22 Q3.

PROJECT : SYSTEMWIDE TRACK REHABILITATION

SCOPE				TYPE: REHAB MRP					
Systemwide Track Rehabilitation addresses the following recurring requirements to sufficiently rehabilitate aging infrastructure and growing backlog: - Rail Grinding: ongoing systemwide program - Surfacing Program to restore track profiles and cross sections - Infrastructure study & planning and data collection for condition assessments									
Mile Posts: n/a				Division: All County: ALL Asset Type: Track					
OBJECTIVES				RISKS CAUSING PROJECT DELAY					
1. (Goal 3: Invest in People and Assets) Maintain State of Good Repair 2. (Goal 4: Retain and Grow Ridership) Improve service reliability 3. (Goal 2: Maintain Fiscal Sustainability) Reduce operating cost 4. (Goal 1: Ensure a Safe Operating Environment) Reduce train accidents									
JUSTIFICATION				RANKING // PROJECT READINESS					
Track rehabilitation is identified by the Metrolink Rehabilitation Plan (MRP) and aligns with the combined track & signals maintenance RFP scope and implementation. Rail Grinding and surfacing addresses "rolling contact fatigue" (RCF) resulting in rail life savings. This work also addresses noise concerns and positively impacts ride quality.				1. Condition of Asset..... Worn 2. System Impact..... High					
RISK CREATED BY NON-IMPLEMENTATION									
If the program is not implemented in full, the remaining work that is beyond the rehabilitation limits will be added to the backlog in future years. Per FRA CFR 213 standards would require slow orders with potential delays to passenger service.

PROJECT : SYSTEMWIDE TRAIN CONTROL SYSTEMS REHABILITATION

SCOPE			TYPE: REHAB MRP					
Systemwide Train Control Systems Rehabilitation addresses PTC, Centralized Train Control systems and equipment to sufficiently rehabilitate aging infrastructure and growing backlog. See the justification section for discussion on aged assets and standard life. Train Control Back Office: 1) DOC/MOC Backup Systems 2) Workstations/Laptops 3) CAD/BOS/MDM/IC3 4) Routers/Switches 5) On-Board Train Control Systems 6) Software/Hardware for Locomotives & Cab Cars

JUSTIFICATION			RANKING // PROJECT READINESS					
Train Control Systems rehabilitation identified by the Metrolink Rehabilitation Plan (MRP) includes PTC and Centralized train control systems and equipment. The need has been identified because the assets have fallen below a State of Good Repair and are in need of rehabilitation based on limits set by SCRRA staff and industry standards. Some of the PTC hardware is already 10 years old and some of the design was 5 years earlier than that. The office element consists mainly of computers (servers, field laptops, etc.) that date back to 2011, 2012. Mission critical computers are usually rehabbed every 5 years. Our onboard and wayside cellular systems that were implemented back in 2012 were state of the art 3G systems that will be unsupported and completely sun-setted by the Telco companies at the end of last year.			1. Condition of Asset..... Worn 2. System Impact..... High

PROJECT : LANCASTER CREW BASE REPLACEMENT

SCOPE				TYPE: REHAB MRP					
The Lancaster Crew Base houses train operation crews that serve Los Angeles County. This project will lease parcel and purchase/install new modular building and portable weather resistant communication shelter for train operations and mechanical crews. This is a critical interim solution that bridges the gap until a new Lancaster terminal is in service. The current Antelope Valley Line Capital and Service Improvements Program does not specifically address the crew base in its Lancaster Improvement Project statement of work.									
Mile Posts: 76.4 - 76.5				Division: Valley County: LA Asset Type: Facilities					
OBJECTIVES				RISKS CAUSING PROJECT DELAY					
1. (Goal 3: Invest in People and Assets) Maintain State of Good Repair 2. (Goal 2: Maintain Fiscal Sustainability) Reduce operating cost 3. (Goal 4: Retain and Grow Ridership) Improve service reliability 4. (Goal 3: Invest in People and Assets) Reduce employee turnover 5. (Goal 4: Retain and Grow Ridership) Increase system utilization				1. Condition of Asset..... Worn 2. System Impact..... High Acquisition of property or lease agreement can start immediately after funding is available.					
JUSTIFICATION									
Building will be purchased. Budget includes furniture. IT equipment will be requested the year property will be ready for occupancy. Old rental trailer will be demobilized. The small permanent office space can serve as a security office. This is an interim solution for next 7-15 years until such time as a new Lancaster terminal is developed. Project has been identified because the asset has fallen below a State of Good Repair and is in need of rehabilitation based on limits set by SCRRRA staff and industry standards. The existing Lancaster Crew Base currently has 18 crew members reporting daily. The facility is only large enough to comfortably seat 2 people.									
RISK CREATED BY NON-IMPLEMENTATION									
If the project is not implemented in full, the remaining projects that are beyond the rehabilitation limits will be added to the backlog in future years. This situation has to be addressed before it escalates into a safety issue. We are required to provide reasonable accommodations for Conductors and Engineers to break and fill out paperwork. PROJECT : PERRIS VALLEY SUBDIVISION REHABILITATION - CONSTRUCTION PHASE SERVICES

SCOPE				TYPE: REHAB MRP						
Right-of-Way fencing/wall by UCR: Secure the open railroad right-of-way (RR ROW) with block walls and fencing to prevent trespassers and students from UCR using the RR ROW as a shortcut to and from UCR.										
Construction Phase for Citrus Retaining Wall & Drainage; Box Springs Drainage										
Design phase and partial Construction phase was funded in FY21 budget: Adopted last year, FY21, were Project 521910 for \$1.8M Design; Project 521920 for \$2.3M Construction phase services for the area between MP 70.7 and MP 70.9. The first 2 projects to be completed in this area will be at CP Citrus with the extension of an existing retaining wall and at MP 70.85 which will add 4-60" RCP across the tracks and perform track side grading and ditching between MP 70.83 and MP 70.9. Work has not yet started, pending FTA grant execution.										
The FY22 request for \$1.58M will complete funding of the construction phase for remaining drainage and culvert projects for this area. This is an estimated cost for construction and could change upon completion of final design.										
Mile Posts: 65 - 85.4				Division: San Jacinto (PVL) County: RV Asset Type: Structures						
OBJECTIVES				RISKS CAUSING PROJECT DELAY						
1. (Goal 3: Invest in People and Assets) Maintain State of Good Repair 2. (Goal 4: Retain and Grow Ridership) Improve service reliability 3. (Goal 2: Maintain Fiscal Sustainability) Reduce operating cost 4. (Goal 1: Ensure a Safe Operating Environment) Reduce train accidents										
JUSTIFICATION										
Due to drainage conditions in the surrounding area surrounding the Box Springs areas of the Perris Valley Line, the newly constructed Perris Valley line is experiencing flooding and erosion issues in specific areas. There is a wall and existing wall at Citrus Avenue that is currently experiencing undermining and the slope is eroding away from the wall which could become a safety issue in the future. The wall will be extended, and grading and drainage improvements will be made to repair the existing erosion and prevent future erosion. During FY19 SCRRA conducted a Hydrology and Hydraulics analysis, and the study identified a need for approximately 15 new or larger culverts through the box springs area. This project will address one of the highest priority areas by installing 4-60" RCP culverts, and performing regrading.										
RISK CREATED BY NON-IMPLEMENTATION				1. Condition of Asset..... Worn 2. System Impact..... High Design and partial Construction funded in FY21 budget.						
If project is not completed the drainage issues along the PVL will continue into the future and possibly cause issues that could result in the need for emergency maintenance and effect Metrolink service.
