Agenda Number: 31.

EXECUTIVE MANAGEMENT COMMITTEE JULY 15, 2021

SUBJECT: PARTNERSHIP FOR HOUSING ACCELERATION

ACTION: APPROVE RECOMMENDATION

RECOMMENDATION

AUTHORIZE the Chief Executive Officer to execute a Memorandum of Understanding between the Southern California Association of Governments and Metro for reimbursement of up to \$1,600,000 for work associated with the implementation of the updated Joint Development Policy, the proposed Housing Lab, and accelerating the production of housing through the Joint Development program.

ISSUE

The Board of Directors adopted an updated Joint Development (JD) Policy in June 2021 in order to streamline JD projects, bolster Metro's commitment to affordable housing, and encourage innovation around housing and equity. Housing affordability is a state-wide issue, and the Southern California Area of Governments (SCAG) is funding regional partners to complete planning activities that will accelerate housing production with funds made available by the State of California. The opportunity is well-timed to expedite the implementation of the JD Policy. To that end, SCAG and Metro have negotiated a scope of work in which SCAG will reimburse Metro for up to \$1,600,000 for work associated with the implementation of the updated JD Policy, the proposed Housing Lab, and other work associated with accelerating the production of housing.

BACKGROUND

The JD Policy was updated in June 2021 in order to address the worsening issues of housing undersupply, affordability and homelessness in LA County. The new JD Policy proposes a Housing Lab to encourage innovation around housing and equity, a new methodology for ensuring neighborhood stabilization and housing alignment, and a system of metrics for measuring policy outcomes.

The State of California 2019-20 Budget Act, also known as Assembly Bill (AB) 101, appropriated a new one-time program to fund planning activities that enable regions and jurisdictions to accelerate housing production and meet housing needs established by the Regional Housing Needs Assessment (RHNA). Under the Regional Early Action Planning (REAP) Program, SCAG and other designated councils of governments design their program frameworks for implementation of eligible REAP planning activities supporting regional policy objectives to accelerate housing production.

DISCUSSION

Metro and SCAG staff have developed a scope of work aimed at expediting implementation of key elements of the JD Policy including strategic planning, advanced feasibility studies, community outreach, surveys and metrics, and the Housing Lab. A Memorandum of Understanding (MOU) is required to authorize the formal partnership and scope of work between SCAG and Metro and to facilitate the transfer of grant funds. The grant will pay for two temporary fellowship positions as well as consultant costs to complete the following scope of work:

- A Strategic Plan will identify Metro's JD priorities for the next five to ten years and identify the resources and steps required to accelerate equitable development.
- A Parking and Station Access Strategy will evaluate station access along a transit corridor as a whole, allocating parking holistically to unlock more Metro land for housing
- Advanced Feasibility Studies for specific JD sites will provide additional analysis on market conditions and zoning requirements at the time of site selection.
- Asset Mapping to help Metro better understand opportunities to build on existing community resources in JD projects.
- Neighborhood AMI Methodology will analyze incomes and prevailing market rents for neighborhoods in which projects are proposed, with the goal of delivering units that would be affordable to people who live in the neighborhood.
- A System of Metrics and Housing Dashboard will help to measure the true benefit of transit-oriented housing through an annual tenant survey that would enable JD to track metrics such as transit use, demographic data (as allowed/feasible), and empirical data on the effectiveness of the JD program.
- The Housing Lab will explore housing innovations on a pilot basis to test new methods for achieving outcomes faster, more efficiently, and more equitably. Strategies may include land banking, community land trusts, partnerships to finance preservation or construction of moderate-income housing, modular/ prefab technologies, and alternate typologies such as micro-units and co-housing.

The period of performance under the grant is from the date of execution to June 30, 2023. The MOU requires quarterly and annual reporting along with a project close-out report.

DETERMINATION OF SAFETY IMPACT

The recommended action will not have any direct impact on safety.

FINANCIAL IMPACT

The recommended action has been budgeted in the 2022 Fiscal Year and will be reimbursed by the SCAG REAP Program. Since this is a multiyear program, the Chief Planning Manager, Project Manager, and Cost Center Manager will be responsible and accountable for budgeting the remaining program funds in subsequent fiscal years. The 2022 Fiscal Year funds will be programmed in the Joint Development Cost Center, 2210, in Project 610011. A new Task Number will be created to track the programmed funds.

Impact to Budget

The source of funds for the Housing Lab are provided by SCAG through the REAP Program and are not eligible for bus/rail operations or capital expenses. The recommended action will have no impact on the 2022 Fiscal Year budget.

EQUITY PLATFORM

One of the most powerful ways Metro can improve Angelenos' access to opportunity is by leveraging Metro property for housing and other community benefits. Funding through the SCAG grant will accelerate Metro's delivery of housing and community benefits under the updated Joint Development Policy.

The Partnership for Housing Acceleration aims to accelerate delivery of income-restricted housing throughout LA County as means to alleviating the structural inequities that are exacerbated by the regional housing shortage. The strategic planning efforts will also prioritize the needs of historically underserved communities by prioritizing the JD work program according to equity focus communities, communities at risk of gentrification, and areas with greater access to opportunity. Consistent with the JD Policy, projects that are prioritized through the strategic planning effort will be carefully considered and designed in partnership with the surrounding community, to elevate projects that will uplift and enhance communities and, as much as possible, reduce historic burdens or harm.

Community outreach and asset mapping will be prioritized in the work, with the goal to proactively avoid any potential negative consequences to communities. The Neighborhood AMI methodology, introduced in the adopted Joint Development Policy, combined with this Partnership strategic planning will facilitate, prioritize low-income communities and communities of color and seek to providing housing units that are accessible to the pre-existing communities in which projects are built and to stabilize rather than gentrify neighborhoods. Data collection and reporting will verify the impacts of the work and allow for iterative changes to focus benefits for marginalized groups.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

The partnership for housing acceleration is fulfilling Strategic Plan Goal 3.2 by seeking to catalyze TOCs with affordable housing and stabilize neighborhoods, and Goal 3.4 by playing a leadership role in addressing homelessness.

NEXT STEPS

Staff will finalize and negotiate the attached form of MOU, set up accounting and reporting procedures consistent with the MOU requirements, and seek to fill the fellowship positions.

Subaward Project Description: Regional Early Action Planning (REAP) Grant Partnerships and Outreach will utilize REAP funding to implement planning projects to further the development of housing within the Los Angeles County jurisdiction.

Metro's Joint Development (JD) portfolio will grow rapidly over the next decade with the acquisition of properties for new transit lines throughout LA County. It is anticipated that more than 40 new sites will join the JD portfolio, effectively doubling its size. This large influx of sites represents a key opportunity to build up to 10,000 units of transit-adjacent housing, but will require robust, strategic planning to accelerate the delivery of units as these sites come online.

Support for planning and process improvements is needed within the JD team to ensure that Metro is able to develop and implement a strategic plan to accelerate the delivery of affordable housing on its incoming properties. In support of these efforts, Metro JD proposes two, two-year fellowship positions, one at a senior level, (the Senior Fellow) and one at a junior level (the Junior Fellow), as well as consultant support providing technical and strategic advisory services as needed.

Nothing furnished to the Sub-Recipient or SCAG which is otherwise known or is generally known, or has become known, to the related industry shall be deemed confidential. The Sub-Recipient shall also safeguard such confidential materials from unauthorized disclosure, using the same standard of care to avoid disclosure, as the Sub-Recipient treats its confidential information, but in no case less than reasonable care.

Housing element progress

Subregional partners must demonstrate jurisdictional progress toward housing element preparation before projects and activities that are not directly related to housing element preparation can be funded. In the section below, please list the jurisdictions your subregional area covers, planned SB 2 and LEAP activities (if any), and housing element progress. If a LEAP grant has not yet been awarded, please also indicate in the table. The rubric below can be used to indicate housing element progress: Use additional space or add additional lines, if needed.

- A. The jurisdiction has either consultant or dedicated staff resources for their housing element updates, with all updates underway; no additional REAP support is proposed.*
- B. The jurisdiction has either consultant or dedicated staff resources for their housing element updates. A REAP support project for housing element updates is proposed by our subregion.*
- C. The jurisdiction has neither consultant nor dedicated staff resources for their housing element updates. A REAP support project for housing element updates by our subregion is NOT proposed. This jurisdiction will need technical assistance resources for their housing element update.*
- D. Our subregion is unaware of the status of housing element updates for this jurisdiction*
