

## Board Report

**File #:** 2021-0694, **File Type:** Federal Legislation / State Legislation (Position)

**Agenda Number:** 34.

### EXECUTIVE MANAGEMENT COMMITTEE NOVEMBER 18, 2021

**SUBJECT: 2022 LEGISLATIVE PROGRAM**

**ACTION: APPROVE STAFF RECOMMENDATIONS**

#### RECOMMENDATION

CONSIDER:

- A. RECEIVING the State and Federal Legislative Report;
- B. ADOPTING the proposed 2022 Federal Legislative Program as outlined in Attachment A; and
- C. ADOPTING the proposed 2022 State Legislative Program as outlined in Attachment B.

#### ISSUE

The Board of Directors adopts, on an annual basis, a legislative program for the upcoming state legislative and federal congressional sessions, which provides guidance to staff on legislative issues and policy as a means of advancing and protecting Metro's authority and the transportation interests of Los Angeles County. Pursuant to the goals outlined in the Long-Range Transportation Plan (LRTP), Equity Platform, Vision 2028 Plan, and other board directives, we will continue to evaluate and consider long term strategic advocacy and legislative goals for the agency as outlined in the plan. We will continue to work with the implementing departments within Metro to develop the broader objectives and will bring to the Board authorization to pursue additional specific measures as they become sufficiently developed and ready for pursuit through legislative processes.

#### DISCUSSION

##### Policy Implications

The role of the legislative program is to clearly define Metro's goals and objectives by securing necessary legislative authority, program funding and regulatory actions needed at the state and federal levels. The program provides policy direction to our advocacy activities in Sacramento, C.A. and Washington, D.C. To achieve these important goals, Government Relations staff will implement a long-term legislative strategy of consensus building and coordination with transportation stakeholders throughout Los Angeles County, the State of California and with Federal officials. The Legislative Program directs staff to monitor and engage in a number of legislative and advocacy efforts. The [Government Relations Legislative Matrix <http://libraryarchives.metro.net/DB\\_Attachments/211105-November%202021%20-%20LA%20Metro%20Legislative%20Matrix.pdf>](http://libraryarchives.metro.net/DB_Attachments/211105-November%202021%20-%20LA%20Metro%20Legislative%20Matrix.pdf), which is updated and

presented to the Board monthly, highlights a number of bills of interest to the agency.

### Federal Recap

In 2021, our agency continued to aggressively pursue our Board-approved federal legislative priorities in Washington, DC. Federal transportation programs continued to be administered under the latest surface transportation authorization bill, the Fixing America's Surface Transportation Act (FAST Act), which was signed into law on December 4, 2015 and has since been extended by the 117th Congress.

Congress is considering the Infrastructure Investment and Jobs Act (IIJA), which not only reauthorizes federal surface transportation programs at much higher funding levels for the next five years, but includes an additional \$548 billion in new funding to address a broad spectrum of infrastructure needs. IIJA provides historic investments in roads, bridges, rail, transit, airports, ports and waterways while helping the nation rebuild its electric grid, upgrade broadband infrastructure, improve access to safe drinking water, deploy electric vehicles and buses, improve disaster resilience, and much more.

Of particular interest to Metro, the bill significantly increases funding provided through key discretionary and formula grant programs such as Capital Investment Grants, Buses and Bus Facility Grants, Low or No Emission Bus Grants, State of Good Repair Grants, and Urbanized Area Formula Grants. In the coming weeks and months, Metro staff will be actively engaged with the Biden-Harris Administration to ensure the agency's interests are represented as they begin to administer discretionary funds, develop new programs established through IIJA, and issue policy guidance.

Moving in parallel to the IIJA legislation has been a comprehensive budget reconciliation bill, referred to as the Build Back Better Act, which would fund a number of social spending priorities not included in the "hard infrastructure" IIJA bill. We are pleased to report that, with support from the Board and Chair Solis in particular, the bill currently includes \$10 billion in grants to support the provision of fare-free and reduced-fare transit, new transit routes, expansion of service areas, and improved frequency on existing routes. The bill also includes \$10 billion for high-speed rail. As of this writing, Congressional Democrats have agreed to a legislative framework amounting to approximately \$1.75 trillion, though final details of the bill are still being negotiated. Staff will continue to engage with stakeholders in Washington, DC to ensure Metro-supported provisions remain in the final legislation.

The annual appropriations process in Washington, DC continues to be the subject of disagreement, and again Congress missed its annual September 30 deadline to pass a budget for Fiscal Year 2022 to fund the various federal agencies and programs. While the U.S. House of Representatives approved nearly all its 12 annual appropriations bills - including the Transportation, Housing, and Urban Development Appropriations Bill - the U.S. Senate was unable to approve any of their annual appropriations bills. As of the writing of this report, the Federal Government is operating on a Continuing Resolution through December 3, 2021. Metro continues to work closely with our Los Angeles County Congressional Delegation to advocate for the priorities included in the House and Senate Appropriations bills that would benefit our agency.

Lastly, Metro is working hard in Washington, DC to successfully advance our major transit capital

---

projects through the Capital Investment Grant program. Staff has been engaged in preliminary advocacy with Congressional offices and the Biden-Harris Administration for each of these projects throughout 2021, and we will initiate much more active engagement upon submission of each of these projects to the Federal Transit Administration. With regard to the Westside Purple Line Extension, we successfully advocated for \$100 million in annual appropriations for each of the project's three operating segments in Fiscal Year 2021 and anticipate the same level of investment in Fiscal Year 2022. In 2022, Metro will continue to aggressively prioritize and strongly advocate for our transit projects to receive funding through the Capital Investment Grant Program.

Through all of our efforts in Washington, DC, Metro continues to incorporate equity as a central component of our work. Metro staff has been engaged in an active dialogue with the Biden-Harris administration as they begin to roll out their Justice40 Initiative, with the goal of delivering 40 percent of the benefits from federal investments to disadvantaged communities across the United States.

Metro will continue to work closely with the Administration, the U.S. Department of Transportation and Congress to leverage our local funding to advance transit, highway, and other effective mobility projects across Los Angeles County. The complete 2022 Federal Legislative Plan is outlined in Attachment A.

### State Recap

During the 2021 State Legislative Session, the California Legislature and Governor Newsom were primarily focused on recovery from the ongoing COVID-19 pandemic and responding to wildfires. To respond to the rapidly changing nature of the pandemic, the Legislature continued to operate on a modified basis, reducing the number of measures each Assemblymember and Senator could carry, and severely limiting in-person attendance at hearings, while allowing the public and witnesses to provide virtual testimony. The legislature passed a number of proposals that focused on that state's climate change goals, transportation projects, workforce recovery, and funding to support efforts to end homelessness.

The 2021 budget process operated under vastly different conditions to the uncertainty that overshadowed the 2020 process. In January, the Governor's budget proposal assumed a \$34 billion budget resiliency, that included reserves as well as a surplus. The May Revision included changes to the Governor's budget that reflected an unprecedented budget surplus, amid improving economic conditions. The May Revision included an \$11 billion investment in the state's transportation system, including \$1 billion for projects specifically tied to the 2028 Olympic and Paralympic games in Los Angeles.

Metro staff continued to engage in the budget process through working with members of the LA County Delegation in order to ensure that LA County would receive its proportionate share of transportation resources. In May, Metro issued a budget letter to the state legislature, outlining the agency's major budget priorities. These priorities included funding for capital projects, boosting zero-emission vehicle programs, supporting programs that help the unhoused, building sound walls in equity focus communities, and allocating funds to support a fareless transit system for low-income riders and students.

---

In early September, members of the Los Angeles County Senate and Assembly delegation issued a letter to the Budget Chairs specifically requesting a significant allocation of budget surplus funds for transit capital projects in LA County. However, negotiations with respect to the transportation budget and particularly the High-Speed Rail project stalled, and the end of session passed without the legislature passing a transportation-specific budget. Following this, Speaker Anthony Rendon (D-Lakewood) and Chair of the Assembly Transportation Committee Laura Friedman (D-Glendale) issued a joint letter to the Governor, expressing their desire to continue negotiations, and urged an additional \$3 billion for LA County transit projects, in addition to the \$1 billion from the Governor's May Revision. Budget negotiations will resume in January, and Metro will continue to engage with the legislature to ensure that the County receives proportionate funding.

There was a deadline of October 10, 2021 for the legislature to decide on a budget deal that would be outlined in state law; however, a transportation budget was not agreed upon by the end of the session. The Governor's proposal also included a significant amount of potential new funding for the High-Speed Rail project - \$4.2 billion. Without a final agreement - the funds proposed in the Governor's proposal reverted to the General Fund. There will be an opportunity to act to secure those funds in the coming months. Staff is actively advocating for funding to support a number of Metro's priorities as directed by the Board.

Funding that Metro would receive in a future state transportation budget package would be allocated to Metro projects that bring transportation equity to communities, improve air quality, reduce vehicle miles travelled and increase transit ridership. In 2021, the state considered a package that included:

- \$1 billion Olympics readiness transit funding
- \$1 billion in Transit and Intercity Rail Capital Funding
- \$500 million Active Transportation Program Funding
- \$500 million for Grade Separations and Intercity Rail Improvements
- High Speed Rail Funding

In the 2021 legislative session, our advocacy efforts also focused heavily on Board-directed State Legislative Program goals, as well as several proposals that would have impacted Metro programs. Metro's 2021 State Legislative priorities focused on sponsoring bills that would create the authority to use photo enforcement of parking violations in bus-only lanes, make it easier for Metro to use alternative project delivery methods, and streamline the CEQA judicial review process for Metro's Pillar Projects, as well as continue to advocate for increased transportation funding for Los Angeles County.

Metro was successful in advocating for the passage of three sponsored measures. The advocacy efforts around each bill included stakeholder support and collaboration that helped to advance each measure. Staff would like to acknowledge the Board in its forward thinking and support of the measures. Staff would also like to note that the diligent staff support from the Countywide Planning, Office of Extraordinary Innovation, County Counsel, Operations, Human Capital & Development departments was integral to the success of the measures and coalition building efforts. The bills are summarized below:

- **Senate Bill 44 (Allen)** - Will streamline the CEQA judicial review process for certain environmental leadership transit projects. The law will take effect on January 1<sup>st</sup>, 2022.
- **Assembly Bill 811 (L. Rivas)** - Will clarify an existing statute that allows LA Metro to expedite projects using alternative delivery methodologies. The law will take effect on January 1<sup>st</sup>, 2022.
- **Assembly Bill 917 (Bloom)** - Will allow transit agencies statewide to install front-facing cameras on buses to capture parking violations in transit-only lanes. The law will take effect on January 1<sup>st</sup>, 2022.

Below is a summary of the major legislation relevant to Metro's work that moved through the legislative process this year.

- **SB 671 (Gonzalez)** - Will require the California Transportation Commission and related state agencies to develop a statewide Clean Freight Corridor Efficiency Assessment and incorporate recommendations from the Assessment into their programs for freight infrastructure. This bill was formally supported by the Board. The law will take effect on January 1<sup>st</sup>, 2022.
- **AB 43 (Friedman)** - Will allow Caltrans and local jurisdictions greater flexibility to set lower speed limits on local streets, based on Vision Zero recommendations. This bill was formally supported by the Board. The law will take effect on January 1<sup>st</sup>, 2022.
- **AB 550 (Chiu)** - This bill would have established a Speed Safety System Pilot Program and was formally supported by the Board as a Vision Zero measure. The bill was held in the Assembly Appropriations Committee in May.
- **SB 17 (Pan)** - Would establish a statewide Office of Racial Equity and was formally supported by the Board. The bill was held in the Assembly Appropriations Committee in August.

Metro staff were also regularly engaged in discussions around bills for public employers that would have impacted our workforce and operations. The list below outlines some of the bills that Metro monitored through the legislative process and provided technical feedback to the author.

- **AB 361 (R. Rivas)** - Will allow state and local agencies, including Metro, to meet remotely during certain declared states of emergency, including the current one related to the COVID-19 pandemic. This codified an Executive Order signed by Governor Newsom that expired on September 30, 2021. The bill included an urgency clause and took effect on October 1, 2021.
- **SB 674 (Durazo)** - Would create a new statewide requirement for workforce development on certain transportation contracts. A coalition convened by the California Transit Association is working to ensure that the bill aligns with workforce development programs and transit agencies statewide, staff is engaged in discussions to support the provisions of Metro's WIN-LA and procurement programs that could be affected. The bill was converted into a two-year

bill and will be brought back in the next year.

An additional priority for Metro's ongoing advocacy efforts includes the need to provide certainty and stability to our power supply as we work to meet the agency's ambitious Zero-emission Bus Plan. Most recently, staff has worked to clarify Metro's Essential Use Designation to ensure power supply in the event of a major event or power shutoff. Next year, staff will work to engage the California Public Utilities Commission (CPUC) on these issues and will continue to ensure that statewide policy decisions do not hinder the final plans for the Zero-emission Bus Plan roll out.

Metro's State Advocacy strategy continues to include a robust outreach and communications plan to inform and engage the members of the Los Angeles County State Assembly and Senate delegation, in support of the Board-adopted Legislative program, Equity Platform, Vision 2028, Customer Experience Plan, Zero-Emission Bus Plan and LRTP goals. State advocacy efforts will also continue to support Metro's Planning Department policies and programs to secure discretionary and formula funding under Senate Bill 1 for Los Angeles County as administered by the CTC. Staff will also engage in discussions and advocate for state policies and funding opportunities as the Board approves directives to implement new initiatives that would address Metro's goals to implement the Equity Platform, Fareless System Initiative, Better Bus, and Affordable Housing.

In addition to the above, staff will be working to address a variety of other specific policy issues in the Legislative process, budget process as well as in various administrative processes in Sacramento (the entire 2022 State Legislative Program is outlined in Attachment B). These include but are not limited to:

- Advocating for \$1 billion in Olympics readiness funding for Metro's program of infrastructure improvements;
- Sponsoring legislation to authorize Metro to use job-order contracting in procurements;
- Explore and potentially sponsor legislation that would streamline and increase small business participation in Metro's procurements;
- Supporting legislative changes that would enhance Metro's TAP implementation and smart card system to allow for ease of access for determining eligibility for low-income riders;
- Explore and potentially sponsor legislation that would clarify provisions of state law that impact Metro's real property transactions and ground leasing for TOC developments, affordable housing and other uses.
- Working with the California Public Utilities Commission and the California Air Resources Board to advance Metro's Zero Emission Bus Program;
- Working with the Gubernatorial Administration and key leadership in ensuring that the Governor's Executive Orders on Sustainability align with Metro's plans; and
- Supporting the allocation of cap and trade funds to Los Angeles County.

With Board approval, the 2022 State and Federal Legislative advocacy platform goals will guide Metro staff as we work with leadership in Sacramento and Washington, DC to advance the priorities outlined by the Board and CEO to secure policy reforms and funding for the agency.

## **EQUITY PLATFORM**

Outlining Metro's policy priorities to leadership in Sacramento and Washington, DC is an important tool in creating equitable transportation and economic outcomes for riders of the diverse communities of Los Angeles county. The adoption of the 2022 State and Federal Legislative Program goals could have a positive impact in moving policy forward that supports more equitable investments and services throughout LA County.

Ensuring that Metro's advocacy efforts are effective and equitable requires regular assessment of equity impacts for specific measures and proposals. Staff will continue to work with partners in the Office of Civil Rights, Racial Equity, and Inclusion on a regular basis to strategically communicate Metro's commitment to equitable transportation decision-making in our advocacy efforts.

## **DETERMINATION OF SAFETY IMPACT**

Approval of this item will not have an impact on safety.

## **FINANCIAL IMPACT**

A number of the proposed state and federal legislative initiatives may provide additional funding for countywide transportation programs and projects.

## **ALTERNATIVES CONSIDERED**

The Board of Directors could determine that a legislative program is unnecessary for the agency. Failure to adopt a legislative program could result in Metro being ill prepared to address the policy and legislative challenges that will arise during the coming year.

## **NEXT STEPS**

Government Relations staff will continue to regularly sponsor (virtual) briefings in Washington, D.C. and Los Angeles County for our Congressional Delegation and other key staffers on both the House and Senate Appropriations and Authorization committees and with officials in the Biden-Harris Administration. We have and will continue to place a strong emphasis on briefings for professional staff members working for House and Senate committees with primary responsibility for authorizing and appropriations bills. Metro looks forward to being an active stakeholder as the Administration moves to implement the Infrastructure Investment and Jobs Act.

In Sacramento, we will continue to develop and strategically advance our agency's Board approved State Legislative Program through maintaining support and close relationships with the Los Angeles County State Legislative Delegation, key leaders in the Senate and Assembly Transportation Committees, as well as key stakeholders including, the Governor, Caltrans Director, California Transportation Commission, and the California State Transportation Agency.

Government Relations staff will initiate briefings for the Gubernatorial Administration, members of the Legislature as well as committee staff. We will also work with state legislators to author any legislative initiatives proposed by this program. At the federal level, Government Relations will keep

---

in close contact with new and existing members of our Congressional delegation and key Authorizing and Appropriations staff to keep our projects at the forefront. Staff will continue to engage in strategic advocacy and legislative efforts related to a number of transportation issues and inform the Board of those efforts. Pursuant to the Board adopted Board Advocacy Plan we will also work closely with the Board to utilize Board member's relationships and experience in legislative matters.

Government Relations will continue to ensure that our legislative priorities and efforts are coordinated with our regional transportation partners, including Metrolink, Southern California Associations of Governments (SCAG), Municipal Operators, and Southern California County transportation commissions.

In addition, Government Relations will continue to pursue state and federal legislative initiatives that promote the efficient and rapid delivery of Measure R and Measure M projects as well as leverage Measure R and Measure M funds for additional state and federal transportation resources, and to form a coalition to protect state revenues.

The second year of the 2021-2022 State Legislative Session will commence on January 3<sup>rd</sup>, 2022. The U.S. House of Representatives and U.S. Senate are currently in session.

**2022 FEDERAL LEGISLATIVE PROGRAM**

**GOAL #1: BUILD FEDERAL SUPPORT FOR METRO'S AMBITIOUS CAPITAL PROGRAM**

Ongoing Activities:

Consistent with the Board-adopted Federal Legislative Program – Metro Government Relations has aggressively and successfully worked to back Congressional efforts to increase Federal Funding for the Capital Investment Grant (CIG) Program – the primary Federal program to fund new transit capital projects.

*If adopted – the Infrastructure Investment and Jobs Act (adopted by the Senate on August 10, 2021 and pending in the House) would double federal funding for the CIG Program. Funding authorized for the program would rise from approximately \$2.3 billion annually to \$4.6 billion annually to help construct new transit capital projects – like the West Santa Ana Branch Project and our other priority New Starts projects identified in a Board Report (15) and Motion 15.1 adopted by the full Board on April 22, 2021.*

Metro Government Relations staff has and will continue to be engaged in advocacy efforts with Congressional offices and the Biden-Harris Administration for each of these projects throughout 2021, and we will initiate active strategies of engagement upon submission of each of these projects to Federal Transit Administration (FTA).

Over the last decade, our agency has been a national leader in securing federal funding through the CIG Program.

Proposed Activities:

In 2022, Metro will continue to aggressively prioritize and strongly advocate for our agency's New Starts transit capital projects to receive funding through the CIG Program – working in concert with all relevant stakeholders across Los Angeles County. Consistent with the Metro Board direction on April 22, 2021, we will prepare detailed action plans to smartly and effectively advance our New Starts projects as they enter into the FTA's Capital Investment Grant Program – including but not limited to – the Project Development phase.

**GOAL #2: CONTINUE TO ACTIVELY SUPPORT THE BIDEN-HARRIS ADMINISTRATION'S JUSTICE40 INITIATIVE – CREATING FEDERAL POLICIES THAT PROMOTE EQUITY AND BRING FEDERAL RESOURCES TO LOS ANGELES COUNTY IN SUPPORT OF EQUITABLE OUTCOMES**

Proposed Activity:

Continue our agency's leadership in working with the Biden-Harris Administration and the Los Angeles County Congressional Delegation to build awareness among federal policymakers about existing inequalities in our region and the potential for Metro projects and programs to provide access to opportunity. Using this equity lens, we will seek to encourage federal investments to benefit disadvantaged communities across Los Angeles County.

Maintain our positive and content rich work with the Biden-Harris administration as they continue to roll out their Justice40 Initiative, with the goal of delivering 40 percent of the benefits from federal investments to disadvantaged communities across the United States.

**GOAL #3: WORK TO ADVANCE FEDERAL POLICY AND FUNDING OPPORTUNITIES IN SUPPORT OF METRO'S FARELESS SYSTEM INITIATIVE**

Proposed Activities:

Continue to be a national leader in advocating for pending legislation that would establish grants in support of fare-free and reduced-fare transit programs. In 2021, Metro successfully advocated for the inclusion of such funding as part of a new discretionary grant program (Affordable Housing Access Program) included in the Build Back Better Act. Staff will work with all relevant stakeholders across Los Angeles County to aggressively pursue federal funding for fare-free and reduced-fare transit services across Los Angeles County should this provision be enacted into law.

**GOAL #4: SECURE DISCRETIONARY GRANT FUNDING FROM MAJOR USDOT GRANT PROGRAMS**

Proposed Activities:

As federal grant and formula programs are poised to grow demonstrably under the Infrastructure Investment and Jobs and Build Back Better Acts, organize strategic advocacy plans in coordination with local and regional stakeholders as well as Los Angeles County's Congressional Delegation to demonstrate strong support for grant applications that Metro submits to the U.S. Department of Transportation. These grant applications would be for, but not limited to, the INFRA Grant Program, RAISE Grant Program, Bus and Bus Facilities, and the Low/No Grant Program.

**GOAL #5: WORK CLOSELY WITH THE BIDEN-HARRIS ADMINISTRATION AND USDOT ON REGULATIONS AND PROPOSED RULEMAKING THAT IMPACTS METRO**

Proposed Activities:

As the Biden-Harris Administration works to implement the Infrastructure Investment and Jobs Act and the Build Back Better Act, staff will continue to work to ensure Metro's interests are well represented. This includes close coordination and submission of public comments, direct communication with agencies and agency officials, and encouraging Congressional involvement to help us accomplish our goals.

**GOAL #6: WORK WITH THE U.S. DEPARTMENT OF TRANSPORTATION TO SUCCESSFULLY COORDINATE ON THE 2028 U.S. OLYMPIC AND PARALYMPIC GAMES BEING HELD IN LOS ANGELES**

Proposed Activities:

Historically, the U.S. Department of Transportation has played a vital role in assisting and coordinating with regional transportation agencies to ensure enhanced mobility during Olympic and Paralympic Games held in the United States. Metro will work with officials at the White House and the U.S. Department of Transportation to ensure the free flow of information on the opportunity for the federal government to fund the many mobility enhancing projects being built and being planned across Los Angeles County by our agency.

**GOAL #7: SEEK TO PERMANENTLY RESTORE OBAMA-ERA REFORMS TO FEDERAL LOCAL HIRE RULES**

Proposed Activities:

Work with the Biden-Harris Administration, Congress and other relevant stakeholders to permanently restore Obama-era Local Hire reforms. Included in this effort would be our agency making the case that local hire programs do not impact competition based on evidence from Metro's experience with the Local Hire Pilot Program.

**GOAL #8: CONTINUE TO WORK WITH METROLINK TO SUPPORT FUNDING FOR STATE OF GOOD REPAIR AND CORE CAPACITY PROJECTS**

Proposed Activities:

Work to support Metrolink's Board-approved State of Good Repair and Core Capacity project list by ensuring federal funding is applied to these important projects. Support legislation and funding programs that promote the accelerated certification of new rail vehicle technologies, prioritizing zero emission propulsion, and pilot programs which test

their viability, and pursue funding opportunities to deploy such technology whenever and wherever they become available.

**GOAL #9: ADVOCATE FOR POLICIES AND FUNDING TO ASSIST IN HELPING THE COUNTY REDUCE HOMELESSNESS**

Proposed Activity:

Consistent with Board directives, Metro will support legislation, initiatives, and programs for additional funding, services, and resources to address the homelessness crisis, including any opportunities for direct assistance to Metro and our partner agencies.

**GOAL #10: SUPPORT LEGISLATIVE ACTIONS THAT WILL IMPACT METRO'S ABILITY TO IMPLEMENT VISION 2028**

Proposed Activities:

The Metro Vision 2028 Plan is the agency-wide strategic plan that creates the foundation for transforming mobility in LA County over the next 10 years. Future advocacy efforts will be guided by the Board-approval of the specific Vision 2028 activity.

Monitor legislation that would impact Metro's ability to implement the strategic goals outlined in Vision 2028, and Support legislation and initiatives that would increase Metro's ability to implement Vision 2028.

**GOAL #11: WORK TO REFORM FEDERAL LAW TO PERMIT LOCAL PREFERENCE WITH RESPECT TO PROCUREMENTS**

Proposed Activities:

Federal law (49 CFR § 661.21) currently prohibits the use of local procurement preferences on FTA-funded projects. In addition to this specific prohibition, the principle of federal preemption applies, whereby any provision of state/local law that contradicts a governing federal provision will be preempted by the federal provision when applicable. It is our understanding that any buy local procurement preference would violate broadly applicable Buy America requirements - which set forth a national preference instead of a local preference. The relevant USC provisions are 49 USC 5323(j) and 23 USC 313.

Given the Board's adoption of a motion regarding Local Preference on October 21, 2021, Metro Government Relations will endeavor to change federal law to specifically allow buy local procurement provisions to be used alongside generally applicable Buy America provisions.

## **GOAL #12: CONTINUE TO WORK TO BRING A PERMANENT CENTER OF TRANSPORTATION EXCELLENCE INDUSTRIAL PARK TO LOS ANGELES COUNTY**

### Proposed Activities:

Work to encourage federal support for our CEO's goal of creating a Center of Transportation Excellence within Los Angeles County – which would result in having a rolling stock production facility in Los Angeles County. Our agency will, consistent with the relevant Los Angeles County Board of Supervisors resolutions, closely collaborate with Los Angeles County's CEO and their professional staff, in addition to other municipal leaders, in identifying viable locations, both short and long-term, for an industrial complex to potentially include rail and bus manufacturing plant in Los Angeles County. This complex may also include, but not be limited to, suppliers of rail and bus parts, a rail test track and a climate-controlled facility for testing purposes.

## **GOAL #13: ADDITIONAL PRIORITIES**

### Proposed Activities:

1. Work to mitigate impacts of the US Department of Labor determination regarding PEPRA in coordination with all relevant state and federal partners;
2. Per Board direction, seek to secure federal funding for a I-710 South Clean Truck Program;
3. Work to ensure that any legislation adopted by Congress and signed into law by the President concerning autonomous vehicles does not compromise safety by weakening state and local traffic laws;
4. Work with Metro's regional partners to advance career education and training programs that will ensure the needed workforce to operate and maintain our transit system is ready and available;
5. Work with the Administration to avoid negative impacts as a result of implementation of tariffs on steel and various rolling stock parts and materials;
6. Work to support funding for active transportation such as bikeshare and other first/last mile mobility solutions;
7. Work with USDOT – consistent with Board policy – to address congestion pricing opportunities with respect to potential funding and regulations;
8. Work with Congress to allow art and non-functional landscaping expenses related to transit projects to be eligible for federal funding;

9. Support legislation that would create new financial incentives to facilitate the development of affordable housing around transit;
10. Seek to ensure tax benefits and credits that are important to Metro remain in the U.S. tax code.
11. Monitor and support legislation that would authorize the cities and unincorporated areas of Los Angeles County to develop and implement strategies to reach Vision Zero goals of improving safety and eliminating traffic-related fatalities.

**2022 STATE LEGISLATIVE PROGRAM GOALS**

**GOAL #1: ENSURE THE STATE CONTINUES TO SECURE, PROTECT, AND FULLY FUND THE MAJOR TRANSPORTATION PROGRAMS**

Proposed Activities:

Protect Metro's key fund sources to deliver and advance equitable transportation options;

Secure proportionate share of state fund allocations under the various transportation funding programs created and expanded under the provisions of Senate Bill 1 for Los Angeles County;

Support and preserve key funding sources under Senate Bill 1;

Communicate the importance of stable transportation funding to improve mobility in Los Angeles County, foster economic development and create jobs;

Protect Public Transportation Account revenues which have been funded by the sales tax on diesel fuel;

Secure proportionate share of federal funds allocated via state mechanisms, such as CMAQ and alternative transportation programs; and

Oppose any legislation and/or statewide initiatives that would jeopardize funding or repeal key components of Senate Bill 1.

**GOAL #2: SUPPORT LEGISLATIVE INITIATIVES AIMED AT INCREASING FUNDING FOR LOS ANGELES COUNTY TRANSPORTATION PROJECTS AND INITIATIVES**

Proposed Activities:

Support transportation funding proposals and ensure that they are structured to support Metro's priority projects, initiatives and programs;

Work with statewide partners on any efforts to develop new transportation-related fees or taxes to fund mobility improvements in Los Angeles County;

Support legislation that authorizes, clarifies or expands the implementation of innovative funding mechanisms for regional transportation planning agencies and the County of Los Angeles;

Support legislation that protects Metro’s authority to collect dedicated local sales tax revenues and clarifies the State’s implementation of the Wayfair Decision;

Monitor the California Department of Tax and Fee Administration’s efforts to implement the Wayfair Decision; and

Support legislation that would enhance opportunities for Opportunity Zones, Value Capture or related concepts and mechanisms to fund transportation infrastructure or promote Transit-Oriented Developments and Metro’s Transit Oriented Communities strategy.

**GOAL #3: WORK TO ENSURE IMPLEMENTATION OF METRO’S BOARD- ADOPTED LONG-RANGE TRANSPORTATION PLAN (LRTP)**

Proposed Activities:

Pursue strategies and funding opportunities to implement the various modal programs in the Board-adopted LRTP;

Work to secure additional funds through the various state funding programs including but not limited to, Local Partnership Program, Active Transportation Program, Solutions for Congested Corridors Program, State Highway Maintenance and Rehabilitation Program, Transit and Intercity Rail Capital Program, Low Carbon Transit Operations Program, State Transportation Improvement Program, State Highway Operations and Preservation Program, freight corridor programs and bond funds;

Support legislation that would better position Metro to receive funding through various state programs; and

Support legislation that facilitates and/or clarifies the use of public private partnerships and other innovative project delivery mechanisms for transit projects.

**GOAL #4: SUPPORT LEGISLATION, REGULATORY ACTION, AND FUNDING INITIATIVES THAT SUPPORT TRANSIT RIDERS AND ENHANCE THE CUSTOMER EXPERIENCE**

Proposed Activities:

Support legislation, initiatives, and programs for additional funding, services and resources to address the homelessness crisis, including any opportunities for direct assistance to Metro and our partner agencies;

Monitor legislation and funding opportunities that impact and incentivize the development of affordable and transit-adjacent housing;

Support any efforts to increase funding and expand eligibility to transit agencies to aid in the fight to end homelessness;

Support legislation that incorporates elements of Metro's transit-oriented communities strategies in regional housing planning and development;

Increase flexibility for Metro to deliver transit-supportive, community supported, and neighborhood appropriate uses;

Support legislation that would support or expand Los Angeles County's existing Commuter Benefits Programs;

Support legislation, regulation, and state budget action that support Metro's goals of eliminating disparities, meaningfully engaging communities, advancing equitable outcomes, and increasing access and mobility options for marginalized and vulnerable people;

Support legislation and explore potential funding mechanisms that would impact Metro's ability to implement the goals and objectives in studies currently underway at Metro, such as the Better Bus Initiative and improving the customer experience; and

Support legislation to support the implementation of a fareless transit system.

## **GOAL #5: SUPPORT EFFORTS TO IMPROVE SAFETY AND IMPROVE SERVICE ON THE REGION'S COMMUTER RAIL SYSTEM**

### Proposed Activities:

Advocate for additional state funding to increase the safety of the commuter rail system in Los Angeles County and the entire Metrolink service area;

Support legislation and actions that would benefit Metrolink's SCORE program of capital projects;

Support additional funding for enhanced commuter rail safety, especially for automatic train stop/positive train control systems, grade separations and double tracking single track portions of Metrolink's service area; and

Support legislation and funding programs that promote the accelerated certification of new rail vehicle technologies, prioritizing zero emission propulsion, and pilot programs which test their viability, and pursue funding opportunities to deploy such technology whenever and wherever they become available.

**GOAL #6: MAXIMIZE OPPORTUNITIES FOR FUNDING LOS ANGELES COUNTY'S TRANSPORTATION PROJECTS AND PROGRAMS THROUGH IMPLEMENTATION OF THE STATE'S CAP AND TRADE PROGRAMS**

Proposed Activities:

Ensure Cap & Trade funds are allocated to transportation, that Los Angeles County receives a proportionate share; and

Support Legislation that would allocate additional Cap & Trade funds to support key Metro priorities, such as Metro's transit capital and operations program, fare-free transit, zero-emission bus conversion, and zero-emission vehicle charging infrastructure expansion, including funding to support zero-emission trucks in heavily-traveled freight corridors.

**GOAL #7: COORDINATE WITH OUR LOCAL AND STATE PARTNERS TO INCORPORATE THE REGION'S NEEDS IN EMERGING CLIMATE CHANGE AND SUSTAINABILITY PROGRAMS**

Proposed Activities:

Monitor continued implementation of AB 32, SB 743, and SB 375 (including sustainable community strategies and related initiatives/ documents);

Work in partnership with the Governor's Office of Planning and Research (OPR), California Air Resources Board (CARB), California Transit Association (CTA), California Energy Commission (CEC), Strategic Growth Council (SGC), Southern California Air Quality Management District (SCAQMD) to support Metro's projects and programs;

Advocate the connection between transit operations funding, SB 375 and other state global warming policies, programs and initiatives;

Support initiatives that promote greenhouse gas emissions reduction strategies such as vehicle miles travelled reduction, active transportation, and operational efficiency best practices;

Support continued efforts to encourage smart growth and other connectivity and livability principles and their interaction with transit and highway investments while preserving authority of local agencies;

Support legislative efforts to fund programs affecting environmentally sensitive stakeholders and clean air programs in our region, particularly with regards to regional transit planning, construction, and procurement efforts;

Support legislation that would allocate funding for climate resiliency planning and implementation for transit;

Support new initiatives that encourage the use of advanced, environmentally friendly and cost-effective strategies in the construction and retrofit of transit facilities including infrastructure related to renewable energy, low impact development, sustainable construction practices, and similar technologies;

Advocate for funding for Metro's first/last mile, bike and pedestrian projects under the State's Active Transportation and Local Planning Grants programs;

Monitor and support legislation that would authorize the cities and unincorporated areas of Los Angeles County to develop and implement strategies to reach Vision Zero goals of improving safety and eliminating traffic-related fatalities; and

Support new and existing initiatives that complement the development and subsequent implementation of Metro's Zero-Emission Bus Strategic Plan and other Board directives.

**GOAL #8: ACTIVELY WORK WITH STATE, REGIONAL AND LOCAL TRANSPORTATION INTERESTS AND ENHANCE TRANSPORTATION AND INFRASTRUCTURE FUNDING AND PROGRAMS STATEWIDE**

Proposed Activities:

Support efforts to secure funding and/or obtain authority to generate additional funding for bus transit capital, operations, security needs, corridor projects, soundwalls, bike projects, Service Authority for Freeway Emergencies (SAFE) and other important transportation projects and programs;

Work with other agencies and the State to seek remedies to increase funding for Metro's Freeway Services Patrol (FSP) operations;

Support formula distribution of the State's FSP program funding that addresses Los Angeles County's population, congestion levels and service performance;

Oppose any efforts to modify Senate Bill 1 (Beall, 2017) programs that would reduce funding for Los Angeles County;

Work cooperatively with other transit agencies throughout the State, including the CTA, to secure and increase funding for transportation services, projects and programs;

Identify and pursue opportunities for funding and to enhance authority where necessary to improve security and safety for customers, employees and property.

**GOAL #9: SUPPORT LEGISLATIVE AND REGULATORY ACTIONS THAT ENHANCE AND PROTECT METRO'S ABILITY TO DELIVER INNOVATIVE TRANSPORTATION PROJECTS AND SERVICES IN LOS ANGELES COUNTY**

Proposed Activities:

Support efforts to clarify the oversight responsibilities of the PUC with respect to rail transit;

Oppose legislation that would seek to restructure the Metro Board of Directors;

Oppose legislation that would preempt collective bargaining, impose benefits in collective bargaining agreements or restrict the rights of local agencies in the collective bargaining process;

Preserve our authority in regional transportation funding decisions including those granted through SB 45;

Support legislation that would support or enhance Metro's long-term plans for energy resiliency;

Continue to advocate for California Environmental Quality Act (CEQA) reforms for and specified exemptions for transportation projects with continued collaboration of statewide stakeholders and organizations;

Support initiatives and legislation to enhance Metro's ability to ensure safety of development and construction activities within or adjacent to Metro's infrastructure and right-of-way, in coordination with local municipalities, developers, and utility companies.

Monitor the implementation of pension reform (PEPRA) so that Metro is able to maintain federal funding, a stable work force, and ensure adequate succession planning;

Monitor the implementation of AB 5 (Gonzalez, 2019) and continue to evaluate the potential impacts on Metro's programs and services.

Support legislative efforts that would provide certain exemptions for the taxicab industry and disabled access transportation operators from the provisions outlined in AB 5 (Gonzalez, 2019);

Monitor regulations and legislation that would clarify the State's distribution of sales tax revenues to Los Angeles County and Metro;

Coordinate with regional partners and monitor the State's autonomous vehicle regulations and ensure that federal, state and local regulations are aligned;

Support efforts to enhance the use of electronic fare payment or smart card technology and allow for ease of access for qualification for low-income riders;

Support legislation that would authorize and promote the use of technology to enhance safety, security and operations for our bus and rail operations; and

Support legislation and funding opportunities that enhance Metro's ability to deliver the transformative transportation infrastructure and operational enhancement projects needed in Los Angeles County to support the mobility of the region in the 2028 Olympic & Paralympic Games.

**GOAL #10: OPPOSE ANY LEGISLATION THAT COULD NEGATIVELY IMPACT METRO'S ABILITY TO OPERATE THE EXPRESSLANES PROGRAM AND SUPOORT LEGISLATION THAT ALLOWS FOR FUTURE EXPRESSLANES EXPANSION AND OTHER PRICING STRATEGIES**

Proposed Activities:

Support legislation that -

1. Encourages development and utilization of regulations and technologies that would enhance the ability to verify vehicle occupancy and toll collection/payment.
2. Enhances Metro's ability to enforce the ExpressLanes Board adopted toll policy.
3. Amends or clarifies California vehicle code sections to authorize Metro to establish and enforce occupancy requirements in the ExpressLanes;
4. Amends Streets and Highways codes that impact Metro's ability to perform toll related functions including interoperability with other California toll agencies.
5. Supports and enables Metro's ability to expand Metro's ExpressLanes network upon Board approval.
6. Provides clarification of AB 194 regarding roles and responsibilities of Metro and Caltrans.
7. Supports and authorizes flexibility in how net toll-revenues are re-invested in support of an expanded corridor network of ExpressLanes in Los Angeles County.
8. Explore and support legislation that would authorize Metro to expand the use of pricing in Los Angeles County in partnership with local municipalities.

Oppose legislation that would:

1. Negatively impact Metro's ability to manage ExpressLanes demand utilizing congestion pricing.
2. Negatively impact financial viability and local control of ExpressLanes revenues.

3. Limit Metro's ability to operate and expand the ExpressLanes network.
4. Redirect SHOPP funding for maintaining the corridor.

**GOAL #11: ADVOCATE FOR POLICIES AND FUNDING THAT INCREASE THE SUPPLY AND AFFORDABILITY OF HOUSING IN LOS ANGELES COUNTY AND OTHER TRANSIT SUPPORTIVE USES NEAR METRO CORRIDORS**

Proposed Activities:

Support legislation, initiatives, and programs that aim to –

- Reduce the costs and time to deliver affordable housing
- Complement Metro's TOC Policy (including anti-displacement and anti-gentrification policies);
- Reduce Surplus Land Act impacts to Metro's Joint Development Program;
- Stabilize and enhance housing affordability in existing communities;
- Provide resources to Metro, LA County jurisdictions and other partner agencies to develop more collaborative land use policies that support equitable transit-oriented communities; and

Identify and pursue opportunities for additional funding and policy reform for Southern California transportation infrastructure and transit oriented and affordable housing development projects;

Support legislation and funding opportunities that incentivize, support, and accelerate the development of affordable and transit-adjacent housing;

Work with legislators and the Governor's office to preserve and increase the ability of the Joint Development Program to deliver on its portfolio approach to achieving housing goals;

Identify and pursue opportunities to consolidate and streamline applying for transportation infrastructure and transit-oriented development grants; and,

Seek to program modifications that recognize Metro's land discount as a significant contribution to affordable projects.

**GOAL #12: SUPPORT EFFORTS TO IMPLEMENT HIGH SPEED RAIL (HSR) IN LOS ANGELES COUNTY**

Metro supports the California High Speed Rail Project.

Metro is encouraged by the efforts to incorporate a blended corridor concept in its planning and to continue to evaluate and identify the need to connect the project to Los Angeles County.

Metro has identified a series of investments in Los Angeles County that would support future high-speed rail and would provide current benefits to commuters across the region. These investments are on shared corridors and create independent utility.

We encourage the State to make specific commitments to funding the segment connecting to Los Angeles County and to maintain this segment as a high priority in future plans.

Metro supports the allocation of funding to elements of the blended corridor concept in Los Angeles County to support the ultimate completion of the High Speed Rail project.

Any allocation of high-speed rail funds should be contingent upon the commitment of the first round of Prop 1A bookend funding to only Phase A improvements for the Link Union Station Project.

Proposed Activities:

Advocate for the full allocation of funding to the Link Union Station project Phase A and Phase B and other corridor enhancements in Los Angeles County which support the ultimate completion of the High Speed Rail project;

Ensure timely implementation of Proposition 1A including allocation of connectivity funds;

Support legislation that preserves “book-end” funding for early-action projects identified as vital to the delivery of the HSR project in Southern California;

Support efforts to ensure that NEPA assignment authority for highway and transit projects is preserved; and

Support streamlining project approvals under Caltrans’ NEPA assignment authority.

**GOAL #13: SUPPORT EFFORTS TO ESTABLISH THE I-710 CLEAN TRUCK PROGRAM AND SECURE APPROVAL OF KEY FREIGHT PROJECTS AT THE CALIFORNIA TRANSPORTATION COMMISSION**

Proposed Activities:

Support efforts to fund goods movement and freight projects through the CTC;

Advocate that Los Angeles County receive a proportionate share of funding through the State’s Trade Corridor Enhancement Program and other state funding for zero-emission heavy-duty trucks;

Advocate for the deployment of clean-fuel trucks funded by the State in Los Angeles County;

Support regional and statewide efforts to secure and preserve funding for freight corridors; and

Support regional and statewide efforts to fund innovations in clean-freight technology including the deployment of on-dock rail improvements, clean vehicle charging infrastructure, and zero-emission trucks.

**GOAL #14: SPONSOR LEGISLATION THAT WOULD ENHANCE METRO'S ABILITY TO DELIVER ITS PROGRAMS AND SERVICES**

Proposed Activities:

Sponsor legislation to authorize Metro to use job-order contracting.

Explore and potentially sponsor legislation that would streamline and increase small business participation in Metro's procurements.

Explore and potentially sponsor legislation that would clarify provisions of state law that impact Metro's real property transactions and ground leasing for transit-oriented developments, and affordable housing and other agency uses.
