Agenda Number: 23.

OPERATIONS, SAFETY, AND CUSTOMER EXPERIENCE COMMITTEE FEBRUARY 17, 2022

SUBJECT: CONTRACTED TRANSPORTATION SERVICES - EAST REGION AND SOUTH REGION

ACTION: APPROVE CONTRACT AWARDS

RECOMMENDATION

AUTHORIZE the Chief Executive Officer to:

- A. AWARD an indefinite delivery/indefinite quantity Contract No. PS76258000, for the East Region contracted transportation services, to Southland Transit, Inc. The contract not-to-exceed amount is \$90,032,724, for the five-year base period and \$57,511,425, for the one, three-year option, for a combined not-to-exceed amount of \$147,544,149, effective July 1, 2022, subject to resolution of protest(s), if any; and
- B. AWARD an indefinite delivery/indefinite quantity contract No. PS76258001, for the South Region contracted transportation services, to MV Transportation, Inc. The contract not-to-exceed amount is \$148,645,400, for the five-year base period and \$101,588,036, for the one, three-year option, for a combined not-to-exceed amount of \$250,233,436, effective July 1, 2022, subject to resolution of protest(s), if any.

ISSUE

The current contracted transportation services contracts for the East and South Regions are scheduled to expire on June 30, 2022.

To ensure continuous contracted bus transportation services, two new contract awards are required to be in effect by July 1, 2022. The two new contracts will provide uninterrupted transportation services to the East and South regions of Los Angeles County. The East Region services the San Gabriel Valley and Gateway Cities communities, while the South Region services the South Bay and Gateway Cities communities.

Bus transportation services' safety and reliability are important for improving the customer experience of our riders throughout Los Angeles County. The contract awards to Southland Transit, Inc. and MV Transportation, Inc. will provide reliable and safe bus transportation for riders throughout Los Angeles County.

BACKGROUND

In 1996, the Consent Decree, an agreement between Metro and the Bus Riders Union (BRU), required Metro to increase its service levels within disadvantaged and underserved communities. As a result, Metro decided to contract out multiple bus lines due to the bus lines’ high subsidy cost per passenger and the contracted companies’ ability to quickly ramp up service and fleet levels. These improvements resulted in 13 bus lines operating in the East and South Regions. Currently, the changes to community needs have led to nine bus lines operating in the regions. These lines are made up of a combination of Consent Decree-impacted bus lines, regular local bus lines, and special event-based bus services. Contracting a portion of Metro’s overall bus services has provided both cost and operational benefits:

- Annual savings are realized through the lower operating costs of the contractors.
- Modifications to or expansion of existing Metro bus divisions are not necessary when new services are added due to available contractor capacity.
- Contract terms and conditions allow greater flexibility during service changes (e.g., lines can be quickly added, canceled, or modified, etc.).

The information below depicts a detailed breakdown of the current contracted bus transportation services contracts for the East and South Regions.

The East Region contractor currently operates four of nine lines and are as follows: 256, 266, 577, and 605.

| Line | Description | Annual RSH* | Annual Passengers** |
|------|--|-------------|---------------------|
| 256 | Commerce - Sierra Madre Villa Station via Eastern Ave-Ave 64-Washington Bl. | 24,561 | 445,792 |

Metro’s Contracted Services ensures bus contractors provide safe, clean, on-time and reliable bus transportation services system-wide. Under this approach, contractors are accountable as bus transportation service providers that are responsible for meeting goals and delivering a level of service compliant with Metro’s standards. Contract Services works in partnership with all of the contractors to provide seamless world-class transportation services.

...Discussion
DISCUSSION

Under these new regional contracts, each contractor will continue to provide contracted bus transportation services within their defined locations while implementing innovative technologies and bringing increased value to Metro.

The selected East Region contractor, Southland Transit, Inc., has committed to overhauling the division’s security system by replacing its current surveillance cameras with state-of-the-art wide and fisheye lens cameras. In conjunction with their new Hye Tel, Inc. cloud-based surveillance system and perimeter intrusion detection technology, these cameras will allow contractor staff to immediately identify and report security breaches to the appropriate law enforcement organization. Southland will also employ SaaS Hosted software, from Ron Turley & Associates, to modernize their maintenance recordkeeping and scheduling processes. These efforts will evolve the division into a modern and effective transit division.

The selected South Region, MV Transportation, Inc., contractor has committed to spearhead the advancement of contracted service vehicle maintenance through adopting and implementing the HoloLens2 maintenance system. This technology will provide an extended reality system that provides remote assist, built-in guides, and other tools that will aid technicians in following maintenance and repair best practices. MV has also arranged for full integration into the Swiftly performance monitoring system to improve better overall service performance, customer information, and system reliability. These tools will allow MV to continue their upward climb in the areas of reliability and performance.

The transportation bus service contracts have been updated to include increased contractor accountability through the establishment of Key Performance Indicators (KPI) (e.g., In-Service On-Time Performance (ISOTP), Mean Miles Between Mechanical Failure (MMBMF), bus cleanliness, accident frequency rate, etc.) that are better aligned with Metro’s directly operated divisions, more modern cybersecurity requirements, and the re-introduction of contract extension options. These extension options will allow Metro to maximize the value of its purchased transportation by increasing amortization periods and reducing the frequency of costly transition when dealing with satisfactorily performing contractors. The contract retains the same provisions that allow for quick and efficient changes to service levels, throughout the contract term, based on Metro’s operating needs. Finally,

both selected contractors, already possess fully operational CNG fueling stations, allowing for seamless operational support during contract period transitions.

Metro’s Service Planning Department includes all the East and South Region routes in their performance and planning analysis. Service changes are implemented semi-annually or as needed, to ensure optimal and efficient service. In addition, the East and South Regions have been integrated into the NextGen Bus Plan, which will restructure Metro’s bus network to be more relevant to today’s travel patterns, provide more frequent service on key corridors, particularly during off-peak times, and improve the speed of service via transit supportive infrastructure.

Southland Transit, Inc., has operated Metro’s East Region contracts for the past 16 years (since April 2005). Southland has consistently met and exceeded Metro’s performance requirements, achieving timeliness, cleanliness, and reliability scores that are often among the best in the agency. During FY21, Southland averaged 90.8% In-Service On-Time Performance (ISOTP); this is well above the required 80.0%. Southland simultaneously averaged 9,011 Mean Miles Between Mechanical Failures (MMBMF), staying above the 7,500 mean miles required by the contract, and a 9.6 bus cleanliness rating, exceeding the 8.0 rating required by the contract. Their proposed management team consists of experienced and vetted transit professionals that bring the best in their respective areas to the project and have continuously demonstrated their ability to exceed Metro’s performance requirements.

MV Transportation, Inc., has operated Metro’s South Region contracts for the past 10 years (since October 2010). MV has recently transitioned to an all-CNG fleet significantly improving their performance. No other contracted division has shown as much improvement over such a short period of time. Since receiving authorization to perform service on their new ENC bus fleet, MV has averaged 13,019 MMBMF. MV has achieved an average bus cleanliness score of 8.9, throughout FY21, and an average 1.99 traffic collisions per 100K miles, well below the maximum 3.0 traffic collisions per 100K miles required by the contract. Their proposed management team is single-handedly responsible for improving performance and making their division one of the agency’s top performers in reliability, cleanliness, and safety.

For a comparison of Directly Operated and Purchased Transportation Bus KPIs, see table below:

| Comparison Between Directly Operated & Purchased Transportation Bus KPIs | | FY2021 | | |
|--|------------|--------|-----------|--------|
| | | D.O. | Southland | MV |
| KPI-1 | ISOTP - On | 77.62% | 90.80% | 77.70% |
| KPI-2 | ISOTP - Ea | 4.58% | 0.60% | 1.40% |
| KPI-3 ¹ | Complaints | 5.36 | 3.03 | 6.78 |

| | | | | |
|--------------------|--------------|--------|--------|--------|
| KPI-4 ² | Mean Miles | 3812 | 9011 | 5217 |
| KPI-5 | % On Ontim | 94.17% | 99.68% | 99.36% |
| KPI-6 | Bus Cleanlin | 8.4 | 9.6 | 8.9 |
| KPI-7 ³ | Bus Traffic | 3.17 | 1 | 0.66 |

¹ KPI-3: Purchased Transportation differ from Directly Operated in that complaints can be disputed if believed to be invalid.

² KPI-4: Purchased Transportation differ from Directly Operated in that Road Calls may be utilized to prevent Mechanical Failures Requiring Bus Exchange on the field.

³ KPI-7: Purchased Transportation differ from Directly Operated in that only preventable bus traffic accidents are factored into the calculation.

The new contract periods will operate from July 1, 2022, through June 30, 2027. One, three-year extension option is available, per contract, which would extend each contract period through July 1, 2030.

DETERMINATION OF SAFETY IMPACT

The approval of this award will ensure to proactively continue to maintain and ensure the delivery of safe, clean, on-time and reliable bus transportation services.

FINANCIAL IMPACT

The not-to-exceed amount for the East Region, contract No. PS76258000, is \$90,032,724, for the five-year base period and \$57,511,425, for the three-year option, for a combined not-to-exceed amount of \$147,544,149. The costs for these contracted services are included in the FY23 budget in Cost Centers 3592; Project 306001, Operations Transportation, and Account 50801, Purchased Transportation.

The not-to-exceed amount for the South Region, contract No. PS76258001, is \$148,645,400, for the five-year base period and \$101,588,036, for the three-year option, for a combined not-to-exceed amount of \$250,233,436. The costs for these contracted services are included in the FY23 budget in Cost Centers 3592; Project 306001, Operations Transportation, and Account 50801, Purchased Transportation.

Since these are multi-year contracts, the cost center manager and Chief Operations Officer will be accountable for budgeting the cost in future years, including any options exercised.

Impact to Budget

The source of funds for this action will come from Federal, State, and Local funding sources including Fares. Using these funds will optimize the allocation based on approved guidelines and provisions.

EQUITY PLATFORM

Community members who live throughout and along the East and South Region lines will benefit from the bus services provided. It is utilized as one of the primary modes of transportation to work and other social destinations (Customer Satisfaction Survey, 2019). The service provided by the East and South region runs through Equity Focused Communities (EFCs) where Customer Satisfaction Survey results show: 71% take Metro buses 5 or more days a week, 53% of riders are

women and 89% are people of color. In addition, the employment of the local workforce and sponsorship of small businesses within the community presents an opportunity for Metro's Diversity & Economic Opportunity Department (DEOD) to continue engaging with small businesses in information sharing that could lead to future opportunities.

The DBE goal established by Metro's DEOD for this contract is 5%. Metro staff will be responsible for monitoring this goal regularly for the duration of the contract to ensure that the contractors are following the terms, conditions, and any goal set forth in this contract.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

This Board action supports Strategic Goal 3: Enhance communities and lives through mobility and access to opportunity. Providing reliable bus services to the local communities supports Metro's goals to create prosperous communities and enabling individuals and families to access jobs, essential services, education, and other social, and recreational opportunities.

ALTERNATIVES CONSIDERED

Staff considered bringing these services in-house. Metro's fully burdened bus operating cost is \$203.01 per revenue service hour and the contractor revenue service hour rates for this award are \$147.10, per revenue service hour for the East Region, and \$126.13, per revenue service hours for the South Region. Based on this comparison, it would cost Metro significantly more to operate these services in-house. In addition, physical modifications would be needed at existing Metro facilities to accommodate the additional buses and division staff, and additional training would be required to operate and maintain the different types of buses currently used to provide contracted bus services. Given that the overall performance of these lines has historically met or exceeded Metro's performance standards, staff does not recommend bringing these services in-house.

NEXT STEPS

Upon Board approval, staff will execute Contract No. PS76258000 to Southland Transit, Inc. and Contract No. PS76258001 to MV Transportation, Inc. and monitor performance in accordance with the newly developed monitoring plan. The data collected will be utilized to determine whether to exercise the three-year options included in each of these contracts.

A. Procurement Background

This Board action is to approve the award of Contract No. PS76258000 (East Region) to Southland Transit, Inc., and Contract No. PS76258001 (South Region) to MV Transportation, Inc., to operate local transit lines in the East and South regions, of Los Angeles County. Contractors shall provide coordination, management, revenue collection, supervision, fueling, maintenance and other services, personnel and equipment related to the operation of local transit lines. They may also be required to perform as-needed services such as the Dodger Stadium Express and bus bridges. Board approval of contract awards are subject to resolution of any properly submitted protest(s).

On June 28, 2021, Request for Proposal (RFP) No. PS76258 was issued as a competitive procurement in accordance with Metro's Acquisition Policy. The proposed contract type is indefinite delivery/indefinite quantity. Separate scopes of services were issued for the East and South Regions. Proposers were allowed to submit proposals for either one or both regions, but a Proposer cannot not be recommended for contract award for more than one region.

The RFP was issued with a Race Conscious Disadvantaged Business Enterprise (RC DBE) goal of 5%. It was also subject to the DBE Contracting Outreach and Mentoring Plan (COMP), which required selected contractors to mentor two (2) DBE firms for protégé development.

Five amendments were issued during the solicitation phase of this RFP:

- Amendment No. 1, issued on July 28, 2021, extended the proposal due date and increased the page limitation of the proposals;
- Amendment No. 2, issued on August 9, 2021, updated Exhibit 2, Schedule of Quantities and Prices;
- Amendment No. 3, issued on August 11, 2021, revised Appendices to Exhibit A, Scope of Services to provide additional reference information;
- Amendment No. 4, issued on August 13, 2021, updated Exhibit 2, Schedule of Quantities and Prices; and
- Amendment No. 5, issued on August 16, 2021, revised Exhibit A, Scope of Services to increase the required number of maintenance trucks dedicated to the contract and updated Exhibit 2, Schedule of Quantities and Prices.

A virtual Pre-Proposal Conference was held on July 8, 2021. Worksite visits were conducted on July 12, 2021 and were attended by 12 participants representing four (4) firms. There were 162 questions received, and responses were provided prior to the proposal due date.

A total of 49 firms downloaded the RFP and were included on the planholders' list.

The following proposals were received on August 26, 2021 and are listed below in alphabetical order by region.

East Region

1. First Transit, Inc.
2. MV Transportation, Inc.
3. Southland Transit, Inc.

South Region

1. First Transit, Inc.
2. MV Transportation, Inc.

B. Evaluation of Proposals

A Proposal Evaluation Team (PET) consisting of staff from Transportation Contract Services, Quality Assurance, and Office of Extraordinary Innovation, was convened, and conducted a comprehensive technical evaluation of the proposals received.

On August 27, 2021, the PET met to review the evaluation criteria package, process confidentiality and conflict of interest forms and take receipt of the proposals to initiate the evaluation phase. Evaluations were conducted from August 27, 2021 through September 23, 2021.

On September 21, 2021, Metro's Diversity and Economic Opportunity Department (DEOD) determined First Transit, Inc. (First Transit) to be non-responsive for failure

to meet the RC DBE goal. Hence, First Transit was excluded from further consideration.

The PET continued to evaluate the remaining three proposals based on the following evaluation criteria and weights:

- Degree of Proposer’s Skills and Experience 21%
- Experience and Qualification of Proposed Key Personnel 25%
- Contractor Facility 15%
- Understanding of Work and Appropriateness of Approach for Implementation of the Services in the Scope of Services 15%
- Contract Outreach and Mentoring Plan 4%
- Price 20%

The evaluation criteria are appropriate and consistent with criteria developed for similar procurements. Several factors were considered in developing these weights, giving the greatest importance to the experience and qualification of proposed key personnel.

On September 23, 2021, the PET reconvened and determined that all three proposals are technically acceptable and are within the competitive range. The firms within the competitive range are listed below in alphabetical order by region:

East Region

1. MV Transportation, Inc.
2. Southland Transit Inc.

South Region

1. MV Transportation, Inc.

All firms within the competitive range were invited to make oral presentations on October 5, 2021. The Proposers’ project managers and key team members had an opportunity to present their team’s qualifications, and to respond to the PET’s questions.

Qualifications Summary of Firms within the Competitive Range:

Southland Transit, Inc.

Southland Transit, Inc. (Southland Transit) has been in business for 21 years. It provides fixed route, paratransit/dial-a-ride, special needs, travel training, shuttle services, taxi services and transit planning. Clients include the Riverside Transit Agency (RTA), Los Angeles County Department of Public Works, San Diego Metropolitan Transit System (MTS), Los Angeles County Metropolitan Authority

(LACMTA) and the Cities of Baldwin Park, Alhambra, El Monte, Rosemead, Arcadia, Temple City, La Puente and Pico Rivera.

MV Transportation, Inc.

Established more than 40 years ago, MV Transportation, Inc. (MV Transportation) operates more than 193 passenger transportation services contracts across North America. It offers fixed route, commuter and shuttle services, fleet and facility maintenance, transit management technologies, labor management, and service model design. Clients in California include the Los Angeles Department of Transportation (LADOT), the City of Santa Clarita Transit, North County Transit District (NCTD), Los Angeles County Metropolitan Authority (LACMTA), Palos Verdes Peninsula Transit Authority (PVPTA), Cities of Livermore, Compton, Escondido, Glendale and Burbank and the County of San Mateo.

At the conclusion of the evaluation process, including oral presentations, Southland Transit and MV Transportation were determined to be the top ranked firms for the East and South Regions, respectively.

The following is a summary of the PET scores.

C. Cost/Price Analysis

East Region

The recommended price has been determined to be fair and reasonable based on adequate price competition, price analysis, technical analysis, and fact-finding. It is 6% higher than Metro's independent cost estimate (ICE) due to proposed increase in wages and benefits of operations personnel to attract and retain existing

staff amidst current workforce shortages within the industry, facility security system improvements and automation of vehicle maintenance management systems.

| | Proposer Name | Proposal Amount (Original) | Metro ICE | NTE amount (Negotiated) |
|----|----------------------|-----------------------------------|------------------|--------------------------------|
| 1. | Southland | \$147,879,100 | \$138,530,466 | \$147,544,149 |
| 2. | MV Transportation | \$152,916,562 | | |

South Region

The recommended price has been determined to be fair and reasonable based on historical pricing, price analysis, technical analysis, and fact-finding. It is 4% lower than Metro’s independent cost estimate (ICE) due to cost-efficiencies resulting from facility improvements that were implemented under the current Metro contract.

The recommended price is 1% higher than the original proposed amount due to fuel tax credits that MV Transportation included in its proposal. These fuel tax credits are not guaranteed and shall instead be passed on to Metro as they are realized.

| | Proposer Name | Proposal Amount (Original) | Metro ICE | NTE amount (Negotiated) |
|----|----------------------|-----------------------------------|------------------|--------------------------------|
| 1. | MV Transportation | \$247,514,388 | \$261,342,503 | \$250,233,436 |

D. Background on Recommended Contractors

East Region

The recommended firm, Southland Transit, Inc. (Southland), headquartered in El Monte, CA, was founded in 2001. It has operated Metro’s East Region services since 2005 and performance has been satisfactory.

The Southland Team includes nine (9) subcontractors, eight (8) of which are DBE firms. Services to be provided by DBE subcontractors include janitorial and bus cleaning and detailing services, automotive body repair and maintenance, upholstery, window insert, vehicle lubricants, electrical parts, tires uniforms and accessories, and consulting services.

The proposed Project Manager has over 20 years of transit experience. He is the project manager of Metro’s current contract for the East Region.

South Region

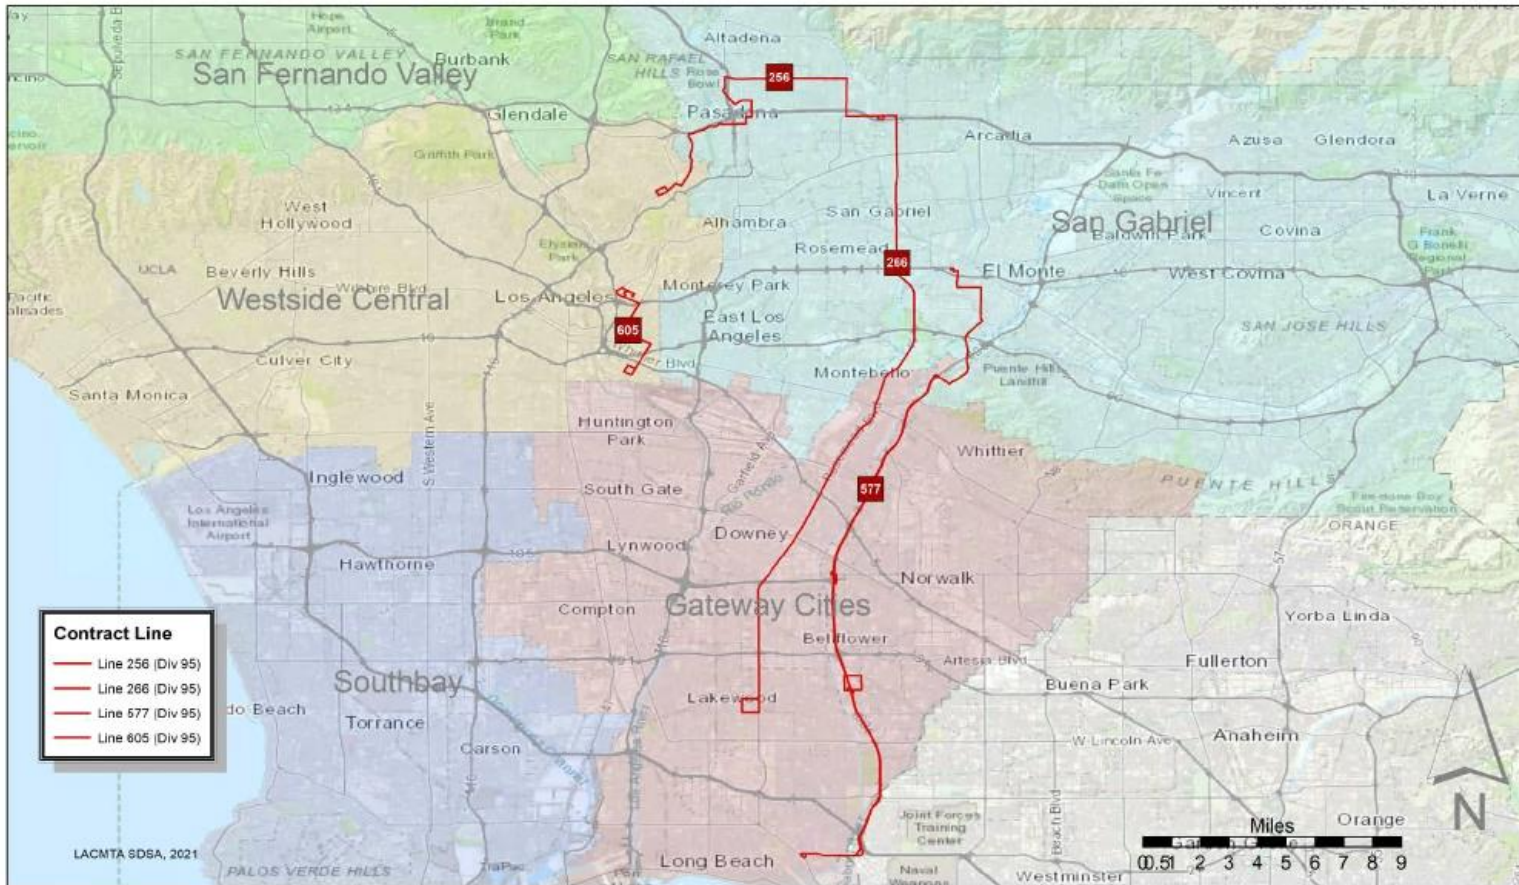

The recommended firm, MV Transportation, Inc. (MV Transportation), headquartered in Dallas, TX, has been in business since 1975. It operates in more than 133 locations within 25 states in the U.S. and two provinces in Canada. MV

Transportation has operated Metro's South Region since 2001 and performance has been satisfactory.

The MV Transportation team includes seven (7) DBE subcontractors that collectively will provide auto detailing and body repair, janitorial services, plumbing services, parts and lubricants and uniforms.

The proposed Project Manager has over 20 years of transportation experience. He is the project manager of Metro's current contract for the South Region.
