

Board Report

File #: 2022-0827, File Type: Project

Agenda Number: 21.

EXECUTIVE MANAGEMENT COMMITTEE JANUARY 19, 2023

SUBJECT: LONG-TERM ADVERTISING - CULVER CITY STATION

ACTION: APPROVE LONG-TERM ADVERTISING PURCHASE AND ACTIVITY WITH HOME BOX OFFICE, INC (HBO)

RECOMMENDATION

APPROVE a long-term advertising purchase for up to 12 months at Culver City Station from HBO, generating an estimated \$484,000 in net revenues for Metro. This is not a title sponsorship and will not affect Culver City Station's title nor the adjacent private property's title, Ivy Station.

ISSUE

In compliance with the Commercial Sponsorship and Adoption Policy (Attachment A), staff requests approval from the Board for long-term advertising and activity from HBO at Culver City Station on the Metro E Line (Expo). Approval of this long-term advertising purchase will authorize Metro's rail advertising broker, Intersection, to manage the extended 12-month purchase and advertising activities stated in this report.

BACKGROUND

HBO's corporate headquarters is at Ivy Station - a mixed-use complex adjacent to Culver City Station on the E Line. HBO previously purchased a station activation from fall 2021 to fall 2022 and wishes to continue the station activation for an additional 12 months into 2023.

DISCUSSION

Findings

Feedback from HBO concerning year one's station activation has been positive, and due to the proximity of Metro's station and HBO's headquarters, the visible treatment provides office visitors a sense of impact and awareness of the HBO brand and employees' pride in the products they created.

"Everything looks and feels amazing. You're walking through our campus with these larger-than-life pillars and escalator wraps. It's very cool and visible from many of the office windows"
- Senior Manager, HBO Max.

As media wraps are exchanged every few months, little vandalism or graffiti has been observed or reported on the materials for this station. Additionally, the HBO activation has caused other high profile entertainment companies to take note and invest with Metro; short term activations are being conducted at other stations within advertising restrictions such as Hulu at La Cienega/Jefferson Station.

The year-two activation would see similar techniques from year one, including wrapping station elements such as columns, pillars, trestles, escalator exterior walls, and a wallscape via direct decal to the surfaces of station property. Visual samples are provided in *Attachment C - HBO Advertising - Culver City*, displaying the type of creative content HBO and Intersection may post. Along with large-format media wraps, two digital kiosks have been added to this station as part of the digital screen program; HBO content will also display on these digital screens.

Within the 12-month duration, creative content may be updated by HBO and Intersection. All creative content will be vetted by the Content Advertising Committee and must comply with Metro's System Advertising Policy (Attachment B).

DETERMINATION OF SAFETY IMPACT

The contractor will install advertising following Rail Safety Policy and Guidelines to ensure the safety of Metro's riders and employees.

FINANCIAL IMPACT

There is no negative financial impact with the approval of this item. The contractor is responsible for material costs and maintenance of HBO advertising for the duration of the sale; however, Metro labor support is warranted to ensure safety compliance during material installations. Labor cost of \$3,000 is included in the FY23 Budget under Project #300066 (E/Expo Line), Cost Center #3959.

The project manager and the accounting department will monitor performance, compliance, costs, and resources in support of this task. Since this sale will extend over two fiscal years into FY24, the program manager, cost center manager, and Executive Officer of Marketing will ensure all project resources are budgeted in the next fiscal year.

Impact to Budget

Metro will receive a 55% revenue share, approximately \$484,000, and the contractor will receive a 45% revenue share, approximately \$396,000, from the total gross sale of \$880,000.

EQUITY PLATFORM

While some locations of the Metro system receive more advertising activity and generate more sales, the revenues are allocated to all areas of Metro's bus and rail system. The media purchase at this station has been a catalyst for other buyers, generating more revenues from advertising and

sponsorships - creating a reliable funding source for equitable initiatives.

Through the System Advertising Policy, Metro retains creative control of the content posted on the system - vetting content that may be harmful to vulnerable/marginalized riders.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

The revenue advertising program supports the Strategic Plan by fulfilling Goal 5 in providing responsive, accountable, and trustworthy governance within the Metro organization, exercising good public policy judgment, and fiscal stewardship by monetizing Metro's capital assets to generate non-tax revenues.

ALTERNATIVES CONSIDERED

The Board may choose not to approve this long-term advertising request; however, this is not recommended. Metro would be turning away up to \$480,000 plus estimated revenue earnings from an individual station and miss other locally relevant opportunities to generate unrestricted local funding.

NEXT STEPS

Upon Board approval, staff will authorize the advertising broker to complete the advertising sale and begin executing the long-term media placement with HBO and Culver City Station on E Line.

Commercial Sponsorship and Adoption Policy

POLICY STATEMENT

Commercial Sponsorship and Adoption is a form of advertising in which entities will compensate Metro in order to be associated with certain Metro facilities, services, programs, or events. Compensation to Metro can include, but is not limited to: monetary payments; resources and finance; payment-in-kind; value-in-kind to develop new facilities, services, programs, or events; or, funding to operate and enhance existing facilities, services, programs, or events.

Through implementation of the Commercial Sponsorship and Adoption Policy ("Policy"), Metro seeks to establish guidelines to execute a responsible and consistent process regarding Sponsorship and Adoption business activities. Metro's Communications department administers the Commercial Sponsorship and Adoption Program ("Program") as part of its overall responsibility of revenue-generating advertising and Metro's overarching goal of partnering with businesses on activities that can increase mobility and brand awareness for customers in the Los Angeles region.

As sponsorship is a form of advertising, the Program will adhere to Metro's System Advertising Policy (COM 6) and apply the same content restrictions in considering sponsors' core business, brand, and services. Commercial Sponsorship and Adoption may impact Metro facilities, services, programs, amenities, or events. As Metro facilities, services, programs, and events have already been named, the program will also adhere to Metro's Property Naming Policy (COM 11) and apply the same public outreach processes and principles pertaining to area location, neighborhood identity and system legibility in considering sponsors' core business, brand, and services.

PURPOSE

Through implementation of this Policy, Metro seeks to establish guidelines regarding Commercial Sponsorship and Adoption of Metro services, facilities, amenities, programs, and events.

Goals and Principles

This Policy will set direction for how Metro plans and implements Commercial Sponsorship and Adoptions on the Metro system. Specific Program goals include, but are not limited to:

- Generate long-term revenues to support agency programs and initiatives**
 Metro has the fiscal responsibility to maximize the utilization of available resources effectively and efficiently to create long-term, agency-generated revenues. Furthermore, diversifying Metro's revenue sources prepares the agency for future economic shortfalls and unexpected agency impacts.
- Enhance service and/or amenities that improve customer experience**
 Partnerships with local businesses and entities may offset costs of desired customer amenities, such as technology (Wi-Fi, mobile charging stations), commerce (vending kiosks, retail), and convenience (food trucks, parcel pickup). These partnerships allow Metro to focus on operating a world-class transit system while specialist(s) provide amenities enhancing the customer experience.
- Position corporate social responsibilities towards equity-focused communities**
 Metro can create more opportunities to promote small, disadvantaged, and disabled veteran business enterprises through commercial programs by allowing them involvement in the system. Concurrently, corporate entities may provide equity opportunities to communities through Metro's program.

PROCESS AND PROCEDURE

Eligible Agency Assets

Metro is the transportation planner and coordinator, designer, builder, and operator of a large and expanding transit system. The infrastructure capital investment and other assets are significant within Metro's county-wide system of bus, rail, and other services; property portfolio; numerous facilities; programs and events. The various facilities, programs, and services that may be eligible for sponsorships and adoption are:

- Facilities** – Any rail station or bus stop, parking lots and parking structures, regional facilities, maintenance buildings and other structures, Metro headquarters building, and any other property owned, leased, managed, or operated by Metro. Example facilities include Pico Station, Sierra Madre Villa parking structure, and El Monte bus station.
- Transit Services** – Any light & heavy rail lines, bus service lines & routes, transitway service lines & routes, and any mode of transit service owned, leased, managed, or operated by Metro. Example transit services include A Line, E Line, and Dodgers Stadium Express.

- **Programs** – Selected established Metro-operated effort/initiative for the benefit of customers and communities that Metro serves, generally in the form of customer service actions and functions. Example programs include Freeway Service Patrol and Metro Micro.
- **Events** – Selected one-time, seasonal, or annual event initiated, partnered with, coordinated by, or conducted by Metro. Example events include Older Adult Expo and Faith Leaders Roundtable.

Program Models

Metro will engage in two types of program models, Adoptions and Sponsorships. Within these two models, proposals may include customized packages of varying marketing techniques and tactics; combine financial payments and value-in-kind amenities; or only provide financial payments or value-in-kind amenities. Metro defines amenities as selected resources, features, or utility that may provide additional enhancement to an established Metro facility, station, or stop. Examples amenities may include technologies such as mobile data and Wi-Fi services, commerce such as retail and vending machines, and convenience such as restrooms.

- **Adoption** - A partnership between Metro and a third party, which provides benefit to Metro riders in the form of sponsored amenities, services, equity opportunities, and customer experience improvements. In an Adoption, third parties may provide resources and/or financing, payment-in-kind, or value-in-kind to develop operating or new facilities, services, programs, or events. Examples: providing free Wi-Fi to a particular station, funding additional maintenance to a particular station.
- **Sponsorship** - A partnership between Metro and a third party, which provides benefit to Metro in the form of financial payments - revenues from sponsorships may be directed towards Metro programs and initiatives. In a Sponsorship, a third party may provide resources and funding, payment-in-kind, or value-in-kind to develop operating or new facilities, services, programs, or events. Examples: temporary station name take-over, long-term media buyouts of a particular station or facility.

Terms and Durations

Sponsorships and Adoptions can take on various forms of advertising in which companies contract with Metro to associate their name, identity and branding with facilities, services, programs or events. Metro may engage in Temporary and Long-Term Sponsorships/Adoptions that provide value and benefit both parties.

- **Temporary** – Sponsorship/Adoption/Advertising activity lasting up to ninety consecutive days — temporary commercial activity is within CEO's approval

authority. Contractor shall not allow or authorize any single advertiser to engage in Station Domination of a single station for a period of more than 90 consecutive days. Immediately following the period of Station Domination by an advertiser, said advertiser shall not be permitted to engage in Station Domination of that same station for at least 90 consecutive days.

- **Long-term** – Sponsorship/Adoption/Advertising activity lasting greater than ninety consecutive days with a maximum length of 10 years — all long-term commercial activity require Board reviewed and approval. The renaming of a facility or station requires a minimum five year commitment. Additionally, any activity affecting facility/station/service names requires Board notification: short-term renaming/co-naming requires Board notification while long-term renaming/co-naming requires Board approval.

Eligibility and Criteria

In line with Metro's System Advertising Policy (COM 6), business entities selling products or services in the prohibited categories will not be considered for participation in the Program including Alcohol, Tobacco and Electronic Cigarettes, Adult Entertainment and Content, Arms/Guns and Weapons, Political Parties, Political Groups, Political Organizations, and Political Candidates or Campaigns, causes (including Religious Groups and Religious Associations, social advocacy groups, lobbyist, etc), or any other category prohibited by COM 6.

Metro shall consider Sponsorships and Adoptions with qualified entities meeting these criteria:

- Businesses already established in the U.S. or have fulfilled all legal requirements and compliance to establish a business within the United States;
- Businesses must establish current financial stability as well as financial stability for the five years prior to proposal submission;
- Businesses with current responsible practices and positive business history within the last five years prior to proposal submission;
- Businesses with satisfactory record of contractual performance within the last five years prior to proposal submission;
- Businesses must not have been awarded a Metro contract as a prime contractor six months prior to proposal submittal. Businesses will also not be considered for Metro contract as a prime contractor six months following proposal submittal.

Proposal Review Committee

A Proposal Review Committee will be established to review and vet each proposal submitted to the agency. The Proposal Review Committee will be managed by

Marketing with concurrence from the Chief Communications Officer and will be composed of stakeholder departments to provide feedback and advisory recommendations for Board review and approval. Committee members may include, but are not limited to the following:

- **Compliance Panel** - The Compliance Panel ensures interested sponsors are in compliance with Metro policies and neither discriminate nor pose a conflict of interest. The Compliance Panel does not score the proposal, instead providing review and comment on the sponsoree, the Compliance Panel may include:
 - Civil Rights
 - Ethics
 - Legal Counsel
 - Office of Inspector General
 - Vendor/Contract Management
- **Evaluation Panel** - The Evaluation Panel reviews and scores each proposal based on the Evaluation Criteria. The Evaluation Panel may be composed of scoring members, and non-scoring members that provide comments but do not participate in scoring; comments and recommendations are submitted to the CEO and Board for final review and approval, the Evaluation Panel may include:
 - Communications (Arts & Design, Community Relations, Marketing, Public Relations)
 - Countywide Planning (Real Estate, Systemwide Design)
 - Customer Experience
 - Equity & Race
 - Respective Asset or Program Owner

Evaluation and Criteria

If a business meets all Eligibility and Criteria, Metro will take into consideration the financial offers and implementation proposals. The Proposal Review Committee will score proposals based on the following evaluation criteria:

- Alignment with Metro's existing brand and agency mission, themes, and priorities
- Innovative sponsorship and business plan(s) that address value-transfers and potential customer experience enhancements
- Reach of cross promotion between Metro and Sponsor/Adoptee, providing Equity Opportunity activities for Metro communities and riders
- Financial offer, including total value and duration, payment options, and package offerings
- Determination of conflicts of interest based on other business activities with Metro

Corporate Responsibilities

All costs related to Sponsorship/Adoption activities of an existing facility, service, or program – including, but not limited to, the costs of replacing affected signage and customer information collateral, Metro materials, media materials, and Metro staff labor – shall be borne by the Adoptee/Sponsor.

Metro expects Sponsorship and Adoption partners to remain in good financial stability and to conduct responsible business practices for the duration of granted Sponsorship/Adoption. Metro may terminate granted Sponsorship/Adoption with partners who fails to maintain these financial and business requirements.

All granted Sponsorship/Adoption must respect and adhere to Metro's System Advertising Policy and Metro's Property Naming Policy.

Equity Opportunity and Community

Metro's mission is to provide a world-class transportation system that enhances quality of life for all who live, work and play within LA County. Under its Equity Platform, Metro recognizes that access to opportunities – including housing, jobs, education, mobility, and healthy communities – is critical for enhanced quality of life. Metro also recognizes that vast disparities exist in access to opportunities and strives to identify and implement projects or programs that reduce and ultimately eliminate those disparities.

Sponsors must include Equity Opportunity in each proposal - which will be scored in the Evaluation Criteria; however, sponsors should consider the qualitative engagement rather than the quantitative engagement within their proposal. While Metro sponsorships will vary, all sponsorships must advance Metro's mission by supporting Equity Opportunity to:

- Increased access to opportunities
- Removal of barriers to access
- Partnership with local communities

Acceptable partnerships will vary. Examples include, but are not limited to:

1. Connecting communities to healthy food especially when they lack such options via the provision of gift cards to grocery stores or health snacks at a community event
2. Promoting safety in high injury areas via bike helmet or bike safety light giveaways
3. Supporting community events via hosting a Wi-Fi hot spots or cooling station

Process and Implementation

Metro may negotiate Sponsorships and Adoptions directly or contract with outside specialist(s) to liaise, negotiate and manage Sponsorships.

Metro's Right of Rejection

Metro and its authorized sponsorship specialist(s) will screen all proposals, Metro reserves the right to reject any Sponsorships submitted for consideration. Decisions regarding the rejection or termination of Sponsorships are made by Metro's Chief Communications Officer or their designee based upon the criteria in this Policy.

System Integration

Metro has an established transit system with known nomenclature, customer information, and service names, thus, coordination with stakeholder departments will be critical to:

- Conclude acceptable enhancements to system facilities affecting customer experience - such as station identity and signage wayfinding.
- Establish reasonable implementation schedules and deliverables - such as those affecting operational logistics in stations, trains, and buses; fabrication logistics such as signage; and customer information materials.

Public Information

All granted Sponsorship/Adoption are subject to the provisions of the California Public Records Act (California Code Government Code §6250 et seq.), including monies paid to Metro.

Los Angeles County
Metropolitan Transportation Authority

Metro

COMMUNICATIONS Metro System Advertising

(COM 6)

1. GENERAL

The display of paid (revenue-generating) advertising carries with it a responsibility to protect Metro from potential litigation and to recognize the potential association of advertising images with Metro services, while simultaneously respecting First Amendment principles. The agency addresses these issues through the responsible and consistent application of written criteria for advertising acceptability. It is not Metro's intent to create a public forum through the acceptance of advertising.

Metro's ability to directly reach customers is crucial in order to provide transit and agency information. Any use of the unique distribution channels at its command (such as allotments of interior and exterior bus advertising space; on-board "take-one" boxes; and in-station Variable Message Signs) for purposes unrelated to customer information or retention is to be avoided, as it effectively "pre-empts" the availability of transit information to the public. Metro's Communications Department administers the use of these unique distribution channels as part of its overall responsibility for customer communication.

2. PROCEDURES

2.1. Revenue-Generating Advertising

Metro contracts with outside vendors to sell and display short-term advertising on its transit-related properties for the sole purpose of generating revenue. Metro does not sell or post advertising directly. Vendors for such contracts are solicited through competitive bids, which must conform to Metro's procurement procedures and be approved by Metro's Board of Directors.

Such agreements may dedicate up to, but no more than, 90% of the available space covered by the contract for revenue-generating advertising, reserving the remaining available space for Metro's own transit-related information. This percentage of available space, and the remaining percentage of space held for Metro's information, will be negotiated as part of any contract with an outside advertising space vendor.

Locations for revenue-generating advertising may include, but are not limited to: exterior surface areas of buses and rail cars (see restrictions in section 2.1.1 below); interior display frames in bus and rail vehicles; back-lit map cases, at stations and transit hubs; automated public toilets and other fixed outdoor displays on Metro property; electronic Variable Message Signs (VMS) on station platforms; banner ads

Los Angeles County
Metropolitan Transportation Authority

Metro

COMMUNICATIONS

Metro System Advertising

(COM 6)

on Metro's website; Metro-owned/run social media channels, Metro-sponsored computer/phone apps; space in Metro's printed brochures, timetables and other publications and printed materials, interior and exterior of Metro buildings, facilities and parking structures; and any other location approved by Metro's Board of Directors. Metro and its advertising contractors will obtain necessary permits as required to comply with local jurisdiction.

Content restrictions for advertising displayed through these arrangements are as follows:

2.1.1 Alcohol, Tobacco, and Cannabis Advertising

Advertising of all alcohol, tobacco, and cannabis products, services, and events is prohibited. Advertisements that simulate or encourage drinking, smoking, vaping, or ingesting of alcohol, tobacco and cannabis are prohibited.

2.1.2 Non-Commercial Advertising

Metro does not accept advertising from non-governmental entities if the subject matter and intent of said advertising is non-commercial. Specifically, acceptable advertising must promote a for-sale, lease or other form of financial benefit for a product, service, event or other property interest in primarily a commercial manner and purpose.

Exception 1: Governmental Agencies, meaning public agencies specifically created by government action located in Los Angeles County or a Federal or State of California Governmental Agency, may purchase advertising space for messages that advance specific government purposes. The advertising must clearly, on the face of the advertising, identify the Governmental Agency. It is Metro's intent that government advertising will not be used for comment on issues of public debate.

Exception 2: Metro will accept paid advertising from non-profit organizations that partner with a Governmental Agency (as defined in Exception 1 above) and submit advertising that advances the joint purpose of the non-profit organization and the Governmental Agency, as determined by each of them. In order for advertising to qualify under this exception, the advertising must clearly, on the face of the advertising, identify the Governmental Agency and indicate that the Governmental Agency approves, sponsors, or otherwise authorizes the advertising. The non-profit organization must also provide a Statement of Approval (attached) from the Governmental Agency describing the joint purpose

COMMUNICATIONS

Metro System Advertising

(COM 6)

to be advanced and setting forth a statement acknowledging support and approval for the submitted advertising. Any message displayed under this exception must adhere to all other content restrictions stated in this policy, including that this advertising will not be used for comment on issues of public debate.

2.1.3. Other Subject Matter Restrictions

Advertising may not be displayed if its content involves:

- Illegal activity - Promotes or relates to an illegal activity.
- Violence - Contains images, copy or concepts that promote guns/firearms or gun violence, or that depict weapons or other devices in an act of violence or harm on a person or animal, or contain any material that incites or encourages, or appears to incite or encourage, violence or violent behavior.
- Demeaning or disparaging matter - Contains images, copy or concepts that actively denigrate, demean or disparage any individual or group.
- Vulgarity - Contains images, copy or concepts that are obscene, vulgar, crude, sexually suggestive, indecent, profane or scatological.
- Obscene matter - Contains obscene matter as defined in the Los Angeles County Code, Chapter 13.17, Section 13.17.010, or sexually explicit material as defined in the Los Angeles County Code, Chapter 8.28, Section 8.28.010D.
- Adult entertainment and content – Promotes or displays images associated with adult book stores, video stores, dance clubs or other adult entertainment or sexually-oriented establishments, telephone services, internet sites, films, video games or escort services.
- Political endorsements – Contains messages that are political in nature, including messages of political advocacy, that support or oppose any candidate or referendum, or that feature any current political office holder or candidate for public office, or take positions on issues of public debate.
- Religion - Contains images, content or copy related to religion or religious ideas or viewpoints.
- Negative connotations of public transit - Contains images, copy or concepts that actively denigrate public transportation.
- Unsafe transit behavior – Contains images, copy or concepts that depict unsafe behaviors aboard buses or trains, or in or around transit stations or railroad tracks.
- Injurious to Metro's interests – Promotes products, services or other concepts that are adverse to Metro's commercial or administrative interests. Metro's

Metro

COMMUNICATIONS

Metro System Advertising

(COM 6)

- endorsement – Contains images, copy or concepts that inaccurately state or imply Metro's endorsement of the subject of the advertisement.
- Harmful or disruptive to transit system – Contains material that is so objectionable as to be reasonably foreseeable that it will result in harm to, disruption of, or interference with the transportation system.

2.1.4. Metro's Right of Rejection

Beyond the above, Metro's vendors may review advertising content according to their own guidelines of acceptability. Metro will screen and in all contracts Metro reserves the right to reject any advertising content submitted for display on its properties and/or to order the removal of any advertising posted on its properties. Decisions regarding the rejection or removal of advertising are made by the Chief Communications Officer or their designee based upon the criteria in this policy statement.

2.1.5. Vinyl Window Graphics

To ensure the safety and security of passengers, operators and law enforcement officers, advertising displays which employ vinyl window graphics are restricted from fully obscuring window surfaces on Metro vehicles as follows. (Note: this excludes the front window surface, which may not be covered in any manner.)

2.2 Informational Advertising

Metro has several unique distribution channels at its disposal for disseminating transit information for which it incurs no "space" cost (the fee charged for advertising space). These distribution channels include, but are not limited to: "take-one" boxes onboard Metro buses and Metro Rail trains; "take-one" racks at Metro Customer Centers; back-lit and non-lit map cases inside Metro Rail stations and on Metro bus stop poles; advertising kiosks at select Metro Rail stations; electronic Variable Message Signs (VMS) on station platforms digital advertising kiosks; interior rail posters on board Metro Rail trains; Metro's website; Metro-owned/run social media channels; and Metro-sponsored computer/phone apps.

As specified in section 2.1, Metro has the use of an allotment of exterior and interior bus advertising space at no charge by agreement with the vendor that sells all remaining interior and exterior bus advertising space under a revenue-generating agreement.

Los Angeles County
Metropolitan Transportation Authority

Metro

COMMUNICATIONS

Metro System Advertising

(COM 6)

Informational advertising space is limited, and reserved exclusively for Metro transit information. All messages and materials distributed by this means are prepared, approved and/or authorized by the Chief Communications Officer or their designee.

Acceptable information for these distribution channels is categorized as follows:

2.2.1 Regular Transit Information

Regular transit information is prepared by Metro's Communications Department in accordance with its annual strategic planning process, as well as upon request from other internal departments. Regular transit information includes, but is not limited to: campaigns promoting ridership, service features and changes, fare information and changes, safety and security messages, maps and explanations of related transportation services.

2.2.2 Cross-Promotional Information

On an occasional basis and only when space is available, Metro's Communications Department may use Metro's distribution channels to participate in cross-promotional opportunities that offer a direct opportunity to promote use of transit. Any materials distributed for this purpose must prominently include promotion of Metro services (e.g., Metro Ridership Promotion such as, "Go Metro to Fiesta Broadway"). Metro is prohibited by law from donating advertising space to any entity for purposes that are not directly transit-related.

The outside organization involved must either bear the cost of producing such materials or, if approved by Metro's Communications Department, provide an equivalent or greater value in cross-promotional benefits (i.e. advertising space, editorial space, etc.). Any cross-promotional arrangement must be approved by the Chief Communications Officer or their designee based upon the criteria in this policy statement.

2.2.3 "Added Value" Materials

On an occasional basis and only when space is available, Metro's Communications Department may use Metro's distribution channels to provide "added value" materials to its customers. Such materials must present a specific and time-dated offer uniquely provided for Metro bus and Metro Rail customers (generally a money-saving discount) in which transit can be used to access the redemption point. Any materials distributed for this purpose must prominently include the Metro logo and other wording approved by Metro's Communications

Los Angeles County
Metropolitan Transportation Authority

Metro

COMMUNICATIONS

Metro System Advertising

(COM 6)

Department to indicate that the offer is specifically designed for Metro bus and Metro Rail customers. Metro is prohibited by law from simply donating advertising space to any entity for purposes that are not directly transit-related.

The outside organization involved must either bear the cost of producing such materials or, if approved by Metro's Communications Department, provide an equivalent or greater value in cross-promotional benefits (e.g., advertising space, editorial space, etc.). Any added value programs must be approved by the Chief Communications Officer or their designee based upon the criteria in this policy statement.

3.0 DEFINITION OF TERMS

Added Value Materials – Informational advertising which offers a tangible benefit to patrons as a means of rewarding and retaining customers (i.e., a money-saving discount).

Cross-Promotion – A cooperative partnership in which two or more entities work together with the goal of jointly promoting their respective services.

Digital Advertising Kiosks - A small physical structure (often including a computer and a display screen) that displays information for people walking by. Kiosks are common near the entrances of shopping malls in North America where they provide shoppers with directions.

Exterior King Ad – Large ad measuring 144" x 30" displayed on the sides of Metro buses. King ads are directly applied to the bus with adhesive vinyl.

Exterior Tail Light or "Tail" Ad – Smaller ad measuring 48" x 15 ½" or 72" x 21" displayed on the rear of Metro buses. Tail ads are directly applied to the bus with adhesive vinyl.

Governmental Entities – Public entities specifically created by government action.

Interior Bus Car Card – A 28" x 11" poster that mounts above the seats in Metro buses to provide information on fares, routes, safety, pass & token sales locations, service changes and other matters relevant to the use of the Metro System.

Interior Rail Poster – A 21" x 22 ¼" poster that mounts in frames on the walls of Metro Rail cars, used to display Metro Rail System Maps and provide information on fares,

Los Angeles County
Metropolitan Transportation Authority

Metro

COMMUNICATIONS

Metro System Advertising

(COM 6)

routes, safety, pass & token sales locations, service changes and other matters relevant to the use of the Metro System.

Map Cases – Fixed cases in Metro Rail stations that hold a 46¾" x 46¾" display, usually back-lit. Used to display Metro Rail System Maps and provide information on fares, routes, safety, pass & token sales locations, service changes and other matters relevant to the use of the Metro System.

Metro Transit-Related Properties – Metro Bus and Rail systems; Metro facilities; Metro electronic outreach channels (websites, social media, computer/phone apps, etc.).

Non-Commercial Advertising – A public service announcement, event notification, political statement or other message which does not have as its primary purpose to propose a commercial transaction.

Social Media Channels – Online/digital communications channels dedicated to community-based input, interaction, content-sharing collaboration.

Take-One – A printed brochure measuring 3½" x 8½" placed inside Metro buses or Metro Rail trains, used to provide information on fares, routes, safety, pass & token sales locations, service changes and other matters relevant to the use of the Metro System.

Take-One Box – A metal rack or plastic holder installed on the interior of Metro buses and Metro Rail trains designed to hold approximately 40 take-ones. Many Metro buses have a multi-pocket rack in addition to 2 plastic take-one boxes; most Metro Rail cars have from 2 to 6 plastic take-one boxes.

Variable Message Signs (VMS) – Electronic sign boards in Metro Rail stations controlled from the Rail Operations Control Center that scroll through a series of written messages. Used to provide information on safety, pass & token sales locations, service changes, emergency announcements and other matters relevant to the use of the Metro System.

Vinyl Window Graphics – An adhesive vinyl super-graphic which covers a portion of the window surface of a bus or rail vehicle. Such graphics are manufactured to be largely transparent to those inside the vehicle, permitting passengers to see outside through the graphics.

Metro

COMMUNICATIONS

Metro System Advertising

(COM 6)

4.0 RESPONSIBILITIES

Communications Department prepares all messages and materials for dissemination on board Metro buses and Metro Rail trains; administers the distribution/display of transit information; tracks/coordinates the availability and use of Metro's unique information distribution channels.

Mailroom distributes quantities of take-ones to Metro Operating Divisions and Customer Centers according to distribution list prepared by project managers in Communications.

Operators and Service Attendants physically place take-ones on buses/trains for distribution to the public.

Advertising Vendors sell, post and maintain all revenue-generating advertising on Metro properties; implement Metro's policies on revenue-generating advertising; post all Metro informational advertising according to instructions from the Metro Marketing Department.

Chief Communications Officer (or designee) reviews and approves/rejects all cross-promotions and added value programs using Metro's unique distribution channels based upon the criteria in this policy statement; enforces Metro's right to reject and/or order removal of revenue-generating advertising based upon the criteria in this policy statement.
