Although not required by CA Gov't code, a Staff has also added a restriction against investment in fossil fuel companies, tobacco or tobacco-related companies, and companies in support of the production of weapons, military systems, or nuclear power. ### **DETERMINATION OF SAFETY IMPACT**

This Board Action will not have an impact on safety standards for Metro operations.

### **FINANCIAL IMPACT**

The funds required to update the Investment Policy are included in the FY23 budget in cost center 5210 and project number 610340.

#### **Impact to Budget**

The sources of funds budgeted to manage assets in accordance with the Investment Policy are Proposition A, Proposition C, Measure R, Measure M and TDA administration funds. These funds are not eligible for bus and rail operating and capital expenses.

### **EQUITY PLATFORM**

This Board Action will not have any equity impacts or concerns. However, the proposed investment policy provides the guidelines for Metro's internally and externally managed investment portfolios and contains socially responsible considerations. Four firms are under contract to invest Metro's external

---

portfolio. Among them, Chandler Asset Management is a small business firm and LM Capital Management is minority owned. The managers must invest in securities that comply with our investment policy and CA Gov't code.

### **IMPLEMENTATION OF STRATEGIC PLAN GOALS**

Metro's Investment Policy supports Metro's Vision 2028 Goal#5: Provide responsive, accountable, and trustworthy governance within the Metro Organization.

### **ALTERNATIVES CONSIDERED**

The Investment Policy and California Government Code require an annual review and adoption of the Investment Policy, delegation of investment authority, and approval of the Financial Institutions Resolution. Should the Board elect not to delegate the investment authority annually or approve the policy and resolution, the Board would assume daily responsibility for the investment of working capital funds and for the approval of routine administrative actions.

### **NEXT STEPS**

Upon Board approval, staff shall distribute the Investment Policy to external investment managers and broker-dealers. The Investment Policy and Financial Institutions Resolution will be issued to financial institutions with whom Metro engages.

## **1.0 Policy**

It is the policy of the Los Angeles County Metropolitan Transportation Authority (LACMTA) to ensure that the temporarily idle funds of the agency are prudently invested to preserve capital and provide necessary liquidity, while maximizing earnings, and conforming to state and local statutes governing the investment of public funds.

This investment policy conforms to the California Government Code ("Code") as well as to customary standards of prudent investment management. Investments may only be made as authorized by the Code, Section 53600 et seq., Sections 16429.1 through 16429.4 and this investment policy. Should the provisions of the Code become more restrictive than those contained herein, such provisions will be considered as immediately incorporated in this investment policy. Changes to the Code that are less restrictive than this investment policy may be adopted by the Board of Directors (Board).

## **2.0 Scope**

- 2.1 This investment policy sets forth the guidelines for the investment of surplus General, Special Revenue, Capital Projects, Enterprise (excluding cash and investments with fiscal agents), Internal Service, and any new fund created by the Board, unless specifically exempted. Excluded from this investment policy are guidelines for the investment of proceeds related to debt financing, defeased lease transactions, Agency (Deferred Compensation, 401K, and Benefit Assessment District), Other Post Employment Benefit (OPEB) Trust funds and Pension Trust Funds.
- 2.2 Internal and external portfolio managers may be governed by Portfolio Guidelines that may on an individual basis differ from the total fund guidelines outlined herein. The Treasurer is responsible for monitoring and ensuring that the total funds subject to this investment policy remain in compliance with this investment policy, and shall report to the Board regularly on compliance.

## **3.0 Investment Objectives**

- 3.1 The primary objectives, in priority order, of investment activities shall be:
  - A. Safety: Safety of principal is the foremost objective of the investment program. The investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The LACMTA shall seek to ensure that capital losses are avoided whether from institutional default, broker-dealer default, or erosion of market value. Diversification is required in order that potential losses on individual securities do not exceed the income generated from the remainder of the portfolio.
  - B. Liquidity: The investment portfolio will remain sufficiently liquid to meet all operating requirements that might be reasonably anticipated.
  - C. Return on Investments: The LACMTA shall manage its funds to maximize the return on investments consistent with the two objectives above, with the goal of exceeding the performance benchmarks (Section 12.0) over a market cycle (typically a three to five year period).
- 3.2 It is policy to hold investments to maturity. However, a security may be sold prior to its maturity and a capital gain or loss recorded if liquidity needs arise, or in order to improve the quality, or rate of return of the portfolio in response to market conditions and/or LACMTA risk preferences.

Internal and external investment managers shall report such losses to the Treasurer and Chief Financial Officer immediately.

- 3.3 When investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing LACMTA funds, a trustee shall act with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the agency, that a prudent investor acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency. Within the limitations of this section and considering individual investments as part of an overall strategy, investments may be acquired as authorized by law.
- 3.4 The standard of prudence to be used by investment officials shall be the "prudent investor" standard and shall be applied in the context of managing an overall portfolio. Investment officers acting in accordance with this investment policy, written portfolio guidelines and procedures and exercising due diligence shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided deviations from expectations are reported in the quarterly investment report to the Board, and appropriate action is taken to control adverse developments.

#### **4.0 Delegation of Authority**

- 4.1 The Board shall be the trustee of funds received by the LACMTA. In accordance with Code Section 53607, the Board hereby delegates the authority to invest or reinvest the funds, to sell or exchange securities so purchased and to deposit securities for safekeeping to the Treasurer for a one year period, who thereafter assumes full responsibility for such transactions and shall make a monthly report of those transactions to the Board. Subject to review by the Board, the Board may renew the delegation of authority each year.
- 4.2 The Treasurer shall establish written procedures for the operation of the investment program consistent with this investment policy, including establishment of appropriate written agreements with financial institutions. Such procedures shall include explicit delegation of authority to persons responsible for investment transactions. The Treasurer may engage independent investment managers to assist in the investment of its financial assets.
- 4.3 No person may engage in an investment transaction except as provided under the terms of this investment policy and the procedures established by the Treasurer.
- 4.4 Officers and employees involved in the investment process shall be governed by the standards regarding ethical behavior and conflicts of interest established in the Los Angeles County Metropolitan Transportation Authority Ethics Policy and annually shall file a Statement of Economic Disclosure with the Ethics Office.

#### **5.0 Permitted Investments**

- 5.1 All funds which are not required for immediate cash expenditures shall be invested in income producing investments or accounts, in conformance with the provisions and restrictions of this investment policy as defined in Section 5.1A and as specifically authorized by the Code, (Sections 53600, et seq.). Securities held by the LACMTA's custodial bank must be in compliance with Section 5.0 Permitted Investments at the time of purchase.

5.2 In order to reduce overall portfolio risk, investments shall be diversified among security type, maturity, issuer and depository institutions. See Section 5.1A for specific concentration limits by type of investment.

- A. Percentage limitations where listed are only applicable at the date of purchase.
- B. In calculating per issuer concentration limits commercial paper, bankers' acceptances, medium term notes, asset-backed securities, placement service assisted deposits, and negotiable certificates of deposit shall be included; deposits collateralized per Section 7.3 of this investment policy are excluded from this calculation.
- C. Credit requirements listed in this investment policy indicate the minimum credit rating (or its equivalent by any nationally recognized statistical rating organization) required at the time of purchase without regard to modifiers (e.g., +/- or 1,2,3), if any.

5.3 Maturities of individual investments shall be diversified to meet the following objectives:

- A. Investment maturities will be first and foremost determined by anticipated cash flow requirements.
- B. Where this investment policy does not state a maximum maturity in Section 5.1A, no investment instrument shall be purchased which has a stated maturity of more than five years from the date of ~~purchase~~settlement, unless the instrument is specifically approved by the Board or is approved by the Board as part of an investment program and such approval must be granted no less than three months prior to the investment. The Board hereby grants express authority for the purchase of new issue securities with a 5 year stated maturity with extended settlement of up to ~~30~~45 days from date of purchase.
- C. The average duration of the externally managed funds subject to this investment policy shall not exceed 150% of the benchmark duration. The weighted average duration of the internal portfolios shall not exceed three (3) years.

5.4 State and local government sponsored Investment Pools and money market mutual funds as authorized by this investment policy are subject to due diligence review prior to investing and on a continual basis as established in Section 5.1A, #11 and #12.

5.5 This investment policy specifically prohibits the investment of any funds subject to this investment policy in the following securities:

- A. Derivative securities, defined as any security that derives its value from an underlying instrument, index, or formula, are prohibited. The derivative universe includes, but is not limited to, structured and range notes, securities that could result in zero interest accrual if held to maturity, variable rate, floating rate or inverse floating rate investments, financial futures and options, and mortgage derived interest or principal only strips. Callable or putable securities with no other option features, securities with one interest rate step-up feature, and inflation indexed securities meeting all other requirements of this investment policy are excluded from this prohibition, as are fixed rate mortgage-backed securities and asset-backed securities.

B. Reverse repurchase agreements and securities lending agreements.

**Commented [YJ1]:** Effective January 1, 2023, California Government Code (Code) Section 53601 will specify that an investment's term or remaining maturity shall be measured from the **settlement** date to final maturity (rather than the commonly interpreted trade date).<sup>1</sup> It will further specify that the forward settlement date of an investment cannot exceed 45 days.

## 6.0 Selection of Depository Institutions, Investment Managers and Broker-Dealers

- 6.1 To minimize the risk to the overall cash and investment portfolio, prudence and due diligence as outlined below shall be exercised with respect to the selection of Financial Institutions in which funds are deposited or invested. The LACMTA's Financial Advisor (FA) will conduct competitive processes to recommend providers of financial services including commercial banking, investment management, investment measurement and custody services.
- A. In selecting Depositories pursuant to Code Sections 53630 (et seq.), the credit worthiness, financial stability, and financial history of the institution, as well as the cost and scope of services and interest rates offered shall be considered. The main depository institutions will be selected on a periodic and timely basis.
- B. Deposits which are insured pursuant to federal law by the Federal Deposit Insurance Corporation (FDIC), or the National Credit Union Administration (NCUA) may be excluded from the collateralization requirements of Section 7.3 of this investment policy, at the Treasurer's discretion. A written waiver of securitization shall be executed, provided to the Depository Institution, and kept on file in the Treasury Department.

- 6.2 In selecting external investment managers and brokers, past performance, stability, financial strength, reputation, area of expertise, and willingness and ability to provide the highest investment return at the lowest cost within the parameters of this investment policy and the Code shall be considered. A current copy of the Broker-Dealer's financial statements will be kept on file in the Treasury Department. - a. The broker dealer must qualify under Securities Exchange Commission rule 15C3-1 (Uniform Net Capital Rule);

External investment managers shall submit, at least quarterly, a list of the non-Primary Dealers used during the period.

**APPENDIX D**  
**LOS ANGELES COUNTY METROPOLITAN**  
**TRANSPORTATION AUTHORITY**  
**INVESTMENT POLICY GLOSSARY**

**ASKED:** The price at which securities are offered from a seller.

**BANKERS' ACCEPTANCE (BA):** Time drafts which a bank "accepts" as its financial responsibility as part of a trade finance process. These short-term notes are sold at a discount, and are obligations of the drawer (or issuer - the bank's trade finance client) as well as the bank. Once accepted, the bank is irrevocably obligated to pay the BA upon maturity if the drawer does not.

**BID:** The price offered by a buyer of securities.

**BOOK VALUE:** The original cost of the investment, plus accrued interest and amortization of any premium or discount.

**BROKER:** A broker brings buyers and sellers together for a commission.

**CERTIFICATE OF DEPOSIT (CD):** A time deposit with a specific maturity evidenced by a certificate. Large-denomination CD's are typically negotiable (marketable or transferable).

**COLLATERAL:** Securities, evidence of deposit, or other property which a borrower pledges to secure repayment of a loan. Also refers to securities pledged by a bank to secure deposits of public moneys.

**COMMERCIAL PAPER (CP):** Unsecured promissory notes issued by companies and government entities at a discount. Commercial paper is negotiable, although it is typically held to maturity. The maximum maturity is 270 days, with most CP issued for terms of less than 30 days.

**CUSTODY or SAFEKEEPING:** A service to customers rendered by banks for a fee whereby securities and valuables of all types and descriptions are held in the bank's vaults for protection.

**DEALER:** A dealer, as opposed to a broker, acts as a principal in all transactions, buying and selling for his own account.

**DELIVERY VERSUS PAYMENT:** Delivery of securities with a simultaneous exchange of money for the securities.

**FEDERAL AGENCIES AND U.S. GOVERNMENT SPONSORED ENTERPRISES (AGENCIES):** U.S. Government related organizations, the largest of which are government financial intermediaries assisting specific credit markets (housing, agriculture). They include:

- ◆ Federal Home Loan Banks (FHLB)
- ◆ Federal Home Loan Mortgage Corporation (FHLMC or "Freddie Mac")
- ◆ Federal National Mortgage Association (FNMA or "Fannie Mae")
- ◆ Federal Farm Credit Banks (FFCB)
- ◆ Tennessee Valley Authority (TVA)

**MARKET VALUE:** The price at which a security is trading and could presumably be purchased or sold.

**MASTER REPURCHASE AGREEMENT:** A written contract covering all future transactions between the parties to repurchase/reverse repurchase agreements that establish each party's rights in the transactions. A master agreement will specify, among other things, the right of the buyer-lender to liquidate the underlying securities in the event of default by the seller-borrower.

**MATURITY:** The date upon which the principal or stated value of an investment becomes due and payable.

**MEDIUM TERM NOTES (MTN):** Interest bearing, continuously offered debt, issued in the 9 month to ten year maturity range. Deposit notes, like Certificates of Deposit, actually represent an interest bearing deposit at a bank or other depository institution.

**OFFER:** The price asked by a seller of securities.

**PAR VALUE:** The face value, or principal amount payable at maturity.

**PRIMARY DEALER:** A group of government securities dealers who submit daily reports of market activity and positions and monthly financial statements to the Federal Reserve Bank of New York, and are subject to its informal oversight.

**QUALIFIED INSTITUTIONAL BUYER (QIB):** Defined in SEC 144A as a class of investors that can be conclusively assumed to be sophisticated and in little need of the protection afforded by the Securities Act's Registration Provisions. They must own and invest on a discretionary basis at least 100 million in securities of issuers that are not affiliated with such a qualified institutional buyer. This includes any institutional investors included in the accredited investor definition, provided they satisfy the \$100 million threshold.

**REPURCHASE AGREEMENT (RP OR REPO):** A purchase of securities under a simultaneous agreement to sell these securities back at a fixed price on some future date. This is in essence a collateralized investment, whereby the security "buyer" in effect lends the "seller" money for the period of the agreement, and the difference between the purchase price and sale price determining the earnings. Dealers use RP extensively to finance their positions.

**SECURITIES & EXCHANGE COMMISSION (SEC):** An agency created by Congress to protect investors in securities transactions by administering securities legislation.

**TREASURY BILLS:** A non-interest bearing discount security issued by the U.S. Treasury to finance the national debt. Most bills are issued to mature in three months, six months, or one year.

**TREASURY NOTES AND BONDS:** Long-term U.S. Treasury securities having initial maturities of 2 to 30 years.

**YIELD:** The rate of annual income return on an investment, expressed as a percentage.

**YIELD TO MATURITY (YTM):** The rate of return earned on an investment considering all cash flows and timing factors: interest earnings, discounts, and premiums above par.
