Chair Gandhi inquired whether the cities with repeat findings will be subject to additional audits. Staff clarified that the repeat findings were for spending money before obtaining authorization, but the money was spent on authorized projects. Currently, there is no recourse for this type of repeat finding but, in the past, an extreme measure was to withhold funds until a city receives a clean audit. Staff added that an email was sent to all the cities regarding the process to expend funds to prevent this type of behavior. Chair Gandhi asked which level at the city the email is sent. Staff responded it is sent to a high level but not the mayors of the cities.

RECEIVED General Public Comment - none.
