

Board Report

File #: 2025-0211, File Type: Program

Agenda Number: 10.

FINANCE, BUDGET AND AUDIT COMMITTEE JUNE 18, 2025

**SUBJECT: METROLINK FY2025-26 ANNUAL WORK PROGRAM AND PASSENGER RAIL
SUPPORTIVE ACTIONS**

ACTION: APPROVE RECOMMENDATIONS

RECOMMENDATION

CONSIDER:

- A. APPROVING programming the Los Angeles County Metropolitan Transportation Authority's ("Metro") share of the Southern California Regional Rail Authority's (SCRRA) Fiscal Year (FY) 2025-26 Operating, Rehabilitation, and Capital Budget in the amount of \$216,565,092 as described in Attachment A;
- B. EXTENDING the lapsing dates for funds previously allocated to SCRRA for State of Good Repair (SGR) and capital project Memoranda of Understanding (MOUs) as follows:
- Ticket Vending Machine (TVM) Replacement Project extended from June 30, 2025, to December 31, 2026
 - FY 2016-17 SGR Program extended from June 30, 2025, to December 31, 2026
 - FY 2017-18 SGR Program extended from June 30, 2025 to December 31, 2026
 - FY 2018-19 SGR Program extended from June 30, 2025 to June 30, 2027
 - FY 2019-20 SGR Program extended from June 30, 2025 to December 31, 2027
 - FY 2020-21 SGR Program extended from June 30, 2025 to June 30, 2027
 - Doran Street Grade Separation Project extended from March 31, 2025, to December 31, 2027
 - LINK US Task 2 Project extended from June 30, 2025, to December 31, 2026;
- C. APPROVING the FY 2025-26 Transfers to Other Operators' payment rate of \$1.10 per boarding to Metro and an EZ Pass reimbursement cap to Metro of \$5,592,000; and
- D. AUTHORIZING the Chief Executive Officer to negotiate and execute all necessary agreements between Metro and SCRRA for the approved funding.

ISSUE

Metro is a member of the SCRRA Joint Powers Authority (JPA), operator of the "Metrolink" regional

commuter rail service. The JPA requires member agencies, on an annual basis, to approve their share of the SCRRA budget, comprising Metrolink Operations, SGR, and New Capital projects. SCRRA transmitted the FY 2025-26 budget to the JPA member agencies on April 30, 2025 (Attachment A). SCRRA is seeking member agency approval before adopting its FY 2025-26 budget on June 27, 2025. This report includes staff recommendations for funding Metro's contribution to the FY 2025-26 Metrolink budget.

BACKGROUND

SCRRA operates the Metrolink commuter rail service within Los Angeles (LA) County, the surrounding counties of Orange, Riverside, San Bernardino, and Ventura, and northern San Diego County. Metrolink service is complemented by the Los Angeles-San Diego-San Luis Obispo (LOSSAN) intercity rail corridor operated by Amtrak. Metrolink and LOSSAN service will connect directly into the future high-speed rail network being built by the California High-Speed Rail Authority. Metrolink will also connect with the future Brightline West system that will operate between Las Vegas and Rancho Cucamonga.

Metro, as the regional transportation planning agency for LA County, works with Metrolink and other passenger rail operators to plan and develop a more holistic, seamless, and multimodal approach to moving people throughout LA County and Southern California between local communities and regional destinations. The Metro Board annually allocates Metro's member agency subsidy to support Metrolink operations, which is 51.3% of Metrolink's total operations budget. SCRRA utilizes an established "all share" formula approved by all the member agencies based on train miles attributed to each respective member agency. Metro's share is based on 151 miles of Metro owned ROW. The Metro Board appoints four of the Metrolink Board's eleven voting members.

Metro's ability to deliver better mobility, air quality, and economic opportunity for LA County residents and reduce greenhouse gas (GHG) emissions and vehicle miles traveled (VMT) in the region depends in part on an effective working relationship with Metrolink, LOSSAN, and other transit operators in the region. To that end, the CEO created the Multimodal Integrated Planning (MIP) unit in the Countywide Planning and Development Department (CPD) to better align and coordinate planning for and with Metrolink, LOSSAN, and other passenger rail operators so that Metro can better serve local communities and improve LA County's regional transportation system and air quality.

DISCUSSION

PROGRAMMING FOR METRO'S SHARE OF SCRRA'S FY 2025-26 BUDGET

Metrolink is requesting that Metro provide \$216,565,092 in funding for Metro's JPA member agency share of SCRRA's FY 2025-26 Budget, consisting of \$141,356,992 for Metrolink Commuter Rail Operations and \$75,208,100 combined for SGR and New Capital projects.

Metrolink Commuter Rail Operations - \$141,356,992

SCRRA's total FY 2025-26 Budget request for Metrolink Commuter Rail Operations from all JPA Member Agencies is \$275,508,494. Metro's share of Metrolink Commuter Rail Operations is \$141,356,992 (51.3%). This total is a \$3,597,160 increase (2.6%) over FY 2024-25 funding levels. The FY 2025-26 budget increase is due to costs necessary to implement new FRA regulations and 2028 Olympic readiness.

As part of the FY 2025-26 budget, Metrolink has executed the consolidation of train operations, equipment, and facilities maintenance functions into one contract which will increase efficiency by having one vendor responsible for these functions which were previously delivered through separate contracts. In addition, Metrolink's new Optimized Service Schedule will be fully implemented; this schedule is designed to increase accessibility and convenience by attracting new riders, restore service eliminated during the COVID pandemic, and respond to the changing commuter patterns in the post-COVID environment by becoming an all-day and weekend regional rail operator instead of strictly a commuter rail (peak hour) service. This service optimization will allocate resources and crews more efficiently by operating more midday and off-peak service which is anticipated to result in higher ridership per service route. The member agencies continue to work collaboratively with SCRRA to ensure that appropriate and cost-effective service levels are implemented. In addition, for efficiency and cost-savings purposes, Metro contracts with SCRRA to maintain Metro-owned ROW that is beyond the 20-foot center of track up to Metro's property line; this Metro-only cost is now included in the SCRRA operations funding annual budget amount.

While Metro staff appreciate SCRRA's cost containment efforts by keeping the FY26 operating funding request to a minimal increase of 2.6%, Metro does have concerns that SCRRA's costs as well as the amount of member subsidy requested to support operations continues to increase. Member agency subsidies have increased to 78% since the COVID pandemic due to Metrolink's decreased revenues and fare box recovery because of decreased ridership. Pre-COVID, member agencies only contributed 49% of Metrolink operating costs. This trend is not sustainable as Metro's share of Metrolink's rapidly increasing operating requests exceeds Metro's annual sales tax revenues dedicated to Metrolink Operations (Proposition C 10% and Measure M 1%), which are further impacted by lower sales tax receipts than forecasted. Over the past five years, SCRRA's operating costs have increased \$103 million but have not resulted in a commensurate increase in ridership or fare revenues.

Metro staff recommends working with SCRRA and the other member agencies to identify cost savings opportunities and new external funding sources to supplement constrained sales tax revenues. The current member agency subsidy requirements are unsustainable, especially as service expands and capacity-enhancing projects are implemented across the system in support of realizing Metrolink's Southern California Optimized Rail Expansion (SCORE) program. Reduced office building occupancy rates as well as the continued trend of telecommuting suggest Metrolink ridership will continue to have difficulty reaching pre-COVID levels without adding significant costs associated with more service. Metro staff are in the process of developing a strategic plan that will include as part of its scope a review of Metrolink operations and capital needs and identify future cost savings, sustainable investments, service improvements, and new revenue streams for Metrolink operations and capital needs. To that end, Metro has encouraged Metrolink to develop a cohesive, necessary and thoughtful development of a Metrolink strategic plan to target non-returning riders,

identify new markets, and implement new fare media strategies and modified service to respond to the “new normal” of changing trip patterns. To begin this process, Metrolink is implementing a new fare structure in FY26 to bring more riders and revenue onto Metrolink’s system using existing service to increase ridership beyond simply adding more service.

The Student Adventure Pass (SAP) Metrolink operated in recent years has made a positive impact on increasing ridership by offering free fares for K-12, technical school, college, and university students in the Southern California region. However, due to the demand for SAP usage exceeding available grant funding received through the Low Carbon Transit Operations Program (LCTOP), Metrolink FY 2025-26 student fares will no longer be free and students will now have to pay 50% of the fare costs going forward to make the new Student Youth Discount program more sustainable in the long run. Prior to launching the SAP, Metrolink offered a 25% discount to students. Metro is supportive of the Student Youth Discount program but has requested that Metrolink adopt a regional approach to partner with the universities and colleges in its service area to develop a cost-sharing arrangement to offset potential future member agency contributions given the Student Youth Discount program’s rising costs and the potential for LCTOP funds not being available in future years for this program.

Ridership

Metrolink has recovered 70% of its pre-pandemic ridership, steadily making gains despite the impacts of work-from-home and lower office occupancy rates over the past five years (see Table 1). In April 2025 Metrolink ridership set a new post-pandemic record with over 715,000 boardings. This growth in ridership is the result of several trends, including student ridership growth (up 77% from the prior year), better on-time performance, improved optimized scheduling, and more trains in service. Metrolink seeks to build on these positive trends with service improvements to be implemented in FY26.

Table 1

Metrolink Pre-Pandemic Ridership and Post-Pandemic Recovery by Line

LINE	PRE-PANDEMIC MONTHLY RIDERSHIP	APRIL 2025 RIDERSHIP	% RECOVERY BY LINE
91/Perris Valley	76,247	75,835	99%
Antelope Valley	158,409	133,224	84%
IEOC	111,099	65,702	59%
Orange County	244,672	142,796	58%
Riverside	79,983	28,051	35%
San Bernardino	254,709	185,214	73%
Ventura	93,342	69,553	75%
Arrow	N/A	15,051	N/A

TOTALS	1,018,460	715,428	70%
---------------	------------------	----------------	------------

SGR and New Capital Projects - \$75,208,100

Through the annual budget process, SCRRA requests SGR and New Capital project funding which will maintain the Metrolink commuter rail system ensuring a healthy safety culture, creating better service reliability, and improving service along the ROW, of which Metro owns 151 miles. Metrolink's FY 2025-26 total SGR and New Capital budget request from all member agencies is \$153,080,000, consisting of \$137,502,000 for SGR and \$15,578,000 for New Capital Projects (see SGR and New Capital Project List in Attachment A). Metro's member agency share is \$75,208,100 (49.1% of the total \$153,080,000) for the FY 2025-26 Rehabilitation and Capital projects, consisting of the following:

- \$37,214,350 for 26 systemwide SGR projects, with costs to be shared by all member agencies, for projects such as rebuilding and rehabilitating locomotives, overhauling railcars, replacing the Central Maintenance Facility roof, rehabilitating bridges, culverts, tunnels and building facilities, replacing the LA Union Station backup generator, upgrading Metrolink's server, upgrading signal, conducting track rehabilitation, making positive train control enhancements, and replacing maintenance of way vehicles and equipment;
- \$30,594,200 for 12 line-specific projects within Los Angeles County on the San Bernardino and Antelope Valley Lines to rehabilitate signal system, conduct Tunnel 25 Geotechnical testing and design, upgrade customer information systems, rehabilitate five culverts and six bridge structures, upgrade control points, signals, crossings, rail, ballast and tie replacement, and implement grade crossing improvements;
- \$7,399,550 for nine New Capital Projects comprised of a mobile train dispatch operations center, construction of a positive train control training center, electric vehicle (EV) infrastructure for Metrolink yards and non-revenue vehicles, Union Station West Portal ticket office refurbishment, new budget system and portable wheel true and rotor change out equipment.

Metro staff have been working collaboratively with SCRRA and the other member agencies to review Metrolink's FY 2025-26 SGR and New Capital programs, which align with the member agencies' funding commitments. Staff continue to work with SCRRA to prioritize urgent SGR track, bridges, culverts, structures, and signal projects to maintain safety and service reliability.

Extend Lapsing Dates for Eight SGR and Capital Project MOUs

SCRRA rehabilitation/renovation and capital projects maintain Metrolink's system safety and safety culture, ensure state of good repair, and modernize the Metrolink system. SCRRA's project delivery schedule for rehabilitation/renovation projects spans over a five-year period.

This Recommendation will extend eight MOUs (five for SCRRA SGR projects and three for capital projects) that would otherwise lapse on or before June 30, 2025. Due to unforeseen material supplier

and project work delays, SCRRA is requesting time extensions. SCRRA has indicated their work is in progress, that many projects are close to completion, and that these eight projects will be completed and invoiced by the requested extension dates.

Transfers to Other Operators

Metro provides transfers of Metrolink passengers to other LA County operators via the EZ pass program (e.g. Big Blue Bus, OCTA, Dash, etc.) which is a seamless and convenient transfer process for riders utilizing the Metrolink service to make first/last mile connections within LA County. In exchange for the transfers, Metrolink reimburses Metro at the rate of \$1.10 per boarding. This recommendation is requesting that the maximum reimbursement amount Metrolink can bill Metro not exceed \$5,592,000. This amount is sufficient to fund the EZ pass program.

Granting CEO Authority

Upon the Board approving this item, a corresponding MOU will be required to be executed clarifying responsibilities and expectations of Metro and SCRRA entering into this funding agreement. This recommendation is requesting Board approval for the CEO to negotiate all necessary terms and execute the MOU funding agreement.

DETERMINATION OF SAFETY IMPACT

Approval of these recommendations will improve safety for Metrolink passengers and the local communities in which Metrolink operates. All Metrolink operations, SGR, and new capital projects will comply with the applicable Federal Railroad Administration, California Public Utilities Commission, and other regulatory standards. Through approval of this item Metro will be funding safety-related improvements on the Metrolink system to support safer travel of LA County residents and visitors.

FINANCIAL IMPACT

The funding for this action is included in the FY26 budget in Cost Center 0444, Non-Dept. - Subsidies to Metrolink, under projects 410064 - Commuter Rail OS, and 460064 - Metrolink Transit Capital. The state of good repair and capital costs programmed for in this action will require multi-year funding beyond the FY26 budgeted amounts. The Cost Center Manager will be responsible for annual budget funding allocations for future fiscal years. The Extending Lapsing Dates, Transfers to Other Operators and Granting CEO Authority recommendations have no financial impact.

Impact to Budget

The source of funding for this action will come from Proposition C 10%, Measure M 1% and Measure R 3% that are dedicated funding for Metrolink operations, maintenance, state of good repair and capital projects.

EQUITY PLATFORM

The recommendations support SCRRA's Metrolink commuter rail operations, providing residents,

workers, students, and families with a regional public transportation option to access jobs, resources, and services across the Greater Los Angeles region. Metrolink enables residents who may not be able to afford to live in high-cost areas to access quality jobs and services in those areas while living in more affordable neighborhoods. These neighborhoods include Equity Focused Communities in Palmdale/Lancaster, the East San Fernando Valley, El Monte, Pomona, and Gateway Cities. Metro funds its share of Metrolink's overall operations as a member agency. Metrolink establishes its equity-based programs separate from Metro.

VEHICLE MILES TRAVELED OUTCOME

VMT and VMT per capita in Los Angeles County are lower than national averages, the lowest in the SCAG region, and on the lower end of VMT per capita statewide, with these declining VMT trends due in part to Metro's significant investment in rail and bus transit.* Metro's Board-adopted VMT reduction targets align with California's statewide climate goals, including achieving carbon neutrality by 2045. To ensure continued progress, all Board items are assessed for their potential impact on VMT.

As part of these ongoing efforts, this item is expected to contribute to further reductions in VMT. This item supports Metro's systemwide strategy to reduce VMT through investment in Metrolink operations and equipment purchase of Tier 4 low emission locomotives that will improve and further encourage transit ridership, ridesharing, and active transportation. Metro's Board-adopted VMT reduction targets were designed to build on the success of existing investments, and this item aligns with those objectives.

*Based on population estimates from the United States Census and VMT estimates from Caltrans' Highway Performance Monitoring System (HPMS) data between 2001-2019.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

The recommendations support the Metro Vision 2028 Strategic Plan goals 1, 4 and 5 as follows:

- Goal 1.2: Invest in a world-class transit system that is reliable, convenient, and attractive to more users for more trips;
- Goal 4.1 Work with partners to build trust and make decisions that support the goals of the Vision 2028 Plan;
- Goal 5.2 Exercise good public policy judgment and sound fiscal stewardship.

ALTERNATIVES CONSIDERED

The Metro Board could authorize a different budget amount than what SCRRA has transmitted for FY 2025-26. However, staff do not recommend a different budget amount since Metro has worked closely with SCRRA and the member agencies to create a balanced FY 2025-26 budget request that supports Metrolink's post-COVID service plans and ensures sufficient SGR to meet safety, service,

and reliability needs.

Metrolink has suggested that Metro provide 5307, 5337, and SB 125 funds to cover the funding gap. While other member agencies with smaller transit systems may take this approach, Metro proactively crafted its sales tax measures to include dedicated Metrolink funding carveouts (Proposition C 10%, Measure M 1% and Measure R 3%). However, while these carveouts were more than sufficient to cover Metrolink's budget ask in years past, Metrolink's funding request now exceeds the amounts generated by the dedicated carveouts while preserving 5307, 5337 and SB 125 funds for Metro operations and other uses as determined by the Metro Board. Any diversion of these funds for Metrolink use would reduce funding available for Metro operations.

NEXT STEPS

The SCRRA Board is scheduled to adopt their FY 2025-26 budget on June 27, 2025. Upon SCRRA's Board adopting their budget, Metro will execute the corresponding funding agreement. Metro staff will monitor the implementation of SCRRA's budget and report back to the Board with any issues requiring action. Metro is firmly supportive and committed to being a strategic partner with SCRRA.

SUBJECT: SCRRA Request for Adoption of the Authority's FY 2025-26
(FY26) Budget

On April 25, 2025, the SCRRA Board approved the transmission of the Proposed FY26 Budget for your consideration and adoption.

The FY26 Budget operating revenue is projected to be \$76.9M while the operating expenses are projected to be \$352.4M. The total operating support requested from Member Agencies is \$275.5M. The FY26 Capital Program includes \$137.5M for State of Good Repair (SGR), and \$15.6M for New Capital.

We continue to focus on achieving a sustainable operating budget into the future given our financial challenges as we navigate through reimagining Metrolink.

Our strategic vision for meeting these challenges includes such initiatives as:

- The Optimized Service schedule which increases accessibility and convenience.
- Reduced Fares for all Students attracting our next generation of riders.
- Continue intense pursuit of non-riders and broadening from Commuters to Leisure riders.
- Fare structure study implementation.
- Promoting awareness of Metrolink throughout the region.

On the side of efficiency

- Execution of the consolidation of Train Operators, Equipment and Facilities Maintenance agreement with Alstom.

Staff will continue monitoring and reporting Ridership, Farebox Revenues and Expenses.

The Proposed FY26 Budget documentation, which was presented at the Board of Directors Meeting on April 25, 2025, is attached for your review. It includes:

- Board Item # 6B Approved at the Board of Director's Meeting on April 25, 2025
- Board item # 6B attachments, which includes:

- Attachment A – Operating Budget
- Attachment B - Historical Budget
- Attachment C - Budget by Member Agency
- Attachment D - Budget by Line
- Attachment E - Support by Member Agency
- Attachment F - FY26 Proposed SGR Projects by Member Agency, Line, and Project Detail List
- Attachment G - FY26 Proposed New Capital by Member Agency, Line, and Project Detail List
- Attachment H - FY26 SGR Carryover Projects
- Attachment I - FY26 New Capital Carryover Projects

This is year 3 of the agreed \$5,000,000 over 3 years. Future years to be negotiated.</p>	\$1,700,000	\$807,500	\$336,600	\$188,700	\$244,800	\$122,400	\$0
3065	Rehab	ALL	All	Train Control	PTC TRACK DATABASE AND TECHNICAL SERVICES REHAB	<p>• Corgi is the PTC database manager, it’s the interface used for geospatial data management of the track database. It has been in place since the PTC Integrator Vendor (I/V) project in 2012 and migration of PTC into revenue service on Metrolink property in 2015. The scope of work will include Phase 2 of rewriting/reprogramming Corgi so it it compliant with the latest cyber security protocols and SCRRA IDTS policies, including a major update so it can support an updated Interoperable Train Control (ITC) industry data model. This will require the Corgi Vendor to make the updates and perform DEV and Postproduction testing with SCRRA PTC staff. Additionally, as required with this overhaul any supporting tools (i.e. Wabtrax/Webtrax, ArcGIS, ESRI) or operating system updates will be completed.</p> <p>• PTC utilizes IBM Engineering Workflow Management (aka Jazz) to comply with CFR Title 49 part 236 supporting Configuration, Change, Discrepancy, Risk, Requirements, Records and Reporting management. This application has been in place since 2016. This program now calls for a major software upgrade but there are security and database rehab dependencies that will need to be completed as part of this project.</p> <p>Scope of work:</p> <ul style="list-style-type: none">- Migration of Database System from MSSQL to latest Oracle Enterprise Edition per SCRRA security and IDTS policies-Upgrade any operating systems and security tools-Update any scripting or configurations pre-deployment and post deployment-Testing-Upgrade IBM Engineering Workflow Management and its related program artifacts to the latest version & Validation <p>This may require hardware updates upon assessment once project</p>	\$986,000	\$468,350	\$195,228	\$109,446	\$141,984	\$70,992	\$0

3085	Rehab	ALL	All	Business Systems	EAM Software Optimization and future enhancements	Metrolink is focusing on improving its Transit Asset Management (TAM) best practices by leveraging the Trapeze EAM System and managing a single system of truth. As the utilization of the EAM system increases and the software evolves with each new version, staff anticipates system enhancements to continue, and business workflows to be further refined. One system improvement that is planned includes the delivery of the State of Good Repair (SGR) and Capital Planning module. This SGR module will make it easier for staff to monitor the progress towards the agency’s SGR goals and to report reliability of assets and expand its ability to make improved capital investment decisions. This along with other planned system and process improvements are expected to add value and allow improved decision-making by the asset managers. These additional system improvements will require a commensurate level of asset management technical support, targeted training, and system implementation efforts. These resources will work in collaboration with each business unit to ensure asset strategies and objectives are being achieved. This includes leveraging data from the EAM System, which considers benefits and risks associated with each asset, rigorous assessment of asset conditions to guide lifecycle management, implementation of new asset management procedures, combining agency engineering and operational functional requirements. In addition, the agency is developing a new EAM Learning & Development Program and will require dedicated contracted support to deliver and execute the proposed framework. Which includes a comprehensive, centralized and effective training program that will meet the agency’s training goals and objectives. Contracted support includes technical instructional designer and coordinators to support the Learning Management System implementation and to work collaboratively with our 3rd party vendors to ensure all training needs are met and the agency complies with all applicable federal rail administration regulations.	\$1,500,000	\$712,500	\$297,000	\$166,500	\$216,000	\$108,000	\$0

3232	Capital	ALL	All	Non-Revenue Fleet	Mobile Train Dispatch Operations Center	<p>Procure and upfit a mobile dispatch trailer with appropriate equipment and software capable to being trailered by F550 or similar truck, procured by this project.</p> <p>The mobile train dispatch center equips SCRRRA with the ability to execute remote train dispatch over all SCRRRA lines, independent of the DOC and MOC. This flexibility also enables the mobile center to be relocated throughout the Southern California region to cater to events that necessitate key staff to operate away from Pomona, CA.</p> <p>The existing SCRRRA infrastructure encompasses two critical facilities, which are the exclusive means of dispatching trains across the system, located within a half-mile radius of each other and on the same electrical utility feed. In the event of a natural disaster, terrorist attack, or a cyber-attack that compromises this specific area or assets, it poses a significant risk of halting all SCRRRA rail operations across Southern California.</p> <p>Mobile dispatching provides system resiliency and frees up much needed office space at MOC to convert to engineering offices, moving remaining two Program Delivery departments from DOC to one building, MOC</p> <p>Cost includes: Mobile fifth wheel Dispatch Center, servers, furniture and monitors, software license, F550 or similar truck, consultant for designs, training and construction, as well as consultant's design cost to convert MOC dispatch area into office space.</p>	\$3,930,000	\$1,866,750	\$778,140	\$436,230	\$565,920	\$282,960	\$0

Metrolink FY 26 Annual Work Program

Finance, Budget and Audit Committee

June 18, 2025

Recommendations

- A. APPROVING programming the Los Angeles County Metropolitan Transportation Authority's ("Metro") share of the Southern California Regional Rail Authority's (SCRRA) Fiscal Year (FY) 2025-26 Operating, Rehabilitation, and Capital Budget in the amount of \$216,565,092 as described in Attachment A;
- B. EXTENDING the lapsing dates for funds previously allocated to SCRRA for State of Good Repair (SGR) and capital project Memoranda of Understanding (MOUs) as follows:
 - Ticket Vending Machine (TVM) Replacement Project extended from June 30, 2025, to December 31, 2026
 - FY 2016-17 SGR Program extended from June 30, 2025, to December 31, 2026
 - FY 2017-18 SGR Program extended from June 30, 2025 to December 31, 2026
 - FY 2018-19 SGR Program extended from June 30, 2025 to June 30, 2027
 - FY 2019-20 SGR Program extended from June 30, 2025 to December 31, 2027
 - FY 2020-21 SGR Program extended from June 30, 2025 to June 30, 2027
 - Doran Street Grade Separation Project extended from March 31, 2025, to December 31, 2027
 - LINK US Task 2 Project extended from June 30, 2025, to December 31, 2026;

Recommendations

- C. APPROVING the FY 2025-26 Transfers to Other Operators' payment rate of \$1.10 per boarding to Metro and an EZ Pass reimbursement cap to Metro of \$5,592,000; and
- D. AUTHORIZING the Chief Executive Officer to negotiate and execute all necessary agreements between Metro and SCRRA for the approved funding.

Metrolink Pre-Pandemic and Post-Pandemic Ridership By Line

Metrolink has recovered 70% of its pre-pandemic ridership, steadily making gains despite the impacts of work-from-home and lower office occupancy rates over the past five years (See Table Below).

In April 2025 Metrolink ridership set a new post-pandemic record with over 715,000 boardings.

LINE	PRE-PANDEMIC MONTHLY RIDERSHIP	APRIL 2025 RIDERSHIP	% RECOVERY BY LINE
91/Perris Valley	76,247	75,835	99%
Antelope Valley	158,409	133,224	84%
IEOC	111,099	65,702	59%
Orange County	244,672	142,796	58%
Riverside	79,983	28,051	35%
San Bernardino	254,709	185,214	73%
Ventura	93,342	69,553	75%
Arrow	N/A	15,051	N/A
TOTALS	1,018,460	715,428	70%

Recommendation A: Metrolink Operations for FY 26

- Metro subsidy for Metrolink Operations is \$141,356,992.
 - Reflects Metro's 51.3% share of Metrolink's operating expenses.
 - The 2.6% increase from FY25 is due to annual fixed operating contract escalators of 3% to 5%, costs to implement new FRA regulations, 2028 Olympic readiness.
 - Member agencies are now funding 78% of Metrolink's operating expenses, compared to 49% pre-COVID due to COVID-related ridership declines.
 - Metro is encouraging Metrolink to develop strategies to address these rising costs.
 - Metrolink is implementing a new fare structure and the new 50% Student Youth Discount Program to increase ridership and revenue.

Recommendations (Continued)

- Metro subsidy for Metrolink Rehabilitation and Capital projects is proposed at \$75,208,100.
 - Metro's share for 38 Rehabilitation projects is \$67,808,550.
 - Metro's share for 9 Capital projects is \$7,399,550.
 - Metro's share is 49% of the FY 2025-26 Rehabilitation and Capital budget request.

- Requested action extends five State of Good Repair Memorandums of Understanding and three capital project Memorandums of Understanding that lapse in FY 2025.

- Includes approval for the FY26 Transfers to Other Operators reimbursement rate to Metro.

Equity and Race Platform

- The recommendations provide residents, workers, students, and families with a regional public transportation option to access jobs, resources, and services across the Los Angeles region.
- Metrolink enables residents who may not be able to afford to live in high-cost areas to access quality jobs and services in those areas while living in more affordable neighborhoods. These neighborhoods include Equity Focus Communities, such as Palmdale/Lancaster, the East San Fernando Valley, El Monte, Pomona, and Gateway Cities.
- Metrolink establishes its own equity-based programs separate from Metro.

Next Steps

- Metrolink will approve their FY 2025-26 budget and member agency contributions at their June 27, 2025, board meeting.
- Metro staff will attend the Metrolink board meeting and inform Metro Board of any items that may require further board action.
- Metro CEO will execute the FY 2025-26 Metrolink Memorandum of Understanding.
