EXECUTIVE MANAGEMENT COMMITTEE JANUARY 15, 2026

**SUBJECT: FINDINGS REQUIRED FOR ELIGIBLE SUBSIDIARY BODIES TO MEET VIA
TELECONFERENCE IN COMPLIANCE WITH SB 707 (DURAZO)**

ACTION: APPROVE RECOMMENDATION

RECOMMENDATION

CONSIDER:

- A. ADOPTING, pursuant to Senate Bill 707 (SB 707), the following findings on behalf of eligible subsidiary bodies (Attachment A) as defined by SB 707:
 - (i) *The Board of Directors has considered the circumstances of the eligible subsidiary body.*
 - (ii) *Teleconference meetings of the eligible subsidiary body would enhance public access to meetings of the eligible subsidiary body, and the public has been made aware of the type of remote participation, including audio-visual or telephonic, that will be made available at a regularly scheduled meeting and has been provided the opportunity to comment at an in-person meeting of the legislative body authorizing the subsidiary body to meet entirely remotely.*
 - (iii) *Teleconference meetings of the eligible subsidiary body would promote the attraction, retention, and diversity of eligible subsidiary body members.*
- B. AUTHORIZING eligible subsidiary bodies (Attachment A) to meet via teleconference, by either audio-visual or telephonic means, if they choose, subject to the requirements of SB 707; and
- C. RECEIVING AND FILING the update on relaxed teleconferencing rules as stated in SB 707 (Attachment B).

ISSUE

SB 707 (Attachment B), signed into law in October 2025, updates and extends the relaxed teleconferencing options first authorized under AB 2449 (Rubio). Such relaxed rules include the ability to participate in a teleconference meeting from a remote location that is not accessible to the public, if certain requirements are met. While SB 707 continues to provide for relaxed teleconferencing options for a legislative body of a local agency (i.e., bodies subject to the

Brown Act) under updated “just cause” requirements or as a reasonable accommodation, it adds an additional avenue for “eligible subsidiary bodies” (defined in SB 707) to meet remotely using the relaxed teleconferencing standards (outside of “just cause” reasons). Under these expanded rules, an eligible subsidiary body may elect to meet remotely using the relaxed teleconferencing standards if the Metro Board adopts required statutory findings and renews such findings every six months.

BACKGROUND

SB 707 (Durazo), signed into law on October 3, 2025, modernizes the Ralph M. Brown Act by extending the relaxed modifications set forth by AB 2449 (Rubio) in September 2022 and updating teleconferencing rules for public meetings. It continues (with some modifications) the relaxed participation framework originally authorized under AB 2449, which expired January 1, 2026. SB 707 extends the relaxed teleconferencing rules under specified circumstances until January 1, 2030.

The Board qualifies as an “eligible legislative body” under SB 707. Among other things, SB 707 establishes new requirements for “eligible legislative bodies” related to:

- public remote access to Board and Committee meetings via two-way audiovisual or telephonic participation;
- captioning activation when using audiovisual platforms;
- expanded accessibility and translation requirements for notices and websites (beginning July 1, 2026); and
- adoption of a service disruption policy for remote participation (by July 1, 2026).

Metro is currently meeting all the above listed requirements, with the exception of a Board-adopted service disruption policy, which staff will be bringing to the Board for recommended approval before July 1, 2026.

SB 707 also updates when members of a legislative body may participate remotely, including for “just cause” or as a reasonable accommodation, while retaining quorum and visibility requirements. Based on the frequency of Metro’s meetings, a Director can utilize “just cause” up to twice per calendar year.

DISCUSSION

SB 707 further establishes specific rules to qualify for the relaxed teleconferencing requirements applicable to eligible subsidiary bodies, defined as advisory bodies that serve exclusively in an advisory capacity; are not authorized to take final action on legislation, regulations, contracts, licenses, permits, or any other entitlements, grants, or allocations of funds; and do not have primary subject matter jurisdiction that focuses on elections, budgets, police oversight, among other specified topics under the statute. Attachment A provides a list of eligible Metro Advisory Bodies. In addition to “just cause” reasons, these bodies may also conduct meetings via teleconference using relaxed standards if they meet certain requirements, including providing for public participation either by way of (i) a two-way audio visual platform, or (ii) a two-way telephonic service and a live webcasting of the meeting; compliance with

specified processes in the event there is telephonic or internet service disruption preventing the body from broadcasting the meeting; agenda posting at a single physical location, and staff presence at that location. Except for “just cause” reasons, before eligible subsidiary bodies may use the relaxed teleconferencing provisions, the Metro Board must adopt statutory findings by majority vote and renew those findings every six months.

SB 707 requires the Board to periodically adopt specific findings in order for eligible subsidiary bodies to continue meeting virtually under relaxed teleconferencing standards (outside of the statutorily permitted “just cause” reasons). These advisory bodies play a key role in shaping Metro programs and priorities by elevating lived experience, operational insights, and community feedback from across the region.

Metro’s subsidiary bodies (Attachment A) include groups focused on accessibility, public safety, community representation, and service planning such as the Public Safety Advisory Committee (PSAC), the Accessibility Advisory Committee, and the Service Councils. Members often volunteer their time, travel from multiple regions of Los Angeles County, and represent communities with varying access, work schedules, health needs, and caregiving responsibilities. Teleconferencing flexibility directly supports participation, quorum reliability, and diverse representation, enabling these bodies to remain active and reflective of the communities they serve.

Without Board action, eligible subsidiary bodies must revert to traditional Brown Act teleconferencing rules (other than in the event of “just cause” consistent with the statute), which require members participating remotely to publicly disclose and make accessible their teleconference location. These requirements would significantly limit participation and could reduce consistency and retention, impacting Metro’s ability to gather community input and operational feedback through its advisory structure.

Adopting the required findings under SB 707:

- preserves virtual participation options that support member engagement and continuity,
- ensures advisory bodies remain operational and accessible, and
- aligns Metro’s advisory meetings with existing public engagement practices at the Board level.

The findings must be renewed every six months to maintain this flexibility. This action does not change how the Board or its Committees meet; rather, it maintains functional and equitable access for Metro’s subsidiary bodies, consistent with how they have operated in recent years.

DETERMINATION OF SAFETY IMPACT

This action does not have an impact on safety.

EQUITY PLATFORM

This action supports equitable access to Metro’s advisory body processes by allowing flexible participation options for eligible subsidiary bodies. Teleconference flexibility reduces participation barriers for advisory body members who, travel from different parts of LA County, and may face challenges related to work schedules or other responsibilities. This item supports inclusive

participation and ongoing operations of Metro's advisory process.

VEHICLE MILES TRAVELED OUTCOME

VMT and VMT per capita in Los Angeles County are lower than national averages, the lowest in the SCAG region, and on the lower end of VMT per capita statewide, with these declining VMT trends due in part to Metro's significant investment in rail and bus transit.* Metro's Board-adopted VMT reduction targets align with California's statewide climate goals, including achieving carbon neutrality by 2045. To ensure continued progress, all Board items are assessed for their potential impact on VMT.

While this item does not directly encourage taking transit, sharing a ride, or using active transportation, it is a vital part of Metro operations, as it will allow Metro's eligible advisory bodies to meet virtually, increasing membership and participation without increasing VMT. Because the Metro Board has adopted an agency-wide VMT Reduction Target, and this item supports the overall function of the agency, this item is consistent with the goals of reducing VMT.

*Based on population estimates from the United States Census and VMT estimates from Caltrans' Highway Performance Monitoring System (HPMS) data between 2001-2019.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

Recommendation supports strategic plan goal #5 to provide responsive, accountable, and trustworthy governance within the Metro organization by allowing Metro's eligible subsidiary bodies to meet virtually.

ALTERNATIVES CONSIDERED

The Board can consider not allowing eligible subsidiary bodies the opportunities to meet virtually outside of "just cause" reasons but membership has expressed concerns with meeting quorum due to the need for virtual attendance options. This option is not recommended.

NEXT STEPS

Upon approval, staff will notify the eligible subsidiary bodies of the teleconferencing framework. Additionally, staff will bring an IT Disruption Policy to the Board for approval as required by SB 707.

LEGISLATIVE COUNSEL'S DIGEST

SB 707, Durazo. Open meetings: meeting and teleconference requirements.

(1) Existing law, the Ralph M. Brown Act, requires, with specified exceptions, that all meetings of a legislative body, as defined, of a local agency be open and public and that all persons be permitted to attend and participate.

This bill would, beginning July 1, 2026, and until January 1, 2030, require an eligible legislative body, as defined, to comply with additional meeting requirements, including that, except as specified, all open and public meetings include an opportunity for members of the public to attend via a 2-way telephonic service or a 2-way audiovisual platform, as defined, and that the eligible legislative body take specified actions to encourage residents to participate in public meetings, as specified. The bill would require an eligible legislative body, on or before July 1, 2026, to approve at a noticed public meeting in open session a policy regarding disruption of telephonic or internet services occurring during meetings subject to these provisions, as specified, and would require the eligible legislative body to comply with certain requirements relating to disruption, including for certain disruptions, recessing the open session for at least one hour and making a good faith attempt to restore the service, as specified.

(2) Existing law prohibits a majority of the members of a legislative body, outside a meeting authorized by the act, from using a series of communications of any kind to discuss, deliberate, or take action on any item of business that is within the subject matter jurisdiction of the legislative body. Existing law defines "meetings" for these purposes to mean any congregation of a majority of the members of a legislative body at the same time and location, as specified, to hear, discuss, deliberate, or take action on any item that is within the subject matter jurisdiction of the legislative body. Until January 1, 2026, existing law excepts from the prohibition a member engaging in separate conversations or communications outside of a meeting with any other person using an internet-based social media platform for specified purposes, provided, among other things, that a majority of the members do not use the internet-based social media platform to discuss among themselves business of a specific nature that is within the subject matter jurisdiction of the legislative body.

This bill would make the above-described exception related to communications on an internet-based social media platform applicable indefinitely.

(3) Existing law requires a legislative body, prior to taking final action, to orally report a summary of a recommendation for a final action on specified forms of compensation for a local agency executive, as defined, during the open meeting in which the final action is to be taken.

This bill would also require the legislative body to make that oral report, as provided above, prior to taking final action on those specified forms of compensation for a department head or other similar administrative officer of

the local agency.

(4) Existing law requires a legislative body of a local agency or its designee, at least 72 hours before a regular meeting, to post an agenda that meets specified requirements, including that the agenda contain a brief general description of each item of business to be transacted or discussed at the meeting, as specified.

This bill would, beginning July 1, 2026, and until July 1, 2030, require the agenda for each meeting of an eligible legislative body, as defined, to be translated into all applicable languages. The bill would define “applicable languages” to mean languages, according to data from the most recent American Community Survey, spoken jointly by 20% or more of the applicable population, as specified, provided that 20% or more of the population that speaks that language in that city or county speaks English less than “very well,” as specified, and except as provided.

Existing law requires every agenda for regular meetings to provide an opportunity for members of the public to directly address the legislative body on any item of interest of the public, as specified. Existing law specifies that the agenda is not required to provide an opportunity for members of the public to address the legislative body on any item that has already been considered by a committee, as specified, except if the item has been substantially changed since the committee heard the item, as determined by the legislative body.

This bill would add certain exceptions to the provision related to an item that has already been considered by a committee, including excepting committees whose primary subject matter jurisdiction focuses on elections, budgets, police oversight, privacy, removing from, or restricting access to, materials available in public libraries, or taxes or related spending proposals, except as specified.

(5) Existing law authorizes a legislative body of a local agency to require a copy of the act to be given to each member of the legislative body and specified persons elected to serve as a member of the legislative body, and authorizes an elected legislative body member to require a copy to be given to each member of each legislative body all or a majority of whose members are appointed by or under the authority of the elected legislative body.

This bill would instead require a local agency to provide a copy of the act to any person elected or appointed to serve as a member of a legislative body of the local agency.

Existing law authorizes legislative bodies of local agencies to impose requirements upon themselves which allow greater access to their meetings than prescribed by the minimal standards set forth in the act, and authorizes an elected legislative body of a local agency to also impose those requirements on those appointed legislative bodies of the local agency of which all or a majority of the members are appointed by or under the authority of the elected legislative body.

This bill would remove the above-described requirement that members of an appointed legislative body of a local agency must be appointed by or under the authority of the elected legislative body of a local agency in order for the elected legislative body to impose the above-described requirements on the appointed legislative body.

(6) Existing law provides any person attending an open and public meeting of a legislative body of a local agency with the right to record the proceedings with an audio or visual recorder or a still or motion picture camera, as specified.

This bill would remove the reference to an audio or visual recorder or a still or motion picture camera for purposes of recording the proceedings, as described above.

(7) Existing law authorizes a legislative body of a local agency to use teleconferencing, as specified, and requires a legislative body of a local agency that elects to use teleconferencing to comply with specified general requirements, including that the local agency post agendas at all teleconference locations, identify each teleconference location in the notice and agenda of the meeting or proceeding, and have each teleconference location be accessible to the public. Existing law also requires that, during the teleconference, at least a quorum

of the members of the legislative body participate from locations within the boundaries of the territory over which the local agency exercises jurisdiction, except as specified.

Existing law authorizes members who are outside the jurisdiction of a health authority, as defined, that conducts a teleconferencing meeting to, notwithstanding the above-described general teleconference provisions, count towards the establishment of a quorum when participating in the teleconference if, among other things, at least 50% of the number of members that would establish a quorum are present within the boundaries of the territory over which the authority exercises jurisdiction.

Existing law authorizes, in certain circumstances, the legislative body of a local agency to use specified alternative teleconferencing which include provisions related to, among others, notice of the means by which members of the public may access the meeting and offer public comment and identifying and including an opportunity for all persons to attend via a call-in option or an internet-based service option. Those circumstances in which the legislative body of a local agency is authorized to use the alternative teleconferencing provisions include specified circumstances relating to a state of emergency, as defined, and, until January 1, 2026, subject to specified limitations, a member's need to participate remotely due to just cause, defined to include, among other things, a need related to a physical or mental disability, or emergency circumstances, as defined, if certain quorum and disclosure requirements are met.

Existing law also authorizes certain eligible legislative bodies, including neighborhood councils and student body associations and student-run community college organizations to, until January 1, 2026, use alternate teleconferencing if, among other requirements, the city council or board of trustees, as applicable, has adopted an authorizing resolution and $\frac{2}{3}$ of the neighborhood city council or specified student organization, as applicable, votes to use alternate teleconference provisions, as specified.

This bill would revise and recast the above-specified teleconferencing and alternative teleconferencing provisions to uniformly apply certain noticing, disclosure, accessibility, and public commenting provisions. The bill would require a legislative body of a local agency that elects to use teleconferencing pursuant to these alternative teleconferencing provisions to comply with, in addition to any other applicable requirements under the act, specified requirements, including that the legislative body provides at least either 2-way audiovisual platform or 2-way telephonic service and a live webcasting of the meeting as a means by which the public may, among other things, remotely hear and visually observe the meeting, and that a member of the legislative body who participates in a teleconference meeting from a remote location pursuant to these alternative teleconferencing provisions and the specific provision of law that the member relied upon to permit their participation by teleconferencing are listed in the minutes of the meeting. The bill would require a local agency to identify and make available to legislative bodies a list of one or more meeting locations that may be available for use by the legislative bodies to conduct their meetings.

The bill would specify that nothing in the bill's provisions is to be construed to prohibit a member of a legislative body with a disability, as defined, from participating in any meeting of the legislative body by remote participation as a reasonable accommodation pursuant to any applicable law. The bill would apply certain provisions relative to, among other things, quorum establishment to that circumstance.

The bill would instead authorize a health authority, as defined, to conduct a teleconference meeting pursuant to the above-described alternative teleconferencing provisions.

The bill would revise and recast the alternative teleconferencing provisions applicable in a state of emergency, as defined. The bill would also include a local emergency, as defined, as a circumstance in which a legislative body of a local agency is authorized to use the alternative teleconferencing provisions.

The bill would revise and recast the alternative teleconferencing provisions applicable in cases of a member's need to participate remotely due to just cause or emergency circumstances, as defined, to remove the provision applicable to emergency circumstances, to revise related definitions, including broadening the definition of just cause to include, among other things, a physical or family medical emergency that prevents a member from attending in person, and to require the minutes for a meeting to identify the specific provision of law that each

member relied upon to participate remotely, as specified. The bill would extend the authorization to use the alternative teleconferencing provision until January 1, 2030.

The bill would revise and recast the alternative teleconferencing provisions applicable to neighborhood councils and student body associations and student-run community college organizations. In regards to the alternative teleconferencing provisions applicable to student body associations and student-run community college organizations, the bill would exempt the California Online Community College from specified requirements for an in-person quorum, a physical location for public participation, and certain accommodations under the authorization, and remove the ability for a person with a disability that requires certain accommodations to count towards the in-person quorum requirement. The bill would specify that the student body associations and student-run community college organizations described above are those in any community college recognized within the California Community Colleges system, and would extend the authorization to the Student Senate for California Community Colleges. The bill would extend the authorization to use the alternative teleconferencing provisions applicable to neighborhood councils and student body associations and student-run community college organizations until January 1, 2030.

The bill would, until January 1, 2030, also authorize a specified subsidiary body of local agencies to conduct a teleconference meeting pursuant to the above-described alternative teleconferencing provisions, provided that it complies with the requirements for alternative teleconferencing described above and additional requirements, including that the subsidiary body designates one physical meeting location within the boundaries of the legislative body that created the subsidiary body where members of the subsidiary body who are not participating remotely shall be present and members of the public may physically attend, observe, hear, and participate in the meeting, as specified.

The bill would, until January 1, 2030, also authorize specified multijurisdictional bodies of local agencies to conduct a teleconference meeting pursuant to the above-described alternative teleconferencing provisions, provided that it complies with the requirements for alternative teleconferencing described above and additional requirements, including that the eligible multijurisdictional body has adopted a resolution that authorizes the multijurisdictional body to use teleconferencing at a regular meeting in open session.

The bill would specify that these teleconferencing provisions are cumulative, and would authorize a legislative body to elect to use any teleconferencing provisions that are applicable to a meeting, regardless of whether any other teleconferencing provisions would also be applicable to that meeting.

Existing law defines “teleconference” for purposes of the authorization for a legislative body of a local agency to use teleconferencing to mean a meeting of a legislative body, the members of which are in different locations, connected by electronic means, through either audio or video, or both.

This bill would specify that “teleconference” does not include the attendance of one or more members of a legislative body in a meeting of the body solely by watching or listening via webcasting or any other similar electronic medium that does not permit members to interactively speak, discuss, or deliberate on matters.

(8) Existing law authorizes a special meeting to be called any time by, among other persons, the presiding officer of the legislative body of a local agency, by delivering specified written notices and posting a notice on the local agency’s internet website, if the local agency has one. Existing law requires specified legislative bodies to comply with the internet website posting requirement.

The bill would remove the requirement that only specified legislative bodies comply with the internet website posting requirement, thereby imposing that requirement on all legislative bodies.

(9) Existing law authorizes a legislative body of a local agency to hold an emergency meeting without complying with specified notice and posting requirements in the case of emergency circumstances, as specified, and imposes various requirements under these provisions applicable to either legislative bodies generally or legislative bodies which are a school board.

This bill would remove the school board distinction from the above-described provisions, thereby imposing the same requirements to hold an emergency meeting on all legislative bodies of local agencies.

By imposing additional duties on legislative bodies of local agencies, the bill would impose a state-mandated local program.

(10) Existing law authorizes, in addition to other related specified authorizations, the presiding member of the legislative body conducting a meeting or their designee to remove, or cause the removal of, an individual for disrupting the meeting. Existing law defines “disrupting” for these purposes to mean engaging in behavior during a meeting of a legislative body that actually disrupts, disturbs, impedes, or renders infeasible the orderly conduct of the meeting, as specified.

This bill would specify that a meeting for purposes of that provision includes any teleconferenced meeting. The bill would specify that the existing authority of a legislative body or its presiding officer to remove or limit participation by persons who engage in behavior that actually disrupts, disturbs, impedes, or renders infeasible the orderly conduct of the meeting, as specified, applies to members of the public participating in a meeting via a 2-way telephonic service or a 2-way audiovisual platform, as those terms are defined.

(11) The bill would make other updates to references in the act.

(12) Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest.

This bill would make legislative findings to that effect.

(13) The California Constitution requires local agencies, for the purpose of ensuring public access to the meetings of public bodies and the writings of public officials and agencies, to comply with a statutory enactment that amends or enacts laws relating to public records or open meetings and contains findings demonstrating that the enactment furthers the constitutional requirements relating to this purpose.

This bill would make legislative findings to that effect.

(14) The bill would include findings that changes proposed by this bill address a matter of statewide concern rather than a municipal affair and, therefore, apply to all cities, including charter cities.

(15) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(3) (A) Paragraph (1) shall not be construed as preventing a member of the legislative body from engaging in separate conversations or communications on an internet-based social media platform to answer questions, provide information to the public, or to solicit information from the public regarding a matter that is within the subject matter jurisdiction of the legislative body provided that a majority of the members of the legislative body do not use the internet-based social media platform to discuss among themselves business of a specific nature that is within the subject matter jurisdiction of the legislative body. A member of the legislative body shall not respond directly to any communication on an internet-based social media platform regarding a matter that is within the subject matter jurisdiction of the legislative body that is made, posted, or shared by any other member of the legislative body.

(B) For purposes of this paragraph, all of the following definitions shall apply:

(Ib) If a disruption of telephonic or internet service that prevents members of the public from attending or observing the meeting via the two-way telephonic service or two-way audiovisual platform occurs during the meeting, the eligible legislative body shall recess the open session of the meeting for at least one hour and make a good faith attempt to restore the service. The eligible legislative body may meet in closed session during this period. The eligible legislative body shall not reconvene the open session of the meeting until at least one hour following the disruption, or until telephonic or internet service is restored, whichever is earlier.

(Ic) Upon reconvening the open session, if telephonic or internet service has not been restored, the eligible legislative body shall adopt a finding by rollcall vote that good faith efforts to restore the telephonic or internet service have been made in accordance with the policy adopted pursuant to sub-sub-subclause (Ia) and that the public interest in continuing the meeting outweighs the public interest in remote public access.

(II) Subclause (I) does not apply to a meeting that is held to do any of the following:

(2) (A) An eligible legislative body shall reasonably assist members of the public who wish to translate a public meeting into any language or wish to receive interpretation provided by another member of the public, so long as the interpretation is not disrupting to the meeting, as defined in Section 54957.95. This clause shall not apply to an item if the local agency has adopted a law applicable to the meeting of the committee at which the item that was considered prohibits the committee from placing a limit on the total amount of time for public comment on the item.

(3) Every notice for a special meeting shall provide an opportunity for members of the public to directly address the legislative body concerning any item that has been described in the notice for the meeting before or during consideration of that item.

(b) (1) The legislative body of a local agency may adopt reasonable regulations to ensure that the intent of subdivision (a) is carried out, including, but not limited to, regulations limiting the total amount of time allocated for public testimony on particular issues and for each individual speaker.

(2) Notwithstanding paragraph (1), when the legislative body of a local agency limits time for public comment, the legislative body of a local agency shall provide at least twice the allotted time to a member of the public who utilizes a translator to ensure that non-English speakers receive the same opportunity to directly address the legislative body of a local agency.

The notice shall be delivered personally or by any other means and shall be received at least 24 hours before the time of the meeting as specified in the notice. The call and notice shall specify the time and place of the special meeting and the business to be transacted or discussed. No other business shall be considered at these meetings by the legislative body. The written notice may be dispensed with as to any member who at or prior to the time the meeting convenes files with the clerk or secretary of the legislative body a written waiver of notice. (2) The call and notice shall be posted at least 24 hours prior to the special meeting in a location that is freely accessible to members of the public.

(b) (1) Subject to paragraph (2), in the case of an emergency situation involving matters upon which prompt action is necessary due to the disruption or threatened disruption of public facilities, a legislative body may hold an emergency meeting without complying with either the 24-hour notice requirement or the 24-hour posting requirement of Section 54956 or both of the notice and posting requirements.

(A) Except as provided in subparagraph (B), the notice required by this paragraph shall be given by telephone and all telephone numbers provided in the most recent request of a newspaper or station for notification of special meetings shall be exhausted. In the event that telephone services are not functioning, the notice requirements of this paragraph shall be deemed waived, and the legislative body, or designee of the legislative body, shall notify those newspapers, radio stations, or television stations of the fact of the holding of the emergency meeting, the purpose of the meeting, and any action taken at the meeting as soon after the meeting as possible.

(B) For an emergency meeting held pursuant to this section, the presiding officer of the legislative body, or designee thereof, may send the notifications required by this paragraph by email instead of by telephone, as provided in subparagraph (A), to all local newspapers of general circulation, and radio or television stations, that have requested those notifications by email, and all email addresses provided by representatives of those newspapers or stations shall be exhausted. In the event that internet services and telephone services are not functioning, the notice requirements of this paragraph shall be deemed waived, and the legislative body, or designee of the legislative body, shall notify those newspapers, radio stations, or television stations of the fact of the holding of the emergency meeting, the purpose of the meeting, and any action taken at the meeting as soon after the meeting as possible.

(c) During a meeting held pursuant to this section, the legislative body may meet in closed session pursuant to Section 54957 if agreed to by a two-thirds vote of the members of the legislative body present, or, if less than two-thirds of the members are present, by a unanimous vote of the members present.

(d) All special meeting requirements, as prescribed in Section 54956 shall be applicable to a meeting called pursuant to this section, with the exception of the 24-hour notice requirement.

(e) The minutes of a meeting called pursuant to this section, a list of persons who the presiding officer of the legislative body, or designee of the legislative body, notified or attempted to notify, a copy of the rollcall vote, and any actions taken at the meeting shall be posted for a minimum of 10 days in a public place as soon after the meeting as possible.

(5) The closed session shall not include final action on the proposed compensation of one or more unrepresented employees.

(6) For the purposes enumerated in this section, a legislative body of a local agency may also meet with a state conciliator who has intervened in the proceedings.

(b) For the purposes of this section, the term "employee" shall include an officer or an independent contractor who functions as an officer or an employee, but shall not include any elected official, member of a legislative body, or other independent contractors.

SEC. 21. Section 54957.9 of the Government Code is amended to read:

54957.9. In the event that any meeting is willfully interrupted by a group or groups of persons so as to render the orderly conduct of the meeting unfeasible and order cannot be restored by the removal of individuals who are willfully interrupting the meeting, the members of the legislative body conducting the meeting may order the meeting room cleared and continue in session. Only matters appearing on the agenda may be considered in such a session. Representatives of the press or other news media, except those participating in the disturbance, shall be allowed to attend any session held pursuant to this section. Nothing in this section shall prohibit the legislative body from establishing a procedure for readmitting an individual or individuals not responsible for willfully disturbing the orderly conduct of the meeting.

SEC. 22. Section 54957.95 of the Government Code is amended to read:

54957.95. (a) (1) In addition to authority exercised pursuant to Sections 54954.3 and 54957.9, the presiding member of the legislative body conducting a meeting or their designee may remove, or cause the removal of, an individual for disrupting the meeting, including any teleconferenced meeting.

(2) Prior to removing an individual, the presiding member or their designee shall warn the individual that their behavior is disrupting the meeting and that their failure to cease their behavior may result in their removal. The presiding member or their designee may then remove the individual if they do not promptly cease their disruptive behavior. This paragraph does not apply to any behavior described in subparagraph (B) of paragraph (1) of subdivision (b).

(b) As used in this section:

(1) "Disrupting" means engaging in behavior during a meeting of a legislative body that actually disrupts, disturbs, impedes, or renders infeasible the orderly conduct of the meeting and includes, but is not limited to, one of the following:

(A) A failure to comply with reasonable and lawful regulations adopted by a legislative body pursuant to Section 54954.3 or any other law.

(B) Engaging in behavior that constitutes use of force or a true threat of force.

(2) "True threat of force" means a threat that has sufficient indicia of intent and seriousness, that a reasonable observer would perceive it to be an actual threat to use force by the person making the threat.

SEC. 23. Section 54957.96 is added to the Government Code, to read:

54957.96. (a) The existing authority of a legislative body or its presiding officer to remove or limit participation by persons who engage in behavior that actually disrupts, disturbs, impedes, or renders infeasible the orderly conduct of the meeting, including existing limitations upon that authority, shall apply to members of the public participating in a meeting via a two-way telephonic service or a two-way audiovisual platform.

(b) For purposes of this section, the following definitions apply:

(1) "Two-way audiovisual platform" means an online platform that provides participants with the ability to participate in a meeting via both an interactive video conference and a two-way telephonic service. A two-way audiovisual platform may be structured to disable the use of video for the public participants.

(2) "Two-way telephonic service" means a telephone service that does not require internet access and allows participants to dial a telephone number to listen and verbally participate.

SEC. 24. The Legislature finds and declares that Section 4 of this act, which amends Section 54953 of, Section 5 of this act, which adds Section 54953.4 to, Sections 8 to 15, inclusive, of this act, which add Sections 54953.8 to 54953.8.7, respectively, to, Section 19 of this act, which amends Section 54956.5 of, Section 22 of this act, which amends Section 54957.95 of, and Section 23 of this act, which adds Section 54957.96 to, the Government Code, impose a limitation on the public's right of access to the meetings of public bodies or the writings of public officials and agencies within the meaning of Section 3 of Article I of the California Constitution. Pursuant to that constitutional provision, the Legislature makes the following findings to demonstrate the interest protected by this limitation and the need for protecting that interest:

(a) This act is necessary to provide opportunities for public participation in meetings of specified public agencies and to promote the recruitment and retention of members of those agencies.

(b) This act is necessary to ensure minimum standards for public participation and notice requirements allowing for greater public participation in meetings.

(c) This act is necessary to modernize the Ralph M. Brown Act to reflect recent technological changes that can promote greater public access to local officials.

(d) The exclusively virtual nature of the California Online Community College presents unique barriers to the requirements for an in-person quorum, a physical location for public participation, and certain accommodations. Participating students of the online community college come from all across the state and necessitating travel for these requirements would pose a significant and exclusionary barrier.

SEC. 25. The Legislature finds and declares that Sections 1 and 2 of this act, which amend and repeal Section 54952.2, respectively, of, Section 3 of this act, which amends Section 54952.7 of, Section 4 of this act, which amends Section 54953 of, Section 5 of this act, which adds Section 54953.4 to, Section 6 of this act, which amends Section 54953.5 of, Section 7 of this act, which amends Section 54953.7 of, Sections 8 to 15, inclusive, of this act, which add Sections 54953.8 to 54953.8.7, respectively, to, Section 16 of this act, which amends Section 54954.2 of, Section 17 of this act, which amends Section 54954.3 of, Section 18 of this act, which amends Section 54956 of, Section 19 of this act, which amends Section 54956.5 of, Section 20 of this act, which amends Section 54957.6 of, Section 21 of this act, which amends Section 54957.9 of, Section 22 of this act, which amends Section 54957.95 of, and Section 23 of this act, which adds Section 54957.96 to, the Government Code, further, within the meaning of paragraph (7) of subdivision (b) of Section 3 of Article I of the California Constitution, the purposes of that constitutional section as it relates to the right of public access to the meetings of local public bodies or the writings of local public officials and local agencies. Pursuant to paragraph (7) of subdivision (b) of Section 3 of Article I of the California Constitution, the Legislature makes the following findings:

(a) This act is necessary to provide opportunities for public participation in meetings of specified public agencies and to promote the recruitment and retention of members of those agencies.

(b) This act is necessary to ensure minimum standards for public participation and notice requirements allowing for greater public participation in meetings.

(c) This act is necessary to modernize the Ralph M. Brown Act to reflect recent technological changes that can promote greater public access to local officials.

(d) The exclusively virtual nature of the California Online Community College presents unique barriers to the requirements for an in-person quorum, a physical location for public participation, and certain accommodations. Participating students of the online community college come from all across the state and necessitating travel for these requirements would pose a significant and exclusionary barrier.

SEC. 26. The Legislature finds and declares that adequate public access to meetings is a matter of statewide concern and is not a municipal affair as that term is used in Section 5 of Article XI of the California Constitution. Therefore, this bill would apply to all cities, including charter cities.

SEC. 27. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district under this act would result from a legislative mandate that is within the scope of paragraph (7) of subdivision (b) of Section 3 of Article I of the California Constitution.

RECOMMENDATION

CONSIDER:

 - (iii) *Teleconference meetings of the eligible subsidiary body would promote the attraction, retention, and diversity of eligible subsidiary body members.*

RECOMMENDATION, continued

- B. AUTHORIZING eligible subsidiary bodies (Attachment A) to meet via teleconference, by either audio-visual or telephonic means, if they choose, subject to the requirements of SB 707; and
