#### 5. SUBJECT: ORAL REPORT ON LOCAL RETURN

2022-0326

RECEIVED Oral Report on Local Return.

Director Stanger asked what role Local Return plays in the provision of transit services. Staff did not have the data on hand but offered to return with the information to which the Director said it was unnecessary. The Director commented that the Local Return reports are only on capital spending within the cities, and he was unsure which group within Metro is watching the operations that local cities are providing. Staff responded that BOS assist with the municipal operators and Local Transit Systems Subcommittee (LTSS) assist with the smaller operators. Staff added that cities maximize their usage of Prop A funds for operation and Measure M funds are typically used for streets and roads.
